Subject:	European semester 2015 - Updated Roadmap

---

Delegations will find below the above-mentioned roadmap as presented by the Presidency.

This roadmap is a revised version of the roadmap that the incoming Latvian Presidency presented to the December 2014 General Affairs Council, on the 2015 European semester and the mid-term review of the Europe 2020 strategy. The Presidency has decided to update the roadmap following the decision, by the Commission, to postpone the Europe 2020 strategy mid-term review and delayed presentation of other key documents.

The updated roadmap should help ensure that all relevant Council formations, and their preparatory bodies, continue to work in a coordinated and consistent manner and the General Affairs Council and COREPER continue to oversee the process.

The roadmap is divided in two phases: the first until the March European Council, and the second for the period between the European Council meetings in March and June 2015. In the first phase, the Presidency has held discussions on the 2015 Annual Growth Survey in the meetings of the ECOFIN, EPSCO, Competitiveness, Energy, Transport and Environment Council formations<sup>1</sup> in February - March 2015. These debates paid special attention to broader policy initiatives such as Investment plan for Europe, Energy Union and the upcoming Digital Single Market Strategy and Internal Market Strategy for goods and services. The proposed involvement of the Council after the March European Council focuses on the examination and adoption of the Country-specific recommendations (CSRs), following the practice and lessons learned from previous European semester cycles.
