To:	Permanent Representatives Committee/Council
Subject:	Proposal for a DECISION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Council Decision 2008/971/EC as regards the equivalence of forest reproductive material produced in the United Kingdom to such material produced in the Union - Outcome of the European Parliament's first reading (Brussels, 8 to 11 March 2021)

I. INTRODUCTION

On 3 February 2021, the Permanent Representatives Committee confirmed that should the European Parliament approve the abovementioned Commission's proposal without amendments, the Council would approve the European Parliament's position.

In this context, the Chair of the Committee on Agriculture and Rural Development, Norbert LINS (EPP, DE), tabled the Commission's proposal for a Decision. No amendments were tabled.

II. VOTE

When it voted on 10 March 2021, the Parliament adopted its first-reading position by taking over the Commission proposal. This position is contained in the Parliament's legislative resolution of 11 March 2021 as set out in the Annex hereto.

The Council should therefore be in a position to approve the Parliament's position, thus bringing to a close the first reading for both Institutions.

The legislative act would then be adopted in the wording which corresponds to the Parliament's position.

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee²,

Acting in accordance with the ordinary legislative procedure³,

² Opinion of 27 January 2021 (not yet published in the Official Journal).

³ Position of the European Parliament of 11 March 2021

Whereas:

- (1) Council Directive 1999/105/EC⁴ applies to the marketing of forest reproductive material within the Union. That Directive concerns reproductive material of tree species and artificial hybrids thereof which are important for forestry purposes in all or part of the Union.
- (2) Council Decision 2008/971/EC⁵ establishes rules for the equivalence of forest reproductive material produced in third countries.
- (3) The United Kingdom has transposed and effectively implemented Directive 1999/105/EC, as well as the implementing acts adopted pursuant to that Directive.
- (4) Union law, including Directive 1999/105/EC and Decision 2008/971/EC, was applicable to and in the United Kingdom during the transition period that ended on 31 December 2020, in accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community⁶ (the ‘Withdrawal Agreement’), and in particular Article 126 and Article 127(1) thereof.

⁴ Council Directive 1999/105/EC of 22 December 1999 on the marketing of forest reproductive material (OJ L 11, 15.1.2000, p. 17).

⁵ Council Decision 2008/971/EC of 16 December 2008 on the equivalence of forest reproductive material produced in third countries (*OJ L 345, 23.12.2008, p. 83*).

⁶ OJ L 29, 31.1.2020, p. 7.

- (5) In view of the end of the transition period provided for in the Withdrawal Agreement, the United Kingdom has submitted a request to the Commission for the recognition of the equivalence, from 1 January 2021, of forest reproductive material produced in that country to such material produced in the Union in accordance with applicable Union law.
- (6) The United Kingdom has informed the Commission that its legislation transposing Directive 1999/105/EC will not change and would continue to apply from 1 January 2021.
- (7) The Commission has examined the relevant legislation of the United Kingdom. It has concluded that forest reproductive material, and in particular such material within the categories ‘source identified’, ‘selected’ and ‘qualified’, produced in the United Kingdom is equivalent to forest reproductive material produced in the Union and complies with Directive 1999/105/EC and Annex II to Decision 2008/971/EC, since United Kingdom law affords the same assurances as Union law as regards the approval of basic material and the measures taken for the subsequent production of forest reproductive material intended for marketing.

- (8) Therefore, it is appropriate to recognise the equivalence of such forest reproductive material produced in the United Kingdom to corresponding material produced in the Union.
- (9) The United Kingdom should therefore be included in Annex I to Decision 2008/971/EC, without prejudice to the application of Union law to and in the United Kingdom in respect of Northern Ireland in accordance with Article 5(4) of the Protocol on Ireland/Northern Ireland to the Withdrawal Agreement in conjunction with Annex 2 to that Protocol.
- (10) Decision 2008/971/EC should therefore be amended accordingly.
- (11) In view of the fact that the transition period provided for in the Withdrawal Agreement ended on 31 December 2020, and in order to ensure continuity, this Decision should enter into force as a matter of urgency and should apply, with retroactive effect, from 1 January 2021,

HAVE ADOPTED THIS DECISION:
