ANNEX III¹

Horizontal enabling conditions – Article 11(1)

Applicable to all specific objectives	
Name of enabling conditions	Fulfilment criteria
Effective monitoring mechanisms of the public procurement market	<p>Monitoring mechanisms are in place that cover all <u>public contracts and their procurement procedures under national the Funds in line with EU</u> procurement legislation <u>which. This requirement</u> includes:</p> <ol style="list-style-type: none"> 1. Arrangements to ensure compilation of effective, <u>and</u> reliable and exhaustive data and indicators within a single IT system or a network of interoperable systems, with a view to implementing the "once-only principle" and facilitating <u>on public procurement procedures above the EU thresholds in accordance with</u> reporting obligations under Article 83(3) of Directive 2014/24/EU, in accordance with the e-procurement requirements, as well as under Article <u>and</u> 84 of Directive 2014/24/EU. The data and indicators <u>article 99 and 100 of Directive 2014/25/EU.</u>

¹ **Council position**: The content of this annex is without prejudice to possible additional conditionalities to be debated at political level, including on the European Pillar of Social Rights.

	<p>2. <u>Arrangements to ensure the data</u> cover at least the following elements:</p> <p>a. Quality and intensity of competition: names of winning as well as initial bidders, number of initial bidders, number of selected bidders, <u>and</u> contractual price against initial budgetary allocation and, whenever possible through contract registers, <u>value</u>;</p> <p>b. <u>Information on</u> final price after completion;</p> <p>b. Participation <u>and on participation</u> of SMEs as direct bidders;</p> <p>c. Appeals launched against the decisions of the contracting authorities, including at least their number, the time needed to render a decision in the first instance, and number of decisions referred to the second instance;</p> <p>d. A list of all contracts awarded pursuant to rules on exclusions from the public procurement rules, with an indication of the specific provision used.</p> <p>2. Arrangements to ensure sufficient capacity for monitoring and analysis of the data by the dedicated competent national authorities.</p> <p>3. Arrangements to make the data and indicators as well as the result of the analysis available to the public through user friendly open data.</p> <p>4. Arrangements to ensure that all, <u>where national systems provide such</u> information pointing to suspected bid-rigging situations is systematically communicated to the competent national competition bodies.;</p>
--	--

Provisional common understanding

Monitoring mechanisms are in place that cover all **public contracts and their procurement procedures under national** **the Funds in line with EU** procurement legislation which. **This requirement** includes:

1. Arrangements to ensure compilation of effective; **and** reliable ~~and exhaustive data and indicators within a single IT system or a network of interoperable systems, with a view to implementing the "once-only principle" and facilitating~~ **on public procurement procedures above the EU thresholds in accordance with** reporting obligations under Article 83(3) of Directive 2014/24/EU, in accordance with the e-procurement requirements, as well as under Article ~~and~~ 84 of Directive 2014/24/EU. ~~The data and indicators~~ **article 99 and 100 of Directive 2014/25/EU.**

2. Arrangements to ensure the data cover at least the following elements:

a. Quality and intensity of competition: names of winning ~~as well as initial~~ bidders, number of initial bidders, ~~number of selected bidders,~~ **and** contractual price ~~against initial~~ budgetary allocation and, whenever possible through contract registers, **value**;

b. Information on final price after completion;

~~b. Participation~~ **and on participation** of SMEs as direct bidders; **, where national systems provide such information.**

c. Appeals launched against the decisions of the contracting authorities, including at least their number, the time needed to render a decision in the first instance, and number of decisions referred to the second instance;

d. A list of all contracts awarded pursuant to rules on exclusions from the public procurement rules, with an indication of the specific provision used.

3. Arrangements to ensure ~~sufficient capacity~~ for monitoring and analysis of the data by the ~~dedicated~~ competent national authorities **in accordance with article 83 (2) of directive 2014/24/EU and article 99 (2) of directive 2014/25/EU.**

4. Arrangements to make ~~the data and indicators as well as the results of the analysis~~ available to the public through ~~user friendly open data~~ **in accordance with article 83 (3) of directive 2014/24/EU and article 99 (3) directive 2014/25/EU.**

5. Arrangements to ensure that all information pointing to suspected bid-rigging situations is ~~systematically~~ communicated to the competent national ~~competition~~ bodies **in accordance with article 83 (2) of directive 2014/24/EU and article 99 (2) of directive 2014/25/EU.**

Tools and capacity for effective application of State aid rules	<p>Managing authorities have the tools and capacity to verify compliance with State aid rules through:</p> <ol style="list-style-type: none"> 1. Easy and comprehensive access to permanently updated information on <u>For</u> undertakings in difficulty and undertakings <u>under</u> a recovery requirement. 2. <u>Through</u> Aaccess to expert advice and guidance on State aid matters, provided by <u>State aid experts of</u> local or national expert centre, under the coordination of national State aid authorities, with working arrangements to ensure that the expertise is effectively consulted with stakeholders <u>bodies</u>. <div data-bbox="635 808 1415 1487" style="border: 1px solid black; padding: 10px; margin-top: 20px;"> <p><i>Provisional common understanding</i></p> <p>Managing authorities have the tools and capacity to verify compliance with State aid rules through:</p> <ol style="list-style-type: none"> 3. <p><u>EP amendment 379</u></p> <p>Implementation of the principles and rights of the European Pillar of Social Rights that contribute to real convergence and cohesion in the European Union.</p>	<p>Arrangements at national level to ensure the proper implementation of the principles of the European Pillar of Social Rights that contribute to upward social convergence and cohesion in the EU, especially the principles preventing unfair competition within the internal market.</p> <div data-bbox="608 555 1401 891" style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p><i>The Council position: no decision on additional conditions can be made at the moment.</i></p> <p><i>EP ready to rework the title of the condition as well as the fulfilment criteria (especially for arrangements), including the deletion of "especially the principles preventing unfair competition within the internal market".</i></p> </div>
<p><u>EP amendment 380</u></p> <p>Effective application of the partnership principle</p>	<p>A framework is in place for all partners to play a fully-fledged role in the preparation, implementation, monitoring and evaluation of programmes, which includes</p> <ol style="list-style-type: none"> 1. Arrangements to ensure transparent procedures for the involvement of partners 2. Arrangement for dissemination and disclosure of information relevant for partners to prepare and follow-up meetings 3. Support for empowering partners and capacity building <div data-bbox="619 1458 1406 1603" style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p><i>The Council position: no decision on additional conditions can be made at the moment.</i></p> <p><i>Links with Article 6 (CPR, Block 1)</i></p> </div>

ANNEX IV

Thematic enabling conditions applicable to ERDF, ESF+ and the Cohesion Fund – Article 11(1)

On the approach to the negotiations on Annex IV, convergence of views between EP and CONS:

Discussions on the name and fulfilment criteria for the enabling conditions (CPR, Annex IV, 3rd and 4th columns below) will be based on the current wording of the specific objectives (COM proposal) with the possibility for future adjustments depending on the outcome of the ERDF-CF and ESF+ negotiations.

Policy objective	Specific objective	Name of enabling condition	Fulfilment criteria for the enabling condition
1. A smarter Europe by promoting innovative and smart economic transformation	ERDF: All specific objectives under this policy objectives	1. Good governance of national or regional smart specialisation strategy	Smart specialisation strategy(ies) shall be supported by: 1. Up-to-date <u>Analysis of challenges including</u> bottlenecks for innovation diffusion, including digitalisation 2. Existence of competent regional / national institution or body, responsible for the management of the smart specialisation strategy 3. Monitoring and evaluation tools to measure performance towards the objectives of the strategy 4. Effective <u>Functioning of stakeholder co-operation ("entrepreneurial discovery process")</u> 5. Actions necessary to improve national or regional research and innovation systems, <u>where relevant</u>

<p><i>Common provisional understanding (February - March 2019), CPR, Art. 4:</i></p> <p>a more competitive and smarter Europe by promoting innovative and smart economic transformation;</p>			<p>6. <u>Where relevant</u>, Aactions to managesupport industrial transition</p> <p>7. Measures for international collaboration <u>internationalisation</u></p> <div data-bbox="1133 323 2022 1284" style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p><i>Provisional common understanding</i></p> <ol style="list-style-type: none"> 1. Up-to-date analysis of challenges bottlenecks for innovation diffusion and , including digitalisation 2. Existence of competent regional / national institution or body, responsible for the management of the smart specialisation strategy 3. Monitoring and evaluation tools to measure performance towards the objectives of the strategy 4. Effective fFunctioning of stakeholder co-operation ("entrepreneurial discovery process") 5. Actions necessary to improve national or regional research and innovation systems, where relevant 6. <u>Where relevant</u>, Aactions to managesupport industrial transition. 7. Measures for enhancing cooperation with partners outside a given Member State in priority areas supported by the smart specialisation strategy international collaboration. <p><i>Comment: Need to ensure consistency with the final wording of Art.67(3)(b) (line V-57) CPR and this enabling condition.</i></p> </div>
