Subject: Draft Compromise on the Proposal for a Council Regulation amending Regulation (EC) N° 168/2007 establishing a European Union Agency for Fundamental Rights

---

The document 8686/21 should not bear the distribution mark LIMITE

On 5 June 2020, the Commission submitted to the Council a proposal<sup>1</sup> for a Council Regulation amending Regulation (EC) No 168/2007 establishing the European Union Agency for Fundamental Rights (FRA).

The objective of the Commission's proposal was twofold: to align certain provisions of the Agency's founding Regulation with the Common Approach on decentralised agencies of 19 July 2012 and to amend the Agency's scope of activities in view of the entry into force of the Lisbon Treaty.

The proposal was examined thoroughly in a series of informal VTC of the FREMP Working Party, the latest of which took place on 11 November 2020. The main points of the draft compromise, reached as a result of that meeting, were as follows: i) the extension of the Agency's remit of activity to Union Law, including the area of Police Cooperation and Judicial Cooperation in Criminal Matters (Article 3), ii) the exclusion of the area of Common Foreign and Security Policy from the scope of competence of the Agency, iii) the replacement of the Multiannual Framework by a new Annual and Multiannual Programming procedure (Articles 5, 5a). In connection with the first issue, all mentions of "Community" and "Community Law" have been replaced by "Union" and "Union law" respectively. In line with the Common Approach on decentralised agencies of 19 July 2012, the draft amending Regulation introduces amendments in what regards the appointment, term, competencies and/or functioning of the bodies of the Agency - Management Board, Executive Board, Scientific Committee and Director (Articles 11–15), as well as the evaluation of the Agency and the review of its mandate (Article 30).

In addition to the aforementioned issues, the draft amending Regulation provides for clarifications on the parameters of the functioning of the Agency (Article 4), the role of national liaison officers (Article 8), the cooperation with the Council of Europe (Article 9), the reaction mechanisms in what concerns transparency and access to documents (Article 17), and the Agencies' Staff (Articles 24).

<sup>1</sup> 8613/20

Following a series of bilateral contacts, the Presidency confirmed at the meeting of the JHA Counsellors on FREMP matters, on 12 May 2021, that the draft compromise, as stemmed from the informal VTC of the FREMP members of 11 November 2020, is acceptable to all delegations and therefore, it can be submitted to Council for a general consent on it.

In the light of the above consideration, it is therefore suggested that the Permanent Representatives Committee recommend that the Council, at a forthcoming session, confirms the general approach on the proposal for a Council Regulation amending Regulation (EC) No 168/2007, as it is set out in the Annex to this Note. Changes in the current compromise in the Annex vis-à-vis the Commission proposal are marked with bold for additions and strikethrough for deletions.

Proposal for a

**COUNCIL REGULATION**

**amending Council Regulation (EC) No 168/2007 establishing a European Union Agency for Fundamental Rights**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 352 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the consent of the European Parliament<sup>2</sup>,

Acting in accordance with a special legislative procedure,

Whereas:

- (1) The European Union Agency for Fundamental Rights (the ‘Agency’) was established by Council Regulation (EC) No 168/2007<sup>3</sup> to assist and provide expertise to the Union institutions, bodies, offices and agencies and Member States relating to fundamental rights.
- (2) In order to ~~adapt~~~~improve clarity~~ of the Agency’s scope of activities and to enhance the governance and the efficiency of the Agency’s operation, it is necessary to **amend** ~~clarify~~ ~~and update~~ certain provisions of **Council** Regulation (EC) No 168/2007 without changing the objective and the tasks of the Agency.
- (2a) In view of**~~After~~ **the entry into force of the Treaty of Lisbon, the scope of the Agency’s activities should now also cover the particularly fundamental rights sensitive area areas of Police Cooperation and Judicial Cooperation in Criminal Matters.**

<sup>2</sup> OJ C [...], [...], p. [...].

<sup>3</sup> Council Regulation (EC) No 168/2007 of the Council of 15 February 2007 establishing a European Union Agency for Fundamental Rights (OJ L 53, 22.2.2007, p. 1).

- (3) **The area of Common Foreign and Security Policy should be excluded from the scope. This should be without prejudice to the Agency's provision of assistance and expertise (e.g. training activities on fundamental rights issues) to the institutions, bodies, offices and agencies of the Union, including to those working in the area of Common Foreign and Security Policy.**~~First of all, in order to fully reflect the Agency's relevance for assisting the Union institutions, bodies, offices and agencies and the Member States on issues of fundamental rights, it should be clarified in the Regulation that, since the entry into force of the Treaty of Lisbon, the scope of the Agency's activities covers the competences of the Union, including police cooperation and judicial cooperation in criminal matters.~~
- (4) Furthermore, some targeted technical amendments of Regulation (EC) No 168/2007 are necessary in order for the Agency to be governed and operated in line with the principles of the Common Approach annexed to the Joint Statement of the European Parliament, the Council of the European Union and the European Commission on decentralised agencies of 19 July 2012 ('the Common Approach')<sup>4</sup>. The alignment of **Council** Regulation (EC) No 168/2007 with the principles set out in the Common Approach are tailored to the specific work and nature of the Agency and aim to bring simplification, better governance and efficiency gains to the Agency's operation.
- (5) ~~The First, the~~ definition of the areas of activities of the Agency should be based on the Agency's ~~multiannual~~ programming document alone. The current approach of setting in parallel a broad thematic Multiannual Framework every five years should be discontinued, as it has been made redundant by the ~~multiannual~~ programming document that the Agency has been adopting annually since 2017, to conform with Commission Delegated Regulation (EU) No 1271/2013<sup>5</sup>, (succeeded by Commission Delegated Regulation (EU) 2019/715<sup>6</sup>). Based on the Union policy agenda and on stakeholders' needs, the ~~multiannual~~ programming document clearly sets out the areas and specific projects on which the Agency is to work ~~for a three-year period~~. This should enable the Agency to plan its work and thematic focus over time and to adapt it annually to emerging priorities.

- (5a) **The Agency should send its draft programming document to the European Parliament, the Council and the Commission as well as to the national liaison officers and to the Scientific Committee by 31 January each year. The purpose is for the Agency, carrying out its tasks in full independence, to draw from discussions or opinions on such draft programming document impulses to design the most relevant work programme to support the Union and its Member States by providing assistance and expertise relating to fundamental rights.**
- (5b) **In order to ensure a smooth communication between the Agency and the Member States, the Agency and the national liaison officers should work together in a spirit of mutual and close cooperation. This cooperation should be without prejudice to the Agency's independence.**
- (6) ~~To~~~~Second,~~ to ensure better governance and functioning of the Agency's Management Board, a number of provisions of **Council** Regulation (EC) No 168/2007 should be amended.
- (7) Given the important ~~monitoring~~ role of the Management Board, its members should be required to have appropriate administrative and budgetary skills, in addition to the requirement of independence ~~independent,~~ **and have a sound** knowledge in the fundamental rights area **as well as and appropriate** management experience, **including administrative and budgetary skills.**
- (8) It should also be clarified that, while Management Board members' and alternate members' terms cannot be renewed consecutively, it should be possible to reappoint a former member or alternate member for one ~~or~~ **more** non-consecutive ~~term terms.~~ If, on the one hand, not allowing consecutive renewals is justified to ensure their independence, on the other hand, allowing a **reappointment** ~~reappointments~~ for **one more** non-consecutive term would make it easier for Member States to appoint suitable members meeting all the ~~necessary~~ requirements.
- (9) With regard to the replacement of Management Board members, it should be clarified that in all cases of termination of the term of office before the expiry of the 5-year period, not only in case of loss of independence, but also in other cases such as in case of resignation or death, the new member's term will complete his/her predecessor's five-year term, unless the remaining term is less than two years, in which case a new five-year term may run afresh.
- (10) To align with the situation within the Institutions, the Agency's Management Board should be given the powers of the appointing authority. Except for the appointment of the Director, these powers should be delegated to the Director. The Management Board should exercise appointing authority powers regarding staff of the Agency in exceptional circumstances only.

- (11) To avoid stalemates and simplify the voting proceedings for the election of the Executive Board members, it should be provided that the Management Board elects them by a majority of the members of the Management Board with voting rights.
- (12) ~~To Finally, to~~ further align **Council** Regulation (EC) No 168/2007 with the Common Approach and strengthen the Management Board's capacity to supervise the administrative, operational and budgetary management of the Agency, it is necessary to attribute additional tasks to the Management Board and to further specify the tasks attributed to the Executive Board. The additional tasks of the Management Board should include adopting a security strategy, including rules on the handling EU classified information, a communication strategy, and rules for the management and prevention of conflict of interests in respect of its members and those of the Scientific Committee. It should be made clear that the Executive Board's task to supervise the preparatory work for the decisions to be adopted by the Management Board entail scrutinising budgetary and human resources matters. In addition, the Executive Board should be tasked with adopting the anti-fraud strategy prepared by the Director and ensuring adequate follow-up to audit findings and to investigations of the European Anti-Fraud Office (OLAF) and of the European Public Prosecutor Office (EPPO). Moreover, it should be provided that, where necessary, in case of urgency, the Executive Board may take provisional decisions on behalf of the Management Board.
- (13) In order to simplify the existing procedure of replacing the members of the Scientific Committee, the Management Board should be allowed to appoint the person next in line on the reserve list for the remaining term of office where a member needs to be replaced before the end of his or her term.
- (14) As for the Agency's Director, given the very selective appointment procedure and the fact that the number of candidates potentially meeting the selection criteria is often low, his or her term should be extendable **once** for up to five years, **taking into account in particular his or her performance and the Agency's duties and requirements in the coming years**. Moreover, given the importance of the position and the thorough procedure which involves the European Parliament, the Council and the Commission, such procedure should start in the course of the twelve month preceding the end of the term.
- (15) Furthermore, to enhance the stability of the Director's mandate and hence that of the Agency's operation, the majority required to propose his or her dismissal should be raised from the current one third to the two-third majority of the members of the Management Board. Finally, to specify the Director's overall responsibility for the administrative management of the Agency, it should be explicitly provided that it is the Director's responsibility to implement the decisions adopted by the Management Board, to prepare an anti-fraud strategy for the Agency, and to set out an action plan to follow up on internal or external audit reports and OLAF or EPPO's investigations.

- (16) To align **Council** Regulation (EC) No 168/2007 with the Common Approach it is necessary to provide that the Commission should ~~commission~~<sup>carry out</sup> the evaluation of the Agency every five years.
- (17) **Council** Regulation (EC) No 168/2007 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

(c) at the end of paragraph 5, the following sentence is added:

**‘It shall in particular advise the Director and the Agency on the scientific research methodology applied in the Agency’s work.’;**

(11) Article 15 is amended as follows:

(a) paragraphs 3 and 4 are replaced by the following:

- ‘3. The Director's term of Office shall be five years.

In the course of the 12 months preceding the end of this period, the Commission shall undertake an evaluation. In this evaluation, the Commission shall assess in particular:
