Subject:	Proposal for a Council Decision on the signing, on behalf of the European Union, and provisional application of an agreement amending the Agreement of 29 June 2022 between the European Union and Ukraine on the carriage of freight by road – Adoption

Delegations will find attached a statement by Poland to be included in the minutes of the Coreper meeting and of the EPSCO Council.

Statement by Poland concerning the Council Decision on the signing, on behalf of the European Union, and provisional application of an agreement amending the Agreement of 29 June 2022 between the European Union and Ukraine on the carriage of freight by road.

Poland consistently provides comprehensive support for Ukraine in its struggle. However, it is evident that the functioning of the Agreement between the EU and Ukraine on the carriage of freight by road has hitherto had adverse consequences for the Polish road transport industry and has exacerbated the disparate conditions for the international carriage of goods by road. Poland appreciates the fact that the content of the Agreement has been amended. At the same time, Poland declares that it will continue to carefully analyse the situation in the road transport market, particularly in the context of the amendments made to the Agreement. If appropriate, Poland will consider requesting the use of the protection instruments provided for in the amended Agreement.
