'I/A' ITEM NOTE

From:	General Secretariat of the Council
To:	Permanent Representatives Committee/Council
No. Cion doc.:	10153/18 + ADD 1
Subject:	Proposal for a Regulation of the European Parliament and of the Council establishing the Asylum and Migration Fund - general approach

I. BACKGROUND

1. On 13 June 2018, the Commission put forward a proposal for a Regulation of the European Parliament and of the Council establishing the Asylum and Migration Fund¹ (hereinafter referred to as 'the AMF proposal' or 'the Fund') under Heading 4 (Migration and Border Management) of the Multiannual Financial Framework (MFF) 2021-2027.
2. The European Parliament adopted its first-reading position² at the plenary session of 13 March 2019.

¹ 10153/18 + ADD 1

² 7404/19

3. On 7 June 2019, the Council reached a partial general approach³ on the abovementioned proposal, which also served as a partial mandate to enter into negotiations with the European Parliament in the context of the ordinary legislative procedure. The partial general approach excluded a number of provisions due to their link to the overall MFF discussions, their horizontal nature, or to the pending legislative proposals related to the Common European Asylum System (CEAS).
4. The Committee also reached an agreement⁴ on 24 July 2020, to update the partial general approach reached in June 2019 on the provisions related to the CEAS. These include recitals 7 and 58a, Article 2(a), (b), (e) and (g), Articles 16 and 17 excluding the specific amounts therein and Article 34a.
5. Furthermore, on 18 December 2019, the progress report⁵ presented to the Committee on the ongoing inter-institutional negotiations also included the Presidency compromise proposal reflecting the discussions held on Annex I within the Council, which secured the necessary support, pending guidance from EUCO on the issue concerning insular societies.

II STATE OF PLAY

6. The European Council provided political guidance on the MFF and the Recovery package in its conclusions⁶ of 21 July 2020.
7. On this basis, the Presidency started working on a compromise text for a possible general approach on the entire proposal, replacing the relevant bracketed provisions in the partial general approach and to align it to the political guidance received.

8. Following discussions at informal video conference meetings with members of the JHA Counsellors on Financial Instruments on 1 and 11 September, the Presidency presented its compromise text for a possible general approach at the informal video conference with members of the JHA Counsellors on Financial Instrument on 22 September.
9. On the basis of the feedback received at the informal video conference meeting on 22 September, and thereafter in writing, the Presidency prepared a revised compromise text for a possible general approach, which can be found in the Annex to this note. This revised compromise text also includes the agreement reached by COREPER on the CEAS provisions and the outcome of the discussions on Annex I, referred to in paragraphs 4 and 5 above.

IV. CONCLUSIONS

13. The Permanent Representative Committee is therefore invited to:

 - ii. agree that Council reaches a general approach through an 'A' item at a forthcoming Council meeting.
14. All changes compared to the partial general approach reached on 7 June 2019, as updated by the Committee on 24 July with respect to the relevant CEAS provisions, are indicated in **bold italics underlined**. In addition, all provisions formerly bracketed are also highlighted in grey.

⁸ OJ C , , p. .

- (1) In the context of the evolving migratory challenges characterised by the need to support strong reception, asylum, integration and migration systems of Member States, prevent and adequately handle situations of pressure and replace irregular and unsafe arrivals with legal and safe pathways, investing in efficient and coordinated migration management in the Union is key to realising the Union's objective of constituting an area of freedom, security and justice pursuant to Article 67(2) of the Treaty on the Functioning of the European Union.
- (2) The importance of a coordinated approach by the Union and the Member States is reflected in the European Agenda on Migration of May 2015, which stressed the need for a consistent and clear common policy to restore confidence in the Union's ability to bring together European and national efforts to address migration and work together in an effective way, in accordance with the principles of solidarity and fair sharing of responsibility, and was confirmed in its mid-term review of September 2017 and the progress report of March and May 2018.

- (3) In its conclusions of 19 October 2017, the European Council reaffirmed the need to pursue a comprehensive, pragmatic and resolute approach to migration management that aims to restore control of external borders and reduce irregular arrivals and the number of deaths at sea, and should be based on a flexible and coordinated use of all available Union and Member State instruments. The European Council further called to ensure significantly enhanced returns through actions at both EU and Member States level, such as effective readmission agreements and arrangements. *In that context, a significant part of the funding from the thematic facility should be used to support actions in or in relation to third countries.* In its conclusions of 28 June 2018, the European Council reconfirmed that a precondition for a functioning EU policy relies on a comprehensive approach to migration which combines more effective control of the EU's external borders, increased external action and the internal aspects, in line with EU's principles and values. The European Council underlined the need for flexible instruments, allowing for fast disbursement, to combat illegal migration.

- (4) In order to support efforts to ensure a comprehensive approach to management of migration grounded on mutual trust, solidarity and responsibility sharing among Member States and Union institutions, with the objective of ensuring a common sustainable Union policy on asylum and immigration, Member States should be supported by adequate financial resources in the form of the Asylum, ~~and~~ Migration ***and Integration*** Fund (hereinafter referred to as ‘the Fund’).
- (5) The Fund should be implemented in full compliance with the rights and principles enshrined in the Charter of Fundamental Rights of the European Union and with the Union’s international obligations as regards fundamental rights.
- (6) The Fund should build on the results and investments achieved with the support of its predecessors: the European Refugee Fund established by the Decision 573/2007/EC of the European Parliament and the Council, the European Fund for the Integration of third-country nationals established by the Council Decision 2007/435/EC, the European Return Fund established by the Decision 575/2007/EC of the European Parliament and the Council for the period 2007-2013 and the Asylum, Migration and Integration Fund for the period 2014-2020, as established by Regulation (EU) 516/2014 of the European Parliament and of the Council. It should at the same time take into account all relevant new developments.

- (7) The Fund should support the efficient management of migration flows, *inter alia* by promoting common measures in the area of asylum, including Member States' efforts in receiving persons in need of international protection through resettlement, **humanitarian admission** and the transfer of applicants for or beneficiaries of international protection between Member States, supporting integration strategies and a more effective legal migration policy, so as to ensure the Union's long-term competitiveness and the future of its social model and reduce incentives for irregular migration through a sustainable return and readmission policy. The Fund should support the strengthening of cooperation with third countries to reinforce management of flows of persons applying for asylum or other forms of international protection, avenues on legal migration and to counter irregular migration and ensure sustainability of return and effective readmission to third countries. ***Support provided by the fund is without prejudice to the entirely voluntary nature of resettlement and relocation of applicants for, and beneficiaries of, international protection under the legal framework of the Common European Asylum System applicable at the time of adoption of this Regulation.***
- (8) The migration crisis highlighted the need to reform the Common European Asylum System to ensure ~~that~~ efficient asylum procedures to prevent secondary movements, to provide uniform and appropriate reception conditions for applicants for international protection, uniform standards for the granting of international protection and appropriate rights and benefits for beneficiaries of international protection. At the same time, the reform was needed to put in place a fairer and more effective system of determining Member States' responsibility for applicants for international protection as well as a Union framework for Member States' resettlement efforts. Therefore, it is appropriate for the Fund to provide increased support to Member States' efforts to fully and properly implement the reformed Common European Asylum System.

~~(9) The Fund should also complement and reinforce the activities undertaken by the [European Union Agency for Asylum (EUAA)] established by Regulation (EU) ... [EUAA Regulation]⁹ with a view to facilitating and improving the functioning of the common European asylum system, by coordinating and strengthening practical cooperation and information exchange between Member States, promoting Union law and operational standards on asylum in order to ensure a high degree of uniformity based on high protection standards as regards procedures for international protection, reception conditions and the assessment of protection needs across the Union, enabling a sustainable and fair distribution of applications for international protection, facilitate convergence in the assessment of applications for international protection across the Union, support the resettlement and humanitarian admission efforts of the Member States and provide operational and technical assistance to Member States for the management of their asylum and reception systems, in particular those whose systems are subject to disproportionate pressure.~~

- (10) The Fund should support the efforts by the Union and the Member States relating to the enhancement of the Member States' capacity to develop, monitor and evaluate their asylum policies in the light of their obligations under existing Union law.

⁹ Regulation (EU) No ... of the European Parliament and of the Council of [EUAA Regulation] (OJ L ..., [date], p. ...).

- (11) Partnerships and cooperation with third countries are an essential component of Union asylum policy to ensure the adequate management of flows of persons applying for asylum or other forms of international protection. With the aim of replacing the unsafe and irregular arrivals with legal and safe arrival to the territory of the Member States of third-country nationals or stateless persons in need of international protection, expressing solidarity with countries in regions to which or within which a large number of persons in need of international protection have been displaced by helping to alleviate the pressure on those countries, helping achieve the Union's migration policy objectives by increasing the Union's leverage *vis-à-vis* third countries, and of effectively contributing to global resettlement initiatives by speaking with one voice in international fora and with third countries., ~~**the Fund should provide financial incentives to the implementation of the Union Resettlement [and Humanitarian Admission] Framework.**~~
- (12) Considering the high levels of migration flows to the Union in the last years and the importance of ensuring the cohesion of our societies, it is crucial to support Member States' policies for ~~early~~ integration of legally staying third-country nationals, including in the priority areas identified in the Action Plan on Integration of third-country nationals adopted by the Commission in 2016.
- (12a) Integration measures financed under this Fund should support measures tailor-made to the needs of third-country nationals such as, but not limited to, actions promoting self-empowerment of third-country nationals through language training and civic orientation courses, providing advice and assistance to third-country nationals in areas such as housing, means of subsistence, administrative and legal guidance, psychological care and health including through one-stop shops for integration. The Fund should also support horizontal measures aiming at building Member States' capacity to develop integration strategies, strengthen exchange and cooperation and promote contact, constructive dialogue and acceptance between the third-country nationals and the receiving society.***

- (13) In order to increase efficiency, achieve the greatest Union added value and to ensure the consistency of the Union's response to foster the integration of third-country nationals, actions financed under the Fund should be ~~specific and~~ complementary to actions financed under the European Social Fund Plus (ESF+), ~~and~~ the European Regional Development Fund (ERDF) *and the European Agricultural Fund for Rural Development (EAFRD). ESF+ can provide support to measures promoting the socio-economic integration, education and social inclusion of third country nationals, such as work-based language training, vocational education and training, employment and self-employment incentives, and provision of social services. In addition, ERDF can promote integration by supporting investments through integrated measures including housing and social services. Furthermore, the EAFRD can contribute to the socio-economic integration of third country nationals for which there is a potential for employment opportunities in rural areas. Member States should be able to support the integration of third-country nationals according to their specific situation and needs, by using the most relevant EU Fund, in line with the targeted area of intervention and the objectives to be achieved and in complementarity with other EU Funds.* ~~Measures financed under this Fund should support measures tailor-made to the needs of third-country nationals that are generally implemented in the early stage of integration, and horizontal actions supporting Member States' capacities in the field of integration, whereas interventions for third-country nationals with a longer-term impact should be financed under the ERDF and ESF+.~~

- (14) In this context, the authorities of the Member States responsible for the implementation of the Fund should be required to cooperate and ~~establish coordination mechanisms~~ with the authorities identified by Member States for the purpose of the management of the interventions of the ESF+, *the EAFRD* and of the ERDF and wherever necessary with their managing authorities and with the managing authorities of other Union funds contributing to the integration of third-country nationals.
- (15) The implementation of the Fund in this area should be consistent with the Union's common basic principles on integration, as specified in the common programme for integration.
- (16) It is appropriate to allow those Member States that so wish to provide in their programmes that integration actions may include immediate relatives of third-country nationals, to the extent that this is necessary for the effective implementation of such actions. The term 'immediate relative' should be understood as meaning spouses, partners and any person having direct family links in descending or ascending line with the third-country national targeted by the integration action, and who would otherwise not be covered by the scope of the Fund.

- (17) Considering the crucial role played by **Member States'** ~~local and regional~~ authorities and civil society organisations in the field of integration and to facilitate the access of these entities to funding at Union level, the Fund should facilitate the implementation of actions in the field of integration by ***national, regional and*** ~~local and regional~~ authorities or civil society organisations, including through the use of the thematic facility and through a higher co-financing rate for these actions.
- (18) Considering the long-term economic and demographic challenges faced by the Union, it is crucial to establish well-functioning legal migration channels to the Union to maintain the Union as an attractive destination for migrants and ensure the sustainability of welfare systems and growth of the Union economy.
- (19) The Fund should support Member States in setting up strategies organising legal migration, enhancing their capacity to develop, implement, monitor and evaluate in general all immigration and integration strategies, policies and measures for legally staying third-country nationals, including Union legal instruments. The Fund should also support the exchange of information, best practices and cooperation between different departments of administration and levels of governance, and between Member States.

- (20) An efficient return policy is an integral part of the comprehensive migration approach the Union and its Member States pursue. The Fund should support and encourage efforts by the Member States with a view to the effective implementation and further development of common standards on return, in particular as set out in Directive 2008/115/EC of the European Parliament and of the Council¹⁰, and of an integrated and coordinated approach to return management. For sustainable return policies, the Fund should equally support related measures in third countries, such as the reintegration of returnees.
- (21) Member States should give preference to voluntary return. In order to promote voluntary return, Member States should envisage incentives such as preferential treatment in the form of enhanced return assistance ~~should be envisaged for the voluntary return of persons~~. This kind of voluntary return is in the interests of both returnees and the authorities in terms of its cost-effectiveness.
- (22) Voluntary and ~~en~~forced returns are nevertheless interlinked, with mutually reinforcing effect, and Member States should therefore be encouraged to reinforce the complementarities between these two forms of return. The possibility of removals is an important element contributing to the integrity of the asylum and legal migration systems. The Fund should therefore support actions of Member States to facilitate and carry out removals in accordance with the standards laid down in Union law, where applicable, and with full respect for the fundamental rights and dignity of returnees.

¹⁰ Directive 2008/115/EC of the European Parliament and of the Council of 16 December 2008 on common standards and procedures in Member States for returning illegally staying third-country nationals (OJ L 348, 24.12.2008, p. 98).

- (23) Specific support measures for returnees in the Member States and in the countries of return can improve conditions of return and enhance their *sustainable* reintegration.
- (24) Readmission agreements and other arrangements are an integral component of the Union return policy and a central tool for the efficient management of migration flows, as they facilitate the swift return of irregular migrants. Those agreements and arrangements are an important element in the framework of the dialogue and cooperation with third countries of origin and transit of irregular migrants and their implementation in third countries should be supported in the interests of effective return policies at national and Union level.
- (25) In addition to supporting the return of persons as provided for in this Regulation, the Fund should also support other measures to counter irregular migration, address incentives for illegal migration or the circumventing of existing legal migration rules, thereby safeguarding the integrity of Member States' immigration systems.
- (26) The employment of irregular migrants creates a pull factor for illegal migration and undermines the development of a labour mobility policy built on legal migration schemes. The Fund should therefore support Member States, either directly or indirectly, in their implementation of Directive 2009/52/EC of the European Parliament and of the Council¹¹ which prohibits the employment of illegally staying third-country nationals and provides for sanctions against employers who infringe that prohibition.

¹¹ Directive 2009/52/EC of the European Parliament and of the Council of 18 June 2009 providing for minimum standards on sanctions and measures against employers of illegally staying third-country nationals (OJ L 168, 30.6.2009, p. 24).

- (27) The Fund should support Member States, either directly or indirectly, in their implementation of Directive 2011/36/EU of the European Parliament and of the Council¹² which sets forth provisions on assistance, support and protection of victims of trafficking in human beings.
- (28) The Fund should complement ~~and reinforce~~ the activities undertaken in the field of return by the European Border and Coast Guard Agency established by Regulation (EU) 2016/1624.../2019 of the European Parliament and of the Council¹³, therefore contributing to effective European Integrated Border Management, as defined in Article 4 of that Regulation.
- (29) Synergies, consistency and efficiency should be sought with other Union funds and overlap between actions should be avoided.
- (30) Measures in and in relation to third countries supported through the Fund should complement other actions outside the Union supported through the Union's external financing instruments. In particular, in implementing such actions, full coherence should be sought with the principles and general objectives of the Union's external action and foreign policy in respect of the country or region in question and the Union international commitments. In relation to the external dimension, the Fund should target support to enhance cooperation with third countries and to reinforce key aspects of migration management in areas of interest to the Union's migration policy.

¹² Directive 2011/36/EU of the European Parliament and of the Council of 5 April 2011 on preventing and combating trafficking in human beings and protecting its victims, and replacing Council Framework Decision 2002/629/JHA (OJ L 101, 15.4.2011, p. 1).

¹³ Regulation (EU) 2016/1624 of the European Parliament and of the Council of 14 September 2016 on the European Border and Coast Guard amending Regulation (EU) 2016/399 of the European Parliament and of the Council and repealing Regulation (EC) No 863/2007 of the European Parliament and of the Council, Council Regulation (EC) No 2007/2004 and Council Decision 2005/267/EC (OJ L 251, 16.9.2016, p. 1).

- (31) Funding from the Union budget should concentrate on activities where Union intervention can bring added value compared to action undertaken by Member States alone. Financial support provided under this Regulation should contribute, in particular, to strengthening national and Union capabilities in the areas of asylum and migration.
- (32) A Member State may be deemed not to be compliant with the relevant Union *acquis*, including as regards the use of operating support under this Fund, if it has failed to fulfil its obligations under the Treaties in the area of asylum and return, if there is a clear risk of a serious breach by the Member State of the Union's values when implementing the *acquis* on asylum and return or if an evaluation report under the Schengen *evaluation and monitoring mechanism* ~~or the European Union Agency for Asylum evaluation and monitoring mechanism~~ has identified deficiencies in the relevant area.
- (33) The Fund should reflect the need for increased flexibility and simplification while respecting requirements in terms of predictability, and ensuring a fair and transparent distribution of resources to meet the policy and specific objectives laid down in this Regulation.
- (34) This Regulation should establish the initial amounts to Member States consisting of a fixed amount and an amount calculated on the basis of criteria laid down in Annex I, which reflect the needs and pressure experienced by different Member States in the areas of asylum, integration and return. *In view of the special needs of those Member States who have experienced the highest number of asylum applications per capita in 2018 and 2019, it is appropriate to increase the fixed amounts for Cyprus, Malta and Greece.*

- (35) These initial amounts should form a basis for Member States' long-term investments. To take account of changes in migration flows and to address needs in the management of asylum and reception systems and integration of legally staying third-country nationals, and counter irregular migration through efficient and sustainable return policy, an additional amount should be allocated to the Member States at mid-term taking into account ***objective criteria*** ~~the absorption rates~~. This amount should be based on the latest available statistical data as set out in Annex I to reflect the changes in the baseline situation of Member States.
- (36) To contribute to the achievement of the policy objective of the Fund, Member States should ensure that their programmes include actions addressing the specific objectives of this Regulation, that the priorities chosen are in line with the implementation measures as set out in Annex II and that the allocation of resources between the objectives ensures that the overall policy objective can be met.
- (37) As challenges in the area of migration are constantly evolving, there is a need to adapt the allocation of funding to the changes in migration flows. To respond to pressing needs and changes in policy and Union priorities, and to steer funding towards actions with a high level of Union added value, part of the funding will be periodically allocated to specific actions, Union actions, emergency assistance, resettlement ***and humanitarian admission*** ~~and~~ to provide additional support for Member States contributing to solidarity and responsibility efforts via a thematic facility. ***The financial envelope allocated to the thematic facility will also serve to reinforce programmes.***

- (38) Member States should be encouraged to use part of their programme allocation to fund the actions listed in Annex IV by benefiting from a higher Union contribution.
- (39) Part of the available resources under the Fund could also be allocated to Member States' programmes for the implementation of specific actions in addition to the initial allocation. These specific actions should be identified at Union level and should concern actions which require cooperative effort or actions necessary to address developments in the Union which require additional funding to be made available to one or more Member States.
- (40) The Fund should contribute to supporting operating costs related to ***the specific objectives of the Fund*** ~~asylum and return~~ and enable Member States to maintain capabilities which are crucial for that service for the Union as a whole. Such support consists of full reimbursement of specific costs related to the objectives under the Fund and should form an integral part of the Member States' programmes.
- (41) To complement the implementation of the policy objective of this Fund at national level through Member States' programmes, the Fund should also provide support for actions at Union level. Such actions should serve overall strategic purposes within the scope of intervention of the Fund relating to policy analysis and innovation, transnational mutual learning and partnerships and the testing of new initiatives and actions across the Union.

- (42) In order to strengthen the Union's capacity to immediately address unforeseen or ~~disproportionate~~ heavy migratory pressure in one or more Member States characterised by a ~~large or~~ disproportionate inflow of third-country nationals, which places significant and urgent demands on their reception and detention facilities, asylum and migration management systems and procedures, heavy migratory pressures in third countries due to political developments or conflicts, it should be possible to provide emergency assistance in accordance with the framework set out in this Regulation.
- (43) This Regulation should ensure the continuation of the European Migration Network set up by Council Decision 2008/381/EC¹⁴ and should provide financial assistance in accordance with its objectives and tasks.
- (44) The policy objective of this Fund will be also addressed through financial instruments and budgetary guarantee under the policy windows of the InvestEU. Financial support should be used to address market failures or sub-optimal investment situations, in a proportionate manner and actions should not duplicate or crowd out private financing or distort competition in the Internal market. Actions should have a clear European added value.
- (44a) Blending operations have a voluntary nature and are operations supported by the Union budget combining repayable and/or non-repayable forms of support from the Union budget with repayable forms of support from promotional/ development or other public finance institutions, as well as from commercial finance institutions and investors.***

¹⁴ 2008/381/EC: Council Decision of 14 May 2008 establishing a European Migration Network (OJ L 131, 21.5.2008, p. 7).

- (45) This Regulation lays down a financial envelope for the entire ~~Asylum and Migration~~ Fund which is to constitute the prime reference amount, within the meaning of *[reference to be updated as appropriate according to the new inter-institutional agreement: point 17 of the Interinstitutional Agreement of 2 December 2013 between the European Parliament, the Council and the Commission on budgetary discipline, on cooperation in budgetary matters and on sound financial management¹⁵]*, for the European Parliament and the Council during the annual budgetary procedure.
- (46) Regulation (EU, **Euratom**) ~~2018/1046~~~~No .../...~~ ~~[Financial Regulation]~~ applies to this Fund. **The Financial Regulation** ~~It~~ lays down rules on the implementation of the Union budget, including the rules on grants, prizes, procurement, indirect **management** ~~implementation~~, financial assistance, financial instruments and budgetary guarantees.
- (47) For the purpose of implementation of actions under shared management, the Fund should form part of a coherent framework consisting of this Regulation, Financial Regulation and Regulation (EU) .../2021 [Common Provisions Regulation].
- (48) Regulation (EU) .../2021 [Common Provisions Regulation] establishes the framework for action for ERDF, ESF+, the Cohesion Fund, the European Maritime and Fisheries Fund (EMFF), the Asylum, ~~and Migration~~ **and Integration** Fund (AMIF), the Internal Security Fund (ISF) and the Border Management and Visa Instrument (BMVI) as a part of the Integrated Border Management Fund (IBMF), and lays down, in particular, the rules concerning programming, monitoring and evaluation, management and control for Union funds implemented under shared management. It is therefore necessary to specify the objectives of AMIF, and to lay down specific provisions concerning the type of activities that may be financed by AMIF.

¹⁵ OJ C 373, 20.12.2013, p. 1;

(48a) A pre-financing scheme for the Fund is set out in Article 84 of Regulation EU.../....[CPR] with a specific pre-financing rate set out in this Regulation. In addition, in order to ensure a prompt reaction to an emergency situation, it is appropriate to set up a specific pre-financing rate for emergency assistance. The pre-financing scheme should ensure that a Member State has the means to provide support to beneficiaries from the start of the implementation of the programme.

(49) The types of financing and the methods of implementation under this Regulation should be chosen on the basis of their ability to achieve the specific objectives of the actions and to deliver results, taking into account, in particular, the costs of controls, the administrative burden, and the expected risk of non-compliance. This should include consideration of the use of lump sums, flat rates and unit costs, as well as financing not linked to costs as referred to in Article 125(1) of the Financial Regulation.

- (51) Horizontal financial rules adopted by the European Parliament and the Council on the basis of Article 322 of the Treaty on the Functioning of the European Union apply to this Regulation. These rules are laid down in the Financial Regulation and determine in particular the procedure for establishing and implementing the budget through grants, procurement, prizes, indirect implementation, and provide for checks on the responsibility of financial actors. Rules adopted on the basis of Article 322 of the TFEU also concern **other conditionalities to protect the budget**²³. ~~the protection of the Union's budget in case of generalised deficiencies as regards the rule of law in the Member States, as the respect for the rule of law is an essential precondition for sound financial management and effective EU funding.~~
- (52) Pursuant to Article 94 of Council Decision 2013/755/EU²⁴, persons and entities established in overseas countries and territories (OCTs) are eligible for funding subject to the rules and objectives of the Fund and possible arrangements applicable to the Member State to which the relevant overseas country or territory is linked.

²⁴ Council Decision 2013/755/EU of 25 November 2013 on the association of the overseas countries and territories with the European Union (Overseas Association Decision) (OJ L 344, 19.12.2013, p. 1).

- (53) Pursuant to Article 349 of the TFEU and in line with the Commission Communication 'A stronger and renewed strategic partnership with the EU's outermost regions'²⁵, endorsed by the Council in its conclusion of 12 April 2018, relevant Member States should ensure that their national strategies and programmes address the specific challenges the outermost regions face in managing migration. The Fund supports these Member States with adequate resources to help these regions manage migration sustainably and handle possible situations of pressure.
- (54) Pursuant to paragraph 22 and 23 of the Inter-institutional agreement for Better Law-Making of 13 April 2016, ~~there is a need to evaluate~~ this Fund **should be evaluated** on the basis of information collected **in accordance with** ~~through~~ specific monitoring requirements, while avoiding ~~overregulation and~~ **an** administrative burden, in particular on Member States **and overregulation**. **Those** ~~These~~ requirements, where appropriate, **should** ~~can~~ include measurable indicators as a basis for evaluating the effects of the Fund on the ground. In order to measure the achievements of the Fund, common indicators and related targets should be established in relation to each specific objective of the Fund. Through these common indicators and financial reporting, the Commission and the Member States should monitor the implementation of the Fund, in accordance with the relevant provisions of Regulation (EU) .../2021 of the European Parliament and of the Council [Common Provisions Regulation] and this Regulation.

²⁵ COM(2017)623 final.

(54a) For the purpose of the implementation of the programmes with a view to achieving the objectives of the Fund, it is necessary to process certain personal data of participants in operations supported by the Fund. The personal data should be processed for the common indicators, for monitoring, evaluation, control and audit and, where applicable, for determining the eligibility of participants. The processing of personal data should be done in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council.²⁶

(55) Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the United Nations Sustainable Development Goals, this Fund will contribute to mainstream climate actions and to the achievement of an overall target of **30 25** % of the EU budget expenditures supporting climate objectives. Relevant actions will be identified during the Fund's preparation and implementation, and reassessed in the context of the relevant evaluations and review processes.

(55a) Regulation (EU) No 514/2014 or any act applicable to the 2014–2020 programming period should continue to apply to programmes and projects supported by the Fund under the 2014–2020 programming period. Since the implementation period of Regulation (EU) No 514/2014 extends over to the programming period covered by this Regulation and in order to ensure continuity of implementation of certain projects approved by that Regulation, phasing provisions should be established. Each individual phase of the phased project should be implemented in accordance with the rules of the programming period under which it receives funding.

²⁶ *Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (OJ L 119, 4.5.2016, p. 1).*

- (56) In order to supplement and amend certain non-essential elements of this Regulation, the power to adopt acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission in respect of the list of actions eligible for higher co-financing as listed in Annex IV, operating support and in order to develop further the common monitoring and evaluation framework. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level, and that these consultations be conducted in accordance with the principles laid down in the Interinstitutional Agreement on Better Law Making of 13 April 2016.
- (57) In order to ensure uniform conditions for the implementation of this Regulation, implementing powers should be conferred on the Commission. These powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council²⁷. The examination procedure should be used for implementing acts that lay down common obligations on Member States, in particular on the provision of information to the Commission, ~~and the advisory procedure should be used for the adoption of implementing acts relating to the arrangements for providing information to the Commission in the framework of programming and reporting, given their purely technical nature.~~

²⁷ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

(58) Since the objective of this Regulation, namely to contribute to an effective management of migration flows in the Union, in accordance with the common policy on asylum and international protection and the common immigration policy, cannot be sufficiently achieved by the Member States acting alone and can be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.

58a. In view of the fact that certain aspects of this Regulation relate to the current Common European Asylum System it is appropriate to provide for a review mechanism to ensure consistency with any future revision of that system. Consequently, in the event that the Common European Asylum System is revised in a manner that could have an impact on the functioning of this Regulation, the Commission should present an appropriate proposal to amend this Regulation to the extent necessary.

(59) In accordance with Articles **1 and 2** ~~3~~ of the Protocol **No 21** on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, and without prejudice to Article 4 of that Protocol Ireland is not taking part in the adoption of this Regulation and is not bound by it or subject to its application ~~/has notified its wish to take part in the adoption and application of this Regulation.~~

~~**(59a) In accordance with Articles 1 and 2 of Protocol No 21 on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, and without prejudice to Article 4 of that Protocol, the United Kingdom is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.**~~

(60) In accordance with Articles 1 and 2 of the Protocol on the position of Denmark annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.

(61) It is appropriate to align the period of application of this Regulation with that of Council Regulation (EU, Euratom) .../2021 [Multiannual Financial Framework Regulation],
