I. INTRODUCTION

In accordance with the provisions of Article 294 of the TFEU and the Joint declaration on practical arrangements for the codecision procedure¹, a number of informal contacts have taken place between the Council, the European Parliament and the Commission with a view to reaching an agreement on this file at first reading.

In this context, the chair of the committee, Juan Fernando LÓPEZ AGUILAR (S&D, ES), presented a compromise amendment (amendment number 42) to the abovementioned proposal for a Regulation on behalf of the Committee on Civil Liberties, Justice and Home Affairs (LIBE). This amendment had been agreed during the informal contacts referred to above.

¹ OJ C 145, 30.6.2007, p. 5.

II. VOTE

When it voted on 7 June 2021, the plenary adopted the compromise amendment (amendment number 43) to the abovementioned proposal for a Regulation. The Commission's proposal as thus amended constitutes the Parliament's first-reading position which is contained in its legislative resolution of 8 June 2021 as set out in the Annex hereto².

The Parliament's position reflects what had been previously agreed between the institutions. The Council should therefore be in a position to approve the Parliament's position.

The act would then be adopted in the wording which corresponds to the Parliament's position.

² The version of the Parliament's position in the legislative resolution has been marked up to indicate the changes made by the amendments to the Commission's proposal. Additions to the Commission's text are highlighted in *bold and italics*. The symbol "■" indicates deleted text.

Having regard to the proposal from the European Commission,

Acting in accordance with the ordinary legislative procedure³,

³ Position of the European Parliament of 8 June 2021.

Whereas:

- (1) Regulation (EU) 2018/1240 of the European Parliament and of the Council⁴ established the European Travel Information and Authorisation System ('ETIAS') for third-country nationals exempt from the requirement to be in possession of a visa when crossing the external borders of the Union. That Regulation laid down the conditions and procedures for issuing or refusing a travel authorisation *under ETIAS*.
- (2) ETIAS enables consideration of whether the presence of those third-country nationals in the territory of the Member States would pose a security, illegal immigration or high epidemic risk.
- (3) In order to enable the ETIAS Central System to *process application files as* referred to in Regulation (EU) 2018/1240, it is necessary to establish interoperability *between the ETIAS Information System, on the one hand, and* the Entry/Exit System ('EES'), the Visa Information System ('VIS'), the Schengen Information System ('SIS'), *Eurodac* and the European Criminal Records Information System – Third-Country Nationals ('ECRIS-TCN') (*other EU information systems*), *and Europol data* as defined in that Regulation ('Europol data'), on the other hand. ■

⁴ Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226 (OJ L 236, 19.9.2018, p. 1).

- (4) This Regulation, together with Regulations (EU) 2021/...⁵⁺ and (EU) 2021/...⁶⁺⁺ of the European Parliament and of the Council, lays down rules on the implementation of the interoperability between the ETIAS Information System, on the one hand, and other EU information systems and Europol data, on the other hand, and the conditions for the consultation of data stored in other EU information systems and Europol data by ETIAS for the purpose of automatically identifying hits. As a result, it is necessary to amend Regulations (EU) 2018/1862⁷ and (EU) **2019/818⁸ of the European Parliament and of the Council** in order to connect the ETIAS Central System to other EU information systems and to Europol data and to specify the data that will be sent between those EU information systems and Europol data.

⁵ Regulation (EU) 2021/... of the European Parliament and of the Council of ... amending Regulations (EU) 2019/816 and (EU) 2019/818 as regards the establishment of the conditions for accessing other EU information systems for the purposes of the European Travel Information and Authorisation System (OJ L ...).

+ OJ: Please insert in the text the number of the Regulation in document PE 16/21 (2019/0001B (COD)) and insert the number, date and OJ reference in the footnote.

++ OJ: Please insert in the text the number of the Regulation in document PE 17/21 (2019/0002 (COD)) and insert the number, date and OJ reference in the footnote.

⁷ Regulation (EU) 2018/1862 of the European Parliament and of the Council of 28 November 2018 on the establishment, operation and use of the Schengen Information System (SIS) in the field of police cooperation and judicial cooperation in criminal matters, amending and repealing Council Decision 2007/533/JHA, and repealing Regulation (EC) No 1986/2006 of the European Parliament and of the Council and Commission Decision 2010/261/EU (OJ L 312, 7.12.2018, p. 56).

⁸ **Regulation (EU) 2019/818 of the European Parliament and of the Council of 20 May 2019 on establishing a framework for interoperability between EU information systems in the field of police and judicial cooperation, asylum and migration and amending Regulations (EU) 2018/1726, (EU) 2018/1862 and (EU) 2019/816 (OJ L 135, 22.5.2019, p. 85).**

- (5) As regards the implementation of the interoperability with Eurodac, in accordance with Regulation (EU) 2018/1240, the necessary consequential amendments will be adopted once the recast of Regulation (EU) No 603/2013 of the European Parliament and of the Council⁹ is adopted.

(6) *The European Search Portal (ESP), established by Regulation (EU) 2019/817 of the European Parliament and of the Council¹⁰ and Regulation (EU) 2019/818, will enable the data stored in ETIAS and the data stored in the other EU information systems concerned to be queried in parallel.*

- (7) Technical arrangements should be established to enable ETIAS to regularly and automatically verify in other EU information systems whether the conditions for the retention of application files, as laid down in Regulation (EU) 2018/1240, are still fulfilled.

⁹ Regulation (EU) No 603/2013 of the European Parliament and of the Council of 26 June 2013 on the establishment of ‘Eurodac’ for the comparison of fingerprints for the effective application of Regulation (EU) No 604/2013 establishing the criteria and mechanisms for determining the Member State responsible for examining an application for international protection lodged in one of the Member States by a third-country national or a stateless person and on requests for the comparison with Eurodac data by Member States’ law enforcement authorities and Europol for law enforcement purposes, and amending Regulation (EU) No 1077/2011 establishing a European Agency for the operational management of large-scale IT systems in the area of freedom, security and justice (OJ L 180, 29.6.2013, p. 1).

- (8) It is possible to revoke ETIAS travel authorisations following the entering in SIS of new alerts on refusal of entry and stay, or new alerts concerning a travel document reported as lost, stolen, misappropriated or invalidated. In order for the ETIAS Central System to be informed automatically by SIS of such new alerts, an automated process should be established between SIS and ETIAS.

█

- (9) The conditions, *including access rights*, under which the ETIAS Central Unit and ETIAS National Units are able to consult data stored in other EU information systems for the purposes of ETIAS should be safeguarded by clear and precise rules regarding access by the ETIAS Central Unit and ETIAS National Units to the data stored in other EU information systems, the types of query and the categories of data, all of which should be limited to what is strictly necessary for the performance of their duties. In the same vein, the data stored in the ETIAS application files should be visible only to those Member States that operate the underlying information systems in accordance with the arrangements for their participation.
- (10) Pursuant to Regulation (EU) 2018/1240, the European Union Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice (eu-LISA), established by Regulation (EU) 2018/1726 of the European Parliament and of the Council¹¹, is to be responsible for the design and development phase of the ETIAS Information System.
