## **ITEMS DEBATED**

### **Current affairs**

The High Representative informed the Council about the stalemate in Lebanon, and announced a political understanding that a sanctions regime would be established against those responsible for the situation.

Ministers also addressed the situation in Afghanistan, in light of the withdrawal of US and NATO troops and the increase in ethnically motivated targeted attacks. In this context, the High Representative emphasised the need to urge the Taliban to engage in substantive and inclusive peace negotiations, and to reach out to countries in the region and the broader international community to play a constructive role in support of the Afghan peace process.

### **Geopolitics of new digital technologies**

The Foreign Affairs Council had a first discussion on the external and geopolitical impact of new digital technologies. These technologies are crucial for EU societies and economy, but are increasingly becoming a driver of geopolitical competition and global influence, being used by foreign actors to manipulate the information environment, influence the public debate, and interfere in democratic processes.

Ministers stressed the need to use the EU's capacity as a regulatory power to influence global norms and standards in this field, and to ensure that the system remains open, human-centred and based on the rule of law. When doing so, Ministers expressed their wish to work together with like-minded partners, ranging from the US to the Indo-Pacific area, from Africa to Latin America.

### **Strategic Compass**

Foreign Affairs Ministers exchanged views for the first time on the Strategic Compass - the EU initiative intended to better prepare the EU for future crises, reinforce the EU's resilience against threats, including in cyber space, reinforce the EU's partnerships to meet common challenges, and develop a common strategic culture.

A first draft of the Strategic Compass is due to be presented to member states in November 2021, with a view to finalisation in March 2022.

**Ethiopia**

The Council had an opportunity to have a discussion on the situation in Ethiopia and Tigray where, despite the ceasefire, there is a serious humanitarian crisis, populations face the risk of famine, and violence and rape are widely used against civilians as a weapon of war.

Ministers were informed about the initiative to create a humanitarian air bridge to bring support to the population of the Tigray region, and discussed the political priorities on which the EU should focus: ensuring humanitarian access and respect for international humanitarian law, consolidating the ceasefire and working towards a full cessation of hostilities by all parties, ensuring the withdrawal of foreign forces from Ethiopian territory, immediately stopping human rights violations, and launching a national dialogue on reconciliation in order to preserve the integrity and political unity of Ethiopia.

**Working lunch**

Over lunch, foreign affairs ministers had an informal discussion with the new Israeli Foreign Minister, Yair Lapid, focusing on bilateral relations, but also on the situation in the region.

In relation to the Middle East Peace Process, ministers once more stressed that the EU firmly stands for Israel's security and condemns terrorism. At the same time, the EU expects Israel to offer a political perspective of ending the conflict, and remains ready and willing to support Israel and the Palestinians in their efforts to rebuild a meaningful political process.

**OTHER ITEMS APPROVED****FOREIGN AFFAIRS****European Peace Facility procedures paper**

The Council approved the European Peace Facility (EPF) procedures paper, which comprises guidelines on the preparatory and decision-making process for assistance measures under the EPF, with a view to the operationalisation of the assistance measure pillar.

On 22 March 2021, the Council adopted Council Decision (CFSP) 2021/509 establishing a European Peace Facility, and repealing Decision (CFSP) 2015/528. The EPF replaces the African Peace Facility and the Athena mechanism.

**Council decision concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine**

The Council decided to prolong the sanctions targeting specific economic sectors of the Russian Federation for a further six months, until 31 January 2022.

**Council decision setting up a European Union Military Training Mission in Mozambique**

**Two ASEAN Regional Forum (ARF) Statements**

The Council approved the entering into negotiations on two non-binding instruments for the upcoming ASEAN Regional Forum (ARF) Ministerial Meeting on 1-5 August 2021 in Brunei Darussalam.

The statements in question are:

- the ASEAN Regional Forum (ARF) statement on promoting the youth, peace and security agenda, which calls on ARF members, in a spirit of solidarity, to make progress on the Youth, Peace and Security Agenda, and
- the ASEAN Regional Forum Statement on preventing and combating cybercrime, which calls on ARF members to promote international cooperation on this issue - making good use of the existing cooperation mechanisms and platforms - and to enhance sharing of information, knowledge, best practices and strategies.

After consultation and negotiation with all ARF members, agreed texts will be presented at the ARF ministerial meeting (Brunei Darussalam, 1-5 August 2021) for adoption by consensus.
