NOTĂ

Sursă:	Președinția
Destinatar:	Comitetul Reprezentanților Permanenți / Consiliul
Subiect:	Pachetul legislativ pentru politica de coeziune pentru perioada 2021-2027 - Situația generală a negocierilor = Raportul președinției

1. Propunerile legislative ale Comisiei pentru politica de coeziune pentru perioada 2021-2027 au fost publicate la 29 și 30 mai 2018. Lucrările din cadrul grupurilor de pregătire ale Consiliului au început în iunie 2018 sub președinția bulgară și au continuat, în timpul președinției austriece, cu examinarea tuturor propunerilor legislative care fac parte din pachet, punând un accent special pe Regulamentul privind dispozițiile comune (RDC).
2. În cadrul reuniunii sale din 19 decembrie, sub președinția austriacă, Comitetul Reprezentanților Permanenți a ajuns la un mandat parțial pentru negocierile referitoare la Regulamentul privind dispozițiile comune, care vizează dispozițiile privind programarea și planificarea strategică (**blocul 1**), precum și gestionarea și controlul (**blocul 5**), astfel cum este prevăzut în doc. 15429/18 + ADD1. Acestea au fost primele elemente ale pachetului de coeziune convenit de grupurile de pregătire ale Consiliului, deoarece acestea structurează componentele esențiale necesare pentru programarea și punerea în aplicare a fondurilor.

3. În ceea ce-l privește, Parlamentul European a ajuns la un mandat pentru negocierile cu Consiliul referitoare la Regulamentul privind dispozițiile comune la 13 februarie 2019. Ulterior, Parlamentul European a votat poziția sa în primă lectură cu privire la acest dosar la 27 martie 2019.
4. Pe baza mandatului obținut în timpul președinției austriece, președinția română a inițiat negocierile interinstituționale cu Parlamentul European referitoare la blocul 1 al Regulamentului privind dispozițiile comune (programare și planificare strategică), acesta fiind unul dintre singurele elemente ale pachetului de coeziune pentru care cei doi colegiitori au obținut un mandat de negociere până la jumătatea lui februarie 2019 și au fost dispuși să înceapă negocierile în cadrul trilogului. În același timp, președinția română a continuat (și a dus la capăt, până la sfârșitul mandatului) activitatea sa intensă în vederea finalizării mandatelor de negociere privind alte regulamente din pachetul legislativ pentru politica de coeziune, astfel cum se expune în raportul său intermediar (doc. 10049/19).
5. Președinția română a organizat trei triloguri politice cu Parlamentul European privind blocul 1 aferent RDC, la 19 și 26 februarie și la 6 martie 2019, care au fost însoțite de mai multe reuniuni tehnice între părțile implicate.
6. Din punctul de vedere al președinției, rezultatele activității care rezultă din negocierile interinstituționale cu Parlamentul European sunt anexate la prezenta notă.
7. Grupul de lucru pentru măsuri structurale a fost ținut la curent cu privire la stadiul negocierilor. Rezultatele lucrărilor interinstituționale au fost prezentate Grupului de lucru pentru măsuri structurale la 1, 7 și 11 martie 2019. Cu toate acestea, nu s-a putut ajunge la o interpretare comună între colegiitori, deoarece pozițiile divergente ale celor doi colegiitori cu privire la unele chestiuni foarte sensibile pentru ambele părți necesitau un set mai larg de elemente ale RDC pentru a se ajunge la un compromis. Multe delegații consideră că un compromis în acest stadiu timpuriu al negocierilor nu este convenabil.

8. Președinția consideră că progresele realizate în negocierile din cadrul trilogului din februarie și martie 2019, înainte de sfârșitul legislaturii 2014-2019, pot fi benefice pentru viitoarele negocieri și pot oferi orientări foarte utile pentru viitoarele lucrări pentru președințiile care urmează și pentru grupurile de pregătire ale Consiliului în ceea ce privește pachetul legislativ pentru politica de coeziune.
 9. Comitetul Reprezentanților Permanenți și Consiliul sunt invitate să ia act de prezentul raport.

Article 30 Technical assistance of Member States	Article 30 Technical assistance of Member States ⁵	Article 30 Technical assistance of Member States ⁶	Comment: Most of the Article for political level discussion, otherwise specified.	I - 254

⁵ European Parliament: *Recital (25) will be amended as follows:* (25) In order to reduce the administrative burden, technical assistance at the initiative of the Member State should be implemented through a flat rate based on progress in programme implementation. That technical assistance may be complemented with targeted administrative capacity building measures, ***such as the evaluation of the skills set of human resources***, using reimbursement methods that are not linked to costs. Acțiunile și rezultatele preconizate, precum și plățile corespunzătoare ale Uniunii, pot fi convenite într-o foaie de parcurs și pot conduce la plăți pentru rezultate pe teren.

⁶ Council: **Changes made in Article 30 entail changes in recital 25 and in the following Articles: 8, 12, 17, 37, 85 and 88 CPR.**

Recital (25) will be amended as follows:

(25) In order to reduce the administrative burden, **it should be possible to implement** technical assistance **linked to programme implementation** at the initiative of the Member State ~~should be implemented~~ through a flat rate based on progress in programme implementation **and to cover also horizontal tasks. In order to facilitate financial management, Member States should have the possibility to indicate one or more bodies to which related payments by the Commission should be made. Since these payments are based on the application of a flat-rate, there should be no controls of underlying expenditure.**

Nevertheless, where continuity with the 2014-2020 period is preferred, the Member State should also be provided with the possibility to continue to implement technical assistance through a separate programme or priorities within a programme and to receive reimbursement of eligible costs actually incurred by the beneficiary and paid in implementing operations. The Member State should indicate its choice of the form of Union contribution for technical assistance for the entire programming period. However, in order to simplify the implementation for the AMIF, the ISF and the BMVI and for Interreg programmes, only the flat-rate approach should be used. Regardless of the option chosen, That technical assistance may be complemented with targeted administrative capacity building measures using reimbursement methods that are not linked to costs. Acțiunile și rezultatele preconizate, precum și plățile corespunzătoare ale Uniunii, pot fi convenite într-o foaie de parcurs și pot conduce la plăți pentru rezultate pe teren.

Article 37- Transmission of data will be amended as follows:

New sub-paragraph in paragraph 2: **This paragraph shall not comprise data for technical assistance implemented pursuant to Article 30(5) and point (b) shall not apply to technical assistance implemented pursuant to Article 32.**
