Proposal for a

COUNCIL DECISION

on the position to be taken on behalf of the European Union in the Stabilisation and Association Council established by the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part, establishing the general requirements on proofs of origin issued electronically according to Article 17(4) of Appendix A to Protocol 2 to that Agreement

EXPLANATORY MEMORANDUM

1. SUBJECT MATTER OF THE PROPOSAL

This proposal concerns the decision establishing the position to be taken on the Union's behalf in the Stabilisation and Association Council of the EU - Bosnia and Herzegovina Stabilisation and Association Agreement in connection with the envisaged adoption of a Decision establishing the general requirements on proofs of origin issued electronically.

2. CONTEXT OF THE PROPOSAL

2.1. The Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part

The Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part¹ (the Agreement) aims to support the efforts of Bosnia and Herzegovina to complete the transition into a functioning market economy. The Agreement entered into force on 1 June 2015.

2.2. The Stabilisation and Association Council

The Stabilisation and Association Council established according to the provisions of article 115 of the Agreement may make recommendations and take decisions. The Stabilisation and Association Council draws up its decisions and recommendations by agreement between the two Parties.

2.3. The envisaged act of the Stabilisation and Association Council

In its next meeting or by exchange of letters, the Stabilisation and Association Council is to adopt a Decision establishing the general requirements on proofs of origin issued electronically (the envisaged act).

3. POSITION TO BE TAKEN ON THE UNION'S BEHALF

During the first technical meeting on Transitional rules of origin held in Brussels on 5 February 2020, the majority of the Contracting Parties to the Regional Convention on pan-Euro-Mediterranean preferential rules of origin (the Convention)² agreed to implement the revised rules of the Convention³ (the Transitional rules of origin) in parallel with the rules of the Convention, on a transitional bilateral basis, pending the adoption of the revised rules of the Convention.

Since 1 September 2021, a network of bilateral protocols on rules of origin among Contracting Parties to the Convention entered into force rendering the Transitional rules applicable including between the EU and Bosnia and Herzegovina.

The objective of the Transitional rules of origin is to introduce more relaxed rules in order to facilitate the qualification of the preferential originating status for goods and create the possibility to use proofs of origin issued electronically and/or submitted electronically.

¹ OJ L 164 30.6.2015, p. 2

² OJ L 54, 26.2.2013, p. 4.

³ OJ L 339, 30.12.2019, p. 1.

The EU and Bosnia and Herzegovina agreed to apply the provisions of Article 17(4) of Appendix A to Protocol 2 to the Agreement, as regards proofs of origin issued electronically, therefore a framework of general requirements has to be determined.

During the Joint Committee of the Convention meeting on 7 December 2023, the Contracting Parties adopted by unanimity the Joint Committee Recommendation on the use of electronic certificates under the framework of the current Convention. The Recommendation establishes a list of conditions under which, once fulfilled, a proof of origin in the form of a movement certificate EUR.1 can be accepted by the importing party.

These conditions are identical to the ones establishing the general requirements on proofs of origin issued electronically within this proposal.

In order to ensure uniform application of provisions concerning proofs of origin in the form of movement certificates issued electronically in the European Union, the Commission envisages to establish an electronic system for the submission of applications for movement certificates issued electronically, the issuance of those certificates as well as for the storage of information and the exchange of information between the customs authorities of the Member States and with Contracting Parties to the Convention. The electronic Proof of origin Certificates system (the EU e-PoC system) should be established in accordance with Regulation (EU) No 952/2013 of the European Parliament and of the Council and its implementing provisions.

The position to be taken by the EU within the Stabilisation and Association Council should be established by the Council.

The proposed framework is technical in nature and relates to the currently applicable Transitional rules of origin between the Parties and does not affect the substance of the protocol on rules of origin. Therefore, it does not require an impact assessment.

4. LEGAL BASIS

4.1. Procedural legal basis

4.1.1. Principles

Article 218(9) of the Treaty on the Functioning of the European Union (TFEU) provides for decisions establishing ‘*the positions to be adopted on the Union’s behalf in a body set up by an agreement, when that body is called upon to adopt acts having legal effects, with the exception of acts supplementing or amending the institutional framework of the agreement.*’

The concept of ‘*acts having legal effects*’ includes acts that have legal effects by virtue of the rules of international law governing the body in question. It also includes instruments that do not have a binding effect under international law, but that are ‘*capable of decisively influencing the content of the legislation adopted by the EU legislature*’⁴.

4.1.2. Application to the present case

The Stabilisation and Association Council is a body set up by an agreement, namely the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part.

The act which the Stabilisation and Association Council is called upon to adopt constitutes an act having legal effects.

⁴ Judgment of the Court of Justice of 7 October 2014, Germany v Council, C-399/12, ECLI:EU:C:2014:2258, paragraphs 61 to 64.

The envisaged act does not supplement or amend the institutional framework of the Agreement.

Therefore, the procedural legal basis for the proposed decision is Article 218(9) TFEU.

4.2. Substantive legal basis

4.2.1. Principles

The substantive legal basis for a decision under Article 218(9) TFEU depends primarily on the objective and content of the envisaged act in respect of which a position is taken on the Union's behalf. If the envisaged act pursues two aims or has two components and if one of those aims or components is identifiable as the main one, whereas the other is merely incidental, the decision under Article 218(9) TFEU must be founded on a single substantive legal basis, namely that required by the main or predominant aim or component.

4.2.2. Application to the present case

The main objective and content of the envisaged act relate to the common commercial policy. Therefore, the substantive legal basis of the proposed decision is the first subparagraph of Article 207(4) TFEU.

4.3. Conclusion

The legal basis of the proposed decision should be first subparagraph of Article 207(4), in conjunction with Article 218(9) TFEU.

5. BUDGETARY IMPLICATION

The general requirements on proofs of origin issued electronically have no measurable impact on the EU budget since their scope mainly concerns trade facilitation and consolidation of modern practices of customs authorities. They provide for simplification in the areas which remain under competence of the authorities without impacting the substance of the rules from which goods acquire preferential originating status. The use of proofs of origin issued electronically improve the effectiveness of customs controls and reduces the risk of fraud by introducing a secure environment of issuance and verification.

6. PUBLICATION OF THE ENVISAGED ACT

As the act of the Stabilisation and Association Council will supplement Protocol 2 to the Agreement between the European Communities, of the one part, and Bosnia and Herzegovina, of the other part, it is appropriate to publish it in the *Official Journal of the European Union* after its adoption.

Proposal for a

COUNCIL DECISION

on the position to be taken on behalf of the European Union in the Stabilisation and Association Council established by the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part, establishing the general requirements on proofs of origin issued electronically according to Article 17(4) of Appendix A to Protocol 2 to that Agreement

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 207(4), first subparagraph in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) The Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part (the Agreement) was concluded by the Union by Council and Commission Decision (EU, Euratom) 2015/998¹ and entered into force on 1 June 2015.
- (2) Pursuant to Article 117 of the Agreement, the Stabilisation and Association Council, established according to the provisions of article 115 of the Agreement, may adopt decisions.
- (3) The Stabilisation and Association Council, during its next meeting, is to adopt a decision establishing the general requirements on proofs of origin issued electronically.
- (4) It is appropriate to establish the position to be taken on the Union's behalf in the Stabilisation and Association Council as the Decision of the Stabilisation and Association Council will be binding on the Union.
- (5) During the first technical meeting on Transitional rules of origin held in Brussels on 5 February 2020, the majority of the Contracting Parties to the Regional Convention on pan-Euro-Mediterranean preferential rules of origin (the Convention)² agreed to implement the revised rules of the Convention³ (the Transitional rules of origin) in parallel with the rules of the Convention, on a transitional bilateral basis, pending the adoption of the revised rules of the Convention.

¹ Council and Commission Decision of 21 April 2015 on the conclusion of the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Bosnia and Herzegovina, of the other part (OJ L 164 30.6.2015, p. 548).

² OJ L 54, 26.2.2013, p. 4.

³ OJ L 339, 30.12.2019, p. 1.

- (6) The application of the Transitional rules of origin ensures the adaptation of the trade flows and customs practices pending the entry into force on 1 January 2025 of the revised rules of the Convention, on which the Transitional rules of origin are based.
- (7) Since 1 September 2021, a network of bilateral protocols on rules of origin among several Contracting Parties to the Convention⁴ is in force rendering the Transitional rules of origin applicable⁵ pending the entry into force of the amendment of the Convention.
- (8) The two main objectives of the Transitional rules of origin⁶ are to introduce more relaxed rules to facilitate the qualification of the preferential originating status for goods; and to create the possibility to use proofs of origin issued electronically or submitted electronically.
- (9) The Union and Bosnia and Herzegovina agreed to apply the provisions of Article 17(4) of Appendix A to Protocol 2 to the Agreement, as regards proofs of origin issued electronically. Therefore, a framework of general requirements should be determined.

HAS ADOPTED THIS DECISION:

Article 1

The position to be taken on the Union's behalf in the Stabilisation and Association Council shall be based on the draft act of the Stabilisation and Association Council attached to this Decision.

Article 2

This Decision is addressed to the Commission.
