REGULATION (EU) 2015/...
OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

of 20 May 2015

on insolvency proceedings
(recast)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 81 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee¹,

Acting in accordance with the ordinary legislative procedure²,

¹ OJ C 271, 19.9.2013, p. 55.

² Position of the European Parliament of 5 February 2014 (not yet published in the Official Journal) and position of the Council at first reading of 12 March 2015 (not yet published in the Official Journal). Position of the European Parliament of 20 May 2015 (not yet published in the Official Journal).

Whereas:

- (1) On 12 December 2012, the Commission adopted a report on the application of Council Regulation (EC) No 1346/2000¹. The report concluded that the Regulation is functioning well in general but that it would be desirable to improve the application of certain of its provisions in order to enhance the effective administration of cross-border insolvency proceedings. Since that Regulation has been amended several times and further amendments are to be made, it should be recast in the interest of clarity.
- (2) The Union has set the objective of establishing an area of freedom, security and justice.
- (3) The proper functioning of the internal market requires that cross-border insolvency proceedings should operate efficiently and effectively. This Regulation needs to be adopted in order to achieve that objective, which falls within the scope of judicial cooperation in civil matters within the meaning of Article 81 of the Treaty.
- (4) The activities of undertakings have more and more cross-border effects and are therefore increasingly being regulated by Union law. The insolvency of such undertakings also affects the proper functioning of the internal market, and there is a need for a Union act requiring coordination of the measures to be taken regarding an insolvent debtor's assets.

¹ Council Regulation (EC) No 1346/2000 of 29 May 2000 on insolvency proceedings (OJ L 160, 30.6.2000, p. 1).

- (5) It is necessary for the proper functioning of the internal market to avoid incentives for parties to transfer assets or judicial proceedings from one Member State to another, seeking to obtain a more favourable legal position to the detriment of the general body of creditors (forum shopping).
- (6) This Regulation should include provisions governing jurisdiction for opening insolvency proceedings and actions which are directly derived from insolvency proceedings and are closely linked with them. This Regulation should also contain provisions regarding the recognition and enforcement of judgments issued in such proceedings, and provisions regarding the law applicable to insolvency proceedings. In addition, this Regulation should lay down rules on the coordination of insolvency proceedings which relate to the same debtor or to several members of the same group of companies.
- (7) Bankruptcy, proceedings relating to the winding-up of insolvent companies or other legal persons, judicial arrangements, compositions and analogous proceedings and actions related to such proceedings are excluded from the scope of Regulation (EU) No 1215/2012 of the European Parliament and of the Council¹. Those proceedings should be covered by this Regulation. The interpretation of this Regulation should as much as possible avoid regulatory loopholes between the two instruments. However, the mere fact that a national procedure is not listed in Annex A to this Regulation should not imply that it is covered by Regulation (EU) No 1215/2012.

¹ Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (OJ L 351, 20.12.2012, p. 1).

- (8) In order to achieve the aim of improving the efficiency and effectiveness of insolvency proceedings having cross-border effects, it is necessary, and appropriate, that the provisions on jurisdiction, recognition and applicable law in this area should be contained in a Union measure which is binding and directly applicable in Member States.
- (9) This Regulation should apply to insolvency proceedings which meet the conditions set out in it, irrespective of whether the debtor is a natural person or a legal person, a trader or an individual. Those insolvency proceedings are listed exhaustively in Annex A. In respect of the national procedures contained in Annex A, this Regulation should apply without any further examination by the courts of another Member State as to whether the conditions set out in this Regulation are met. National insolvency procedures not listed in Annex A should not be covered by this Regulation.

- (10) The scope of this Regulation should extend to proceedings which promote the rescue of economically viable but distressed businesses and which give a second chance to entrepreneurs. It should, in particular, extend to proceedings which provide for restructuring of a debtor at a stage where there is only a likelihood of insolvency, and to proceedings which leave the debtor fully or partially in control of its assets and affairs. It should also extend to proceedings providing for a debt discharge or a debt adjustment in relation to consumers and self-employed persons, for example by reducing the amount to be paid by the debtor or by extending the payment period granted to the debtor. Since such proceedings do not necessarily entail the appointment of an insolvency practitioner, they should be covered by this Regulation if they take place under the control or supervision of a court. In this context, the term "control" should include situations where the court only intervenes on appeal by a creditor or other interested parties.
- (11) This Regulation should also apply to procedures which grant a temporary stay on enforcement actions brought by individual creditors where such actions could adversely affect negotiations and hamper the prospects of a restructuring of the debtor's business. Such procedures should not be detrimental to the general body of creditors and, if no agreement on a restructuring plan can be reached, should be preliminary to other procedures covered by this Regulation.
- (12) This Regulation should apply to proceedings the opening of which is subject to publicity in order to allow creditors to become aware of the proceedings and to lodge their claims, thereby ensuring the collective nature of the proceedings, and in order to give creditors the opportunity to challenge the jurisdiction of the court which has opened the proceedings.

- (13) Accordingly, insolvency proceedings which are confidential should be excluded from the scope of this Regulation. While such proceedings may play an important role in some Member States, their confidential nature makes it impossible for a creditor or a court located in another Member State to know that such proceedings have been opened, thereby making it difficult to provide for the recognition of their effects throughout the Union.
- (14) The collective proceedings which are covered by this Regulation should include all or a significant part of the creditors to whom a debtor owes all or a substantial proportion of the debtor's outstanding debts provided that the claims of those creditors who are not involved in such proceedings remain unaffected. Proceedings which involve only the financial creditors of a debtor should also be covered. Proceedings which do not include all the creditors of a debtor should be proceedings aimed at rescuing the debtor. Proceedings that lead to a definitive cessation of the debtor's activities or the liquidation of the debtor's assets should include all the debtor's creditors. Moreover, the fact that some insolvency proceedings for natural persons exclude specific categories of claims, such as maintenance claims, from the possibility of a debt-discharge should not mean that such proceedings are not collective.
- (15) This Regulation should also apply to proceedings that, under the law of some Member States, are opened and conducted for a certain period of time on an interim or provisional basis before a court issues an order confirming the continuation of the proceedings on a non-interim basis. Although labelled as "interim", such proceedings should meet all other requirements of this Regulation.

- (16) This Regulation should apply to proceedings which are based on laws relating to insolvency. However, proceedings that are based on general company law not designed exclusively for insolvency situations should not be considered to be based on laws relating to insolvency. Similarly, the purpose of adjustment of debt should not include specific proceedings in which debts of a natural person of very low income and very low asset value are written off, provided that this type of proceedings never makes provision for payment to creditors.
- (17) This Regulation's scope should extend to proceedings which are triggered by situations in which the debtor faces non-financial difficulties, provided that such difficulties give rise to a real and serious threat to the debtor's actual or future ability to pay its debts as they fall due. The time frame relevant for the determination of such threat may extend to a period of several months or even longer in order to account for cases in which the debtor is faced with non-financial difficulties threatening the status of its business as a going concern and, in the medium term, its liquidity. This may be the case, for example, where the debtor has lost a contract which is of key importance to it.
- (18) This Regulation should be without prejudice to the rules on the recovery of State aid from insolvent companies as interpreted by the case-law of the Court of Justice of the European Union.

- (19) Insolvency proceedings concerning insurance undertakings, credit institutions, investment firms and other firms, institutions or undertakings covered by Directive 2001/24/EC of the European Parliament and of the Council¹ and collective investment undertakings should be excluded from the scope of this Regulation, as they are all subject to special arrangements and the national supervisory authorities have wide-ranging powers of intervention.
- (20) Insolvency proceedings do not necessarily involve the intervention of a judicial authority. Therefore, the term 'court' in this Regulation should, in certain provisions, be given a broad meaning and include a person or body empowered by national law to open insolvency proceedings. In order for this Regulation to apply, proceedings (comprising acts and formalities set down in law) should not only have to comply with the provisions of this Regulation, but they should also be officially recognised and legally effective in the Member State in which the insolvency proceedings are opened.
- (21) Insolvency practitioners are defined in this Regulation and listed in Annex B. Insolvency practitioners who are appointed without the involvement of a judicial body should, under national law, be appropriately regulated and authorised to act in insolvency proceedings. The national regulatory framework should provide for proper arrangements to deal with potential conflicts of interest.

¹ Directive 2001/24/EC of the European Parliament and of the Council of 4 April 2001 on the reorganisation and winding-up of credit institutions (OJ L 125, 5.5.2001, p. 15).

- (22) This Regulation acknowledges the fact that as a result of widely differing substantive laws it is not practical to introduce insolvency proceedings with universal scope throughout the Union. The application without exception of the law of the State of the opening of proceedings would, against this background, frequently lead to difficulties. This applies, for example, to the widely differing national laws on security interests to be found in the Member States. Furthermore, the preferential rights enjoyed by some creditors in insolvency proceedings are, in some cases, completely different. At the next review of this Regulation, it will be necessary to identify further measures in order to improve the preferential rights of employees at European level. This Regulation should take account of such differing national laws in two different ways. On the one hand, provision should be made for special rules on the applicable law in the case of particularly significant rights and legal relationships (e.g. rights in rem and contracts of employment). On the other hand, national proceedings covering only assets situated in the State of the opening of proceedings should also be allowed alongside main insolvency proceedings with universal scope.
- (23) This Regulation enables the main insolvency proceedings to be opened in the Member State where the debtor has the centre of its main interests. Those proceedings have universal scope and are aimed at encompassing all the debtor's assets. To protect the diversity of interests, this Regulation permits secondary insolvency proceedings to be opened to run in parallel with the main insolvency proceedings. Secondary insolvency proceedings may be opened in the Member State where the debtor has an establishment. The effects of secondary insolvency proceedings are limited to the assets located in that State. Mandatory rules of coordination with the main insolvency proceedings satisfy the need for unity in the Union.

- (24) Where main insolvency proceedings concerning a legal person or company have been opened in a Member State other than that of its registered office, it should be possible to open secondary insolvency proceedings in the Member State of the registered office, provided that the debtor is carrying out an economic activity with human means and assets in that State, in accordance with the case-law of the Court of Justice of the European Union.
- (25) This Regulation applies only to proceedings in respect of a debtor whose centre of main interests is located in the Union.
- (26) The rules of jurisdiction set out in this Regulation establish only international jurisdiction, that is to say, they designate the Member State the courts of which may open insolvency proceedings. Territorial jurisdiction within that Member State should be established by the national law of the Member State concerned.
- (27) Before opening insolvency proceedings, the competent court should examine of its own motion whether the centre of the debtor's main interests or the debtor's establishment is actually located within its jurisdiction.
- (28) When determining whether the centre of the debtor's main interests is ascertainable by third parties, special consideration should be given to the creditors and to their perception as to where a debtor conducts the administration of its interests. This may require, in the event of a shift of centre of main interests, informing creditors of the new location from which the debtor is carrying out its activities in due course, for example by drawing attention to the change of address in commercial correspondence, or by making the new location public through other appropriate means.

- (29) This Regulation should contain a number of safeguards aimed at preventing fraudulent or abusive forum shopping.
- (30) Accordingly, the presumptions that the registered office, the principal place of business and the habitual residence are the centre of main interests should be rebuttable, and the relevant court of a Member State should carefully assess whether the centre of the debtor's main interests is genuinely located in that Member State. In the case of a company, it should be possible to rebut this presumption where the company's central administration is located in a Member State other than that of its registered office, and where a comprehensive assessment of all the relevant factors establishes, in a manner that is ascertainable by third parties, that the company's actual centre of management and supervision and of the management of its interests is located in that other Member State. In the case of an individual not exercising an independent business or professional activity, it should be possible to rebut this presumption, for example where the major part of the debtor's assets is located outside the Member State of the debtor's habitual residence, or where it can be established that the principal reason for moving was to file for insolvency proceedings in the new jurisdiction and where such filing would materially impair the interests of creditors whose dealings with the debtor took place prior to the relocation.

- (31) With the same objective of preventing fraudulent or abusive forum shopping, the presumption that the centre of main interests is at the place of the registered office, at the individual's principal place of business or at the individual's habitual residence should not apply where, respectively, in the case of a company, legal person or individual exercising an independent business or professional activity, the debtor has relocated its registered office or principal place of business to another Member State within the three-month period prior to the request for opening insolvency proceedings, or, in the case of an individual not exercising an independent business or professional activity, the debtor has relocated his habitual residence to another Member State within the six-month period prior to the request for opening insolvency proceedings.
- (32) In all cases, where the circumstances of the matter give rise to doubts about the court's jurisdiction, the court should require the debtor to submit additional evidence to support its assertions and, where the law applicable to the insolvency proceedings so allows, give the debtor's creditors the opportunity to present their views on the question of jurisdiction.
- (33) In the event that the court seised of the request to open insolvency proceedings finds that the centre of main interests is not located on its territory, it should not open main insolvency proceedings.
- (34) In addition, any creditor of the debtor should have an effective remedy against the decision to open insolvency proceedings. The consequences of any challenge to the decision to open insolvency proceedings should be governed by national law.

- (35) The courts of the Member State within the territory of which insolvency proceedings have been opened should also have jurisdiction for actions which derive directly from the insolvency proceedings and are closely linked with them. Such actions should include avoidance actions against defendants in other Member States and actions concerning obligations that arise in the course of the insolvency proceedings, such as advance payment for costs of the proceedings. In contrast, actions for the performance of the obligations under a contract concluded by the debtor prior to the opening of proceedings do not derive directly from the proceedings. Where such an action is related to another action based on general civil and commercial law, the insolvency practitioner should be able to bring both actions in the courts of the defendant's domicile if he considers it more efficient to bring the action in that forum. This could, for example, be the case where the insolvency practitioner wishes to combine an action for director's liability on the basis of insolvency law with an action based on company law or general tort law.
- (36) The court having jurisdiction to open the main insolvency proceedings should be able to order provisional and protective measures as from the time of the request to open proceedings. Preservation measures both prior to and after the commencement of the insolvency proceedings are important to guarantee the effectiveness of the insolvency proceedings. In that connection, this Regulation should provide for various possibilities. On the one hand, the court competent for the main insolvency proceedings should also be able to order provisional and protective measures covering assets situated in the territory of other Member States. On the other hand, an insolvency practitioner temporarily appointed prior to the opening of the main insolvency proceedings should be able, in the Member States in which an establishment belonging to the debtor is to be found, to apply for the preservation measures which are possible under the law of those Member States.

- (37) Prior to the opening of the main insolvency proceedings, the right to request the opening of insolvency proceedings in the Member State where the debtor has an establishment should be limited to local creditors and public authorities, or to cases in which main insolvency proceedings cannot be opened under the law of the Member State where the debtor has the centre of its main interests. The reason for this restriction is that cases in which territorial insolvency proceedings are requested before the main insolvency proceedings are intended to be limited to what is absolutely necessary.
- (38) Following the opening of the main insolvency proceedings, this Regulation does not restrict the right to request the opening of insolvency proceedings in a Member State where the debtor has an establishment. The insolvency practitioner in the main insolvency proceedings or any other person empowered under the national law of that Member State may request the opening of secondary insolvency proceedings.
- (39) This Regulation should provide for rules to determine the location of the debtor's assets, which should apply when determining which assets belong to the main or secondary insolvency proceedings, or to situations involving third parties' rights in rem. In particular, this Regulation should provide that European patents with unitary effect, a Community trade mark or any other similar rights, such as Community plant variety rights or Community designs, should only be included in the main insolvency proceedings.

- (40) Secondary insolvency proceedings can serve different purposes, besides the protection of local interests. Cases may arise in which the insolvency estate of the debtor is too complex to administer as a unit, or the differences in the legal systems concerned are so great that difficulties may arise from the extension of effects deriving from the law of the State of the opening of proceedings to the other Member States where the assets are located. For that reason, the insolvency practitioner in the main insolvency proceedings may request the opening of secondary insolvency proceedings where the efficient administration of the insolvency estate so requires.
- (41) Secondary insolvency proceedings may also hamper the efficient administration of the insolvency estate. Therefore, this Regulation sets out two specific situations in which the court seised of a request to open secondary insolvency proceedings should be able, at the request of the insolvency practitioner in the main insolvency proceedings, to postpone or refuse the opening of such proceedings.
- (42) First, this Regulation confers on the insolvency practitioner in main insolvency proceedings the possibility of giving an undertaking to local creditors that they will be treated as if secondary insolvency proceedings had been opened. That undertaking has to meet a number of conditions set out in this Regulation, in particular that it be approved by a qualified majority of local creditors. Where such an undertaking has been given, the court seised of a request to open secondary insolvency proceedings should be able to refuse that request if it is satisfied that the undertaking adequately protects the general interests of local creditors. When assessing those interests, the court should take into account the fact that the undertaking has been approved by a qualified majority of local creditors.

- (43) For the purposes of giving an undertaking to local creditors, the assets and rights located in the Member State where the debtor has an establishment should form a sub-category of the insolvency estate, and, when distributing them or the proceeds resulting from their realisation, the insolvency practitioner in the main insolvency proceedings should respect the priority rights that creditors would have had if secondary insolvency proceedings had been opened in that Member State.
- (44) National law should be applicable, as appropriate, in relation to the approval of an undertaking. In particular, where under national law the voting rules for adopting a restructuring plan require the prior approval of creditors' claims, those claims should be deemed to be approved for the purpose of voting on the undertaking. Where there are different procedures for the adoption of restructuring plans under national law, Member States should designate the specific procedure which should be relevant in this context.
- (45) Second, this Regulation should provide for the possibility that the court temporarily stays the opening of secondary insolvency proceedings, when a temporary stay of individual enforcement proceedings has been granted in the main insolvency proceedings, in order to preserve the efficiency of the stay granted in the main insolvency proceedings. The court should be able to grant the temporary stay if it is satisfied that suitable measures are in place to protect the general interest of local creditors. In such a case, all creditors that could be affected by the outcome of the negotiations on a restructuring plan should be informed of the negotiations and be allowed to participate in them.

- (46) In order to ensure effective protection of local interests, the insolvency practitioner in the main insolvency proceedings should not be able to realise or re-locate, in an abusive manner, assets situated in the Member State where an establishment is located, in particular, with the purpose of frustrating the possibility that such interests can be effectively satisfied if secondary insolvency proceedings are opened subsequently.
- (47) This Regulation should not prevent the courts of a Member State in which secondary insolvency proceedings have been opened from sanctioning a debtor's directors for violation of their duties, provided that those courts have jurisdiction to address such disputes under their national law.
- (48) Main insolvency proceedings and secondary insolvency proceedings can contribute to the efficient administration of the debtor's insolvency estate or to the effective realisation of the total assets if there is proper cooperation between the actors involved in all the concurrent proceedings. Proper cooperation implies the various insolvency practitioners and the courts involved cooperating closely, in particular by exchanging a sufficient amount of information. In order to ensure the dominant role of the main insolvency proceedings, the insolvency practitioner in such proceedings should be given several possibilities for intervening in secondary insolvency proceedings which are pending at the same time. In particular, the insolvency practitioner should be able to propose a restructuring plan or composition or apply for a suspension of the realisation of the assets in the secondary insolvency proceedings. When cooperating, insolvency practitioners and courts should take into account best practices for cooperation in cross-border insolvency cases, as set out in principles and guidelines on communication and cooperation adopted by European and international organisations active in the area of insolvency law, and in particular the relevant guidelines prepared by the United Nations Commission on International Trade Law (UNCITRAL).

- (49) In light of such cooperation, insolvency practitioners and courts should be able to enter into agreements and protocols for the purpose of facilitating cross-border cooperation of multiple insolvency proceedings in different Member States concerning the same debtor or members of the same group of companies, where this is compatible with the rules applicable to each of the proceedings. Such agreements and protocols may vary in form, in that they may be written or oral, and in scope, in that they may range from generic to specific, and may be entered into by different parties. Simple generic agreements may emphasise the need for close cooperation between the parties, without addressing specific issues, while more detailed, specific agreements may establish a framework of principles to govern multiple insolvency proceedings and may be approved by the courts involved, where the national law so requires. They may reflect an agreement between the parties to take, or to refrain from taking, certain steps or actions.
- (50) Similarly, the courts of different Member States may cooperate by coordinating the appointment of insolvency practitioners. In that context, they may appoint a single insolvency practitioner for several insolvency proceedings concerning the same debtor or for different members of a group of companies, provided that this is compatible with the rules applicable to each of the proceedings, in particular with any requirements concerning the qualification and licensing of the insolvency practitioner.
- (51) This Regulation should ensure the efficient administration of insolvency proceedings relating to different companies forming part of a group of companies.

- (52) Where insolvency proceedings have been opened for several companies of the same group, there should be proper cooperation between the actors involved in those proceedings. The various insolvency practitioners and the courts involved should therefore be under a similar obligation to cooperate and communicate with each other as those involved in main and secondary insolvency proceedings relating to the same debtor. Cooperation between the insolvency practitioners should not run counter to the interests of the creditors in each of the proceedings, and such cooperation should be aimed at finding a solution that would leverage synergies across the group.
- (53) The introduction of rules on the insolvency proceedings of groups of companies should not limit the possibility for a court to open insolvency proceedings for several companies belonging to the same group in a single jurisdiction if the court finds that the centre of main interests of those companies is located in a single Member State. In such cases, the court should also be able to appoint, if appropriate, the same insolvency practitioner in all proceedings concerned, provided that this is not incompatible with the rules applicable to them.
- (54) With a view to further improving the coordination of the insolvency proceedings of members of a group of companies, and to allow for a coordinated restructuring of the group, this Regulation should introduce procedural rules on the coordination of the insolvency proceedings of members of a group of companies. Such coordination should strive to ensure the efficiency of the coordination, whilst at the same time respecting each group member's separate legal personality.

- (55) An insolvency practitioner appointed in insolvency proceedings opened in relation to a member of a group of companies should be able to request the opening of group coordination proceedings. However, where the law applicable to the insolvency so requires, that insolvency practitioner should obtain the necessary authorisation before making such a request. The request should specify the essential elements of the coordination, in particular an outline of the coordination plan, a proposal as to whom should be appointed as coordinator and an outline of the estimated costs of the coordination.
- (56) In order to ensure the voluntary nature of group coordination proceedings, the insolvency practitioners involved should be able to object to their participation in the proceedings within a specified time period. In order to allow the insolvency practitioners involved to take an informed decision on participation in the group coordination proceedings, they should be informed at an early stage of the essential elements of the coordination. However, any insolvency practitioner who initially objects to inclusion in the group coordination proceedings should be able to subsequently request to participate in them. In such a case, the coordinator should take a decision on the admissibility of the request. All insolvency practitioners, including the requesting insolvency practitioner, should be informed of the coordinator's decision and should have the opportunity of challenging that decision before the court which has opened the group coordination proceedings.

- (57) Group coordination proceedings should always strive to facilitate the effective administration of the insolvency proceedings of the group members, and to have a generally positive impact for the creditors. This Regulation should therefore ensure that the court with which a request for group coordination proceedings has been filed makes an assessment of those criteria prior to opening group coordination proceedings.
- (58) The advantages of group coordination proceedings should not be outweighed by the costs of those proceedings. Therefore, it is necessary to ensure that the costs of the coordination, and the share of those costs that each group member will bear, are adequate, proportionate and reasonable, and are determined in accordance with the national law of the Member State in which group coordination proceedings have been opened. The insolvency practitioners involved should also have the possibility of controlling those costs from an early stage of the proceedings. Where the national law so requires, controlling costs from an early stage of proceedings could involve the insolvency practitioner seeking the approval of a court or creditors' committee.
- (59) Where the coordinator considers that the fulfilment of his or her tasks requires a significant increase in costs compared to the initially estimated costs and, in any case, where the costs exceed 10 % of the estimated costs, the coordinator should be authorised by the court which has opened the group coordination proceedings to exceed such costs. Before taking its decision, the court which has opened the group coordination proceedings should give the possibility to the participating insolvency practitioners to be heard before it in order to allow them to communicate their observations on the appropriateness of the coordinator's request.

- (60) For members of a group of companies which are not participating in group coordination proceedings, this Regulation should also provide for an alternative mechanism to achieve a coordinated restructuring of the group. An insolvency practitioner appointed in proceedings relating to a member of a group of companies should have standing to request a stay of any measure related to the realisation of the assets in the proceedings opened with respect to other members of the group which are not subject to group coordination proceedings. It should only be possible to request such a stay if a restructuring plan is presented for the members of the group concerned, if the plan is to the benefit of the creditors in the proceedings in respect of which the stay is requested, and if the stay is necessary to ensure that the plan can be properly implemented.
- (61) This Regulation should not prevent Member States from establishing national rules which would supplement the rules on cooperation, communication and coordination with regard to the insolvency of members of groups of companies set out in this Regulation, provided that the scope of application of those national rules is limited to the national jurisdiction and that their application would not impair the efficiency of the rules laid down by this Regulation.
- (62) The rules on cooperation, communication and coordination in the framework of the insolvency of members of a group of companies provided for in this Regulation should only apply to the extent that proceedings relating to different members of the same group of companies have been opened in more than one Member State.

- (63) Any creditor which has its habitual residence, domicile or registered office in the Union should have the right to lodge its claims in each of the insolvency proceedings pending in the Union relating to the debtor's assets. This should also apply to tax authorities and social insurance institutions. This Regulation should not prevent the insolvency practitioner from lodging claims on behalf of certain groups of creditors, for example employees, where the national law so provides. However, in order to ensure the equal treatment of creditors, the distribution of proceeds should be coordinated. Every creditor should be able to keep what it has received in the course of insolvency proceedings, but should be entitled only to participate in the distribution of total assets in other proceedings if creditors with the same standing have obtained the same proportion of their claims.
- (64) It is essential that creditors which have their habitual residence, domicile or registered office in the Union be informed about the opening of insolvency proceedings relating to their debtor's assets. In order to ensure a swift transmission of information to creditors, Regulation (EC) No 1393/2007 of the European Parliament and of the Council¹ should not apply where this Regulation refers to the obligation to inform creditors. The use of standard forms available in all official languages of the institutions of the Union should facilitate the task of creditors when lodging claims in proceedings opened in another Member State. The consequences of the incomplete filing of the standard forms should be a matter for national law.

¹ Regulation (EC) No 1393/2007 of the European Parliament and of the Council of 13 November 2007 on the service in the Member States of judicial and extrajudicial documents in civil and commercial matters (service of documents), and repealing Council Regulation (EC) No 1348/2000 (OJ L 324, 10.12.2007, p. 79).

- (65) This Regulation should provide for the immediate recognition of judgments concerning the opening, conduct and closure of insolvency proceedings which fall within its scope, and of judgments handed down in direct connection with such insolvency proceedings. Automatic recognition should therefore mean that the effects attributed to the proceedings by the law of the Member State in which the proceedings were opened extend to all other Member States. The recognition of judgments delivered by the courts of the Member States should be based on the principle of mutual trust. To that end, grounds for non-recognition should be reduced to the minimum necessary. This is also the basis on which any dispute should be resolved where the courts of two Member States both claim competence to open the main insolvency proceedings. The decision of the first court to open proceedings should be recognised in the other Member States without those Member States having the power to scrutinise that court's decision.
- (66) This Regulation should set out, for the matters covered by it, uniform rules on conflict of laws which replace, within their scope of application, national rules of private international law. Unless otherwise stated, the law of the Member State of the opening of proceedings should be applicable (*lex concursus*). This rule on conflict of laws should be valid both for the main insolvency proceedings and for local proceedings. The *lex concursus* determines all the effects of the insolvency proceedings, both procedural and substantive, on the persons and legal relations concerned. It governs all the conditions for the opening, conduct and closure of the insolvency proceedings.

- (67) Automatic recognition of insolvency proceedings to which the law of the State of the opening of proceedings normally applies may interfere with the rules under which transactions are carried out in other Member States. To protect legitimate expectations and the certainty of transactions in Member States other than that in which proceedings are opened, provision should be made for a number of exceptions to the general rule.
- (68) There is a particular need for a special reference diverging from the law of the opening State in the case of rights in rem, since such rights are of considerable importance for the granting of credit. The basis, validity and extent of rights in rem should therefore normally be determined according to the *lex situs* and not be affected by the opening of insolvency proceedings. The proprietor of a right in rem should therefore be able to continue to assert its right to segregation or separate settlement of the collateral security. Where assets are subject to rights in rem under the *lex situs* in one Member State but the main insolvency proceedings are being carried out in another Member State, the insolvency practitioner in the main insolvency proceedings should be able to request the opening of secondary insolvency proceedings in the jurisdiction where the rights in rem arise if the debtor has an establishment there. If secondary insolvency proceedings are not opened, any surplus on the sale of an asset covered by rights in rem should be paid to the insolvency practitioner in the main insolvency proceedings.
- (69) This Regulation lays down several provisions for a court to order a stay of opening proceedings or a stay of enforcement proceedings. Any such stay should not affect the rights in rem of creditors or third parties.

- (70) If a set-off of claims is not permitted under the law of the State of the opening of proceedings, a creditor should nevertheless be entitled to the set-off if it is possible under the law applicable to the claim of the insolvent debtor. In this way, set-off would acquire a kind of guarantee function based on legal provisions on which the creditor concerned can rely at the time when the claim arises.
- (71) There is also a need for special protection in the case of payment systems and financial markets, for example in relation to the position-closing agreements and netting agreements to be found in such systems, as well as the sale of securities and the guarantees provided for such transactions as governed in particular by Directive 98/26/EC of the European Parliament and of the Council¹. For such transactions, the only law which is relevant should be that applicable to the system or market concerned. That law is intended to prevent the possibility of mechanisms for the payment and settlement of transactions, and provided for in payment and set-off systems or on the regulated financial markets of the Member States, being altered in the case of insolvency of a business partner. Directive 98/26/EC contains special provisions which should take precedence over the general rules laid down in this Regulation.

¹ Directive 98/26/EC of the European Parliament and of the Council of 19 May 1998 on settlement finality in payment and securities settlement systems (OJ L 166, 11.6.1998, p. 45).

- (72) In order to protect employees and jobs, the effects of insolvency proceedings on the continuation or termination of employment and on the rights and obligations of all parties to such employment should be determined by the law applicable to the relevant employment agreement, in accordance with the general rules on conflict of laws. Moreover, in cases where the termination of employment contracts requires approval by a court or administrative authority, the Member State in which an establishment of the debtor is located should retain jurisdiction to grant such approval even if no insolvency proceedings have been opened in that Member State. Any other questions relating to the law of insolvency, such as whether the employees' claims are protected by preferential rights and the status such preferential rights may have, should be determined by the law of the Member State in which the insolvency proceedings (main or secondary) have been opened, except in cases where an undertaking to avoid secondary insolvency proceedings has been given in accordance with this Regulation.
- (73) The law applicable to the effects of insolvency proceedings on any pending lawsuit or pending arbitral proceedings concerning an asset or right which forms part of the debtor's insolvency estate should be the law of the Member State where the lawsuit is pending or where the arbitration has its seat. However, this rule should not affect national rules on recognition and enforcement of arbitral awards.

- (74) In order to take account of the specific procedural rules of court systems in certain Member States flexibility should be provided with regard to certain rules of this Regulation. Accordingly, references in this Regulation to notice being given by a judicial body of a Member State should include, where a Member State's procedural rules so require, an order by that judicial body directing that notice be given.
- (75) For business considerations, the main content of the decision opening the proceedings should be published, at the request of the insolvency practitioner, in a Member State other than that of the court which delivered that decision. If there is an establishment in the Member State concerned, such publication should be mandatory. In neither case, however, should publication be a prior condition for recognition of the foreign proceedings.
- (76) In order to improve the provision of information to relevant creditors and courts and to prevent the opening of parallel insolvency proceedings, Member States should be required to publish relevant information in cross-border insolvency cases in a publicly accessible electronic register. In order to facilitate access to that information for creditors and courts domiciled or located in other Member States, this Regulation should provide for the interconnection of such insolvency registers via the European e-Justice Portal. Member States should be free to publish relevant information in several registers and it should be possible to interconnect more than one register per Member State.

- (77) This Regulation should determine the minimum amount of information to be published in the insolvency registers. Member States should not be precluded from including additional information. Where the debtor is an individual, the insolvency registers should only have to indicate a registration number if the debtor is exercising an independent business or professional activity. That registration number should be understood to be the unique registration number of the debtor's independent business or professional activity published in the trade register, if any.
- (78) Information on certain aspects of insolvency proceedings is essential for creditors, such as time limits for lodging claims or for challenging decisions. This Regulation should, however, not require Member States to calculate those time-limits on a case-by-case basis. Member States should be able to fulfil their obligations by adding hyperlinks to the European e-Justice Portal, where self-explanatory information on the criteria for calculating those time-limits is to be provided.
- (79) In order to grant sufficient protection to information relating to individuals not exercising an independent business or professional activity, Member States should be able to make access to that information subject to supplementary search criteria such as the debtor's personal identification number, address, date of birth or the district of the competent court, or to make access conditional upon a request to a competent authority or upon the verification of a legitimate interest.

- (80) Member States should also be able not to include in their insolvency registers information on individuals not exercising an independent business or professional activity. In such cases, Member States should ensure that the relevant information is given to the creditors by individual notice, and that claims of creditors who have not received the information are not affected by the proceedings.
- (81) It may be the case that some of the persons concerned are not aware that insolvency proceedings have been opened, and act in good faith in a way that conflicts with the new circumstances. In order to protect such persons who, unaware that foreign proceedings have been opened, make a payment to the debtor instead of to the foreign insolvency practitioner, provision should be made for such a payment to have a debt-discharging effect.
- (82) In order to ensure uniform conditions for the implementation of this Regulation, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council¹.

¹ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by the Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (83) This Regulation respects the fundamental rights and observes the principles recognised in the Charter of Fundamental Rights of the European Union. In particular, this Regulation seeks to promote the application of Articles 8, 17 and 47 concerning, respectively, the protection of personal data, the right to property and the right to an effective remedy and to a fair trial.
- (84) Directive 95/46/EC of the European Parliament and of the Council¹ and Regulation (EC) No 45/2001 of the European Parliament and of the Council² apply to the processing of personal data within the framework of this Regulation.
- (85) This Regulation is without prejudice to Regulation (EEC, Euratom) No 1182/71 of the Council³.
- (86) Since the objective of this Regulation cannot be sufficiently achieved by the Member States but can rather, by reason of the creation of a legal framework for the proper administration of cross-border insolvency proceedings, be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.

- (88) In accordance with Articles 1 and 2 of Protocol No 22 on the position of Denmark annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.

HAVE ADOPTED THIS REGULATION:

CHAPTER I

GENERAL PROVISIONS

Article 1

Scope

1. This Regulation shall apply to public collective proceedings, including interim proceedings, which are based on laws relating to insolvency and in which, for the purpose of rescue, adjustment of debt, reorganisation or liquidation:
 - (a) a debtor is totally or partially divested of its assets and an insolvency practitioner is appointed;
 - (b) the assets and affairs of a debtor are subject to control or supervision by a court; or
 - (c) a temporary stay of individual enforcement proceedings is granted by a court or by operation of law, in order to allow for negotiations between the debtor and its creditors, provided that the proceedings in which the stay is granted provide for suitable measures to protect the general body of creditors, and, where no agreement is reached, are preliminary to one of the proceedings referred to in point (a) or (b).

Where the proceedings referred to in this paragraph may be commenced in situations where there is only a likelihood of insolvency, their purpose shall be to avoid the debtor's insolvency or the cessation of the debtor's business activities.

The proceedings referred to in this paragraph are listed in Annex A.

2. This Regulation shall not apply to proceedings referred to in paragraph 1 that concern:
- (a) insurance undertakings;
 - (b) credit institutions;

Article 3
International jurisdiction

1. The courts of the Member State within the territory of which the centre of the debtor's main interests is situated shall have jurisdiction to open insolvency proceedings ("main insolvency proceedings"). The centre of main interests shall be the place where the debtor conducts the administration of its interests on a regular basis and which is ascertainable by third parties.

In the case of a company or legal person, the place of the registered office shall be presumed to be the centre of its main interests in the absence of proof to the contrary. That presumption shall only apply if the registered office has not been moved to another Member State within the three-month period prior to the request for the opening of insolvency proceedings.

In the case of an individual exercising an independent business or professional activity, the centre of main interests shall be presumed to be that individual's principal place of business in the absence of proof to the contrary. That presumption shall only apply if the individual's principal place of business has not been moved to another Member State within the three-month period prior to the request for the opening of insolvency proceedings.

In the case of any other individual, the centre of main interests shall be presumed to be the place of the individual's habitual residence in the absence of proof to the contrary. This presumption shall only apply if the habitual residence has not been moved to another Member State within the six-month period prior to the request for the opening of insolvency proceedings.

2. Where the centre of the debtor's main interests is situated within the territory of a Member State, the courts of another Member State shall have jurisdiction to open insolvency proceedings against that debtor only if it possesses an establishment within the territory of that other Member State. The effects of those proceedings shall be restricted to the assets of the debtor situated in the territory of the latter Member State.
3. Where insolvency proceedings have been opened in accordance with paragraph 1, any proceedings opened subsequently in accordance with paragraph 2 shall be secondary insolvency proceedings.
4. The territorial insolvency proceedings referred to in paragraph 2 may only be opened prior to the opening of main insolvency proceedings in accordance with paragraph 1 where
 - (a) insolvency proceedings under paragraph 1 cannot be opened because of the conditions laid down by the law of the Member State within the territory of which the centre of the debtor's main interests is situated; or

- (b) the opening of territorial insolvency proceedings is requested by:
 - (i) a creditor whose claim arises from or is in connection with the operation of an establishment situated within the territory of the Member State where the opening of territorial proceedings is requested; or
 - (ii) a public authority which, under the law of the Member State within the territory of which the establishment is situated, has the right to request the opening of insolvency proceedings.

When main insolvency proceedings are opened, the territorial insolvency proceedings shall become secondary insolvency proceedings.

Article 4

Examination as to jurisdiction

1. A court seised of a request to open insolvency proceedings shall of its own motion examine whether it has jurisdiction pursuant to Article 3. The judgment opening insolvency proceedings shall specify the grounds on which the jurisdiction of the court is based, and, in particular, whether jurisdiction is based on Article 3(1) or (2).

2. Notwithstanding paragraph 1, where insolvency proceedings are opened in accordance with national law without a decision by a court, Member States may entrust the insolvency practitioner appointed in such proceedings to examine whether the Member State in which a request for the opening of proceedings is pending has jurisdiction pursuant to Article 3. Where this is the case, the insolvency practitioner shall specify in the decision opening the proceedings the grounds on which jurisdiction is based and, in particular, whether jurisdiction is based on Article 3(1) or (2).

Article 5

Judicial review of the decision to open main insolvency proceedings

1. The debtor or any creditor may challenge before a court the decision opening main insolvency proceedings on grounds of international jurisdiction.
2. The decision opening main insolvency proceedings may be challenged by parties other than those referred to in paragraph 1 or on grounds other than a lack of international jurisdiction where national law so provides.

Article 6

Jurisdiction for actions

deriving directly from insolvency proceedings and closely linked with them

1. The courts of the Member State within the territory of which insolvency proceedings have been opened in accordance with Article 3 shall have jurisdiction for any action which derives directly from the insolvency proceedings and is closely linked with them, such as avoidance actions.

2. Where an action referred to in paragraph 1 is related to an action in civil and commercial matters against the same defendant, the insolvency practitioner may bring both actions before the courts of the Member State within the territory of which the defendant is domiciled, or, where the action is brought against several defendants, before the courts of the Member State within the territory of which any of them is domiciled, provided that those courts have jurisdiction pursuant to Regulation (EU) No 1215/2012.

The first subparagraph shall apply to the debtor in possession, provided that national law allows the debtor in possession to bring actions on behalf of the insolvency estate.

3. For the purpose of paragraph 2, actions are deemed to be related where they are so closely connected that it is expedient to hear and determine them together to avoid the risk of irreconcilable judgments resulting from separate proceedings.

Article 7

Applicable law

1. Save as otherwise provided in this Regulation, the law applicable to insolvency proceedings and their effects shall be that of the Member State within the territory of which such proceedings are opened (the "State of the opening of proceedings").

2. The law of the State of the opening of proceedings shall determine the conditions for the opening of those proceedings, their conduct and their closure. In particular, it shall determine the following:
- (a) the debtors against which insolvency proceedings may be brought on account of their capacity;
 - (b) the assets which form part of the insolvency estate and the treatment of assets acquired by or devolving on the debtor after the opening of the insolvency proceedings;
 - (c) the respective powers of the debtor and the insolvency practitioner;
 - (d) the conditions under which set-offs may be invoked;
 - (e) the effects of insolvency proceedings on current contracts to which the debtor is party;
 - (f) the effects of the insolvency proceedings on proceedings brought by individual creditors, with the exception of pending lawsuits;
 - (g) the claims which are to be lodged against the debtor's insolvency estate and the treatment of claims arising after the opening of insolvency proceedings;
 - (h) the rules governing the lodging, verification and admission of claims;

- (i) the rules governing the distribution of proceeds from the realisation of assets, the ranking of claims and the rights of creditors who have obtained partial satisfaction after the opening of insolvency proceedings by virtue of a right in rem or through a set-off;
- (j) the conditions for, and the effects of closure of, insolvency proceedings, in particular by composition;
- (k) creditors' rights after the closure of insolvency proceedings;
- (l) who is to bear the costs and expenses incurred in the insolvency proceedings;
- (m) the rules relating to the voidness, voidability or unenforceability of legal acts detrimental to the general body of creditors.

Article 8

Third parties' rights in rem

1. The opening of insolvency proceedings shall not affect the rights in rem of creditors or third parties in respect of tangible or intangible, moveable or immoveable assets, both specific assets and collections of indefinite assets as a whole which change from time to time, belonging to the debtor which are situated within the territory of another Member State at the time of the opening of proceedings.

2. The rights referred to in paragraph 1 shall, in particular, mean:
 - (a) the right to dispose of assets or have them disposed of and to obtain satisfaction from the proceeds of or income from those assets, in particular by virtue of a lien or a mortgage;
 - (b) the exclusive right to have a claim met, in particular a right guaranteed by a lien in respect of the claim or by assignment of the claim by way of a guarantee;
 - (c) the right to demand assets from, and/or to require restitution by, anyone having possession or use of them contrary to the wishes of the party so entitled;
 - (d) a right in rem to the beneficial use of assets.
3. The right, recorded in a public register and enforceable against third parties, based on which a right in rem within the meaning of paragraph 1 may be obtained shall be considered to be a right in rem.
4. Paragraph 1 shall not preclude actions for voidness, voidability or unenforceability as referred to in point (m) of Article 7(2).

Article 9

Set-off

1. The opening of insolvency proceedings shall not affect the right of creditors to demand the set-off of their claims against the claims of a debtor, where such a set-off is permitted by the law applicable to the insolvent debtor's claim.
2. Paragraph 1 shall not preclude actions for voidness, voidability or unenforceability as referred to in point (m) of Article 7(2).

Article 10

Reservation of title

1. The opening of insolvency proceedings against the purchaser of an asset shall not affect sellers' rights that are based on a reservation of title where at the time of the opening of proceedings the asset is situated within the territory of a Member State other than the State of the opening of proceedings.
2. The opening of insolvency proceedings against the seller of an asset, after delivery of the asset, shall not constitute grounds for rescinding or terminating the sale and shall not prevent the purchaser from acquiring title where at the time of the opening of proceedings the asset sold is situated within the territory of a Member State other than the State of the opening of proceedings.

3. Paragraphs 1 and 2 shall not preclude actions for voidness, voidability or unenforceability as referred to in point (m) of Article 7(2).

Article 11

Contracts relating to immoveable property

1. The effects of insolvency proceedings on a contract conferring the right to acquire or make use of immoveable property shall be governed solely by the law of the Member State within the territory of which the immoveable property is situated.
2. The court which opened main insolvency proceedings shall have jurisdiction to approve the termination or modification of the contracts referred to in this Article where:
 - (a) the law of the Member State applicable to those contracts requires that such a contract may only be terminated or modified with the approval of the court opening insolvency proceedings; and
 - (b) no insolvency proceedings have been opened in that Member State.

Article 12

Payment systems and financial markets

1. Without prejudice to Article 8, the effects of insolvency proceedings on the rights and obligations of the parties to a payment or settlement system or to a financial market shall be governed solely by the law of the Member State applicable to that system or market.

2. Paragraph 1 shall not preclude any action for voidness, voidability or unenforceability which may be taken to set aside payments or transactions under the law applicable to the relevant payment system or financial market.

Article 13

Contracts of employment

1. The effects of insolvency proceedings on employment contracts and relationships shall be governed solely by the law of the Member State applicable to the contract of employment.
2. The courts of the Member State in which secondary insolvency proceedings may be opened shall retain jurisdiction to approve the termination or modification of the contracts referred to in this Article even if no insolvency proceedings have been opened in that Member State.

The first subparagraph shall also apply to an authority competent under national law to approve the termination or modification of the contracts referred to in this Article.

Article 14

Effects on rights subject to registration

The effects of insolvency proceedings on the rights of a debtor in immoveable property, a ship or an aircraft subject to registration in a public register shall be determined by the law of the Member State under the authority of which the register is kept.

Article 15

European patents with unitary effect and Community trade marks

For the purposes of this Regulation, a European patent with unitary effect, a Community trade mark or any other similar right established by Union law may be included only in the proceedings referred to in Article 3(1).

Article 16

Detrimental acts

Point (m) of Article 7(2) shall not apply where the person who benefited from an act detrimental to all the creditors provides proof that:

- (a) the act is subject to the law of a Member State other than that of the State of the opening of proceedings; and
- (b) the law of that Member State does not allow any means of challenging that act in the relevant case.

Article 17
Protection of third-party purchasers

Where, by an act concluded after the opening of insolvency proceedings, a debtor disposes, for consideration, of:

- (a) an immoveable asset,
- (b) a ship or an aircraft subject to registration in a public register, or
- (c) securities the existence of which requires registration in a register laid down by law,

the validity of that act shall be governed by the law of the State within the territory of which the immoveable asset is situated or under the authority of which the register is kept.

Article 18
Effects of insolvency proceedings on pending lawsuits
or arbitral proceedings

The effects of insolvency proceedings on a pending lawsuit or pending arbitral proceedings concerning an asset or a right which forms part of a debtor's insolvency estate shall be governed solely by the law of the Member State in which that lawsuit is pending or in which the arbitral tribunal has its seat.

CHAPTER II

RECOGNITION OF INSOLVENCY PROCEEDINGS

Article 19

Principle

1. Any judgment opening insolvency proceedings handed down by a court of a Member State which has jurisdiction pursuant to Article 3 shall be recognised in all other Member States from the moment that it becomes effective in the State of the opening of proceedings.

The rule laid down in the first subparagraph shall also apply where, on account of a debtor's capacity, insolvency proceedings cannot be brought against that debtor in other Member States.

2. Recognition of the proceedings referred to in Article 3(1) shall not preclude the opening of the proceedings referred to in Article 3(2) by a court in another Member State. The latter proceedings shall be secondary insolvency proceedings within the meaning of Chapter III.

Article 20
Effects of recognition

1. The judgment opening insolvency proceedings as referred to in Article 3(1) shall, with no further formalities, produce the same effects in any other Member State as under the law of the State of the opening of proceedings, unless this Regulation provides otherwise and as long as no proceedings referred to in Article 3(2) are opened in that other Member State.
2. The effects of the proceedings referred to in Article 3(2) may not be challenged in other Member States. Any restriction of creditors' rights, in particular a stay or discharge, shall produce effects vis-à-vis assets situated within the territory of another Member State only in the case of those creditors who have given their consent.

Article 21
Powers of the insolvency practitioner

1. The insolvency practitioner appointed by a court which has jurisdiction pursuant to Article 3(1) may exercise all the powers conferred on it, by the law of the State of the opening of proceedings, in another Member State, as long as no other insolvency proceedings have been opened there and no preservation measure to the contrary has been taken there further to a request for the opening of insolvency proceedings in that State. Subject to Articles 8 and 10, the insolvency practitioner may, in particular, remove the debtor's assets from the territory of the Member State in which they are situated.

2. The insolvency practitioner appointed by a court which has jurisdiction pursuant to Article 3(2) may in any other Member State claim through the courts or out of court that moveable property was removed from the territory of the State of the opening of proceedings to the territory of that other Member State after the opening of the insolvency proceedings. The insolvency practitioner may also bring any action to set aside which is in the interests of the creditors.
3. In exercising its powers, the insolvency practitioner shall comply with the law of the Member State within the territory of which it intends to take action, in particular with regard to procedures for the realisation of assets. Those powers may not include coercive measures, unless ordered by a court of that Member State, or the right to rule on legal proceedings or disputes.

Article 22

Proof of the insolvency practitioner's appointment

The insolvency practitioner's appointment shall be evidenced by a certified copy of the original decision appointing it or by any other certificate issued by the court which has jurisdiction.

A translation into the official language or one of the official languages of the Member State within the territory of which it intends to act may be required. No legalisation or other similar formality shall be required.

Article 23

Return and imputation

1. A creditor which, after the opening of the proceedings referred to in Article 3(1), obtains by any means, in particular through enforcement, total or partial satisfaction of its claim on the assets belonging to a debtor situated within the territory of another Member State, shall return what it has obtained to the insolvency practitioner, subject to Articles 8 and 10.
2. In order to ensure the equal treatment of creditors, a creditor which has, in the course of insolvency proceedings, obtained a dividend on its claim shall share in distributions made in other proceedings only where creditors of the same ranking or category have, in those other proceedings, obtained an equivalent dividend.

Article 24

Establishment of insolvency registers

2. Each Member State shall bear the costs of establishing and adjusting its national insolvency registers to make them interoperable with the European e-Justice Portal, as well as the costs of administering, operating and maintaining those registers. 1. Member States shall ensure that the mandatory information referred to in points (a) to (j) of Article 24(2) is available free of charge via the system of interconnection of insolvency registers.
2. This Regulation shall not preclude Member States from charging a reasonable fee for access to the documents or additional information referred to in Article 24(3) via the system of interconnection of insolvency registers.
3. Member States may make access to mandatory information concerning individuals who are not exercising an independent business or professional activity, and concerning individuals exercising an independent business or professional activity when the insolvency proceedings are not related to that activity, subject to supplementary search criteria relating to the debtor in addition to the minimum criteria referred to in point (c) of Article 25(2).
4. Member States may require that access to the information referred to in paragraph 3 be made conditional upon a request to the competent authority. Where a legitimate interest is required, it shall be permissible for the requesting person to justify his request by electronic copies of relevant documents. 1. The insolvency practitioner or the debtor in possession shall request that notice of the judgment opening insolvency proceedings and, where appropriate, the decision appointing the insolvency practitioner be published in any other Member State where an establishment of the debtor is located in accordance with the publication procedures provided for in that Member State. Such publication shall specify, where appropriate, the insolvency practitioner appointed and whether the jurisdiction rule applied is that pursuant to Article 3(1) or (2).
2. The insolvency practitioner or the debtor in possession may request that the information referred to in paragraph 1 be published in any other Member State where the insolvency practitioner or the debtor in possession deems it necessary in accordance with the publication procedures provided for in that Member State.

Article 29

Where the law of a Member State in which an establishment of the debtor is located and this establishment has been entered into a public register of that Member State, or the law of a Member State in which immovable property belonging to the debtor is located, requires information on the opening of insolvency proceedings referred to in Article 28 to be published in the land register, company register or any other public register, the insolvency practitioner or the debtor in possession shall take all the necessary measures to ensure such a registration.
2. The insolvency practitioner or the debtor in possession may request such registration in any other Member State, provided that the law of the Member State where the register is kept allows such registration.

Article 30

Costs

The costs of the publication and registration provided for in Articles 28 and 29 shall be regarded as costs and expenses incurred in the proceedings.

Article 31

Honouring of an obligation to a debtor

1. Where an obligation has been honoured in a Member State for the benefit of a debtor who is subject to insolvency proceedings opened in another Member State, when it should have been honoured for the benefit of the insolvency practitioner in those proceedings, the person honouring the obligation shall be deemed to have discharged it if he was unaware of the opening of the proceedings.
2. Where such an obligation is honoured before the publication provided for in Article 28 has been effected, the person honouring the obligation shall be presumed, in the absence of proof to the contrary, to have been unaware of the opening of insolvency proceedings. Where the obligation is honoured after such publication has been effected, the person honouring the obligation shall be presumed, in the absence of proof to the contrary, to have been aware of the opening of proceedings.

Article 32

Recognition and enforceability of other judgments

1. Judgments handed down by a court whose judgment concerning the opening of proceedings is recognised in accordance with Article 19 and which concern the course and closure of insolvency proceedings, and compositions approved by that court, shall also be recognised with no further formalities. Article 33

Public policy

CHAPTER III

SECONDARY INSOLVENCY PROCEEDINGS

Article 34

Opening of proceedings

Where main insolvency proceedings have been opened by a court of a Member State and recognised in another Member State, a court of that other Member State which has jurisdiction pursuant to Article 3(2) may open secondary insolvency proceedings in accordance with the provisions set out in this Chapter. Where the main insolvency proceedings required that the debtor be insolvent, the debtor's insolvency shall not be re-examined in the Member State in which secondary insolvency proceedings may be opened. The effects of secondary insolvency proceedings shall be restricted to the assets of the debtor situated within the territory of the Member State in which those proceedings have been opened.

Article 35

Applicable law

Save as otherwise provided for in this Regulation, the law applicable to secondary insolvency proceedings shall be that of the Member State within the territory of which the secondary insolvency proceedings are opened.

Article 36

Right to give an undertaking in order to avoid secondary insolvency proceedings

1. In order to avoid the opening of secondary insolvency proceedings, the insolvency practitioner in the main insolvency proceedings may give a unilateral undertaking (the 'undertaking') in respect of the assets located in the Member State in which secondary insolvency proceedings could be opened, that when distributing those assets or the proceeds received as a result of their realisation, it will comply with the distribution and priority rights under national law that creditors would have if secondary insolvency proceedings were opened in that Member State. The undertaking shall specify the factual assumptions on which it is based, in particular in respect of the value of the assets located in the Member State concerned and the options available to realise such assets.
2. Where an undertaking has been given in accordance with this Article, the law applicable to the distribution of proceeds from the realisation of assets referred to in paragraph 1, to the ranking of creditors' claims, and to the rights of creditors in relation to the assets referred to in paragraph 1 shall be the law of the Member State in which secondary insolvency proceedings could have been opened. The relevant point in time for determining the assets referred to in paragraph 1 shall be the moment at which the undertaking is given.

3. The undertaking shall be made in the official language or one of the official languages of the Member State where secondary insolvency proceedings could have been opened, or, where there are several official languages in that Member State, the official language or one of the official languages of the place in which secondary insolvency proceedings could have been opened.
4. The undertaking shall be made in writing. It shall be subject to any other requirements relating to form and approval requirements as to distributions, if any, of the State of the opening of the main insolvency proceedings.
5. The undertaking shall be approved by the known local creditors. The rules on qualified majority and voting that apply to the adoption of restructuring plans under the law of the Member State where secondary insolvency proceedings could have been opened shall also apply to the approval of the undertaking. Creditors shall be able to participate in the vote by distance means of communication, where national law so permits. The insolvency practitioner shall inform the known local creditors of the undertaking, of the rules and procedures for its approval, and of the approval or rejection of the undertaking.
6. An undertaking given and approved in accordance with this Article shall be binding on the estate. If secondary insolvency proceedings are opened in accordance with Articles 37 and 38, the insolvency practitioner in the main insolvency proceedings shall transfer any assets which it removed from the territory of that Member State after the undertaking was given or, where those assets have already been realised, their proceeds, to the insolvency practitioner in the secondary insolvency proceedings.

7. Where the insolvency practitioner has given an undertaking, it shall inform local creditors about the intended distributions prior to distributing the assets and proceeds referred to in paragraph 1. If that information does not comply with the terms of the undertaking or the applicable law, any local creditor may challenge such distribution before the courts of the Member State in which main insolvency proceedings have been opened in order to obtain a distribution in accordance with the terms of the undertaking and the applicable law. In such cases, no distribution shall take place until the court has taken a decision on the challenge.
8. Local creditors may apply to the courts of the Member State in which main insolvency proceedings have been opened, in order to require the insolvency practitioner in the main insolvency proceedings to take any suitable measures necessary to ensure compliance with the terms of the undertaking available under the law of the State of the opening of main insolvency proceedings.
9. Local creditors may also apply to the courts of the Member State in which secondary insolvency proceedings could have been opened in order to require the court to take provisional or protective measures to ensure compliance by the insolvency practitioner with the terms of the undertaking.
10. The insolvency practitioner shall be liable for any damage caused to local creditors as a result of its non-compliance with the obligations and requirements set out in this Article.

11. For the purpose of this Article, an authority which is established in the Member State where secondary insolvency proceedings could have been opened and which is obliged under Directive 2008/94/EC of the European Parliament and of the Council¹ to guarantee the payment of employees' outstanding claims resulting from contracts of employment or employment relationships shall be considered to be a local creditor, where the national law so provides.

Article 37

Right to request the opening of secondary insolvency proceedings

1. The opening of secondary insolvency proceedings may be requested by:
 - (a) the insolvency practitioner in the main insolvency proceedings;
 - (b) any other person or authority empowered to request the opening of insolvency proceedings under the law of the Member State within the territory of which the opening of secondary insolvency proceedings is requested.
2. Where an undertaking has become binding in accordance with Article 36, the request for opening secondary insolvency proceedings shall be lodged within 30 days of having received notice of the approval of the undertaking.

¹ Directive 2008/94/EC of the European Parliament and of the Council of 22 October 2008 on the protection of employees in the event of the insolvency of their employer (OJ L 283, 28.10.2008, p. 36).

Article 38

Decision to open secondary insolvency proceedings

1. A court seised of a request to open secondary insolvency proceedings shall immediately give notice to the insolvency practitioner or the debtor in possession in the main insolvency proceedings and give it an opportunity to be heard on the request.
2. Where the insolvency practitioner in the main insolvency proceedings has given an undertaking in accordance with Article 36, the court referred to in paragraph 1 of this Article shall, at the request of the insolvency practitioner, not open secondary insolvency proceedings if it is satisfied that the undertaking adequately protects the general interests of local creditors.
3. Where a temporary stay of individual enforcement proceedings has been granted in order to allow for negotiations between the debtor and its creditors, the court, at the request of the insolvency practitioner or the debtor in possession, may stay the opening of secondary insolvency proceedings for a period not exceeding three months, provided that suitable measures are in place to protect the interests of local creditors.

The court referred to in paragraph 1 may order protective measures to protect the interests of local creditors by requiring the insolvency practitioner or the debtor in possession not to remove or dispose of any assets which are located in the Member State where its establishment is located unless this is done in the ordinary course of business. The court may also order other measures to protect the interest of local creditors during a stay, unless this is incompatible with the national rules on civil procedure.

The stay of the opening of secondary insolvency proceedings shall be lifted by the court of its own motion or at the request of any creditor if, during the stay, an agreement in the negotiations referred to in the first subparagraph has been concluded.

The stay may be lifted by the court of its own motion or at the request of any creditor if the continuation of the stay is detrimental to the creditor's rights, in particular if the negotiations have been disrupted or it has become evident that they are unlikely to be concluded, or if the insolvency practitioner or the debtor in possession has infringed the prohibition on disposal of its assets or on removal of them from the territory of the Member State where the establishment is located.

4. At the request of the insolvency practitioner in the main insolvency proceedings, the court referred to in paragraph 1 may open a type of insolvency proceedings as listed in Annex A other than the type initially requested, provided that the conditions for opening that type of proceedings under national law are fulfilled and that that type of proceedings is the most appropriate as regards the interests of the local creditors and coherence between the main and secondary insolvency proceedings. The second sentence of Article 34 shall apply.

Article 39

Judicial review of the decision to open secondary insolvency proceedings

The insolvency practitioner in the main insolvency proceedings may challenge the decision to open secondary insolvency proceedings before the courts of the Member State in which secondary insolvency proceedings have been opened on the ground that the court did not comply with the conditions and requirements of Article 38.

Article 40

Advance payment of costs and expenses

Where the law of the Member State in which the opening of secondary insolvency proceedings is requested requires that the debtor's assets be sufficient to cover in whole or in part the costs and expenses of the proceedings, the court may, when it receives such a request, require the applicant to make an advance payment of costs or to provide appropriate security.

Article 41

Cooperation and communication between insolvency practitioners

1. The insolvency practitioner in the main insolvency proceedings and the insolvency practitioner or practitioners in secondary insolvency proceedings concerning the same debtor shall cooperate with each other to the extent such cooperation is not incompatible with the rules applicable to the respective proceedings. Such cooperation may take any form, including the conclusion of agreements or protocols.
2. In implementing the cooperation set out in paragraph 1, the insolvency practitioners shall:
 - (a) as soon as possible communicate to each other any information which may be relevant to the other proceedings, in particular any progress made in lodging and verifying claims and all measures aimed at rescuing or restructuring the debtor, or at terminating the proceedings, provided appropriate arrangements are made to protect confidential information;

- (b) explore the possibility of restructuring the debtor and, where such a possibility exists, coordinate the elaboration and implementation of a restructuring plan;
 - (c) coordinate the administration of the realisation or use of the debtor's assets and affairs; the insolvency practitioner in the secondary insolvency proceedings shall give the insolvency practitioner in the main insolvency proceedings an early opportunity to submit proposals on the realisation or use of the assets in the secondary insolvency proceedings.
3. Paragraphs 1 and 2 shall apply *mutatis mutandis* to situations where, in the main or in the secondary insolvency proceedings or in any territorial insolvency proceedings concerning the same debtor and open at the same time, the debtor remains in possession of its assets.

Article 42

Cooperation and communication between courts

1. In order to facilitate the coordination of main, territorial and secondary insolvency proceedings concerning the same debtor, a court before which a request to open insolvency proceedings is pending, or which has opened such proceedings, shall cooperate with any other court before which a request to open insolvency proceedings is pending, or which has opened such proceedings, to the extent that such cooperation is not incompatible with the rules applicable to each of the proceedings. For that purpose, the courts may, where appropriate, appoint an independent person or body acting on its instructions, provided that it is not incompatible with the rules applicable to them.

2. In implementing the cooperation set out in paragraph 1, the courts, or any appointed person or body acting on their behalf, as referred to in paragraph 1, may communicate directly with, or request information or assistance directly from, each other provided that such communication respects the procedural rights of the parties to the proceedings and the confidentiality of information.
3. The cooperation referred to in paragraph 1 may be implemented by any means that the court considers appropriate. It may, in particular, concern:
 - (a) coordination in the appointment of the insolvency practitioners;
 - (b) communication of information by any means considered appropriate by the court;
 - (c) coordination of the administration and supervision of the debtor's assets and affairs;
 - (d) coordination of the conduct of hearings;
 - (e) coordination in the approval of protocols, where necessary.

Article 43

Cooperation and communication between insolvency practitioners and courts

1. In order to facilitate the coordination of main, territorial and secondary insolvency proceedings opened in respect of the same debtor:
 - (a) an insolvency practitioner in main insolvency proceedings shall cooperate and communicate with any court before which a request to open secondary insolvency proceedings is pending or which has opened such proceedings;

- (b) an insolvency practitioner in territorial or secondary insolvency proceedings shall cooperate and communicate with the court before which a request to open main insolvency proceedings is pending or which has opened such proceedings, and
- (c) an insolvency practitioner in territorial or secondary insolvency proceedings shall cooperate and communicate with the court before which a request to open other territorial or secondary insolvency proceedings is pending or which has opened such proceedings,

to the extent that such cooperation and communication are not incompatible with the rules applicable to each of the proceedings and do not entail any conflict of interest.

2. The cooperation referred to in paragraph 1 may be implemented by any appropriate means, such as those set out in Article 42(3).

Article 44

Costs of cooperation and communication

The requirements laid down in Articles 42 and 43 shall not result in courts charging costs to each other for cooperation and communication.

Article 45

Exercise of creditors' rights

1. Any creditor may lodge its claim in the main insolvency proceedings and in any secondary insolvency proceedings.
2. The insolvency practitioners in the main and any secondary insolvency proceedings shall lodge in other proceedings claims which have already been lodged in the proceedings for which they were appointed, provided that the interests of creditors in the latter proceedings are served by doing so, subject to the right of creditors to oppose such lodgment or to withdraw the lodgment of their claims where the law applicable so provides.
3. The insolvency practitioner in the main or secondary insolvency proceedings shall be entitled to participate in other proceedings on the same basis as a creditor, in particular by attending creditors' meetings.

Article 46

Stay of the process of realisation of assets

1. The court which opened the secondary insolvency proceedings shall stay the process of realisation of assets in whole or in part on receipt of a request from the insolvency practitioner in the main insolvency proceedings. In such a case, it may require the insolvency practitioner in the main insolvency proceedings to take any suitable measure to guarantee the interests of the creditors in the secondary insolvency proceedings and of individual classes of creditors. Such a request from the insolvency practitioner may be rejected only if it is manifestly of no interest to the creditors in the main insolvency proceedings. Such a stay of the process of realisation of assets may be ordered for up to three months. It may be continued or renewed for similar periods.
2. The court referred to in paragraph 1 shall terminate the stay of the process of realisation of assets:
 - (a) at the request of the insolvency practitioner in the main insolvency proceedings;
 - (b) of its own motion, at the request of a creditor or at the request of the insolvency practitioner in the secondary insolvency proceedings if that measure no longer appears justified, in particular, by the interests of creditors in the main insolvency proceedings or in the secondary insolvency proceedings.

Article 47

Power of the insolvency practitioner to propose restructuring plans

1. Where the law of the Member State where secondary insolvency proceedings have been opened allows for such proceedings to be closed without liquidation by a restructuring plan, a composition or a comparable measure, the insolvency practitioner in the main insolvency proceedings shall be empowered to propose such a measure in accordance with the procedure of that Member State.
2. Any restriction of creditors' rights arising from a measure referred to in paragraph 1 which is proposed in secondary insolvency proceedings, such as a stay of payment or discharge of debt, shall have no effect in respect of assets of a debtor that are not covered by those proceedings, without the consent of all the creditors having an interest.

Article 48

Impact of closure of insolvency proceedings

1. Without prejudice to Article 49, the closure of insolvency proceedings shall not prevent the continuation of other insolvency proceedings concerning the same debtor which are still open at that point in time.

2. Where insolvency proceedings concerning a legal person or a company in the Member State of that person's or company's registered office would entail the dissolution of the legal person or of the company, that legal person or company shall not cease to exist until any other insolvency proceedings concerning the same debtor have been closed, or the insolvency practitioner or practitioners in such proceedings have given consent to the dissolution.

Article 49

Assets remaining in the secondary insolvency proceedings

If, by the liquidation of assets in the secondary insolvency proceedings, it is possible to meet all claims allowed under those proceedings, the insolvency practitioner appointed in those proceedings shall immediately transfer any assets remaining to the insolvency practitioner in the main insolvency proceedings.

Article 50

Subsequent opening of the main insolvency proceedings

Where the proceedings referred to in Article 3(1) are opened following the opening of the proceedings referred to in Article 3(2) in another Member State, Articles 41, 45, 46, 47 and 49 shall apply to those opened first, in so far as the progress of those proceedings so permits.

Article 51

Conversion of secondary insolvency proceedings

1. At the request of the insolvency practitioner in the main insolvency proceedings, the court of the Member State in which secondary insolvency proceedings have been opened may order the conversion of the secondary insolvency proceedings into another type of insolvency proceedings listed in Annex A, provided that the conditions for opening that type of proceedings under national law are fulfilled and that that type of proceedings is the most appropriate as regards the interests of the local creditors and coherence between the main and secondary insolvency proceedings.
2. When considering the request referred to in paragraph 1, the court may seek information from the insolvency practitioners involved in both proceedings.

Article 52

Preservation measures

Where the court of a Member State which has jurisdiction pursuant to Article 3(1) appoints a temporary administrator in order to ensure the preservation of a debtor's assets, that temporary administrator shall be empowered to request any measures to secure and preserve any of the debtor's assets situated in another Member State, provided for under the law of that Member State, for the period between the request for the opening of insolvency proceedings and the judgment opening the proceedings.

CHAPTER IV

2. The information referred to in paragraph 1, provided by an individual notice, shall in particular include time limits, the penalties laid down with regard to those time limits, the body or authority empowered to accept the lodgement of claims and any other measures laid down. Such notice shall also indicate whether creditors whose claims are preferential or secured in rem need to lodge their claims. The notice shall also include a copy of the standard form for lodging of claims referred to in Article 55 or information on where that form is available.
3. The information referred to in paragraphs 1 and 2 of this Article shall be provided using the standard notice form to be established in accordance with Article 88. The form shall be published in the European e-Justice Portal and shall bear the heading "Notice of insolvency proceedings" in all the official languages of the institutions of the Union. It shall be transmitted in the official language of the State of the opening of proceedings or, if there are several official languages in that Member State, in the official language or one of the official languages of the place where insolvency proceedings have been opened, or in another language which that State has indicated it can accept, in accordance with Article 55(5), if it can be assumed that that language is easier to understand for the foreign creditors.
4. In insolvency proceedings relating to an individual not exercising a business or professional activity, the use of the standard form referred to in this Article shall not be obligatory if creditors are not required to lodge their claims in order to have their claims taken into account in the proceedings.

Article 55

Procedure for lodging claims

1. Any foreign creditor may lodge its claim using the standard claims form to be established in accordance with Article 88. The form shall bear the heading "Lodgment of claims" in all the official languages of the institutions of the Union.

6. Claims shall be lodged within the period stipulated by the law of the State of the opening of proceedings. In the case of a foreign creditor, that period shall not be less than 30 days following the publication of the opening of insolvency proceedings in the insolvency register of the State of the opening of proceedings. 7. Where the court, the insolvency practitioner or the debtor in possession has doubts in relation to a claim lodged in accordance with this Article, it shall give the creditor the opportunity to provide additional evidence on the existence and the amount of the claim.

SECTION 1

Article 56

Cooperation and communication between insolvency practitioners

1. Where insolvency proceedings relate to two or more members of a group of companies, an insolvency practitioner appointed in proceedings concerning a member of the group shall cooperate with any insolvency practitioner appointed in proceedings concerning another member of the same group to the extent that such cooperation is appropriate to facilitate the effective administration of those proceedings, is not incompatible with the rules applicable to such proceedings and does not entail any conflict of interest. That cooperation may take any form, including the conclusion of agreements or protocols.
2. In implementing the cooperation set out in paragraph 1, insolvency practitioners shall
 - (a) as soon as possible communicate to each other any information which may be relevant to the other proceedings, provided appropriate arrangements are made to protect confidential information;

They may also agree on the allocation of certain tasks amongst them, where such allocation of tasks is permitted by the rules applicable to each of the proceedings.

Article 57

Cooperation and communication between courts

1. Where insolvency proceedings relate to two or more members of a group of companies, a court which has opened such proceedings shall cooperate with any other court before which a request to open proceedings concerning another member of the same group is pending or which has opened such proceedings to the extent that such cooperation is appropriate to facilitate the effective administration of the proceedings, is not incompatible with the rules applicable to them and does not entail any conflict of interest. For that purpose, the courts may, where appropriate, appoint an independent person or body to act on its instructions, provided that this is not incompatible with the rules applicable to them.
2. In implementing the cooperation set out in paragraph 1, courts, or any appointed person or body acting on their behalf, as referred to in paragraph 1, may communicate directly with each other, or request information or assistance directly from each other, provided that such communication respects the procedural rights of the parties to the proceedings and the confidentiality of information.
3. The cooperation referred to in paragraph 1 may be implemented by any means that the court considers appropriate. It may, in particular, concern:

to the extent that such cooperation and communication are appropriate to facilitate the effective administration of the proceedings, do not entail any conflict of interest and are not incompatible with the rules applicable to them.

Article 59

*Costs of cooperation and communication in proceedings
concerning members of a group of companies*

The costs of the cooperation and communication provided for in Articles 56 to 60 incurred by an insolvency practitioner or a court shall be regarded as costs and expenses incurred in the respective proceedings.

Article 60

 - (iii) the restructuring plan would be to the benefit of the creditors in the proceedings for which the stay is requested; and
 - (iv) neither the insolvency proceedings in which the insolvency practitioner referred to in paragraph 1 of this Article has been appointed nor the proceedings in respect of which the stay is requested are subject to coordination under Section 2 of this Chapter;
- (c) apply for the opening of group coordination proceedings in accordance with Article 61.

2. The court having opened proceedings referred to in point (b) of paragraph 1 shall stay any measure related to the realisation of the assets in the proceedings in whole or in part if it is satisfied that the conditions referred to in point (b) of paragraph 1 are fulfilled.

Before ordering the stay, the court shall hear the insolvency practitioner appointed in the proceedings for which the stay is requested. Such a stay may be ordered for any period, not exceeding three months, which the court considers appropriate and which is compatible with the rules applicable to the proceedings.

The court ordering the stay may require the insolvency practitioner referred to in paragraph 1 to take any suitable measure available under national law to guarantee the interests of the creditors in the proceedings.

The court may extend the duration of the stay by such further period or periods as it considers appropriate and which are compatible with the rules applicable to the proceedings, provided that the conditions referred to in points (b)(ii) to (iv) of paragraph 1 continue to be fulfilled and that the total duration of the stay (the initial period together with any such extensions) does not exceed six months.

 - (d) an outline of the estimated costs of the proposed group coordination and the estimation of the share of those costs to be paid by each member of the group.

Article 62

Priority rule

Article 63

Notice by the court seised

The court seised of a request to open group coordination proceedings shall give notice as soon as possible of the request for the opening of group coordination proceedings and of the proposed coordinator to the insolvency practitioners appointed in relation to the members of the group as indicated in the request referred to in point (c) of Article 61(3), if it is satisfied that:
 - (a) the opening of such proceedings is appropriate to facilitate the effective administration of the insolvency proceedings relating to the different group members;
 - (b) no creditor of any group member expected to participate in the proceedings is likely to be financially disadvantaged by the inclusion of that member in such proceedings; and
 - (c) the proposed coordinator fulfils the requirements laid down in Article 71.
2. The notice referred to in paragraph 1 of this Article shall list the elements referred to in points (a) to (d) of Article 61(3).

Article 68

Such a request shall be made to the court that opened the proceedings for which a stay is requested.
- 3. The plan referred to in point (b) of paragraph 1 shall not include recommendations as to any consolidation of proceedings or insolvency estates.

In the absence of objections by the insolvency practitioners within 30 days of receipt of the statement referred to in paragraph 2, the costs and the share to be paid by each member shall be deemed to be agreed. The statement shall be submitted to the court opening coordination proceedings for confirmation.
4. In the event of an objection, the court that opened the group coordination proceedings shall, upon the application of the coordinator or any participating insolvency practitioner, decide on the costs and the share to be paid by each member in accordance with the criteria set out in paragraph 1 of this Article, and taking into account the estimation of costs referred to in Article 68(1) and, where applicable, Article 72(6).
