TO THE AGREEMENT
BETWEEN THE EUROPEAN COMMUNITY AND ITS MEMBER STATES,

HAVE AGREED AS FOLLOWS:

ARTICLE 1

Amendments to the Agreement

The Agreement is amended as follows:

- (1) in the preamble, the following recitals are inserted after the second recital:

"RECOGNISING that the freedom of movement is an important aspect of the internal market and that securing the right of nationals of the Contracting Parties, as well as their family members, to enter and reside in the respective territories, free of unjustified restrictions and with full respect for the right of equal treatment, serves to strengthen the functioning of the parts of the internal market in which Switzerland participates;

CONSCIOUS of ensuring uniformity in the parts of the internal market in which Switzerland participates, it being understood that the Agreement is to be interpreted in accordance with the uniform interpretation principle set out in Article 7 of the Institutional Protocol to this Agreement. The competence of the Swiss Federal Court and all other Swiss courts as well as of the Member States of the European Union's courts and the Court of Justice of the European Union to interpret this Agreement in individual cases is preserved;

RECALLING that the freedom of movement and the right to equal treatment extends to nationals of one Contracting Party who exercise or seek to exercise their free-movement rights without having moved or without having yet moved to reside in the territory of another Contracting Party. Equally, certain rights linked to the past exercise of free movement, including the right to equal treatment, may continue to apply after the national of a Contracting Party has ceased residing in the territory of another Contracting Party;

FURTHER RECALLING that the free movement of persons encompasses workers, self-employed persons and persons who are economically inactive, provided that such persons comply with the requirements for lawful residence set out in this Agreement, including, where applicable, the possession of sufficient resources and comprehensive sickness insurance, so as not to become an unreasonable burden on the social assistance systems of the Contracting Parties;

UNDERLINING the objective of consolidating and developing the Union and Switzerland's comprehensive partnership to its full potential,";

ARTICLE 5b

Companies providing services

The provisions of Article 5a shall apply to companies formed in accordance with the law of the Contracting Parties and having their registered office, central administration or principal place of business in the territory of a Contracting Party.

ARTICLE 5c

Equal treatment of persons providing services

A person providing services who has the right or has been authorised to provide a service may, for the purposes of its provision, temporarily pursue his activity in the state in which the service is provided on the same terms as those imposed by that state on its own nationals, in accordance with the provisions of this Agreement and Annexes I, II and III.

ARTICLE 5d

Rules regarding the residence of persons providing services

1. Persons providing services who are nationals of the Member States of the Union or Switzerland and are established in the territory of a Contracting Party other than that of the person receiving services and employees, irrespective of their nationality, of persons providing services, who are integrated into one Contracting Party's regular labour market and posted for the provision of a service in the territory of another Contracting Party who have the right, or have been authorised, to provide a service for a period exceeding 90 days of actual work per calendar year shall receive, to substantiate that right, a residence permit for a period equal to that of the provision of services exceeding 90 days of actual work per calendar year.
2. For the purposes of issuing such permits, the Contracting Parties may not require of the persons referred to in paragraph 1 more than:
 - (a) a valid identity card or passport, without prejudice to Article 7i;
 - (b) evidence that they are providing, or wish to provide, a service.

ARTICLE 5e

Duration of provision of services

1. The total duration of provision of services under point (a) of Article 5a, whether continuous or consisting of successive periods of provision, may not exceed 90 days of actual work per calendar year.

2. The provisions of paragraph 1 shall be without prejudice to the discharge by the person providing a service of his legal obligations under the guarantee given to the person receiving the service or to causes of force majeure.

ARTICLE 5f

Rules applicable to the provision of services

1. The provisions of Articles 5a and 5c shall not apply to activities involving, even on an occasional basis, the exercise of public authority in the Contracting Party concerned.

2. The provisions of Articles 5a and 5c and measures adopted by virtue thereof shall not preclude the applicability of laws, regulations and administrative provisions providing for the application of working and employment conditions to employed persons posted for the purposes of providing a service, in accordance with the relevant Union legal acts on the posting of workers referred to in Annex I.

3. The provisions of point (a) of Article 5a, and Article 5c shall be without prejudice to the applicability of the laws, regulations and administrative provisions prevailing in all Contracting Parties at the time of this Agreement's entry into force on 1 June 2002 in respect of:

- (i) the activities of temporary and interim employment agencies. In particular, Switzerland's dynamic alignment to Regulation (EU) 2016/589¹ shall not result in Switzerland no longer being able to apply its national laws, regulations and administrative provisions to these activities;

¹ Regulation (EU) 2016/589 (OJ L 107, 22.4.2016, p. 1), as applicable according to Annex I.

2. Switzerland shall define autonomously the control quantity and control density, as well as the sectors and areas to be controlled, including sectors and areas not covered by the prior notification period of a maximum of four working days, on the basis of an objective risk analysis, in a proportionate and non-discriminatory manner, taking into account that the Agreement limits the freedom to provide services to 90 days of actual work per calendar year.
3. The determination of the sectors shall be reviewed and updated periodically.

ARTICLE 5h

Financial guarantees and sanctions

In the case of service providers that have failed to meet their financial obligations towards enforcement authorities and bodies referred to in the Joint Declaration on effective control systems including Switzerland's dual enforcement system with regard to a previous provision of services, Switzerland shall be able to require the deposit of a proportionate financial guarantee before they may provide services again in sectors determined on the basis of an autonomous and objective risk analysis.

In case of non-payment of the financial guarantee, Switzerland shall be able to impose proportionate sanctions up to the prohibition to provide services until the payment of the guarantee.

ARTICLE 5i

Proof of self-employment

In order to combat the phenomenon of bogus self-employment through efficient and risk-based controls, Switzerland shall be able to require self-employed service providers to provide documents allowing for effective controls within the framework of ex-post controls (at most: confirmation of registration, if applicable; proof of registration with the social security authorities as a self-employed person in the country of residence; proof of the contractual relationship).

ARTICLE 5j

Non-regression

1. In order to maintain the level of protection of posted workers as agreed between Switzerland and the Union in this Agreement at the time of the entry into force of the Amending Protocol, amendments to Directives 96/71/EC¹ and 2014/67/EU² or new legal acts of the Union in the area of posting of workers shall, notwithstanding Article 5 of the Institutional Protocol to this Agreement, not be integrated into this Agreement to the extent that their effect would be to meaningfully weaken or reduce the level of protection of posted workers with regard to the terms and conditions of employment, notably remuneration and allowances.

2. For the purposes of paragraph 1, any change to the level of protection of posted workers shall be assessed in its globality, taking into account all relevant provisions of this Agreement.

¹ Directive 96/71/EC (OJ L 18, 21.1.1997, p. 1), as applicable according to Annex I at the time of the entry into force of the Amending Protocol.

(6) the following articles are inserted:

"ARTICLE 7a

Frontier worker

A frontier worker is a national of a Contracting Party who pursues an activity as an employed or self-employed person in a Contracting Party and who resides in the other Contracting Party to which he returns, as a rule, daily or at least once a week.

The competent authorities of the Contracting Party where the frontier worker pursues the activity for periods of work longer than three months per calendar year may register the frontier worker for declaratory purposes.

The competent authorities shall issue a declaratory registration certificate to the frontier worker free of charge or for a charge not exceeding that imposed on nationals for the issuing of similar documents.

Registration pursuant to this Article shall be without prejudice to the rights and obligations of the frontier workers concerned provided for in the acts referred to in the Annexes to this Agreement. For periods of work shorter than or up to three months the Contracting Parties may apply the notification procedure according to the Joint Declaration on the notification of the taking up of employment.

ARTICLE 7b

Students

A student who does not have a right of residence in the territory of the other Contracting Party on the basis of any other provision of this Agreement may be required to register in accordance with the acts referred to in Annex I. This Agreement does not regulate access to vocational training or maintenance assistance given to the students covered by this Article.

- (a) notwithstanding the foregoing sentence, Article 2 shall apply, regardless of the student's place of residence, to tuition fees and all other fees or charges related to studies, as well as all public support mechanisms related thereto, applicable to students at;
 - (i) universities, university institutes, universities of applied sciences, universities of applied sciences institutes and affiliated higher education institutions to any of these in Switzerland, financed in majority by public funds, and
 - (ii) any corresponding institution in the Union;
- (b) subject to the preservation of the quality and of the specificities of its respective existing education systems, including its admission systems and organisation of competences, each Contracting Party shall not reduce the overall level of students in its institutions mentioned under point (a) who are nationals of the other Contracting Parties and who did not have a right of residence in its territory before taking up their studies, as of the date of the entry into force of this provision. For the purpose of clarity, the foregoing sentence shall not imply an obligation for the Contracting Parties to modify their respective admission systems nor to increase the aforementioned level of students or to reserve a minimal level of places for students from the other Contracting Parties;

- (c) the Contracting Parties shall not discriminate amongst nationals of the other Contracting Parties in application of points (a) and (b).

ARTICLE 7c

Exercise of public authority

1. A national of a Contracting Party pursuing an activity as an employed person may be refused the right to take up employment in the public service which involves the exercise of public power and is intended to protect the general interests of the State or other public bodies.
2. A self-employed person may be denied the right to pursue an activity involving, even on an occasional basis, the exercise of public authority.

ARTICLE 7d

Public policy

The rights granted under the provisions of this Agreement may be restricted only by means of measures which are justified on grounds of public policy, public security or public health.

ARTICLE 7e

Permanent residence

Switzerland and the Member States may decide to grant the right of permanent residence pursuant to Article 16 of Directive 2004/38/EC¹ as, respectively, only to Union citizens and Swiss nationals having resided legally for a total of five years in the host State as workers or self-employed persons, including those that retain that status in accordance with that Directive, as well as the family members of such persons. Provided that they are part of a single period of legal residence in the host State, the periods to be taken into account shall not be required to be continuous but may be interrupted by periods of legal residence as economically inactive persons.

For the purpose of calculating the periods necessary for the acquisition of the right of permanent residence in accordance with the first subparagraph, Switzerland and the Member States may decide not to take into account periods of six months or more during which the person is fully reliant on social assistance.

Subject to the Joint Declaration on refusing social assistance and terminating residence prior to the acquisition of permanent residence and in accordance with Article 10(6) of the Institutional Protocol to this Agreement, the rules on residence in Article 7 of Directive 2004/38/EC² shall remain applicable to persons who do not qualify for the right of permanent residence.

1. Nationals of a Contracting Party who have a right of residence and their principal residence in the host state shall enjoy the same rights as a national as regards the purchase of immovable property. They may set up their principal residence in the host state at any time in accordance with the relevant national rules irrespective of the duration of their employment. Leaving the host state shall not entail any obligation to dispose of such property.
2. Nationals of a Contracting Party who have a right of residence but do not have their principal residence in the host state shall enjoy the same rights as a national as regards the purchase of immovable property needed for their economic activity. Leaving the host state shall not entail any obligation to dispose of such property. They may also be authorised to purchase a second residence or holiday accommodation. 3. Frontier workers, nationals of a Contracting Party, shall enjoy the same rights as a national as regards the purchase of immovable property for their economic activity and as a secondary residence. ARTICLE 7h

Expulsion

As far as restrictions on the right of entry and the right of residence on grounds of public policy or public security of each other's nationals are concerned, the obligations of Switzerland and of the Member States under the Agreement prior to the entry into force of the Amending Protocol shall be maintained.

Therefore, the following developments introduced by Chapter VI of Directive 2004/38/EC¹ going beyond these obligations, namely enhanced protection against expulsion provided for in Article 28(2) and (3), as well as the case-law of the Court of Justice linked to these provisions, shall not apply. In addition, as regards expulsions referred to in Article 33(2) of the Directive, Switzerland and the Member States may, instead of applying the procedures laid down in that provision, ensure that expulsions are carried out in line with the requirements under the Agreement prior to the entry into force of the Amending Protocol.

The co-chairs may agree that a meeting of the Joint Committee be held by videoconference or teleconference.

The Joint Committee may decide what measures to take within 60 days of the date of the request. This period may be extended by the Joint Committee.

2. If the Joint Committee does not adopt a decision within the deadline laid down in paragraph 1 with regard to appropriate measures or extending that deadline, the Contracting Party having made the request may bring the case before an arbitral tribunal in case of serious economic difficulties. The arbitral tribunal shall hand down its final decision within six months of its establishment.

3. If the arbitral tribunal decides that the alleged difficulties have been proven and are caused by the application of this Agreement, the Contracting Party that made the request may adopt appropriate measures in order to remedy those difficulties. If the measures adopted by a Contracting Party in accordance with this paragraph create an imbalance between the respective rights and obligations under this Agreement, the other Contracting Party may take appropriate rebalancing measures to remedy that imbalance within the scope of this Agreement.

4. In exceptional circumstances of urgency where a Contracting Party is at risk of very serious economic harm caused by the application of this Agreement, that Contracting Party may bring the case before an arbitral tribunal in accordance with the Appendix if the Joint Committee fails to adopt a decision within 30 days of the request. The arbitral tribunal shall hand down its final decision within six months of its establishment.

Article III.10 of the Appendix shall apply, with exception of paragraph 4(c), *mutatis mutandis*.

6. The measures and rebalancing measures referred to in paragraphs 2 to 5 shall be adopted within the scope of this Agreement. Their scope and duration shall not exceed what is strictly necessary to remedy the difficulties or the imbalance they address. Preference shall be given to measures and rebalancing measures that least disrupt the working of this Agreement.

7. The measures and rebalancing measures shall be the subject of consultations in the Joint Committee every three months from the date of their adoption with a view to their abolition before the date of expiry envisaged or to the limitation of their scope to the strictly necessary. Each Contracting Party may at any time request the Joint Committee to review such measures and rebalancing measures.";

"ARTICLE 21

Relationship with agreements on taxation

1. The provisions of bilateral agreements between Switzerland and the Member States of the Union on double taxation shall be unaffected by the provisions of this Agreement. In particular, the provisions of this Agreement shall not affect the double taxation agreements' definition of 'frontier workers'.

2. No provision of this Agreement may be interpreted in such a way as to prevent the Contracting Parties from distinguishing, when applying the relevant provisions of their tax legislation, between taxpayers whose situations are not comparable, especially as regards their place of residence. However, this shall not constitute a means of discrimination or restriction on the rights of persons as defined under this Agreement.

3. No provision of this Agreement shall prevent the Contracting Parties from adopting or applying measures to ensure the imposition, payment and effective recovery of taxes or to forestall tax avoidance or evasion under their national tax legislation or any other international or bilateral agreement or arrangement relating wholly or mainly to taxation that either Switzerland, the Union or any Member State are party to.";

PROTOCOL I

to Annex II to the Agreement

I. Unemployment insurance

The following arrangements shall apply to workers who are nationals of the Czech Republic, the Republic of Estonia, the Republic of Latvia, the Republic of Lithuania, the Republic of Hungary, the Republic of Poland, the Republic of Slovenia and the Slovak Republic until 30 April 2011 and to workers who are nationals of the Republic of Bulgaria and Romania until 31 May 2016. It shall apply to workers who are nationals of the Republic of Croatia until the end of the seventh year after the entry into force of the Protocol regarding the participation of the Republic of Croatia.

1. The following rules shall apply with respect to unemployment insurance for workers holding a residence permit with a period of validity of less than one year.
 - 1.1. Only workers who have paid contributions in Switzerland for the minimum period required under the Federal Unemployment Insurance and Insolvency Allowances Act (*loi fédérale sur l'assurance-chômage obligatoire et l'indemnité en cas d'insolvabilité – LACI*)¹ and who also satisfy the other conditions of eligibility for unemployment benefit shall be entitled to such benefit provided by the unemployment insurance under the conditions laid down by law.

¹ Currently 12 months.

- 1.2. A portion of the contributions levied for workers whose period of contribution is too short to give entitlement to unemployment benefit in Switzerland under 1.1 shall be refunded to their States of origin in accordance with the provisions of 1.3. in order to contribute towards the cost of benefits provided to these workers in the event of full unemployment; these workers shall then have no entitlement to benefit in the event of their being fully unemployed in Switzerland. They shall, however, be entitled to allowances for bad weather and in the event of the employer becoming insolvent. Benefits in the event of full unemployment shall be paid by the State of origin, provided that the workers concerned make themselves available for work. Periods of insurance completed in Switzerland shall be taken into account in the same way as if they had been completed in the State of origin.
- 1.3. The portion of the contributions levied for workers referred to in 1.2 shall be refunded on an annual basis in accordance with the following provisions:
- (a) The total contributions of these workers shall be calculated, by country, on the basis of the annual number of workers employed and the average annual contributions paid for each worker (employer's and employee's contributions).
 - (b) Of the amount calculated in this way, a portion thereof corresponding to the relative share represented by unemployment benefit as a percentage of all the allowances referred to in 1.2 shall be refunded to the workers' States of origin, and a portion shall be retained by Switzerland as a reserve for subsequent benefits¹.

¹ Refunded contributions for workers who will exercise their right to unemployment benefit in Switzerland after having paid contributions for at least 12 months – over several periods of residence – within the space of two years.

(c) Switzerland shall, on an annual basis, provide a statement showing the contributions refunded. If the States of origin so request, it shall indicate the bases for the calculation and the sums refunded. The States of origin shall each year notify Switzerland of the number of recipients of unemployment benefit as referred to in 1.2.

2. If a Member State concerned by this arrangement encounters difficulties with the ending of the arrangements for refunding of contributions, or Switzerland encounters difficulties with the aggregation arrangements, the matter may be referred to the Joint Committee by any of the Contracting Parties.

Allowances for helpless persons granted under the Swiss Federal Law on invalidity insurance of 19 June 1959 and under the Federal Law on old-age and survivors' insurance of 20 December 1946 as amended on 8 October 1999 shall be provided exclusively if the person concerned resides in Switzerland.

ON THE ACQUISITION OF IMMOVABLE PROPERTY IN MALTA

Purchase of property in the Maltese islands is regulated by the Immovable Property (Acquisition by Non-Residents) Act (Chapter 246 of the Laws of Malta).

That Act provides that:

- (a) A Swiss national may purchase immovable property in Malta:
 - (1) If the property is going to be used as a primary residence or if the applicant has lived in Malta as a resident for a period of over 5 years or if the property is going to be used for business purposes there are no restrictions.
 - (2) If the property is going to be used for secondary residence purposes and applicant did not live in Malta for a period of 5 years, an Acquisition of Immovable Property (AIP) permit is required and is subject to conditions as stipulated in the Immovable Property (Acquisitions by Non-residents) Act, including a minimum price of EUR 174 274 for apartments and EUR 300 619 for houses (minimum prices are adjusted yearly according to the property index as outlined in the Immovable Property Price Index Notice [Subsidiary Legislation 246.08 of the Laws of Malta]). Participation in the drafting of legal acts of the Union ("decision shaping")

1. When drafting a proposal for a legal act of the Union in accordance with the Treaty on the Functioning of the European Union (hereinafter referred to as "TFEU") in the field covered by the Agreement, the European Commission (hereinafter referred to as the "Commission") shall inform Switzerland thereof and shall informally consult Switzerland's experts in the same way that it asks for the views of experts from the Member States of the Union for the drafting of its proposals.

At the request of either Contracting Party, a preliminary exchange of views shall take place within the Joint Committee.

The Contracting Parties shall consult each other again, at the request of either of them, within the Joint Committee at important moments of the phase preceding the adoption of the legal act by the Union, in a continuous process of information and consultation.

4. Switzerland's experts shall be involved in the work of committees not covered by paragraphs 2 and 3 where this is required for the proper functioning of the Agreement. A list of those committees and, where appropriate, of other committees with similar characteristics, shall be drawn up and updated by the Joint Committee.

5. This Article shall not apply with regard to legal acts of the Union or provisions thereof falling within the scope of an exception referred to in Article 5(7).

ARTICLE 5

Integration of legal acts of the Union

1. In order to guarantee legal certainty and the homogeneity of the law in the field related to the internal market in which Switzerland participates by virtue of the Agreement, Switzerland and the Union shall ensure that legal acts of the Union adopted in the field covered by the Agreement are integrated into the Agreement as quickly as possible after their adoption.

2. Legal acts of the Union integrated into the Agreement in accordance with paragraph 4 shall be, by their integration into the Agreement, part of the legal order of Switzerland subject, as the case may be, to the adaptations decided upon by the Joint Committee.

3. When it adopts a legal act in the field covered by the Agreement, the Union shall inform Switzerland thereof as quickly as possible through the Joint Committee. At the request of either of the Contracting Parties, the Joint Committee shall conduct an exchange of views on the subject.

4. The Joint Committee shall act in accordance with paragraph 1 by adopting a decision as quickly as possible to amend Annexes I to III to the Agreement, including the necessary adaptations.

5. Without prejudice to paragraphs 1 and 2, if necessary in order to ensure coherence of the Agreement with its Annex as amended pursuant to paragraph 4, the Joint Committee may propose, for approval by the Contracting Parties according to their internal procedures, the revision of the Agreement.

6. References in the Agreement to legal acts of the Union that are no longer in force shall be construed as references to the repealing legal act of the Union as integrated into the Annex to the Agreement as from the entry into force of the Joint Committee's decision on the corresponding amendment of the Annex to the Agreement pursuant to paragraph 4, unless otherwise provided in that decision.

7. The obligation set out in paragraph 1 shall not apply to legal acts of the Union or provisions thereof falling within the scope of an exception listed below:

9. The Contracting Parties shall cooperate in good faith throughout the procedure set out in this Article in order to facilitate decision-making.

10. The Union and Switzerland shall be mindful of the principle of "equal pay for equal work at the same place" and Switzerland's dual enforcement system.

ARTICLE 6

Fulfilment of constitutional obligations by Switzerland

1. During the exchange of views referred to in Article 5(3), Switzerland shall inform the Union whether a decision as referred to in Article 5(4) requires the fulfilment of constitutional obligations by Switzerland in order to become binding.

2. Where the decision referred to in Article 5(4) requires Switzerland to fulfil constitutional obligations in order to become binding, Switzerland shall have a time limit of two years maximum from the date of the information provided for in paragraph 1, except where a referendum procedure is launched, in which case this period shall be extended by one year.

3. Pending the information by Switzerland that it has fulfilled its constitutional obligations, the Contracting Parties shall provisionally apply the decision referred to in Article 5(4), unless Switzerland informs the Union that the provisional application of the decision is not possible and provides the reasons for this.

Under no circumstances can the provisional application occur before the date on which the corresponding legal act of the Union becomes applicable in the Union.

4. Switzerland shall notify the Union without delay through the Joint Committee once it has fulfilled the constitutional obligations referred to in paragraph 1.

5. The decision shall enter into force on the day on which the notification provided for in paragraph 4 is delivered, but under no circumstances before the date on which the corresponding legal act of the Union becomes applicable in the Union.

CHAPTER 3

INTERPRETATION AND APPLICATION OF THE AGREEMENT

ARTICLE 7

Uniform interpretation principle

1. For the purpose of achieving the objectives set out in Article 1 and in accordance with the principles of public international law, the bilateral agreements in the fields related to the internal market in which Switzerland participates and the legal acts of the Union to which reference is made in such agreements shall be uniformly interpreted and applied in the fields related to the internal market in which Switzerland participates.

2. The legal acts of the Union to which reference is made in the Agreement and, to the extent that their application involves concepts of Union law, the provisions of the Agreement shall be interpreted and applied in accordance with the case law of the Court of Justice of the European Union, prior or subsequent to the signature of the Agreement.

ARTICLE 8

Effective and harmonious application principle

1. The Commission and the competent Swiss authorities shall cooperate and assist each other in ensuring the surveillance of the application of the Agreement. They may exchange information on the activities of surveillance of the application of the Agreement. They may exchange views and discuss issues of mutual interest.
2. Each Contracting Party shall take appropriate measures to ensure the effective and harmonious application of the Agreement on its territory.
3. The surveillance of the application of the Agreement shall be carried out jointly by the Contracting Parties within the Joint Committee.

If the Commission or the competent Swiss authorities become aware of a case of incorrect application, the matter may be referred to the Joint Committee with a view to finding an acceptable solution.

4. The Commission and the competent Swiss authorities respectively shall monitor the application of the Agreement by the other Contracting Party. The procedure provided for in Article 10 applies.

To the extent that certain surveillance competences of the institutions of the Union as regards one Contracting Party are necessary to ensure the effective and harmonious application of the Agreement, such as investigation and decision powers, the Agreement must foresee them specifically.

ARTICLE 9

Exclusivity principle

The Contracting Parties undertake not to submit a dispute regarding the interpretation or application of the Agreement and of the legal acts of the Union to which reference is made in the Agreement or, where applicable, regarding the conformity with the Agreement of a decision adopted by the Commission on the basis of the Agreement to any method of settlement other than those provided for in this Protocol.

ARTICLE 10

Procedure in the event of difficulty of interpretation or application

1. In the event of difficulty of interpretation or application of the Agreement or of a legal act of the Union to which reference is made in the Agreement, the Contracting Parties shall consult each other within the Joint Committee in order to find a mutually acceptable solution. To this end, all useful elements of information shall be provided to the Joint Committee to enable it to make a detailed examination of the situation. The Joint Committee shall examine all possibilities that allow the proper functioning of the Agreement to be maintained.
2. If the Joint Committee is not able to find a solution to the difficulty referred to in paragraph 1 within three months of the date on which the difficulty was submitted to it, either of the Contracting Parties may request that an arbitral tribunal settle the dispute in accordance with the rules laid down in the Appendix.

3. Where the dispute raises a question concerning the interpretation or application of a provision referred to in Article 7(2), and if the interpretation of that provision is relevant to the settlement of the dispute and necessary to enable it to decide, the arbitral tribunal shall refer that question to the Court of Justice of the European Union.

Where the dispute raises a question concerning the interpretation or application of a provision that falls within the scope of an exception from the dynamic alignment obligation referred to in Article 5(7), and where the dispute does not involve the interpretation or application of concepts of Union law, the arbitral tribunal shall settle the dispute without referral to the Court of Justice of the European Union.

4. Where the arbitral tribunal refers a question to the Court of Justice of the European Union pursuant to paragraph 3:

- (a) the ruling of the Court of Justice of the European Union shall be binding on the arbitral tribunal; and
- (b) Switzerland shall enjoy the same rights as the Member States and the institutions of the Union and shall be subject to the same procedures before the Court of Justice of the European Union, *mutatis mutandis*.

5. Each Contracting Party shall take all measures necessary to comply in good faith with the arbitral tribunal's decision.

The Contracting Party that has been found by the arbitral tribunal not to have complied with the Agreement shall inform the other Contracting Party through the Joint Committee of the measures it has taken to comply with the arbitral tribunal's decision.

6. The safeguards set out in Joint Declaration on refusing social assistance and terminating residence prior to the acquisition of permanent residence and Joint Declaration on the notification of the taking up of employment, annexed to the Agreement, shall be taken into consideration in good faith in the context of resolving the disputes submitted to the Joint Committee.

The first subparagraph shall apply for as long as, and to the extent that, the safeguards remain compatible with the relevant legal acts of the Union as integrated into the Agreement. The safeguards shall not affect the application of Article 5(1) of this Protocol.

ARTICLE 11

Compensatory measures

1. If the Contracting Party that has been found by the arbitral tribunal not to have complied with the Agreement does not inform the other Contracting Party, within a reasonable time period set in accordance with Article IV.2(6) of the Appendix, of the measures it has taken to comply with the arbitral tribunal's decision, or if the other Contracting Party considers that the measures communicated do not comply with the arbitral tribunal's decision, this other Contracting Party may adopt proportionate compensatory measures within the framework of the Agreement or of any other bilateral agreement in the fields related to the internal market in which Switzerland participates (hereinafter referred to as "compensatory measures") in order to remedy a potential imbalance. It shall notify the Contracting Party that has been found by the arbitral tribunal not to have complied with the Agreement of the compensatory measures, which shall be specified in the notification. Those compensatory measures shall take effect three months from the date of this notification.

2. If, within one month from the date of the notification of the intended compensatory measures, the Joint Committee has not taken a decision to suspend, amend or annul those compensatory measures, either Contracting Party may submit to arbitration the question of the proportionality of those compensatory measures, in accordance with the Appendix.
3. The arbitral tribunal shall decide within the time limits laid down in Article III.8(4) of the Appendix.
4. Compensatory measures shall not have retroactive effect. In particular, the rights and obligations already acquired by individuals and economic operators before the compensatory measures take effect shall be preserved.

ARTICLE 12

Cooperation between jurisdictions

1. To promote the homogeneous interpretation, the Swiss Federal Supreme Court and the Court of Justice of the European Union shall agree on a dialogue and the modalities thereof.
2. Switzerland shall have the right to lodge statements of case or written observations with the Court of Justice of the European Union where a court of a Member State of the Union refers to the Court of Justice of the European Union a question concerning the interpretation of the Agreement or of a provision of a legal act of the Union referred to therein for a preliminary ruling.

CHAPTER 4

Where no full payment is made within 30 days of the date of reception of that formal letter of reminder, the Union may suspend the participation of Switzerland in the relevant activity.

For that purpose, the figures for GDP at market prices of the Contracting Parties shall be the latest such figures available as of 1 January of the year in which the annual payment is made as provided by the Statistical Office of the European Union (EUROSTAT), with due regard to the Agreement between the European Community and the Swiss Confederation on cooperation in the field of statistics, done at Luxembourg on 26 October 2004. If that agreement ceases to apply, the GDP of Switzerland shall be the one established on the basis of data provided by the Organisation for Economic Co-operation and Development.

6. The operational contribution for each Union agency shall be calculated by applying the contribution key to its annual voted budget inscribed on the relevant Union budget subsidy line(s) of the year in question, taking into account for each agency any adjusted operational contribution as defined in Article 1 of the Annex.

The operational contribution for the information systems and other activities shall be calculated by applying the contribution key to the relevant budget of the year in question as set out in documents implementing the budget, such as work programmes or contracts.

All reference amounts shall be based on commitment appropriations.

7. The annual participation fee shall be 4 % of the annual operational contribution as calculated in accordance with paragraphs 5 and 6.

8. The Commission shall provide Switzerland with adequate information in relation to the calculation of its financial contribution. That information shall be provided having due regard to the Union's confidentiality and data protection rules.

9. All financial contributions by Switzerland or payments from the Union, and the calculation of amounts due or to be received, shall be made in euro.

10. Where the entry into force of this Protocol does not coincide with the beginning of a calendar year, Switzerland's operational contribution for the year in question shall be subject to adjustment, according to the methodology and terms of payment defined in Article 5 of the Annex.

11. Detailed provisions for the application of this Article are set out in the Annex.

12. Three years following the entry into force of this Protocol, and every three years subsequently, the Joint Committee shall review the conditions of Switzerland's participation as defined in Article 1 of the Annex and, where appropriate, adapt them.

If, within the time limit set by this Appendix or by the arbitral tribunal, without showing sufficient cause, the defendant has not submitted its response to the notice of arbitration or its statement of defence, the arbitral tribunal shall order the continuation of the proceedings, without considering that default of itself to constitute acceptance of the applicant's allegations.

The second subparagraph also applies where the applicant fails to submit a reply to a counterclaim.

2. If a party, duly convened in accordance with Article III.12(1), does not appear at a hearing and does not demonstrate sufficient cause for its failure to do so, the arbitral tribunal may continue the arbitration.

3. If a party, duly invited by the arbitral tribunal to produce further evidence, fails to do so within the time limits set without showing sufficient cause for its failure to do so, the arbitral tribunal may rule on the basis of the evidence it has available.

ARTICLE III.14

Closure of the procedure

1. Where it is demonstrated that the parties have reasonably had the possibility of presenting their arguments, the arbitral tribunal may declare the closure of the proceedings.

2. The arbitral tribunal may, if it considers it necessary because of exceptional circumstances, decide on its own initiative or at the request of a party to reopen the proceedings at any time before it has taken its decision.

CHAPTER IV

DECISION

ARTICLE IV.1

Decisions

The arbitral tribunal shall strive to take its decisions by consensus. If, however, it proves impossible to take a decision by consensus, the arbitral tribunal's decision shall be taken by a majority of the arbitrators.

ARTICLE IV.2

Form and effect of the decision of the arbitral tribunal

1. The arbitral tribunal may take separate decisions on different questions at different times.
2. All decisions shall be issued in writing and shall state the reasons on which they are based. They shall be final and binding on the parties.
3. The decision of the arbitral tribunal shall be signed by the arbitrators, shall contain the date on which it was taken and state the place of arbitration. A copy of the decision signed by the arbitrators shall be communicated to the parties by the International Bureau.

4. The International Bureau shall make the decision of the arbitral tribunal public.

When making the decision of the arbitral tribunal public, the International Bureau shall respect the relevant rules on the protection of personal data, professional secrecy and the legitimate interests of confidentiality.

The rules referred to in the second subparagraph shall be identical for all bilateral agreements in the fields of the internal market in which Switzerland participates as well as for the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution. The Joint Committee shall adopt and update those rules by a decision for the purposes of the Agreement.

5. The parties shall comply with all decisions of the arbitral tribunal without delay.

6. In the cases referred to in Article 10(2) of the Protocol, having obtained the opinion of the parties, the arbitral tribunal shall set a reasonable time limit in the decision on the substance of the case to comply with its decision in accordance with Article 10(5) of the Protocol taking account of the parties' internal procedures.

ARTICLE IV.3

Applicable law, rules of interpretation, mediator

1. The applicable law consists of the Agreement, the legal acts of the Union to which reference is made therein, as well as any other rule of international law relevant to the application of those instruments.

2. The arbitral tribunal shall decide in accordance with the rules of interpretation referred to in Article 7 of the Protocol.
3. Prior decisions taken by a dispute settlement body with regard to the proportionality of compensatory measures under another bilateral agreement among those referred to in Article 11(1) of the Protocol shall be binding upon the arbitral tribunal.
4. The arbitral tribunal shall not be permitted to decide as mediator or *ex aequo et bono*.

ARTICLE IV.4

Mutually agreed solution or other reasons for closure of the proceedings

1. The parties may, at any time, mutually agree a solution to their dispute. They shall jointly communicate any such solution to the arbitral tribunal. If the solution requires approval pursuant to the relevant domestic procedures of either party, the notification shall refer to that requirement, and the arbitration procedure shall be suspended. If such approval is not required, or upon notification of the completion of any such domestic procedures, the arbitration procedure shall be closed.
2. If, in the course of proceedings, the applicant informs the arbitral tribunal in writing that it does not wish to further pursue the proceedings, and if, at the date on which that communication is received by the arbitral tribunal, the defendant has not yet taken any step in the proceedings, the arbitral tribunal shall issue an order officially recording the closure of the proceedings. The arbitral tribunal shall decide on the costs, which shall be borne by the applicant, if this appears justified by the conduct of that party.

3. If, before the decision of the arbitral tribunal is taken, the arbitral tribunal concludes that the continuation of the proceedings has become pointless or impossible for any reason other than those referred to in paragraphs 1 and 2, the arbitral tribunal shall inform the parties of its intention to issue an order closing the proceedings.

The first subparagraph does not apply where there are outstanding questions on which it may be necessary to rule and if the arbitral tribunal judges it appropriate to do so.

4. The arbitral tribunal shall communicate to the parties a copy of the order closing the arbitration proceedings or of the decision taken by agreement between the parties, signed by the arbitrators. Article IV.2(2) to (5) shall apply to arbitration decisions taken by agreement between the parties.

ARTICLE IV.5

Correction of the decision of the arbitral tribunal

1. Within 30 days of receiving the decision of the arbitral tribunal, a party may, by giving notice to the other party and to the arbitral tribunal through the International Bureau, ask the arbitral tribunal to correct in the text of the decision of the arbitral tribunal any errors in computation, any clerical or typographical errors, or any errors or omissions of a similar nature. If it considers the request to be justified, the arbitral tribunal shall make the correction within 45 days of receiving the request. The request shall not have a suspensive effect on the time limit provided for in Article IV.2(6).

2. The arbitral tribunal may, within 30 days of communicating its decision, make the corrections referred to in paragraph 1 on its own initiative.

3. The corrections referred to in paragraph 1 of this Article shall be done in writing and form an integral part of the decision. Article IV.2(2) to (5) shall apply.

ARTICLE IV.6

Arbitrators' fees

1. The fees referred to in Article IV.7 shall be reasonable, taking account of the complexity of the case, the time spent on it by the arbitrators and all other relevant circumstances.

2. A list of daily compensation and maximum and minimum hours, which shall be common to all bilateral agreements in the fields related to the internal market in which Switzerland participates as well as the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution, shall be established and updated when necessary. The Joint Committee shall adopt and update that list by a decision for the purposes of the Agreement.

ARTICLE IV.7

Costs

1. Each party shall bear its own costs and half of the costs of the arbitral tribunal.

2. The arbitral tribunal shall set its costs in its decision on the substance of the case. Those costs shall include only:

- (a) the arbitrators' fees, to be stated separately for each arbitrator and to be set by the arbitral tribunal itself in accordance with Article IV.6;
- (b) the travel and other expenses incurred by the arbitrators; and
- (c) the fees and expenses of the International Bureau.

3. The costs referred to in paragraph 2 shall be reasonable, taking account of the amount in dispute, the complexity of the dispute, the time that the arbitrators and any experts appointed by the arbitral tribunal have spent on it and any other relevant circumstances.

ARTICLE IV.8

Deposit of costs

1. At the start of the arbitration, the International Bureau may ask the parties to deposit an equal amount as an advance for the costs referred to in Article IV.7(2).

2. During the arbitration proceedings, the International Bureau may request from the parties deposits supplementary to those referred to in paragraph 1.

All amounts deposited by the parties in application of this Article shall be paid to the International Bureau and paid out by it to cover the costs actually incurred, including, in particular, the fees paid to the arbitrators and to the International Bureau.
