I. INTRODUCTION

1. On 14 July 2016, the Commission transmitted to the Council its Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EU) No 345/2013 on European venture capital funds and Regulation (EU) No 346/2013 on European social entrepreneurship funds¹. The proposal is a key part of the Capital Markets Union Action Plan, and aims at helping to diversify funding sources and unlock capital by making it easier for investors, fund managers and portfolio undertakings to benefit from EuVECA and EuSEF funds.

2. The European Central Bank adopted its opinion on 12 September 2016². The opinion of the European Economic and Social Committee is still pending. The report of the European Parliament's ECON Committee is also still pending.

II. STATE OF PLAY

3. The proposal has been examined by the Working Party on Financial Services in five meetings during the Slovak Presidency. Following deliberations in the Working Party on 29 November 2016, and a silence procedure within the framework of the Working Party, which ended on 5 December 2016, the latest Presidency compromise proposal for a negotiating mandate, as set out in Annex, is now supported by all delegations.

III. CONCLUSION

4. Against this background it is recommended that the Permanent Representatives Committee:
 - agrees on the negotiating mandate with regard to the proposed Regulation, as set out in Annex, and
 - invites the incoming MT Presidency to start, when practicable, negotiations with the European Parliament on the basis of that mandate with a view to reaching an agreement at first reading.

Whereas:

- (1) Regulation (EU) No 345/2013 of the European Parliament and of the Council⁶ and Regulation (EU) No 346/2013 of the European Parliament and of the Council⁷ lay down uniform requirements and conditions for managers of collective investment undertakings that wish to use in the Union the „EuVECA“ or „EuSEF“ designations for the marketing of qualifying venture capital funds and qualifying social entrepreneurship funds. Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013 contain rules governing, in particular, qualifying investment, qualifying portfolio undertaking and eligible investors. Under Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013, only managers with assets under management that in total do not exceed the threshold referred to in point (b) of Article 3(2) of Directive 2011/61/EU of the European Parliament and of the Council⁸ qualify for the use of the ‘EuVECA’ and ‘EuSEF’ labels respectively.
- (2) The Communication on the Investment Plan for Europe of 16 November 2014⁹ provides a comprehensive strategy to tackle the lack of finance which is holding back Europe's potential to grow and to provide jobs for its citizens. It aims at unlocking private investment by using public funding and by improving the legal framework for the investment environment.
- (3) The Communication on the Capital Markets Union of 30 September 2015¹⁰ is an important element of the Investment Plan. It aims at reducing fragmentation in the financial markets and increasing supply of capital to businesses through the establishment of a genuine single capital market. The Communication specifies that Regulation (EU) No 345/2013 and

⁶ Regulation (EU) No 345/2013 of the European Parliament and of the Council of 17 April 2013 on European venture capital funds (OJ L 115, 25.4.2013, p. 1).

⁷ Regulation (EU) No 346/2013 of the European Parliament and of the Council of 17 April 2013 on European social entrepreneurship funds (OJ L 115, 25.4.2013, p. 18).

⁸ Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers and amending Directives 2003/41/EC and 2009/65/EC and Regulations (EC) No 1060/2009 and (EU) No 1095/2010 (OJ L 174, 1.7.2011, p. 1).

⁹ Communication from the Commission to the European Parliament, the Council, the European Central Bank, the European Economic and Social Committee, the Committee of the Regions and the European Investment bank: An Investment Plan for Europe (COM(2014)903 final).

¹⁰ Communication from the Commission to the European Parliament, the Council, the European Central Bank, the European Economic and Social Committee and the Committee of the Regions: Action Plan on Building a Capital Markets Union (COM(2015)468 final).

Regulation (EU) No 346/2013 need to be amended to ensure that the frameworks are best able to support investment in SMEs.

- (4) The market of qualifying venture capital funds and qualifying social entrepreneurship funds should be opened to increase scale effects, to reduce transaction and operational costs, to improve competition and to strengthen investor choice. Enlarging the base of prospective managers contributes to opening up that market. It should benefit undertakings seeking investment by giving them access to financing from a greater and more varied range of risk investment sources. The scope of Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013 should therefore be extended by opening up the use of the „EuVECA“ and „EuSEF“ labels to managers of collective investment undertakings authorised under Article 6 of Directive 2011/61/EU.
- (5) In order to keep a high level of investor protection, those managers should continue to be subject to the requirements of Directive 2011/61/EU while complying with certain provisions of Regulation (EU) No 345/2013 or Regulation (EU) No 346/2013, namely the provisions concerning eligible investments, targeted investors and information requirements. The competent authorities on which Directive 2011/61/EU confers the supervisory powers should also exercise the powers with respect to those managers.
- (6) In order to ensure that competent authorities know about every new use of the „EuVECA“ and „EuSEF“ labels, managers of collective investment undertakings authorised under Article 6 of Directive 2011/61/EU should register each qualifying venture capital fund or qualifying social entrepreneurship fund they intend to manage and market. This should ensure that those managers may maintain their business models by being able to manage collective investment undertakings established in other Member States while further widening the range of products they offer.

- (7) The range of eligible undertakings in which qualifying venture capital funds can invest should be expanded to further increase supply of capital to businesses. The definition of qualifying portfolio undertakings should therefore include companies with up to 499 employees (small mid-caps) not admitted to trading on a regulated market or on a multilateral trading facility, and small and medium enterprises listed on SME growth markets. The new investment options should also allow growth stage entities that have already access to other sources of financing, such as SME growth markets, to receive capital from qualifying venture capital funds which in turn should contribute to the development of the SME growth markets. Moreover, the investments from qualifying venture capital funds in qualifying portfolio undertakings will not per se disqualify those qualifying portfolio undertakings from being eligible in public programmes. It is also recalled that to enhance investments further, setting up a fund of funds structure within this regulation should remain possible.
- (8) Qualifying venture capital funds should be allowed to participate on the longer term in the funding ladder for unlisted SMEs, unlisted small-midcaps and SMEs listed on SME growth markets, to further enhance their potential for making returns from high-growth companies. Therefore, follow-on investments subsequent to the first investment should be allowed.
- (9) Registration procedures should be cost-effective. Therefore, a registration of a manager in accordance with Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013 should also serve the purpose of the registration referred to in Directive 2011/61/EU in relation to the managing of the qualifying venture capital funds or qualifying social entrepreneurship funds. Registration decisions and failures to register under Regulation (EU) No 345/2013 or Regulation (EU) No 346/2013 should, where appropriate, be subject to administrative or judicial review according to the national law.
- (10) It is necessary to clarify that the prohibition for the host Member State to impose requirements or administrative procedures in relation to the marketing of qualifying venture capital funds and qualifying social entrepreneurship funds in its territory includes the prohibition to impose fees and other charges on the managers for the marketing of those funds if no supervisory task has to be performed.

- (11) Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013 now require that managers of qualifying venture capital funds and qualifying social entrepreneurship funds, which are not authorised in accordance with Directive 2011/61/EU have sufficient own funds at all times. To ensure a consistent understanding across the Union of what constitutes sufficient own funds for those managers, it is necessary to provide for the application of minimum capital requirements and additional own funds.
- (12) Since this Regulation opens up the use of the „EuVECA“ and „EuSEF“ labels to managers of collective investment undertakings authorised under Article 6 of Directive 2011/61/EU, the central database, maintained by European Securities and Markets Authority (‘ESMA’) in accordance with Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013, should also include information concerning the qualifying venture capital funds and qualifying social entrepreneurship funds that are managed and marketed by those managers. This Regulation should apply as of three months after its entry into force. In order to avoid any potential market disruption it is necessary to provide existing managers of existing qualifying venture capital funds and existing qualifying social entrepreneurship funds during those funds' existing terms with a derogation from rules on own funds under this Regulation. Such managers should nevertheless ensure that they are able to justify at all times the sufficiency of their own funds to maintain operational continuity.
- (13) Since the objectives of this Regulation, namely to further strengthen an internal market for qualifying venture capital funds and qualifying social entrepreneurship funds by strengthening the use of „EuVECA“ and „EuSEF“ labels, cannot be sufficiently achieved by the Member States and can therefore, by reason of its scale and effects, be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, this Regulation does not go beyond what is necessary in order to achieve the objectives pursued, in accordance with Article 5(4) of the Treaty on European Union.

- (15) Regulation (EU) No 345/2013 and Regulation (EU) No 346/2013 should be amended accordingly,

HAVE ADOPTED THIS REGULATION:
