'I' ITEM NOTE

From:	General Secretariat of the Council
To:	Permanent Representatives Committee
No. Cion doc.:	ST 9254/18 + COR 1 + ADD 1
Subject:	Proposal for a Regulation of the European Parliament and of the Council on the apportionment of tariff rate quotas included in the WTO schedule of the Union following the withdrawal of the United Kingdom from the Union and amending Council Regulation (EC) No 32/2000 - Confirmation of the final compromise text with a view to agreement

1. On 22 May 2018, the Commission submitted to the Council and the European Parliament a Proposal for a Regulation of the European Parliament and of the Council on the apportionment of tariff rate quotas included in the WTO schedule of the Union following the withdrawal of the United Kingdom from the Union and amending Council Regulation (EC) No 32/2000.
2. At its meeting on 31 October 2018, the Permanent Representatives Committee confirmed the mandate to start negotiations with the European Parliament on the amended text of the proposal for a Regulation as laid down in doc. ST 13505/18.
3. In the European Parliament, this proposal was referred to the Committee on International Trade (INTA). Ms Godelieve QUISTHOUDT-ROWOHL (EPP – DE) was appointed rapporteur. The INTA Committee voted their draft report on 5 November 2018.

4. At the trilogue on 4 December 2018, a provisional agreement on a compromise text was reached between the co-legislators.
5. The Commission has provided two statements to be included in the minutes of Coreper and Council at the time of the adoption.
6. **Against this background, the Permanent Representatives Committee is invited to:**
 - **approve the text of the proposal for a Regulation as set out in Annex to this Note with a view to reaching an agreement at first reading with the European Parliament; and**
 - **give to the Chairman of the Permanent Representatives Committee the mandate to inform the Chair of the European Parliament's INTA Committee that, should the European Parliament adopt the text of the proposal in the exact form as set out in Annex to this Note , the Council would adopt the proposed Regulation thus amended, subject to legal-linguistic revision by both Institutions.**

**Proposal for a Regulation of the European Parliament and of the Council on the
Apportionment of Tariff Rate Quotas Included in the WTO Schedule of the Union Following
the Withdrawal of the United Kingdom from the Union and Amending Council Regulation
(EC) No 32/2000**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE UNION,

Having regard to the Treaty on the Functioning of the Union, and in particular Article 207(2) thereof,

Having regard to the proposal from the European Commission,
After transmission of the draft legislative act to the national parliaments,
Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union. The Treaties will cease to apply to the United Kingdom from the date of entry into force of a withdrawal agreement or failing that, two years after that notification, i.e. from 30 March 2019, unless the European Council, in agreement with the United Kingdom, unanimously decides to extend that period.

- (1a) The withdrawal agreement as agreed between the negotiators contains arrangements for the application of provisions of Union law to and in the United Kingdom beyond the date the Treaties cease to apply to and in the United Kingdom. If that agreement enters into force, Council Regulation (EC) No 32/2000¹ will apply to and in the United Kingdom during the transition period in accordance with that agreement and will cease to apply at the end of that period.
- (2) The United Kingdom's withdrawal from the Union will have effects on the relations of the United Kingdom and the Union with third parties, in particular in the context of the World Trade Organization (WTO) of which both are original members. As that process will be ongoing at the same time as the negotiations on the multiannual financial framework (MFF), and taking into account the share dedicated to the agricultural sector in the MFF, that sector could be exposed to a great extent.
- (3) By a letter of 11 October 2017 the Union and the United Kingdom informed other WTO Members that it was their intention that, upon leaving the Union, the United Kingdom would replicate to the extent possible its current obligations as a Member State of the Union in its new, separate, schedule of concessions and commitments on trade in goods. However, as in relation to quantitative commitments replication is not an appropriate method, the Union and the United Kingdom informed other WTO Members of their intention to ensure that other WTO Members' current market access levels would be maintained by apportioning the Union's tariff rate quotas between them.

¹ Council Regulation (EC) No 32/2000 of 17 December 1999 opening and providing for the administration of Community tariff quotas bound in GATT and certain other Community tariff quotas and establishing detailed rules for adjusting the quotas, and repealing Council Regulation (EC) No 1808/95 (OJ L 5, 8.1.2000, p. 1).

- (4) In line with the WTO rules, such an apportionment of tariff rate quotas that are part of the Union's schedule of concessions and commitments will have to occur according to Article XXVIII of the General Agreement on Tariffs and trade 1994 ('GATT 1994'). The Union will, therefore, following completion of preliminary contacts, engage in negotiations with WTO Members having a principal or substantial supplying interest of holding an initial negotiating right in relation to each of these tariff rate quotas. Those negotiations should remain limited in scope and should in no way extend to a renegotiation of the general terms or degree of access of products to the Union market.
- (5) However, given the time limits imposed on this process by the negotiations on the United Kingdom's withdrawal from the Union, it is possible that agreements may not be concluded with all WTO Members concerned in relation to all of the tariff rate quotas before Regulation (EC) No 32/2000 ceases to apply to the United Kingdom. In view of the need to ensure legal certainty and the continuous smooth operation of imports under the tariff rate quotas to the Union and the United Kingdom it is necessary for the Union to be able to proceed unilaterally to the apportionment of the tariff rate quotas. The methodology used should be in line with the requirements of Article XXVIII of the GATT 1994.
- (6) The following methodology should therefore be used: in a first step the United Kingdom's usage share for each individual tariff rate quota should be established. The usage share, expressed as a percentage, is the United Kingdom's share of total Union imports under the tariff rate quota over a recent representative three year period. This usage share should then be applied to the entire scheduled tariff rate quota volume, taking into account any under fill, to arrive at the United Kingdom's share of a given tariff rate quota. The Union's share would then consist of the remainder of the tariff rate quota in question. This means the total volume of a given tariff rate quota is not changed (that is to say EU-27 volume = current EU-28 volume – United Kingdom volume). The underlying data should be extracted from the relevant Commission databases.

- (6a) The methodology for the usage share for each individual tariff rate quota has been established and agreed by the Union and the United Kingdom, in line with the requirements of Article XXVIII of the GATT 1994, and therefore, that methodology should be wholly maintained to ensure its consistent application.
- (7) In those cases where no trade is observed for a specific tariff rate quota over the reference period, two alternative approaches should be pursued to establish the United Kingdom's usage share. In those cases where there is another tariff rate quota with the identical product definition, the usage share of that identical tariff rate quota should be applied to the tariff rate quota without observed trade over the reference period. In those cases where there is no tariff rate quota with an identical product definition the formula to calculate the usage share should be applied to Union imports in the corresponding tariff lines outside of the tariff rate quota.

- (8) For the agricultural tariff rate quotas concerned, Articles 184-188 of Regulation (EU) No 1308/2013² provide the necessary legal basis for administration of the tariff rate quotas once apportioned by the present Regulation; the tariff rate quota quantities concerned are set out in Part A of the Annex to the present Regulation. That administration should therefore be carried out by having due regard to the objectives of the Common Agricultural Policy, as laid down in the Treaty, and the multi-functionality of agricultural activities. For the tariff rate quotas covering most fisheries, industrial and certain processed agricultural products, administration is carried out pursuant to Regulation (EC) No 32/2000³. The tariff rate quota quantities concerned are set out in Annex I to that Regulation, which should therefore be replaced by the quantities set out in Part B of the Annex to the present Regulation. Four fisheries tariff rate quotas are not administered under Regulation (EC) No 32/2000 but under Commission Regulation (EU) No 847/2006,⁴ which implements Council Decision 2006/324/EC.⁵ The tariff rate quota quantities concerned are set out in Part C of the Annex to the present Regulation.

² Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 (OJ L 347, 20.12.2013, p. 671).

³ Council Regulation (EC) No 32/2000 of 17 December 1999 opening and providing for the administration of Community tariff quotas bound in GATT and certain other Community tariff quotas and establishing detailed rules for adjusting the quotas, and repealing Council Regulation (EC) No 1808/95 (OJ L 5, 8.1.2000, p. 1).

⁴ Commission Regulation (EC) No 847/2006 of 8 June 2006 opening and providing for the administration of Community tariff quotas for certain prepared or preserved fish (OJ L 156, 9.6.2006, p. 8).

⁵ Council Decision 2006/324/EC of 27 February 2006 on the conclusion of an Agreement in the form of an Exchange of Letters between the European Community and the Kingdom of Thailand pursuant to Articles XXIV:6 and XXVIII of the General Agreement on Tariffs and Trade (GATT) 1994 relating to the modification of concessions in the schedules of the Czech Republic, the Republic of Estonia, the Republic of Cyprus, the Republic of Latvia, the Republic of Lithuania, the Republic of Hungary, the Republic of Malta, the Republic of Poland, the Republic of Slovenia and the Slovak Republic in the course of their accession to the European Union (OJ L 120, 5.5.2006, p. 17).

Implementing powers should be conferred to the Commission to adapt the provisions of Regulation (EU) No 847/2006 in respect of these four fisheries tariff rate quotas in line with the apportioned quantities established by this Regulation. Those implementing powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by the Member States of the Commission's exercise of implementing powers.⁶

- (9) Taking into account that negotiations with affected WTO Members will be taking place simultaneously with the ordinary legislative procedure for the adoption of this Regulation the power to adopt acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission to amend the Annex to this Regulation with respect to the quantities of the apportioned tariff rate quotas listed therein, in order to take account of any agreements concluded or of pertinent information that it may receive in the context of these negotiations which would indicate that specific factors that were not previously known require an adjustment to the apportionment of the tariff quotas between the Union and the United Kingdom, while ensuring consistency with the common methodology agreed jointly with the United Kingdom. The same possibility should also be provided where such information becomes available outside such negotiations from other sources with an interest in a specific tariff rate quota. Regulation (EC) No 32/2000 should also be amended in order to delegate to the Commission the power to adopt acts in accordance with Article 290 of the Treaty on the Functioning of the European Union to amend Annex I to that Regulation, to the same ends.

⁶ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (10) In accordance with Article 4(3) of Regulation 1182/71 (EEC, Euratom)⁷, cessation of application of acts fixed at a given date shall occur on the expiry of the last hour of the day falling on that date. This Regulation should therefore apply from the day following that on which Regulation (EC) No 32/2000 ceases to apply to the United Kingdom given that from that day both the Union and the United Kingdom need to know what their WTO obligations are. However, the provisions of this Regulation setting out delegations of power and the conferral of implementing powers should apply from the date of entry into force of this Regulation.
- (11) Taking into account the procedural requirements of the ordinary legislative procedure and the need to subsequently adopt implementing acts for the application of this regulation on the one hand, and the necessity to have the apportioned tariff rate quotas in place and ready to be applied at the moment that the United Kingdom ceases to be covered by the EU's schedule of commitments, which could be as early as 30 March 2019, on the other hand, it is essential for this Regulation to enter into force as soon as possible.

⁷ Regulation 1182/71 (EEC, Euratom) No 1182/71 of the Council of 3 June 1971 determining the rules applicable to periods, dates and time limits (OJ L 124, 8.6.1971, p. 1).

HAVE ADOPTED THIS REGULATION:

Article 1

1. The tariff rate quotas included in the Union's schedule of concessions and commitments annexed to the General Agreement on Tariffs and Trade 1994 shall be apportioned between the Union and the United Kingdom of Great Britain and Northern Ireland ("the United Kingdom") in line with the following methodology:
 - (a) The Union's usage share of imports in percentages, for each individual tariff rate quota is established, over a recent representative three-year period;
 - (b) The Union's usage share of imports, in percentages, is applied to the entire scheduled tariff rate quota volume to arrive at its share in volume of a given tariff rate quota;
 - (c) For individual tariff rate quotas for which no trade can be observed during the representative period as laid down in point (a) the Union's portion is instead established by following the procedure laid down in point (b) on the basis of the Union's usage share of imports, in percentages, of another tariff rate quota with the exact same product definition, or in the corresponding tariff lines outside of the tariff rate quota.
2. The Union's portion of the tariff rate quotas referred to in paragraph 1 resulting from the application of the methodology referred to in the same paragraph shall be as follows:
 - (a) as regards tariff rate quotas for agricultural products, the Union's portion shall be as set out in Part A of the Annex to this Regulation;
 - (b) as regards tariff rate quotas for fisheries, industrial and certain processed agricultural products, the Union's portion shall be as set out in Part B and Part C of the Annex to this Regulation.

Article 3

The Commission is empowered to adopt delegated acts in accordance with Article 4 to amend Part A and Part C of the Annex to this Regulation in order to take account of the following, while ensuring consistency with the common methodology agreed jointly with the United Kingdom and in particular ensuring that the market access into the Union as composed after the withdrawal of the United Kingdom does not exceed that which is reflected in the share of trade flows during a representative period:

- (a) any international agreement concluded by the Union under Article XXVIII of the General Agreement on Tariffs and Trade 1994 concerning the tariff rate quotas referred in those Parts of the Annexes; and
- b) pertinent information that it may receive either in the context of negotiations under Article XXVIII of the General Agreement on Tariffs and Trade 1994 or from other sources with an interest in a specific tariff rate quota.

Article 3a

Regulation (EC) 32/2000 is amended as follows:

1. The following Articles 10a and 10b are added:

“Article 10a

For the purpose of apportioning tariff rate quotas included in the EUs schedule of concessions following the withdrawal of the UK from the Union, The Commission is empowered to adopt delegated acts in accordance with Article 10b to amend Annex I to this Regulation in order to take account of the following, while ensuring consistency with the methodology referred to in Article 1(1) of Regulation (EU) No xxx/xxxx, and, in particular, ensuring that the market access into the Union as composed after the withdrawal of the United Kingdom does not exceed that which is reflected in the share of trade flows during a representative period:

- a) any international agreement concluded by the Union under Article XXVIII of the General Agreement on Tariffs and Trade 1994, concerning the tariff rate quotas referred in Annex I; and
- b) pertinent information that it may receive either in the context of negotiations under Article XXVIII of the General Agreement on Tariffs and Trade 1994, or from other sources with an interest in a specific tariff rate quota.

Article 10b

Delegated powers

1. The power to adopt delegated acts is conferred on the Commission subject to the conditions laid down in this Article.
2. The power to adopt delegated acts referred to in Article 10a shall be conferred on the Commission for a period of [five] years from the date of entry into force of Regulation (EU) xx/xxxx. The Commission shall draw up a report in respect of the delegation of power not later than nine months before the end of the five-year period. The delegation of power shall be tacitly extended for periods of an identical duration, unless the European Parliament or the Council opposes such extension not later than three months before the end of each period.
3. The delegation of powers referred to in Article 10a may be revoked at any time by the European Parliament or by the Council. A decision to revoke shall put an end to the delegation of the power specified in that decision. It shall take effect the day following the publication of the decision in the Official Journal of the Union or at a later date specified therein. It shall not affect the validity of any delegated acts already in force.
4. Before adopting a delegated act, the Commission shall consult experts designated by each Member State in accordance with the principles laid down in the Interinstitutional Agreement on Better Law-Making of 13 April 2016.
5. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.

6. A delegated act adopted pursuant to Article 10a shall enter into force only if no objection has been expressed either by the European Parliament or by the Council within a period of two months of notification of that act to the European Parliament and the Council or if, before the expiry of that period, the European Parliament and the Council have both informed the Commission that they will not object. That period shall be extended by [two] months at the initiative of the European Parliament or of the Council.”

2. Annex I is replaced by the text in Part B of the Annex to this Regulation.

Article 4

1. The power to adopt delegated acts is conferred on the Commission subject to the conditions laid down in this Article.
2. The power to adopt delegated acts referred to in Article 3 shall be conferred on the Commission for a period of five years from the date of entry into force of this Regulation. The Commission shall draw up a report in respect of the delegation of power not later than nine months before the end of the five-year period. The delegation of power shall be tacitly extended for periods of an identical duration, unless the European Parliament or the Council opposes such extension not later than three months before the end of each period.
3. The delegation of power referred to in Article 3 may be revoked at any time by the European Parliament or by the Council. A decision to revoke shall put an end to the delegation of the power specified in that decision. It shall take effect the day following the publication of the decision in the Official Journal of the Union or at a later date specified therein. It shall not affect the validity of any delegated acts already in force.
4. Before adopting a delegated act, the Commission shall consult experts designated by each Member State in accordance with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making.

5. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.
6. A delegated act adopted pursuant to Article 3 shall enter into force only if no objection has been expressed either by the European Parliament or by the Council within a period of [two months] of notification of that act to the European Parliament and the Council or if, before the expiry of that period, the European Parliament and the Council have both informed the Commission that they will not object. That period shall be extended by [two months] at the initiative of the European Parliament or of the Council.

Article 5

The Commission shall adopt implementing acts in order to adjust, in line with Part C of the Annex to this Regulation, the volumes of the tariff rate quotas opened and managed by Regulation (EC) No 847/2006. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 6(2).

Article 6

Committee procedure

1. The Commission shall be assisted by the Customs Code Committee established by Article 285(1) of Council Regulation (EU) No 952/2013 of 9 October 2013 laying down the Union Customs Code. That committee shall be a committee within the meaning of Regulation (EU) No 182/2011.
2. Where reference is made to this paragraph, Article 5 of Regulation (EU) No 182/2011 shall apply.

Article 7

1. This Regulation shall enter into force on the day following that of its publication in the Official Journal of the Union.
2. Articles [1] and [3a(2)] shall apply from the day following that on which Regulation (EC) No 32/2000 ceases to apply to and in the United Kingdom.
3. Articles other than those referred to in paragraph 2 shall apply from the date of entry into force of this Regulation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

LIST OF COMMUNITY TARIFF QUOTAS BOUND IN GATT

Notwithstanding the rules for the interpretation of the Combined Nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of the CN codes. Where ex CN codes are indicated, the preferential scheme is to be determined by application of the CN code and corresponding description taken together.
