INTRODUCTORY NOTE

From : Council Secretariat
to : Permanent Representatives Committee
n° prev. doc. : 7108/02 ASILE 15
No. Cion prop. : 9074/01 ASILE 29 + COR 1 (fr)
Subject : Proposal for a Council Directive laying down minimum standards for the reception of applicants for asylum in Member States

1. In accordance with Article 63(1)b) TEC and the Tampere European Council conclusions of 15 and 16 October 1999, the Council's bodies have, over the past years, endeavoured to define common minimum standards for the reception of applicants for asylum in Member States.

The JHA Council, at its meeting on 30 November and 1 December 2000, adopted conclusions on this matter (cf. 13117/1/00 ASILE 52 REV 1).

In May 2001, the Commission forwarded a proposal for a Council Directive laying down minimum standards on the reception for applicants for asylum in Member States.¹

2. The Economic and Social Committee and the Committee of Regions delivered their opinions respectively on 28 November 2001 and on 29 November 2001.

The opinion of the European Parliament is expected to be adopted at its April plenary session (9 April 2002).

3. The Asylum Working Party and the Strategic Committee on Immigration, Frontiers and Asylum have met regularly in order to examine this proposal and have progressed further in order to obtain an agreement. The text resulting from their work is set out hereinafter under II.

Among difficulties still persisting, two may be singled out as being of a political nature : the scope of the future Directive (Articles 2(b) and 3) and the freedom of movement of asylum applicants (Article 7).

Other provisions are still the subject of reservations or scrutiny reservations from delegations.

¹ 9074/01 ASILE 29.

It is recalled that in accordance with Articles 1 and 2 of the Protocol on the position of Denmark, annexed to the treaty on European Union and to the treaty establishing the European Community, Denmark is not participating in the adoption of this proposal and is therefore not bound by it nor subject to its application.

In accordance with Article 3 of the Protocol on the position of the United Kingdom and Ireland, annexed to the treaty on European Union and to the treaty establishing the European Community, the United Kingdom gave notice, by letter of 27 September 2000, of its wish to take part in the adoption and application of this proposal.

Pursuant to Article 1 of the said Protocol, Ireland is not participating in the adoption of this proposal. Consequently and without prejudice to Article 4 of the aforementioned Protocol, the provisions of this proposal do not apply to Ireland.

4. Concerning the above-mentioned items, the situation may in outline be summarised as follows :

a) Scope (Articles 2(b) and 3)

i) Subsidiary protection

Under Articles 2(b) and 3, the draft Directive applies to persons who make an asylum application. Member States may also apply the future Directive to persons making an application for kinds of protection other than that emanating from the Geneva Convention, so the decision concerning the applicability of the Directive to other forms of protection is left to the discretion of each Member State.

NL, FIN and S consider that the inclusion of subsidiary forms of protection in the proposals under Article 63(1) TEC must be compulsory for Member States. As arguments for widening the scope of the Directive, these delegations pointed to humanitarian considerations, the need to ensure swift and efficient procedures, and the number of applications involved over the past few years. The position of these delegations concerning the inclusion of subsidiary protection in the scope of the different proposals concerning asylum is developed in 12063/01 ASILE 47.

On the other hand, a draft statement for the Council Minutes which appears in the Annex to the present note declares that after the entry into force of future Directives on asylum procedures and on the definition of refugee status and other persons who need international protection, the Council shall consider whether the definitions under Article 2 must be adapted.

ii) Applications within the context of a procedure to enter the territory of a Member State (Articles 3 and 14(1)(a))

Article 14(1)(a) establishes that the Directive applies to asylum applications made within the context of a procedure to decide on the right of the applicants to legally enter the territory of a Member State.

F supported by **A** wants to exclude such applications from the scope. The other delegations could accept such an exclusion provided that **F** withdraws its reservations concerning Article 3 and 11.

iii) Exclusion of certain third-country nationals (Article 3)

Article 3(1) establishes that the draft Directive shall apply to all third country nationals and stateless persons who make an application for asylum.

A wants to be sure that it is possible to exclude from material benefits those applicants who are nationals of candidate countries. It considers that these countries are sure and recalls the costs involved in the event of an automatic provision of such benefits.

b) **Freedom of movement of asylum applicants (Article 7)**

The draft Directive establishes that applicants may move freely within the territory of the host Member State with not limitations other than those that may result from the constitutional structure of this Member State and the attribution of administrative competences within it.

D wants a text where limitations to the applicants free movement within the host Member State may be based solely on reasons of public interest, administrative procedures or the attribution of administrative competences and costs within that Member State.

F and S maintain scrutiny reservations to the present wording of the draft Directive and cannot accept the text suggested by **D**.

B wants to establish the possibility for the Member States to maintain asylum applicants in "a particular place". In Article 2(k), **B** wants to specify that "particular place" could mean a prison or a detention centre.

5. Other pending issues are set out in the footnotes.

Draft

COUNCIL DIRECTIVE

**laying down minimum standards for the reception of applicants for asylum
in Member States**

CHAPTER I

SUBJECT-MATTER, DEFINITIONS AND SCOPE

Article 1

Subject-matter

The purpose of this Directive is to establish minimum standards for the reception of applicants for asylum in Member States.

This Directive shall not apply when the provisions of Directive 2001/55/EC of 20 July 2001 on minimum standards for giving temporary protection in the event of a mass influx of displaced persons and on measures promoting a balance of efforts between Member States in receiving such persons and bearing the consequences thereof are applied.

Article 2
Definitions

For the purposes of this Directive:

- (a) "Geneva Convention" means the Convention relating to the status of refugees done at Geneva on 28 July 1951, as supplemented by the New York Protocol of 31 January 1967;
- (b) "application for asylum" the application filed by a third country national or a stateless person which can be understood as a request for international protection from a Member State, under the Geneva Convention. Any application for international protection is presumed to be an application for asylum unless a third-country national or a stateless person explicitly requests another kind of protection that can be applied for separately;¹

¹ **NL, FIN and S** : the proposal should also apply to other forms of international protection (e.g. subsidiary protection) and not only to asylum. To this end **S** suggested deleting the words "under the Geneva Convention".

- (c) "applicant" or "applicant for asylum" a third country national or a stateless person who has made an application for asylum in respect of which a final decision has not yet been taken;
- (d) "family members" means, insofar as the family already existed in the country of origin, the following members of the applicant's family who are present in the same Member State in relation to the application for asylum:
- (i) the spouse of the asylum applicant or his, her unmarried partner in a stable relationship, where the legislation or practice of the Member State concerned treats unmarried couples in a way comparable to married couples under its law relating to aliens;
 - (ii) the minor children of the couple referred to in point (i) or of the applicant, on condition that they are unmarried and dependent and without distinction according to whether they were born in or out of wedlock or adopted as defined under the national law;
 - (iii) ¹
- (e) "refugee" means a person who fulfils the requirements of Article 1(A) of the Geneva Convention;

¹ **Cion** : reinsert this subparagraph as it appeared in the Commission proposal : "other members of the family if they are dependent on the applicant or have undergone particularly traumatic experiences or require special medical treatment".

- (f) "refugee status" means the status granted by a Member State to a person who is a refugee and is admitted as such to the territory of that Member State;
- (g) "Procedures" and "appeals", those established by Member States in their national law;
- (h) "unaccompanied minors" means persons below the age of eighteen who arrive in the territory of the Member States unaccompanied by an adult responsible for them whether by law or by custom, and for as long as they are not effectively taken into the care of such a person; it includes minors who are left unaccompanied after they have entered the territory of Member States;
- (i) "reception conditions" means the full set of measures that Member States grant to applicants for asylum in accordance with this Directive;
- (j) "material reception conditions" means the reception conditions that include housing, food and clothing, provided in kind, or as financial allowances or in vouchers, and a daily expenses allowance;¹
- (k) "detention" means confinement of an applicant for asylum by a Member State within a particular place, where the applicant is deprived from his freedom of movement;²
- (l) "accommodation centre" means any place used for collective housing of asylum applicants;

¹ **EL** : scrutiny reservation concerning the words "and a daily expenses allowance".

² **B** : say "such as a prison or a detention centre" instead of "where the applicant is deprived from his freedom of movement".

Article 3

Scope

1. This Directive shall apply to all third country nationals and stateless persons who make an application for asylum at the border or in the territory of a Member State as long as they are allowed¹ to remain on the territory as applicants for asylum, as well as to the family members referred to by Article 2(d), if they are covered by this application for asylum according the national law.²
2. This Directive shall not apply in cases of requests for diplomatic or territorial asylum submitted to representations of Member States.³
3. Member States may decide to apply this Directive in connection with procedures for deciding on applications for kinds of protection other than that emanating from the Geneva Convention for third-country nationals or stateless persons who are found not to be refugees.⁴

Article 4

More favourable provisions

Member States may introduce or retain more favourable provisions in the field of reception conditions for applicants for asylum and other close relatives of the applicant who are present in the same Member State when they are dependant of him or for humanitarian reasons insofar as these provisions are compatible with this Directive.⁵

¹ **B** : scrutiny reservation.

² **A** : reservation. Wanted to be sure it was possible to continue excluding from material benefits those asylum applicants who were nationals of candidate countries. Recalled the costs involved in the event of automatic provision of such material benefits.

³ **F** : exclude from the scope asylum applications at the border. Reservation linked to the final draft of Article 14(1)(a).

⁴ **NL, FIN and S** : include a reference to subsidiary protection.

⁵ **A** : scrutiny reservation linked to its reservation on Article 3.

CHAPTER II

GENERAL PROVISIONS ON RECEPTION CONDITIONS

Article 5 **Information**

Member States shall ensure that applicants are provided with information about organisations or groups of persons that provide specific legal assistance and organisations that might be able to help or inform them in relation to the available reception conditions, including health care.

2. Member States shall ensure that the information referred to in paragraph 1 is in writing and, as far as possible, in a language that the applicants may reasonably be supposed to understand. Where appropriate this information may also be supplied orally.

Article 6

Documentation

1. Member States shall ensure that, within 3 days after an application is lodged,¹ the applicant is provided with a document issued in their own name certifying their status as an applicant for asylum or testifying that he or she is allowed to stay in the territory of the Member State while his or her application is pending or being examined.²

If the holder is not free to move within all or a part of national territory, the document shall also certify this fact.

2. Member States may exclude the application of this Article when the asylum applicant is being held and during the examination of an application submitted at the border or within the context of a procedure to decide on the right of the applicant to legally enter the territory of a Member State.
3. The document referred to in paragraph 1 must not necessarily certify the identity of the applicant for asylum.
4. Member States shall adopt the necessary measures to provide asylum applicants with the document referred to in paragraph 1, which must be valid for as long as they are authorised to remain in the territory or at the frontier of the Member State concerned.
5. Member States may provide applicants for asylum with a travel document when serious humanitarian reasons arise that require their presence in another State.

¹ **B** : add "with the competent authorities".

² **A**: include a text on the following lines:

Article 7

1. Applicants for asylum may move freely within the territory of the host Member State with no limitations other than those that may result from the constitutional structure of the Member State and the attribution of administrative competences within that Member State.¹
2. Member States may decide on the residence² of the applicant for asylum³ for reasons of public interest, public order or when necessary for the swift processing and effective monitoring of their application.
3. Member States may make provision of the material reception conditions laid down in this Chapter subject to actual residence by the applicants in a specific place, to be determined by the Member States. Such a decision which may be of a general nature, should be taken individually and established by national legislation.
4. Member States shall provide for the possibility of establishing temporary exemptions to the provision in paragraph 3, by granting applicants temporary permission to leave the place of residence. Decisions shall be taken individually, objectively and impartially and reasons shall be given if they are negative.⁴
5. Member States shall require applicants to inform the competent authorities of their current address and notify any change of address to those authorities as soon as possible.

¹ **F and S** : scrutiny reservations.

D : replace paragraph 1 by the following :

² **D** : in German say “Aufenthalt”.

Article 9

Medical screening

Member States may require medical screening for applicants on public health grounds.¹

¹ A : add the possibility of medical screening to determine the age of minors, either here or in the future Directive on procedures for granting and withdrawing refugee status.

Article 10

Schooling and education of minors

1. The Member States shall grant to minor children of applicants for asylum and applicants for asylum who are minors access to the education system under similar conditions as nationals of the host Member State¹ for so long as an expulsion measure against them or their parents is not actually enforced.²

The Member State may stipulate that such access must be confined to the State education system.

Minors shall be younger than the age of legal majority in the Member State in which the application has been lodged or is being examined. Member States shall not withdraw secondary education for the sole reason that the minor has reached the age of majority except as provided for in paragraphs 2 and 3.³

2. Access to the education system shall not be postponed for more than three months from the date the application has been lodged by the minor or the minor's parents. This period may be extended to one year where specific education is provided in order to facilitate access to the education system.

¹ **B** : delete the words "under similar conditions as nationals of the host Member State".

² **B** : add "When minor children of applicants for asylum and applicants for asylum who are minors are kept in a particular place, Member States may adapt the modalities of such access to the education system".

Following discussions among JHA Counsellors and in order to meet **B** concerns, **UK** supported by **Cion** proposed to add "such education may be provided in accommodation centres".

³ Following discussions among JHA Counsellors and in order to meet **B** concerns, **UK** supported by **Cion** proposed to delete the words "except as provided for in paragraphs 2 and 3".

3. When a Member State esteems that a minor within the meaning of paragraph 1 has special requirements,¹ for example due to a lack of knowledge of the language of the host State, it may offer other education arrangements.²

Articles 11

Employment³

1. Member States shall determine a period of time,⁴ starting from the date on which an application for asylum has been lodged, during which an applicant shall not have access to the labour market.
2. If a decision in first instance has not been taken one year after the presentation of an application for asylum and this delay cannot be attributed to the applicant, Member States shall authorize access to the labour market for the applicant subject to the conditions laid down by the Member States.
3. Access to the labour market shall not be withdrawn during appeals procedures, where an appeal against a negative decision in a regular procedure has suspensive effect, until such time as a negative decision on the appeal is notified.
4. For reasons of labour market policies, Member States may give priority to EU nationals and nationals of States bound by the Agreement on the European Economic Area and also to legally resident third-country nationals.

¹ **D** : scrutiny reservation.

Cion : reservation.

² Following discussions among JHA Counsellors, **UK** supported by **Cion**, proposed to redraft paragraph 3 as follows :

"3. Where access to the education system as set out in paragraph 1 is not possible due to the specific situation of the child, the Member State may offer other education arrangements."

This draft should satisfy **D** and **Cion** misgivings.

³ **I** : scrutiny reservation.

⁴ **F** : specify a concrete period of time, in order to ensure harmonisation. Reservation linked to the final draft of Article 14(1)(a).

Article 12

Article 13

1. Member States shall ensure that material reception conditions¹ are available to applicants when they make their application.
2. Member States shall make provisions on material reception conditions to ensure a standard of living adequate for the health and to enable the subsistence of applicants.

4. Member States may require applicants to cover or contribute to the cost of the material reception conditions and of the health care provided for in this Directive, pursuant to the provision of paragraph 3, when the applicants have sufficient resources.

5. Material reception conditions may be provided in kind, or in the form of financial allowances or vouchers or in a combination of these provisions.

¹ F supported by A: suppress the following words : “or within the context of a procedure to decide on the right of the applicants to legally enter the territory of a Member State”.
The other delegations could accept such a deletion provided that F withdraws its reservations concerning Articles 3 and 11.

4. Member States shall ensure that transfers of applicants from one housing facility to another take place only when necessary. Member States shall provide for the possibility for applicants to inform their legal advisers of the transfer and of their new place of housing.
5. Persons working in accommodation centres shall be adequately trained, and shall be bound by the confidentiality principle as defined in the national law in relation to any information they obtain in the course of their work.

 - does not comply with reporting duties or requests to provide information or to appear for personal interviews concerning the asylum procedure during a reasonable period laid down in national law, or
 - has already lodged an application in the same Member State.²

When the applicant is traced or voluntarily reports to the relevant authority, a reasoned decision based on the reasons for the disappearance shall be taken on the reinstatement of the grant of some or all of the reception conditions;

- (b) where an applicant has concealed financial resources and has therefore unduly benefited from material reception conditions.

If it transpires that an applicant had sufficient means to cover these basic needs at the time when material reception conditions were being provided, then Member States may ask these to refund.

¹ S : scrutiny reservation linked to its reservation on Article 7.

² NL : replace this indent with the following new subparagraph (c) :

4. Member States shall ensure that material reception conditions are not withdrawn or reduced before a negative decision is taken.
5. Food, housing, emergency health care and health care that cannot be postponed shall not be reduced.

¹ **EL** : add :
"Member States may also reduce material reception conditions within a reasonable period after applicants [and their accompanying family members] have been allowed access to the labour market in accordance with Article 11.
