on cooperation in specific fields outside the four freedoms**

- (2) It is appropriate that the participation of EFTA States in the activities resulting from Regulation (EU) 2025/2643 commence from 1 January 2026, irrespective of the date of adoption of this Decision and irrespective of whether the fulfilment of constitutional requirements for this Decision, if any, is notified after 10 July 2026.
- (3) Entities established in EFTA States should be entitled to participate in activities which start before the entry into force of this Decision. The costs incurred for such activities, the implementation of which starts from 1 January 2026, can be considered eligible under the same conditions as those applicable to costs incurred by entities established in Union Member States, provided that this Decision enters into force before the end of the action concerned.
- (4) The conditions for participation of EFTA States and their institutions, undertakings, organisations and nationals in programmes of the Union are set out in the EEA Agreement, and in particular in Article 81 thereof.

**Declaration by the EFTA States
to Decision No [.../...] of ...
amending Protocol 31 to the EEA Agreement to extend
the cooperation of the Contracting Parties to include
the participation of the EFTA States
in the European Defence Industry Programme
and a framework of measures to ensure the timely availability
and supply of defence products established by Regulation (EU) 2025/2643
[for adoption with the Decision and for publication in the OJ]**

This Decision extends the cooperation of the Contracting Parties to include the participation of the EFTA States in the European Defence Industry Programme and a framework of measures to ensure the timely availability and supply of defence products ('EDIP'). The EFTA States consider that defence matters fall outside the scope of the EEA Agreement, and therefore that the adoption of this Decision does not extend the scope of the EEA Agreement to include defence matters beyond the participation in EDIP. The EFTA States also stress that Iceland and Liechtenstein are not participating in, and shall therefore not be required to financially contribute to, EDIP.
