THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 114 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Central Bank¹,

Having regard to the opinion of the European Economic and Social Committee²,

Acting in accordance with the ordinary legislative procedure³,

¹ OJ C 166, 12.6.2013, p. 2.

² OJ C 271, 19.9.2013, p. 31.

³ Position of the European Parliament of 11 March 2014 (not yet published in the Official Journal) and position of the Council at first reading of 20 April 2015 (not yet published in the Official Journal). Position of the European Parliament of 20 May 2015 (not yet published in the Official Journal).

Whereas:

- (1) Flows of illicit money through transfers of funds can damage the integrity, stability and reputation of the financial sector, and threaten the internal market of the Union as well as international development. Money laundering, terrorist financing and organised crime remain significant problems which should be addressed at Union level. The soundness, integrity and stability of the system of transfers of funds and confidence in the financial system as a whole could be seriously jeopardised by the efforts of criminals and their associates to disguise the origin of criminal proceeds or to transfer funds for criminal activities or terrorist purposes.
- (2) In order to facilitate their criminal activities, money launderers and financiers of terrorism are likely to take advantage of the freedom of capital movements within the Union's integrated financial area unless certain coordinating measures are adopted at Union level. International cooperation within the framework of the Financial Action Task Force (FATF) and the global implementation of its recommendations aim to prevent money laundering and terrorist financing while transferring funds.

- (3) By reason of the scale of the action to be undertaken, the Union should ensure that the International Standards on Combating Money Laundering and the Financing of Terrorism and Proliferation adopted by FATF on 16 February 2012 (the ‘revised FATF Recommendations’), and, in particular, FATF Recommendation 16 on wire transfers (the ‘FATF Recommendation 16’) and the revised interpretative note for its implementation, are implemented uniformly throughout the Union and that, in particular, there is no discrimination or discrepancy between, on the one hand, national payments within a Member State and, on the other, cross-border payments between Member States. Uncoordinated action by Member States acting alone in the field of cross-border transfers of funds could have a significant impact on the smooth functioning of payment systems at Union level and could therefore damage the internal market in the field of financial services.
- (4) In order to foster a coherent approach in the international context and to increase the effectiveness of the fight against money laundering and terrorist financing, further Union action should take account of developments at international level, namely the revised FATF Recommendations.
- (5) The implementation and enforcement of this Regulation, including FATF Recommendation 16, represent relevant and effective means of preventing and combating money-laundering and terrorist financing.

- (6) This Regulation is not intended to impose unnecessary burdens or costs on payment service providers or on persons who use their services. In this regard, the preventive approach should be targeted and proportionate and should be in full compliance with the free movement of capital, which is guaranteed throughout the Union.
- (7) In the Union's Revised Strategy on Terrorist Financing of 17 July 2008 (the 'Revised Strategy'), it was pointed out that efforts must be maintained to prevent terrorist financing and to control the use by suspected terrorists of their own financial resources. It is recognised that FATF is constantly seeking to improve its Recommendations and is working towards a common understanding of how they should be implemented. It is noted in the Revised Strategy that implementation of the revised FATF Recommendations by all FATF members and members of FATF-style regional bodies is assessed on a regular basis and that a common approach to implementation by Member States is therefore important.

- (8) In order to prevent terrorist financing, measures with the purpose of freezing the funds and the economic resources of certain persons, groups and entities have been taken, including Council Regulations (EC) No 2580/2001¹, (EC) No 881/2002² and (EU) No 356/2010³. To the same end, measures with the purpose of protecting the financial system against the channelling of funds and economic resources for terrorist purposes have also been taken. Directive (EU) 2015/... of the European Parliament and of the Council^{4*} contains a number of such measures. Those measures do not, however, fully prevent terrorists or other criminals from accessing payment systems for transferring their funds.

¹ Council Regulation (EC) No 2580/2001 of 27 December 2001 on specific restrictive measures directed against certain persons and entities with a view to combating terrorism (OJ L 344, 28.12.2001, p. 70).

² Council Regulation (EC) No 881/2002 of 27 May 2002 imposing certain specific restrictive measures directed against certain persons and entities associated with the Al-Qaida network (OJ L 139, 29.5.2002, p. 9).

³ Council Regulation (EU) No 356/2010 of 26 April 2010 imposing certain specific restrictive measures directed against certain natural or legal persons, entities or bodies, in view of the situation in Somalia (OJ L 105, 27.4.2010, p. 1).

⁴ Directive (EU) 2015/... of the European Parliament and of the Council of ... on the prevention of the use of the financial system for the purpose of money laundering or terrorist financing, amending Regulation (EU) No 648/2012 of the European Parliament and of the Council, and repealing Directive 2005/60/EC of the European Parliament and of the Council and Commission Directive 2006/70/EC (OJ L ...).

* OJ please insert number of the directive adopted on the basis of COD 2013/0025 and complete the above footnote.

- (9) The full traceability of transfers of funds can be a particularly important and valuable tool in the prevention, detection and investigation of money laundering and terrorist financing, as well as in the implementation of restrictive measures, in particular those imposed by Regulations (EC) No 2580/2001, (EC) No 881/2002 and (EU) No 356/2010, and in full compliance with Union regulations implementing such measures. It is therefore appropriate, in order to ensure the transmission of information throughout the payment chain, to provide for a system imposing the obligation on payment service providers to accompany transfers of funds with information on the payer and the payee.
- (10) This Regulation should apply without prejudice to the restrictive measures imposed by regulations based on Article 215 of the Treaty on the Functioning of the European Union (TFEU), such as Regulations (EC) No 2580/2001, (EC) No 881/2002 and (EU) No 356/2010, which may require that payment service providers of payers and of payees, as well as intermediary payment service providers, take appropriate action to freeze certain funds or that they comply with specific restrictions concerning certain transfers of funds.

- (11) This Regulation should also apply without prejudice to national legislation transposing Directive 95/46/EC of the European Parliament and of the Council¹. For example, personal data collected for the purpose of complying with this Regulation should not be further processed in a way that is incompatible with Directive 95/46/EC. In particular, further processing of personal data for commercial purposes should be strictly prohibited. The fight against money laundering and terrorist financing is recognised as an important public interest ground by all Member States. Therefore, in applying this Regulation, the transfer of personal data to a third country which does not ensure an adequate level of protection in accordance with Article 25 of Directive 95/46/EC should be permitted in accordance with Article 26 thereof. It is important that payment service providers operating in multiple jurisdictions with branches or subsidiaries located outside the Union should not be prevented from transferring data about suspicious transactions within the same organisation, provided that they apply adequate safeguards. In addition, the payment service providers of the payer and of the payee and the intermediary payment service providers should have in place appropriate technical and organisational measures to protect personal data against accidental loss, alteration, or unauthorised disclosure or access.
- (12) Persons that merely convert paper documents into electronic data and are acting under a contract with a payment service provider and persons that provide payment service providers solely with messaging or other support systems for transmitting funds or with clearing and settlement systems do not fall within the scope of this Regulation.

¹ Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (OJ L 281, 23.11.1995, p. 31).

- (13) Transfers of funds corresponding to services referred to in points (a) to (m) and (o) of Article 3 of Directive 2007/64/EC of the European Parliament and of the Council¹ do not fall within the scope of this Regulation. It is also appropriate to exclude from the scope of this Regulation transfers of funds that represent a low risk of money laundering or terrorist financing. Such exclusions should cover payment cards, electronic money instruments, mobile phones or other digital or information technology (IT) prepaid or postpaid devices with similar characteristics, where they are used exclusively for the purchase of goods or services and the number of the card, instrument or device accompanies all transfers. However, the use of a payment card, an electronic money instrument, a mobile phone, or any other digital or IT prepaid or postpaid device with similar characteristics in order to effect a person-to-person transfer of funds, falls within the scope of this Regulation. In addition, Automated Teller Machine withdrawals, payments of taxes, fines or other levies, transfers of funds carried out through cheque images exchanges, including truncated cheques, or bills of exchange, and transfers of funds where both the payer and the payee are payment service providers acting on their own behalf should be excluded from the scope of this Regulation.
- (14) In order to reflect the special characteristics of national payment systems, and provided that it is always possible to trace the transfer of funds back to the payer, Member States should be able to exempt from the scope of this Regulation certain domestic low-value transfers of funds, including electronic giro payments, used for the purchase of goods or services.

¹ Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC (OJ L 319, 5.12.2007, p. 1).

- (15) Payment service providers should ensure that the information on the payer and the payee is not missing or incomplete.
- (16) In order not to impair the efficiency of payment systems, and in order to balance the risk of driving transactions underground as a result of overly strict identification requirements against the potential terrorist threat posed by small transfers of funds, the obligation to check whether information on the payer or the payee is accurate should, in the case of transfers of funds where verification has not yet taken place, be imposed only in respect of individual transfers of funds that exceed EUR 1 000, unless the transfer appears to be linked to other transfers of funds which together would exceed EUR 1 000, the funds have been received or paid out in cash or in anonymous electronic money, or where there are reasonable grounds for suspecting money laundering or terrorist financing.
- (17) For transfers of funds where verification is deemed to have taken place, payment service providers should not be required to verify information on the payer or the payee accompanying each transfer of funds, provided that the obligations laid down in Directive (EU) 2015/...^{*} are met.

^{*} OJ please insert number of the directive adopted on the basis of COD 2013/0025.

- (18) In view of the Union legislative acts in respect of payment services, namely Regulation (EC) No 924/2009 of the European Parliament and of the Council¹, Regulation (EU) No 260/2012 of the European Parliament and of the Council² and Directive 2007/64/EC, it should be sufficient to provide that only simplified information accompany transfers of funds within the Union, such as the payment account number(s) or a unique transaction identifier.
- (19) In order to allow the authorities responsible for combating money laundering or terrorist financing in third countries to trace the source of funds used for those purposes, transfers of funds from the Union to outside the Union should carry complete information on the payer and the payee. Those authorities should be granted access to complete information on the payer and the payee only for the purposes of preventing, detecting and investigating money laundering and terrorist financing.
- (20) The Member State authorities responsible for combating money laundering and terrorist financing, and relevant judicial and law enforcement agencies in the Member States, should intensify cooperation with each other and with relevant third country authorities, including those in developing countries, in order further to strengthen transparency and the sharing of information and best practices.

¹ Regulation (EC) No 924/2009 of the European Parliament and of the Council of 16 September 2009 on cross-border payments in the Community and repealing Regulation (EC) No 2560/2001 (OJ L 266, 9.10.2009, p. 11).

² Regulation (EU) No 260/2012 of the European Parliament and of the Council of 14 March 2012 establishing technical and business requirements for credit transfers and direct debits in euro and amending Regulation (EC) No 924/2009 (OJ L 94, 30.3.2012, p. 22).

- (21) As regards transfers of funds from a single payer to several payees that are to be sent in batch files containing individual transfers from the Union to outside the Union, provision should be made for such individual transfers to carry only the payment account number of the payer or the unique transaction identifier, as well as complete information on the payee, provided that the batch file contains complete information on the payer that is verified for accuracy and complete information on the payee that is fully traceable.
- (22) In order to check whether the required information on the payer and the payee accompanies transfers of funds, and to help identify suspicious transactions, the payment service provider of the payee and the intermediary payment service provider should have effective procedures in place in order to detect whether information on the payer and the payee is missing or incomplete. Those procedures should include ex-post monitoring or real-time monitoring where appropriate. Competent authorities should ensure that payment service providers include the required transaction information with the wire transfer or related message throughout the payment chain.

- (23) Given the potential threat of money laundering and terrorist financing presented by anonymous transfers, it is appropriate to require payment service providers to request information on the payer and the payee. In line with the risk-based approach developed by FATF, it is appropriate to identify areas of higher and lower risk, with a view to better targeting the risk of money laundering and terrorist financing. Accordingly, the payment service provider of the payee and the intermediary payment service provider should have effective risk-based procedures that apply where a transfer of funds lacks the required information on the payer or the payee, in order to allow them to decide whether to execute, reject or suspend that transfer and to determine the appropriate follow-up action to take.
- (24) The payment service provider of the payee and the intermediary payment service provider should exercise special vigilance, assessing the risks, when either becomes aware that information on the payer or the payee is missing or incomplete, and should report suspicious transactions to the competent authorities in accordance with the reporting obligations set out in Directive (EU) 2015/...^{*} and with national measures transposing that Directive.
- (25) The provisions on transfers of funds in relation to which information on the payer or the payee is missing or incomplete apply without prejudice to any obligations on payment service providers and intermediary payment service providers to suspend and/or reject transfers of funds which breach a provision of civil, administrative or criminal law.

^{*} OJ please insert number of the directive adopted on the basis of COD 2013/0025.

- (26) With the aim of assisting payment service providers to put effective procedures in place to detect cases in which they receive transfers of funds with missing or incomplete payer or payee information and to take follow-up actions, the European Supervisory Authority (European Banking Authority) (EBA), established by Regulation (EU) No 1093/2010 of the European Parliament and of the Council¹, the European Supervisory Authority (European Insurance and Occupational Pensions Authority) (EIOPA), established by Regulation (EU) No 1094/2010 of the European Parliament and of the Council², and the European Supervisory Authority (European Securities and Markets Authority) (ESMA), established by Regulation (EU) No 1095/2010 of the European Parliament and of the Council³, should issue guidelines.
- (27) To enable prompt action to be taken in the fight against money laundering and terrorist financing, payment service providers should respond promptly to requests for information on the payer and the payee from the authorities responsible for combating money laundering or terrorist financing in the Member State where those payment service providers are established.

¹ Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).

² Regulation (EU) No 1094/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Insurance and Occupational Pensions Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/79/EC (OJ L 331, 15.12.2010, p. 48).

³ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).

- (28) The number of working days in the Member State of the payment service provider of the payer determines the number of days to respond to requests for information on the payer.
- (29) As it may not be possible in criminal investigations to identify the data required or the individuals involved in a transaction until many months, or even years, after the original transfer of funds, and in order to be able to have access to essential evidence in the context of investigations, it is appropriate to require payment service providers to keep records of information on the payer and the payee for a period of time for the purposes of preventing, detecting and investigating money laundering and terrorist financing. That period should be limited to five years, after which all personal data should be deleted unless national law provides otherwise. If necessary for the purposes of preventing, detecting or investigating money laundering or terrorist financing, and after carrying out an assessment of the necessity and proportionality of the measure, Member States should be able to allow or require retention of records for a further period of no more than five years, without prejudice to national criminal law on evidence applicable to ongoing criminal investigations and legal proceedings.

- (30) In order to improve compliance with this Regulation, and in accordance with the Commission Communication of 9 December 2010 entitled ‘Reinforcing sanctioning regimes in the financial services sector’, the power to adopt supervisory measures and the sanctioning powers of competent authorities should be enhanced. Administrative sanctions and measures should be provided for and, given the importance of the fight against money laundering and terrorist financing, Member States should lay down sanctions and measures that are effective, proportionate and dissuasive. Member States should notify the Commission and the Joint Committee of EBA, EIOPA and ESMA (the ‘ESAs’) thereof.
- (31) In order to ensure uniform conditions for the implementation of Chapter V of this Regulation, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council¹.

¹ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission’s exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (32) A number of countries and territories which do not form part of the territory of the Union share a monetary union with a Member State, form part of the currency area of a Member State or have signed a monetary convention with the Union represented by a Member State, and have payment service providers that participate directly or indirectly in the payment and settlement systems of that Member State. In order to avoid the application of this Regulation to transfers of funds between the Member States concerned and those countries or territories having a significant negative effect on the economies of those countries or territories, it is appropriate to provide for the possibility for such transfers of funds to be treated as transfers of funds within the Member States concerned.
- (33) Given the number of amendments that would need to be made to Regulation (EC) No 1781/2006 of the European Parliament and of the Council¹ pursuant to this Regulation, that Regulation should be repealed for reasons of clarity.
- (34) Since the objectives of this Regulation cannot be sufficiently achieved by the Member States but can rather, by reason of the scale or effects of the action, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union (TEU). In accordance with the principle of proportionality as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.

¹ Regulation (EC) No 1781/2006 of the European Parliament and of the Council of 15 November 2006 on information on the payer accompanying transfers of funds (OJ L 345, 8.12.2006, p. 1).

- (35) This Regulation respects the fundamental rights and observes the principles recognised by the Charter of Fundamental Rights of the European Union, in particular the right to respect for private and family life (Article 7), the right to the protection of personal data (Article 8), the right to an effective remedy and to a fair trial (Article 47) and the principle of *ne bis in idem*.
- (36) In order to ensure the smooth introduction of the anti-money laundering and terrorist financing framework, it is appropriate that the date of application of this Regulation be the same as the deadline for transposition of Directive (EU) 2015/...^{*}.
- (37) The European Data Protection Supervisor was consulted in accordance with Article 28(2) of Regulation (EC) No 45/2001 of the European Parliament and of the Council¹ and delivered an opinion on 4 July 2013²,

- 3. By way of derogation from point (b) of paragraph 1 and point (b) of paragraph 2, in the case of a transfer not made from or to a payment account, the payment service provider of the payer shall ensure that the transfer of funds is accompanied by a unique transaction identifier rather than the payment account number(s).

- 5. Verification as referred to in paragraph 4 shall be deemed to have taken place where:
