RAPPORT MILL-KUMMISSJONI

dwar l-applikazzjoni tad-Direttiva tal-Kunsill 96/67/KE tal-15 ta' Ottubru 1996

1. Introduzzjoni

1. Fil-15 ta' Ottubru 1996 il-Kunsill adotta d-Direttiva 96/67/KE dwar l-aċċess għas-suq tal-*groundhandling* fl-ajruporti tal-Komunità. Id-Direttiva kienet l-ewwel pass lejn il-ftuħ gradwali ta' aċċess għas-suq tal-*groundhandling* sabiex tgħin fit-tnejja tħalli minnha. L-Artikolu 22 tad-Direttiva jeħtieg li l-Kummissjoni thejjji rapport dwar l-applikazzjoni tad-Direttiva. Dan ir-Rapport tal-Kummissjoni għandhu l-għan li jikkonforma ma' dan ir-rekwizit.
2. Għat-talba tal-Kummissjoni, fl-2002, kien sar studju 'dwar il-kwalità u l-effiċjenza tas-servizzi tal-*groundhandling* fl-ajruporti ta' l-UE bhala rizultat ta' l-implementazzjoni tad-Direttiva tal-Kunsill 96/67/KE. Il-Kummissjoni ippubblikat dan l-istudju fuq il-website tagħha¹ minħabba li fih tagħrif ta' siwi dwar l-effetti ekonomici li d-Direttiva kellha fl-Istati Membri varji.
3. Għandu jitfakkar li d-Direttiva tagħmel distinzjoni importanti bejn żewġ tipi ta' servizzi tal-*groundhandling*: (1) il-kategoriji ta' servizzi li għalihom, fl-ajruporti li jilhqqu ġertu limitu, jeżisti aċċess liberu għall-fornituri tas-servizzi tal-*groundhandling* u li għalihom l-utenti ta' l-ajruporti huma ħielsa biex jagħmlu s-*self-handling*; u (2) l-ġħadd limitat ta' kategoriji specifiċi ta' servizzi tal-*groundhandling*², li jiġi riżervat għal għadd limitat ta' fornituri ta' servizzi tal-*groundhandling* u l-utenti tas-*self-handling* rispettivament. Dawn ta' l-ahħar huma imsemmija wkoll bħala servizzi ristretti u din it-terminoloġija ġiet użata fit-test li ġej:

4. Traspożizzjoni tad-Direttiva fil-leġiżlazzjoni nazzjonali

It-traspożizzjoni tad-Direttiva fil-leġiżlazzjoni ta' l-Istati Membri fil-biċċa l-kbira tal-każijiet kienet process relativament bla xkiel ukoll jekk hafna mill-Istati Membri tal-Kummissjoni kellhom jidħlu fkorrispondenza u konsultazzjonijiet sabiex jikkjarifikaw u jipprovdu t-tagħrif u l-ghajnejha dwar kif għandha tigi trasposta b'mod korrett id-Direttiva. Kwistjoni oħra kienet il-pass pjuttost kajman li bih it-traspożizzjoni tlestat: il-biċċa l-kbira tal-leġiżlazzjoni nazzjonali l-ġdid ġiet adottata qabel l-1999 filwaqt li erba' Stati Membri ttardjaw sa l-1999 biex jadottaw legiżlazzjoni u wieħed minnhom sa l-2000.

² I.e. l-immaniġġjar tal-bagalji, l-immaniġġjar fuq ir-rampa, l-immaniġġjar tal-fjuwil u ż-żejt, l-immaniġjar tal-merkanzija u tal-posta fir-rigward tal-*handling* fiziku tal-merkanzija u tal-posta bejn it-terminal ta' l-ajru u l-ingenu ta' l-ajru.

5. Fiż-żewġ kažijiet il-Kummissjoni ma qablitx ma' l-Istati Membri dwar il-mod kif ittrasponu l-Artikolu 18 tad-Direttiva, li jistipula li l-Istati Membri jistgħu jieħdu l-miżuri neċċessarji biex jiżguraw il-protezzjoni tad-drittijiet tal-ħaddiema. Il-Kummissjoni kienet tal-fehma li l-leġiżlazzjoni nazzjonali adottata mill-Istati Membri kkonċernati marret kontra l-applikazzjoni effettiva tad-Direttiva. Il-Qorti tal-Ġustizzja Ewropea fl-aħħar iddeċidiet skond dan³ u issa Stat Membru wieħed ikkonforma mad-deċiżjoni tal-Qorti. Il-Kummissjoni qed tikkunsidra jekk tieħux azzjoni legali kontra l-Istat Membru l-ieħor abbaži ta' l-Artikolu 228 tat-Trattat.

6. Eżenzjonijiet abbaži ta' l-Artikolu 9 tad-Direttiva

Fejn flajrūport jeżistu restrizzjonijiet speċifici ta' spazju jew ta' kapaċità disponibbli, l-Istati Membri jistgħu jiddeċiedu jillimitaw l-ghadd ta' *'handlers*. L-Istati Membri għandhom jagħtu notifika lill-Kummissjoni dwar kwalunkwe eżenzjoni li huma jkunu taw. Abbaži ta' l-Artikolu 9 tad-Direttiva l-Kummissjoni rċeviet għaxar notifikasi. Wara li eżaminathom, il-Kummissjoni tat tmien eżenzjonijiet u rrifjutat tnejn. Lista ta' l-ajruporti kkonċernati hija ppreżentata kif ġejja.

Eżenzjonijiet mitluba fit-30 ta' Ottubru 1998 mill-ajruporti ta' Cologne/Bonn u ta' Oporto fl-10 ta' Jannar 2000 rispettivament ma ġewx mogħtija.

L-Anness A jaġhti ħarsa in generali tar-restrizzjonijiet tal-kapaċità u ta' l-ispażju li ltaqgħu magħhom l-operaturi ta' l-ajruport wara l-implementazzjoni tad-Direttiva. Dan l-Anness huwa bbażat fuq stħarrig bil-posta u ma jinkludiex l-ajruporti kollha magħġuri ta' l-UE.⁴ Jidher li minbarra l-ajruporti hawn imsemmija, li kienu ssottomettw talba għall-eżenzjoni li mbagħad ingħatat, wara d-dħul fis-seħħi tad-Direttiva l-biċċa l-kbira ta' l-ajruporti ma kellhom l-ebda problema biex jakkomodaw il-*'handlers* godda jew inkella setgħu jagħmlu arranġamenti biex isibu soluzzjoni malajr. Il-fehma tagħhom hija l-istess bħal tal-fornituri tas-servizzi fuq firxa wiesgħa.

7. Applikazzjoni tad-Direttiva

L-Artikolu 1(4) tad-Direttiva jeħtieg li l-Kummissjoni tippubblika kull sena lista ta' l-ajruporti Kommunitarji li fihom għandhom jinfetaħ is-suq tal-*groundhandling* fkonformità mad-dispozizzjonijiet rilevanti tad-Direttiva. Il-lista l-aktar riċenti ġiet ippubblikata fis-17

³ Deċiżjoni ta' l-ECJ tad-9 ta' Dicembru 2004, Każ C-460/02 Il-Kummissjoni v. Ir-Repubblika ta' l-Italja. Deċiżjoni ta' l-ECJ ta' l-14 ta' Lulju 2005, il-Kummissjoni v. Ir-Repubblika Federali tal-Ġermanja, Każ C-386/2003.

⁴ L-istess japplika għall-Annessi E, F, G, H and I.

ta' Novembru 2006⁵. Din il-lista hija bbażata fuq l-istatistika tat-traffiku tal-passiġġieri u tal-merkanzija fis-sena 2005 u hija mehmuża bħala l-Annex B. Għalhekk f'dik is-sena kien hemm 95 ajruport li kellhom aktar minn 2 miljun moviment ta' passiġġieri jew 50 000 tunnellata merkanzija, u 49 ajruport kienu taħt dan il-limitu iżda kellhom traffiku annwali ta' iżjed minn miljun moviment ta' passiġġieri jew 25 000 tunnellata merkanzija.

Minn dawn il-144 ajruport, 13-il ajruport biss fl-Istati Membri li ssieħbu ma' l-UE fl-2004 jilħqu l-limitu minimu ta' miljun moviment ta' passiġġieri/25 000 tunnellata merkanzija⁶.

L-effetti ta' l-applikazzjoni ta' din id-Direttiva hawn deskritti, huma l-aktar marbutin ma' l-ajruporti tal-15-il Stat Membru ghaliex l-ajruporti ta' l-Istati Membri 'ġodda' għad għandhom fit esperjenza tad-Direttiva.

8. L-ispiża tal-groundhandling

Huwa magħruf fuq firxa wiesgħa li mill-adozzjoni tad-Direttiva tal-groundhandling il-prezzijiet tas-servizzi tal-groundhandling waqghu kważi madwar l-Istati Membri kollha u huwa meqjus li dan it-tnaqqis jidher aktar f'dawk l-Istati Membri li qabel l-1996 kellhom monopolji tal-handling jew suq regolat ħafna. Għalhekk huwa rikonoxxut li d-Direttiva kellha effett pożittiv fuq il-kompetizzjoni, li setgħet waslet għal dan it-tnaqqis, ukoll jekk jitqies l-argument li żviluppi fl-industrija tal-linji ta' l-ajru wkoll setgħu kellhom sehem importanti fil-kaġun tal-pressjoni fuq il-prezzijiet ghaliex it-trasportaturi bl-ajru li riedu jnaqqsu l-ispejjeż kienu qiegħdin jagħmlu pressjoni fuq il-fornituri tas-servizzi tal-groundhandling biex iniżżluhom. L-Annex C juri l-iżviluppi fil-prezzijiet f'għadd ta' ajruporti ta' l-UE li seħħew mill-implimentazzjoni tad-Direttiva. L-Annex jiddiskrivi t-tnaqqis ġenerali tal-prezzijiet mill-perspettiva ta' dawk rispettivi li jieħdu sehem fis-suq ukoll jekk il-persentagġi preciżi jvarjaw. Il-perċeżżjoni rigward ir-raġuni eżatta għall-inżul fil-prezzijiet għalhekk mħuwiex uniformi.

9. Il-kwalità tal-groundhandling

Wara l-adozzjoni u l-implimentazzjoni tad-Direttiva, it-tibdiliet fil-livell ta' kwalità jidhru li varjaw f'ajruporti differenti. Il-partijiet interessati huma ta' fehmiet differenti, l-aktar mill-perspettiva tal-pożizzjonijiet kompetittivi rispettivi tagħhom fis-suq qabel u wara li d-Direttiva saret applikabbli, iżda l-każijiet fejn il-partijiet interessati, fuq firxa shiha, jirrikonoxxu żieda fil-livelli ta' kwalità jissuperaw bil-ħafna il-każijiet incidentali fejn deteriorament gie nnotat. Minbarra dawn iż-żewġ alternattivi – livelli ta' kwalità aktar għoljin jew aktar baxxi - hemm kazijiet fejn hemm assenza ta' kwalunkwe tibdil fil-livelli ta' kwalità. Il-perċeżżjoni in-ġenerali hija li r-riżultati ta' success taż-żieda fl-aċċess għas-suq huma livell aktar għoli ta' kompetizzjoni, żieda ta' l-ġhażla hielsa bejn il-fornituri tas-servizzi u tnaqqis fl-ispejjeż ta' dawn is-servizzi. It-trasportaturi bl-ajru huma l-benefiċjarji ewlenin ta' dan l-iżvilupp iżda użaww l-aktar biex jilaghbu l-fornituri varji kontra xulxin bil-ġhan li jiksbu l-ahjar prezzi, mentri saħqu anqas fuq il-kwalità tas-servizz.

10. Il-fehmiet dwar is-suġġett ivarjaw skond il-perspettiva tal-fornituri tas-servizzi tal-groundhandling, ta' l-operaturi ta' l-ajruport, u tat-trasportaturi bl-ajru li jagħmlu self-handling jew inkella jipprovd servizzi tal-handling lil partijiet terzi (jew li jagħmlu t-

tnejn) rispettivament. Il-konklużjoni generali hija li t-trasportaturi bl-ajru għandhom aktar libertà biex iqabbd l-*groundhandler* skond l-għażla tagħhom. It-trasportaturi bl-ajru jivvalutaw dan l-iżvilupp għax jimplika li fħafna każijiet il-monopolji tradizzjonali ta' l-ajrūporti, li mhux biss jipprovd l-infrastruttura iżda jaġixxu wkoll bhala fornituri ta' servizzi tal-*groundhandling*, gew alterati u soġġetti għall-kompetizzjoni.

11. L-ajrūporti jħossu li dan l-effett għandu certi riperkussjonijiet fuq il-livell tas-servizz u l-ġestjoni ta' l-ajrūport innifsu, għaliex żbalji accidentali għandhom mnejn jiddisturbaw l-effiċċjenza in generali tas-sistema ta' l-ajrūport. Il-Kumitat ta' Dawk li Jużaw l-Ajrūport muhuwiex l-ambitu l-aktar xieraq fejn dan is-suġġett jiġi diskuss minħabba li t-trasportaturi nazzjonali, li fħafna każijiet jagħmlu s-*self-handling* u għalhekk ikunu effettwati minn kwalunkwe regola rigward il-kwalità, għandhom certu saħha qawwija f'dan il-Kumitat. L-ajrūporti huma tal-fehma li mgħandhomx bizzejjed mezzi li jippermettulhom jindirizzaw tali sitwazzjonijiet. L-Annex D jipprovd ħarsa generali dwar l-iżvilupp fil-livelli ta' kwalità fl-ajrūporti ta' l-UE sa mill-applikazzjoni tad-Direttiva. Il-fehmiet ta' l-operaturi ta' l-ajrūporti dwar dan l-iżvilupp, il-Kumitat ta' Dawk li Jużaw l-Ajrūport u l-*groundhandler(s)* fl-ajrūport in kwistjoni ittieħdu fkunsiderazzjoni.

12. **Il-kompetizzjoni**

Id-Direttiva kellha wkoll l-effett tagħha fuq il-livell tal-kompetizzjoni fl-ajrūporti ta' l-UE għax fi kważi l-kategoriji kollha tas-servizzi tal-*groundhandling* l-ġhadd ta' fornituri tas-servizzi fis-suq żdied. L-Annex E jippreżenta l-ġhadd ta' *handlers* ta' terzi persuni preżenti fl-ajrūporti ta' l-UE kemm qabel u wara l-applikazzjoni tad-Direttiva⁷. Fil-parti l-kbira ta' l-ajrūporti fejn l-ġhadd inbidel kien hemm żieda. Huma biss is-servizzi tal-*handling* tal-fjuwil u taż-żejt fejn in-numri baqgħu generalment l-istess. Rigward l-ġhadd tas-*self-handlers* (it-tieni parti ta' l-Annex E), jew baqa' l-istess jew inkella naqas. In numru f'parenteżi wara kull kategorija ta' servizz jirreferi għan-numru tal-kategorija ta' servizz elenkat fl-Annex tad-Direttiva.

13. Minkejja dawn in-numri ogħla, li juru żieda cara fil-kompetizzjoni fl-ajrūporti, fornituri tas-servizzi tal-*groundhandling* indipendenti jikkunsidraw li l-opportunitajiet tagħhom għall-kummerċ baqgħu limitati meta wieħed iqis dak li jikkunsidraw bhala ‘suq kontestabbi’ relativvament żgħir notevolment fl-ajrūporti akbar, jiġifieri dik il-biċċa tas-suq li mhix fidejn it-trasportaturi ta' l-obbligu u/jew l-operatur ta' l-ajrūport u għalhekk tista' mingħajr ebda xkiel tinqabad minn *handlers* indipendenti. Dan jiġi spjegat minħabba l-hafna *hub carriers* li mhux biss jagħmlu *self-handling* iżda li ukoll, bhala *handlers* ta' partijiet terzi, jipprovd servizzi ta' *handling* lil shabhom ta' alleanza, ta' sehem fil-kodiċi jew ta' rappreżentanza abbażi ta' l-arrangamenti ta' *handling* reciproku bejn it-trasportaturi bl-ajru (‘jekk jien nagħmel *handling* miegħek fl-ajrūport tiegħi, inti tagħmel *handling* miegħi fl-ajrūport tiegħek’). Fejn fit-tali ajrūporti l-operatur ta' l-ajrūport huwa wkoll attiv fis-suq, is-sehem tas-suq li fadal biex jitqabbad mill-*handlers* indipendenti jista' jkun verament żgħir. Dan jidher li ma nbidilx mill-applikazzjoni tad-Direttiva. Il-fornituri tas-servizzi indipendenti jsostnu li minħabba din is-sitwazzjoni l-opportunitajiet tagħhom għall-kummerċ u għall-għad-dawl ma tantx tjiebu fir-realtà. Għaldaqstant, dan ma jidhirx li jikkonforma bis-shiħi man-numri ogħla li ssemmew hawn fuq: li kieku l-fatti u l-figuri kienu verament moderati għall-*handlers* indipendenti, kif huma jsostnu, hafna minnhom ma kienux jibqgħu fis-suq kif infatti hu l-każ-

⁷

Għal perspettiva shiħa, l-ġhadd ta' trasportaturi bl-ajru tas-*self-handling* iddah lu wkoll.

14. Il-proċedura ta' l-għażla

L-Artikolu 11 tad-Direttiva jeħtieg li l-Istati Membri jieħdu l-miżuri meħtiega għall-organizzazzjoni ta' proċedura ta' l-għażla għall-fornituri li jixtiequ jingħataw l-awtorizzazzjoni li jipprovd u s-servizzi tal-*groundhandling* fl-ajruporti fejn l-ġħadd tagħhom huwa limitat. Meta operatur ta' ajruport ma jkunx direttament jew indirettament involut fil-forniment ta' servizzi simili jista' jinhatar responsabbi għall-ġħażla mill-awtoritajiet pubblici. B'hekk, l-entità li tagħżej il-*handler* ma tistax tkun il-kompetitur tiegħi ġaladbarba l-*handler* jibda joffri s-servizzi tiegħi. Iżda, fil-prattika mhux fil-każijiet kollha ġew żgurati d-diviżjoni u l-indipendenza li kienu maħsuba. Hemm każijiet fejn l-Istati Membri għandhom sehem finanzjarju f'ajruport li mhux biss jipprovi l-infrastutura għat-trasport bl-ajru iżda wkoll is-servizzi tal-*groundhandling*. B'rīzultat ta' dan l-Interest dirett ta' Stat Membru fil-possibbiltà ta' qligħ tal-kumpanija ta' l-ajruport, l-awtoritajiet ikkonċernati mhumiex dejjem lesti li jagħmlu l-ġħażla li hija fl-aħjar interess ta' dawk li jużaw l-ajruport.

15. L-Artikolu 11 jistpula wkoll li l-fornituri tas-servizzi tal-*groundhandling* jintagħżlu għal perijodu *massimu* ta' 7 snin. Il-fornituri tas-servizz u t-trasportaturi bl-ajru jaħsbu li dan il-perijodu huwa qasir wisq biex jippermettielhom jerġgħu jiksbu l-investimenti konsiderevoli li kienu għamlu fil-persunal u fit-tagħmir, ghalkemm din ir-restrizzjoni ta' żmien mhix l-uniku aspett: il-fornituri tas-servizzi wkoll isibuha diffiċli biex ifasslu strategiji fuq perijodu aktar fit-tul minħabba li t-trasportaturi bl-ajru mhumiex kuntenti li jidħlu f'kuntratti u impenji b'terminu twil. Perijodu ta' licenzja *iqsar*, kif ġie stabbilit fċerti każijiet, jista' jagħmilha ferm aktar diffiċli, speċjalment għal dawk li għadhom kif daħlu, biex joħolqu negozju ġdid u, minħabba f'hekk, tista' sservi bħala ostakolu għall-aċċess.

16. Il-partecipazzjoni ta' l-operatur ta' l-ajruport fis-suq tal-*groundhandling*

F'għadd imdaqqas ta' l-Istati Membri (fl-Awstrija, f'Cipru, fir-Repubblika Čeka, fil-Franza, fl-Italja, f'Malta, fil-Polonja, fil-Portugall) l-operatur ta' l-ajruport huwa attiv fis-suq tal-*groundhandling* billi jipprovd servizzi tal-*handling* u għalhekk huwa kompetitur dirett ta' fornituri tas-servizzi tal-*groundhandling* u t-trasportaturi bl-ajru li jipprovd dawn is-servizzi għall-partijiet terzi. Ir-raġuni hi li fdawk l-Istati Membri, u fxi oħrajn ukoll, generalment ježisti obbligu legali għall-ajruporti biex jipprovd servizzi tal-*groundhandling*. Il-ġustifikazzjoni għal dan hija li tipprevjeni s-sitwazzjoni li ježistu ajruporti fejn ebda servizzi tal-*groundhandling* jiġu pprovduti. Xorta waħda, jibqa' l-fatt li f'hafna ajruporti akbar fejn hemm numru bizzarejjed ta' fornituri ta' servizzi interessati li jipprovd s-servizzi tagħhom jew fejn l-utenti ta' l-ajruport jipprovd ukoll *handling* minn-partijiet terzi, il-korpi ta' gestjoni ta' l-ajruporti huma attivi fis-suq billi jipprovd s-servizzi tal-*handling*. F'hafna mit-tali ajruporti għandhom pozizzjoni qawwija, li tagħmilha diffiċli għal kompetitur jew għal min hu ġdid li jikseb sehem tas-suq (addizzjonal).

17. It-trasportaturi bl-ajru u l-*handlers* iqisu li fdawk l-ajruporti fejn il-korp tal-ġestjoni imexxi l-ajruport iżda fl-istess ħin jaġixxi bħala fornitur ta' servizzi tal-*groundhandling*, hemm it-tixkil tal-kompetizzjoni, għaliex il-korp tal-ġestjoni ta' l-ajruport jista' jkollu kontroll zejjed fuq dak li jsir u b'hekk jaffettwa l-aktivitajiet kummerċiali ta' kuljum fl-ajruport, biex ikun jista' jaġixxi bħala kompetitur normali. Fi kliem ieħor, l-operatur ta' l-ajruport huwa r-regolatur, is-sid, l-operatur ta' l-infrastruttura u l-*groundhandler* fl-istess ħin u dawn ir-rwoli huma konfliġġenti. Din id-Direttiva ma toffixx ghodod b'saħħithom bizzarejjed biex jipprevjeni sitwazzjoni bħal din. Min-naħha l-oħra, l-ajruporti jargumentaw li l-fornituri ta' servizzi indipendenti u t-trasportaturi bl-ajru igawdu minn beneficiċċi li l-

operaturi ta' l-ajruport mgħandhomx, għax il-handlers kbar indipendenti u t-trasportaturi bl-ajru ta' l-obbligu joperaw fuq livell globali u għalhekk qeqħdin f'pożizzjoni li jibbenefikaw mill-ekonomiji skond il-kobor. It-tabella fl-Anness F turi fliema ajruporti ta' l-UE l-operatur ta' l-ajruport qed iwettaq ukoll attivitā bħala fornitur ta' servizzi tal-groundhandling. Din it-tabella mhix kompluta għaliex mhux kull ajruport huwa msemmi.

18. Infrastruttura centralizzata

L-Artikolu 8 tad-Direttiva jippermetti lill-Istati Membri li jżommu għall-operatur ta' l-ajruport, il-manġment ta' l-infrastruttura centralizzata li tintuża għall-forniment ta' servizzi tal-groundhandling u li bil-kumplessità, l-ispiżja jew l-impatt ambientali tagħha, ma jippermettux is-separazzjoni jew duplikazzjoni tagħha. L-operatur ta' l-ajruport jista jezīgi li l-fornituri u t-trasportaturi bl-ajru tas-self-handling ikunu obbligati jużaw din l-infrastruttura, u jistgħu jimponu l-imposti għall-użu tal-facilitajiet. Din id-dispożizzjoni holqot incertezza dwar id-definizzjoni ta' x'inhi eżattament infrastruttura centralizzata kif ukoll dwar kemm tiswa biex tintuża. Rigward din id-definizzjoni, f'xi whud mill-Istati Membri dawk li jużaw l-ajruport ma jaraw ebda htiegħa li l-awtoritajiet jindahlu f'din il-kwistjoni, filwaqt li f'xi Stati Membri oħra l-utenti huma favur iżda l-awtoritajiet damu biex jirreagixxu. Kwistjoni aktar pressanti hija l-mod kif l-ajruporti jitkolu ħlas għall-użu ta' l-infrastruttura centralizzata mit-trasportaturi bl-ajru: din tvarja bejn ajruport u ieħor u mhix trasparenti. Jista' jkun hemm sovrapozizzjoni minħabba l-imposti ajrunawtiċi iżda peress li għad mħuwiex ċar il-mod ta' kalkolu ta' l-imposta għall-infrastruttura, dan mhux cert. Il-korp ta' gestjoni ta' ajruport jista' ukoll jagħti skont fuq dawn l-imposti lill-klijenti tiegħi tas-servizzi tal-handling u dan jiġi jxekkel il-kompetizzjoni. Bħal eżempju, l-Anness G jsemmi għadd ta' ajruporti fl-UE u jistipula jekk l-infrastruttura centralizzata ġietx definita jew le, x'inhu il-baži ta' l-imposti għall-infrastruttura u jekk kienx hemm xi problemi.

19. Aċċess għal stallazzjonijiet

Relatata mas-suġġett hawn fuq imsemmi hija d-dispożizzjoni ta' l-Artikolu 16 tad-Direttiva li tiggħarantixxi aċċess għal stallazzjonijiet ta' l-ajruport lill-fornituri ta' servizzi u l-utenti ta' l-ajruport li jagħmlu self-handling. Tistipula wkoll li l-ispazju disponibbli għall-groundhandling f'ajruport għandu jiġi diviż bejn il-fornituri varji tas-servizzi tal-groundhandling u l-utenti ta' l-ajruport li jagħmlu s-self-handling sabiex jippermetti l-kompetizzjoni ġusta. Il-korp tal-ġestjoni ta' l-ajruport jista' jistipula kundizzjonijiet dwar dan l-aċċess u barra minhekk jista' jiġbor ħlas għall-aċċess li gie definit aktar fid-dettal bħala ħlas kummerċjali, li għandu jiġi determinat skond il-kriterji rilevanti ta' oggettività, trasparenza u mingħajr diskriminazzjoni. Fil-prattika, il-possibbiltà li jingabar il-ħlas ma ttieħditx mill-ajruporti kollha: xi whud mill-ajruporti ma' jitkolu ħlas għall-aċċess minn għand il-handlers jew it-trasportaturi bl-ajru, iżda ajruporti oħra jitkolu.

20. In-natura eżatta tal-ħlas għall-aċċess kien is-suġġett ta' procedimenti legali bejn il-Lufthansa u l-Ajruport ta' Hannover-Langenhagen, b'dan ta' l-ahħar jieħu l-pożizzjoni li l-ħlas kellu jitqies bħala ħlas dovut għall-forniment ta' aċċess ekonomiku lit-trasportaturi bl-ajru fis-suq li huwa l-ajruport. Il-Lufthansa opponiet dan u kienet tal-fehma li l-ħlas kien marbut mas-servizz u għalhekk ried ikun hemm xi forma ta' relazzjoni bejn is-servizz ipprovdut mill-ajruport u l-ħlas innifsu. Fis-16 ta' Ottubru 2003, il-Qorti tal-Ġustizzja Ewropea hadet id-deċiżjoni li l-Artikolu 16(3) jipprekludi operatur ta' l-ajruport milli jifta aċċess għas-suq tal-groundhandling fl-ajruport soġġett għal ħlas minn trasportatur bl-ajru tas-self-handling jew minn fornitur ta' servizzi tal-groundhandling ta' ħlas għall-aċċess

bħala valur għall-għoti ta' opportunità kummerċjali minbarra l-ħlas dovut minn dak is-self-handler jew fornitur ta' stallazzjonijiet ta' l-ajrūport.⁸ Il-ħlas li jista' jingabar għall-użu ta' l-istallazzjonijiet ta' l-ajrūport għandu jiġi determinat skond il-kriterji stabbiliti fl-Artikolu 16(3).

21. Fil-biċċa l-kbira ta' l-ajrūporti ta' l-UE, il-korpi ta' ġestjoni għamlu li setgħu biex jakkomodaw dawk ġodda li daħlu fis-suq billi allokawlhom facilitajiet minkejja l-limitazzjonijiet li kien hemm minhabba perijodi ta' l-aqwa intensità bħall-istaġuni tas-sajf jew inkella minhabba ftehimiet eżistenti ta' kirja li kellhom jiġu onorati. Generalment, ma kien hemm ebda allokazzjoni jew distribuzzjoni ta' facilitajiet ingusta u l-okkażjonijiet fejn il-ġodda ġew allokati facilitajiet f'qar għal t'apposta kienu ftit. Din hija konfermazzjoni siewja mill-perspettiva tal-kompetizzjoni, għax it-trasportaturi bl-ajru jifhmu li l-allocazzjoni tal-facilitijiet lill-handlers jafettwa l-għażla kummerċjali tagħhom tal-handler.

22. Impjegi

Groundhandling huwa intensiv fl-impieg: madwar tlett kwarti mill-ispejjeż kollha tal-handling għandhom x'jaqsmu ma' l-impieg tal-personal. It-thassib ġenerali fl-Istati Membri huwa li hija diffiċli għall-fornituri ta' servizzi tal-groundhandling biex jiġbdu, u jżommu, personal ikkwalifikat li jagħmel l-handling għaliex jidher li hemm bdil sinifikanti ta' personal. Minbarra dan, kien hemm allegazzjoni li ż-żieda fil-kompetizzjoni minhabba d-Direttiva waslet għat-tkeċċija min-naħha tat-trasportaturi ta' l-obbligu jew il-fornituri tas-servizz ta' ghadd mill-personal tagħhom filwaqt li dawk li daħlu akkwistaw impiegati ġodda iż-żeda ġeneralment b'paci aktar baxxi. Kien hemm, f'xi Stati Membri, element ta' pressjoni fuq ir-relazzjonijiet tax-xogħol, il-livelli tas-salarji u l-kundizzjonijiet tax-xogħol u għalhekk fuq l-istabbiltà tal-forza tax-xogħol. Intqal li dawk ġodda li daħlu, u magħhom indirettament daħlet il-kompetizzjoni, kienu l-kaġun tad-deterjorament fil-kwalifikasi u t-taħriġ tal-personal u l-kundizzjonijiet tax-xogħol tagħhom u li b'hekk il-kwalità tas-servizzi pprovduti thassret. Madankollu, ma hemm ebda dejta disponibbli u din tagħmilha diffiċli biex dawn l-ipotesi jiġu ssostanzjati jew ivverifikati. L-Annex H jipprovdi tagħrif dwar liema tibdiliet fil-kundizzjonijiet soċjali seħħew mill-perspettiva ta' l-operaturi ta' l-ajrūport, il-Kumitat ta' Dawk li Jużaw l-Ajrūport u l-fornituri tas-servizzi rispettivament. Għandu jiġi nnotat li numru sinifikanti tal-partijiet interessati u li ġew intervistati ma reagixxew għall-mistoqsijiet dwar din il-kwistjoni u dan jista' jindika li mhuwiex punt ta' diskussjoni jew ta' thassib partikolari għalihom. L-Annex I jipprovdi ħarsa ġenerali dwar l-opinjonijiet tal-unions u tal-kunsilli tax-xogħol rigward l-impatt allegat negattiv tad-Direttiva.

23. Riżultati ġenerali tad-Direttiva

L-Annex J jirrifletti r-riżultati ġenerali tad-Direttiva mill-perspettiva ta' l-operaturi ta' l-ajrūport, il-Kumitat ta' Dawk li Jużaw l-Ajrūport - li jikkonsistu f'trasportaturi bl-ajru - , u l-fornituri tas-servizz tal-groundhandling.

3. Applikazzjoni fl-ghaxar Stati Membri mill-adeżjoni tagħhom fl-1 ta' Mejju 2004

24. Bhala riżultat tal-limiti stabbiliti bid-Direttiva, din ta' l-aħħar tapplika għal tlettax-il ajrūport⁹ f'disa' Stati Membri wara s-shubija tagħhom ma' l-UE fl-2004 għax it-traffiku annwali ta' dawk l-ajrūporti hija aktar minn miljun moviment ta' passiggieri. Abbaži tat-tagħrif mogħti mill-awtoritajiet pubbliċi fl-Istat Membri kkonċernati¹⁰, jidher li fil-maġgioranza ta' dawn l-Istat Membri d-Direttiva ġiet applikata b'mod korrett u l-Kummissjoni ma rċeviet ebda indikazzjoni mill-atturi fis-suq li jmur kontra dan it-tagħrif. Fi Stat Membru wieħed, is-sitwazzjoni mhix sodisfaċenti u l-Kummissjoni indirizzat l-awtoritajiet pubbliċi ta' dak l-Istat Membru dwar din il-kwistjoni.

Il-Kummissjoni tishaq li fkull każ fejn Stat Membru ma japplikax bis-shiħ u b'mod korrett id-Direttiva, il-Kummissjoni tibqa' tipprova bla heda u permezz ta' l-azzjoni biex tikseb l-applikazjoni shiħa tad-dispożizzjonijiet kollha tad-Direttiva.

4. *Groundhandling* u sigurtà

25. Il-Kummissjoni bdiet l-ispezzjonijiet Kommunitarji fil-qasam tas-sigurtà ta' l-avjazzjoni biss *wara* d-dħul fis-seħħ tad-Direttiva 96/67/KE. B'rīżultat, ma setgħet issir ebda valutazzjoni ta' differenzi potenzjali fl-implementazzjoni ta' mizuri ta' sigurtà fl-Ajrūporti Kommunitarji qabel u wara l-ftuħ tas-suq tal-*ground handling*.

Abbaži tar-riżultati ta' l-ispezzjonijiet tal-Kummissjoni li ilhom isiru minn Frar 2004, kif ukoll abbaži tal-kontenut fir-rapporti annwali ta' l-Istati Membri dwar il-kwalità nazzjonali fil-qasam tas-sigurtà ta' l-avjazzjoni, ma hemm ebda indikazzjoni li tissuġġerixxi li l-ġhadd ta' forniture tas-servizzi tal-*ground handling* li huma attivi f'ajrūport, u li n-numri tagħhom ivarja b'mod sinifikanti bejn l-Istati Membri, kellu impatt reali fuq il-kwalità tas-sigurtà u l-iżgurar ta' l-implementazzjoni tar-rekwiżiti għas-sigurtà.

Aċċess għal certi attivitajiet ta' *ground handling* bħat-tindif ta' l-ajrūplan u l-*catering* jistgħu jiġu kkunsidrati bħala sensittivi f'dak li għandu x'jaqsam mas-sigurtà ghax dawn isiru fuq ir-rampa ta' ajrūport u fl-ajrūplan innifsu, u ma' ġiex ristrett fid-Direttiva. F'hafna mill-ajrūporti kbar ta' l-UE, l-ġhadd ta' forniture ta' dawn is-servizzi huwa konsiderevolement oħla minn tnejn. Madankollu, il-preżenza tagħhom fuq ir-rampa ma tatx lok għal thassib dwar siġurtà.

26. Rekwiżiti ddettaljati ta' sigurtà għal persunal u għal vetturi li jidħlu f'postijiet kritici fiz-żoni ta' l-ajrūporti ristretti minħabba s-sigurtà huma stabbiliti fir-Regolament (KE) 2320/2002 li jistabbilixxi regoli komuni dwar il-qasam tas-sigurtà fl-avjazzjoni, kif ukoll fir-Regolamenti tal-Kummissjoni (KE) 622/2003 u 1138/2004. Dawn ir-rekwiżiti japplikaw ghall-persunal *kollu* li jaħdem ftali żoni u jinkludu l-iċċekkjar obbligatorju fl-isfond dwar l-identità ta' persuna u l-passat tagħha, inkluż rigward kwalunkwe passat kriminali, il-kontroll strett ta' identità u l-*iscreening* fiżiku tal-persunal mad-dħul f'dawk il-partijiet kritici taż-żona ristretta għas-sigurtà u t-twettiq ta' programm ta' taħrig u għarfien tas-sigurtà għal kull membru tal-persunal ikkonċernat. Dawn ir-rekwiżiti komuni wrew li waslu għall-forniment ta' livell adegwat ta' siġurtà, ikun x'ikun l-ġhadd ta' forniture ta' *ground handling* f'ajrūport.

5. It-triq 'il quddiem

27. F'Marzu 2003 is-servizzi tal-Kummissjoni ippubblikaw Karta ta' Konsultazzjoni dwar kwistjonijiet li għandhom jiġu indirizzati waqt reviżjoni tad-Direttiva. L-Istati Membri, il-pajjiżi ta' adeżjoni u dawk li huma involuti fl-industrija tat-trasport bl-ajru ġew mistiedna biex jagħtu l-opinjonijiet tagħhom u għamlu hekk b'mod estensiv. Waqt seduta li kienet saret fis-6 ta' April 2006, il-Kummissjoni għal darb'oħra ikkonsultat ruħha mal-partijiet interessati kollha dwar il-possibiltajiet varji għal tfassil ta' proposta għal reviżjoni tad-Direttiva.
28. Ghadd kbir ta' partijiet interessati rrikonoxxew il-htiega għat-titjib fid-Direttiva fis-sens li għandha tinkiseb simplifikazzjoni tad-Direttiva kif ukoll kjarifika tad-dispożizzonijiet li fiż-żmien wara l-1996 it-tifsira u l-ambitu tagħhom ġew soġġetti għal interpretazzjonijiet differenti. Il-Kummissjoni għandha tiddefinixxi l-kors ta' azzjoni tagħha abbaži tad-diskussjoni ta' dan ir-rapport fil-Kunsill u fil-Parlament Ewropew. Minbarra s-simplifikazzjoni u l-kjarifika tad-Direttiva, proposta fil-gejjjeni tista' timmira biex tipprovdi għal aktar ftuħ fis-suq u biex tirregola kwistjonijiet li saru rilevanti mill-applikazzjoni tad-Direttiva 'l hawn. Kwistjonijiet bħal dawn huma d-definizzjoni tar-rekwiziti ghall-insurance u l-standards ta' kwalità applikabbli fajr-report, u t-titjib fil-proċedura ghall-għażla tal-fornituri ta' servizzi. Fi kwalunkwe każ, il-Kummissjoni tibqa' issegwi mill-qrib is-suq tal-groundhandling bl-iskop li tivvaluta aktar l-iżvilupp tiegħu.

6. Konklużjonijiet

29. Id-Direttiva tal-Kunsill 96/67/KEE waslet għal:
- l-introduzzjoni ta' kompetizzjoni fħafna ajruporti li qabel kienu magħluqa jew li kienu swieq qiegħda;
 - valur aħjar għall-flus li ntefqu għas-servizzi tal-groundhandling;
 - aktar pressjoni fuq il-prezzijiet għas-servizzi tal-groundhandling;
 - f-xi każijiet agħir ta' dewmien min-naħha ta' l-awtoritajiet kompetenti rigward l-applikazzjoni shiħa tad-Direttiva;
 - ċertu impatt fuq il-kundizzjonijiet ta' l-impieg fl-industrija iżda ebda evidenza ta' tnaqqis generali fl-impieg;
 - rijorganizzazzjoni modesta fl-ishma tas-suq tal-groundhandling fl-ajruporti ta' l-UE l-aktar importanti f'sens ekonomiku.

ANNEX I

Negative impact of Directive according to unions/work councils – (Source: SH&E Limited, October 2002)

Lower salaries.	Insufficient conditions for the take over of staff in German law.
Deteriorating work and security conditions for workers and customers.	No participation of work councils in AUC to get information from first hand (not from the workers) and to come up for social items.
Lower quality levels.	No social aspects in the tender process.
More safety and security issues; also as a result of higher turnover of employees due to lower salaries.	Increase in activity on the ramp can lead to congestion and thus longer working hours for employees (this will become worse with more handlers).
Deteriorating working conditions: more pressure on staff due to increases in productivity (e.g. the increase in workload / productivity is equivalent of 15% less salary in Germany).	With the contracts between handler and airlines becoming shorter, there is less job security as job contracts become shorter as well and increase of the prospective risk for losing a job; shift to more flexible contracts for employees.

ANNEX J

Results of Directive - (Source: SH&E Limited, October 2002)

	Positive results	Negative results
Airport operator	More competition	Space problems: too many handlers in limited space
	More choice for handlers	Management of the apron more inflexible, resource allocation is more restricted
	Stimulated new economic impetus	Dominance in AUC by national carrier
	Better customer orientation	
		Decrease of service level (not covered by the Directive)
	Cost-reducing pressures lead to lower prices	Dilution of profit and performance
	Quality programmes to ensure service levels	Obligation of airport operator to guarantee the running of operation restricts competition with third party handlers
	Formal procedures to be followed by handling companies have been beneficial in terms of safety and security	Tendencies toward uncontrolled market access, with no limitation, difficult to make a good evaluation of the suppliers
		Difficulties in case of separately ordered service parts to meet the logistic requirements
		Additional staff training and supervision needed
		Process to limit handlers is very stringent.
		Handlers have been disincentivised from making long-term investments or devising long-term strategies due to short-term airline contracts and commitments.
		Extra demand for access to airside has security and space implications as well as the allocation of scarce resources to satisfy all handlers.
		Additional administration and supervisory work load for managing body.
		Handlers are constantly seeking ways to reduce costs and sometimes these measures have an impact on service standards.
Airport Users' Committee		Self-handling operators make use of infrastructure or resources that could have a greater utilisation from third party handlers.
		If several agents provide different services to same carrier (i.e. representation, passenger, baggage/ramp, etc.) a great deal of coordination is required to ensure acceptable standards
		Directive required airport operators to put a large amount of management resources into ensuring compliance without seeing any specific benefits.
	Better handling products	Limited capacity at airport
	Lower prices	Some handlers have bought market shares and then failed to deliver either a fully healthy product or a viable alternative.
Groundhandlers	Higher productivity	
	More choice for handlers	
	Less monopolistic behaviour	
	Efficiency improvement programmes	Market rates driven down by competition
	Lower prices for airlines	Lower profitability for both airports and handlers
	More choices for airlines	Less attractive employment conditions
	More choices for employees	Not one single handler has economies of scale
	Opened access to closed markets for third party handlers, removed airport monopoly activities	Strong competition may endanger the quality of services and create safety and security problems
	Approached market conditions within Europe standard of services.	High expenditure for tender procedure
	Started a focus on the abuses in the industry	Additional expenditure for separation of accounts
	Groundhandlers are being respected and consulted on airport procedures	In some countries the national legislation protects only airports and staff, not the new entrants.
	Have a sense of security in the industry and therefore being a better employer.	Airlines are able to undercut third party handlers by at least the level of the access fee, which airport companies are unable to resolve on level playing field.
		Directive open to too much interpretation, leading to inconsistent application of the intended principles of the directive.
		Airport operators still required to maintain their profit margins and therefore to increase ancillary charges to compensate
