2. RECALL the Resolution of the Council and of the Representatives of the Governments of the Member States, meeting within the Council, on a European Union Work Plan for Sport for 2011-2014<sup>1</sup> and 2014-2017<sup>2</sup>.

<sup>3</sup> 5516/17 + ADD 1.

4. CONSIDER that sport can contribute to the overarching priorities of the EU's security, economic and social policy agendas and in particular to the Europe 2020 Strategy for smart, sustainable and inclusive growth.
5. RECOGNISE that sport plays a positive role in the cross-sectoral cooperation at EU level and thereby helps to ensure sustainable development and to adequately tackle the overarching socio-economic and security related challenges facing the EU, including migration, social exclusion, radicalisation that may lead to violent extremism, unemployment, as well as unhealthy lifestyles and obesity.
6. ACKNOWLEDGE the need for appropriate cooperation with the sport stakeholders inter alia through the structured dialogue<sup>4</sup>.
7. TAKE NOTE of the results from the Eurobarometer on Sport and Physical Activity published in 2014, acknowledging the great differences among Member States, including as regards the results on voluntary work and sedentary behaviour, and take note of the statistics produced by Eurostat covering key economic and social data on sport.
8. ACKNOWLEDGE the need to cooperate with third countries, in particular candidate countries and potential candidates to the EU, to promote European values through sport diplomacy, and with the competent international organisations in the field of sport, including the Council of Europe, WADA and the World Health Organization.

<sup>4</sup> Council Resolution of 18 November 2010 where the Council agreed to convene, on a regular basis, generally in the margins of the Council meeting, an informal meeting of leading representatives of the EU public authorities and the sport movement with the aim of exchanging views on sporting issues in the EU (OJ C 322, 27.11.2010, p. 1)

9. CONSEQUENTLY AGREE

- to further develop a framework of European cooperation in the field of sport by establishing a third EU Work Plan for Sport for Member States and Commission actions;
- on a concrete timeline for this Work Plan, namely 1 July 2017 to 31 December 2020;
- that activities at EU level in the field of sport should focus on the priority themes, key topics, outputs as well as working methods and structures listed in this Work Plan, and as set out in Annex I.

II. DEVELOPING FURTHER THE EUROPEAN DIMENSION IN SPORT BY  
ESTABLISHING AN EU WORK PLAN

10. CONSIDER that this EU Work Plan for Sport should be governed by the following guiding objectives:

- to ensure, through cross-sectoral cooperation, the awareness of other EU policy domains of the contribution that sport can make in meeting the policy challenges facing the EU;
- to strengthen further the evidence base for sport;
- to promote a cooperative and concerted approach among Member States and the Commission, and where appropriate with the sport movement and other relevant stakeholders, to deliver added value in the field of sport at EU level over the longer term;
- to address transnational challenges using a coordinated EU approach;
- to take into account the specific nature of sport;

- to contribute to the overarching priorities of the EU economic and social policy agenda, as well as sustainable development in order to give a boost for jobs, growth and investment as well as preparing the post 2020 period<sup>5</sup>;
- to promote gender equality;
- to take into account the relationship between education and sport, including dual careers;
- to build on the achievements of the first two EU Work Plans for Sport;
- to complement and reinforce the impact of activities launched under the *Erasmus+* programme in the field of sport;
- to contribute to the development of grassroots sports in the EU.

11. **UNDERLINE** that this EU Work Plan should be a flexible framework and instrument which is capable of responding in a timely way to developments in the field of sport and to take into account the priorities of the future Presidencies.

12. **AGREE** that the following themes and key topics should be given priority by Member States and the Commission for the period covered by this Work Plan. They could be complemented by each Presidency in the light of any possible new developments:

- 1) Integrity of sport, in particular promoting good governance including the safeguarding of minors, the specificity of sport, combatting corruption and match fixing, as well as fighting doping;
- 2) The economic dimension of sport, in particular innovation in sport, and sport and the digital single market;
- 3) Sport and society, in particular social inclusion, the role of coaches, education in and through sport, sport and health, sport and environment and sport and media, as well as sport diplomacy.

The details relating to the execution of the above key topics are set out in Annex I.

13. AGREE that

- the EU Work Plan may be revised by the Council and the Representatives of Governments of the Member States, meeting within the Council in the light of results achieved and policy developments at EU level;
- mid-term reflections on the EU Work Plan will be organised during the first half of 2019.

III. WORKING METHODS AND STRUCTURES

14. RECOGNISE that there is a need to continue close cooperation between Member States as well as with the Commission to implement the Work Plan. Also recognise that the sport movement and relevant competent organisations at national, European and international levels such as the Council of Europe, WADA and the WHO should be closely associated to this cooperation.

15. CONSIDER that

Appropriate working structures and methods should be established for the follow-up of achievements from the first two EU Work Plans and for developing new outputs in line with the priority themes and key topics, as set out in paragraph 12 above;

Expert Groups and clusters meetings should be organised, when appropriate, by the Commission in the policy areas which were inter alia dealt with extensively by the previous and current Work Plans for Sport.

Meetings may be organised at the initiative of one or several Member States on subjects of common interest (groups of interested Member States). These meetings will deal, inter alia, with peer learning activities among participating Member States.

Other structures and working methods may include Presidency conferences and seminars, informal meetings of Sport Ministers and Directors, Commission studies and Commission conferences and seminars.

The key principles relating to the various working methods are set out in Annex II.

In the second half of 2020, the implementation of the present EU Work Plan will be evaluated by the Council on the basis of a report prepared by the Commission during the first half of 2020.
