Proposal for a

COUNCIL DECISION

on the signing, on behalf of the European Union, and provisional application of the Agreement in the form of an exchange of letters between the European Union and the Islamic Republic of Mauritania on an extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania expiring on 15 November 2020

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

• Reasons for and objectives of the proposal

On 8 July 2019, the Council adopted a Decision[1] authorising the Commission to open negotiations with Mauritania with a view to concluding a sustainable fisheries partnership agreement and a protocol implementing that agreement (documents 10402/19 and 10231/19). Article 1(2) of that Decision allowed the Commission to negotiate a limited extension to the protocol that was due to expire on 15 November 2019 to prevent a long interruption of fishing activity. Under the negotiating directives attached to this Council Decision (document 10231/19 ADD1), such an extension may not exceed a maximum duration of one year.

On 8 November 2019 the Protocol was extended for one year, until 15 November 2020, by an agreement in the form of an exchange of letters[2] (document 12928/19).

Between September 2019 and February 2020, four rounds of negotiations were held with Mauritania for a new sustainable fisheries partnership agreement and protocol, but no agreement was reached.

Despite the protocol having been extended, it became clear that owing to the current health situation (COVID-19 pandemic) the negotiations on a new agreement and protocol would not be concluded in time to prevent an interruption of fishing activity on expiry of the current extension. On 26 June 2020[3] the Council therefore authorised the Commission to negotiate a further extension to the Protocol for a maximum duration of one more year.

In the fifth round of negotiations (7 July 2020), the negotiators of the Union and of the Islamic Republic of Mauritania agreed on a second extension to the Protocol for a maximum period of one year, in accordance with the mandate given by the Council. This second extension is set out by an agreement in the form of an exchange of letters, initialled on 7 July 2020.

In order to prevent an interruption of fishing activity for the European fleet operating in Mauritanian waters, the Council Decision endorsing this agreement in the form of an exchange of letters must be adopted in due time to allow for signature by both Parties before 15 November 2020, when the current Protocol expires.

---

1 Council Decision of 8 July 2019 authorising the opening of negotiations with the Islamic Republic of Mauritania with a view to concluding a Sustainable Fisheries Partnership Agreement and a Protocol implementing that Agreement (ST 10231 2019 INIT).

2 Council Decision (EU) 2019/1918 of 8 November 2019 on the signing, on behalf of the European Union, and provisional application of the Agreement in the form of an Exchange of Letters between the European Union and the Islamic Republic of Mauritania on an extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania, expiring on 15 November 2019. OJ L 297 I, 18.11.2019, p. 1.

3 Addendum to the negotiating directives, documents 10231/19 ADD1 and 10231/19 ADD 2 PECHE 285.

The Commission proposes, on this basis, that the Council authorise the signature and provisional application of the exchange of letters to allow the existing protocol, due to expire on 15 November 2020, to be extended a second time for a maximum duration of one year.

The aim of the Protocol is to grant European Union vessels fishing opportunities in Mauritanian waters, taking into account available scientific assessments, in particular those of the Fishery Committee for the Eastern Central Atlantic (CECAF), and in accordance with scientific advice and recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT), within the limits of the available surplus. The aim is also to enhance cooperation between the European Union and the Islamic Republic of Mauritania, thereby strengthening a partnership framework within which to develop a sustainable fisheries policy and sound exploitation of fishery resources in the fishing zone of the Islamic Republic of Mauritania, in the interests of both Parties.

The Protocol provides for fishing opportunities in the following categories:

- Category 1 – Vessels fishing for crustaceans other than spiny lobster and crab: 5 000 tonnes and 25 vessels;
- Category 2 - Black hake (non-freezer) trawlers and bottom longliners: 6 000 tonnes and 6 vessels;
- Category 2a - Pelagic freezer trawlers targeting black hake: 3 500 tonnes of hake, 1 450 tonnes of squid, 600 tonnes of cuttlefish for 6 vessels;
- Category 3 - Vessels fishing for demersal species other than black hake with gear other than trawls: 3 000 tonnes and 6 vessels;
- Category 4 - Tuna seiners: 12 500 tonnes (reference tonnage) and 25 vessels;
- Category 5 - Pole-and-line tuna vessels and longliners: 7 500 tonnes (reference tonnage) and 15 vessels;
- Category 6 - Pelagic freezer trawlers: 225 000 tonnes[4] and 19 vessels;
- Category 7 - Non-freezer pelagic vessels: 15 000 tonnes (deducted from volume under category 6 if used) and 2 vessels.

- **Consistency with existing policy provisions in the policy area**

In accordance with the priorities of the fisheries policy reform[5], the Protocol provides fishing opportunities for EU vessels in Mauritanian waters, on the basis of the best available scientific advice and following ICCAT recommendations. The Protocol also enables the European Union and the Islamic Republic of Mauritania to work more closely together on promoting sound exploitation of fishery resources in Mauritanian waters and to support efforts by the Islamic Republic of Mauritania to develop its fisheries sector, in the interests of both Parties.

[4] This figure may be exceeded by a 10% margin without any impact on the financial contribution paid by the European Union for access.

[5] OJ L 354, 28.12.2013, p. 22.

- **Consistency with other Union policies**

The negotiation of a new Fisheries Partnership Agreement with the Islamic Republic of Mauritania and a Protocol implementing that Agreement – which includes this proposed extension – forms part of the EU's external action in relation to ACP countries and takes into account, in particular, EU objectives on respecting democratic principles and human rights.

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

- **Legal basis**

The legal basis chosen is the Treaty on the Functioning of the European Union, Article 43(2) of which establishes the Common Fisheries Policy and Article 218(5) the relevant stage of the procedure for the negotiation and conclusion of agreements between the EU and third countries.

- **Subsidiarity (for non-exclusive competence)**

The proposal falls under the exclusive competence of the European Union.

- **Proportionality**

The proposal is proportionate to the objective of establishing a legal, environmental, economic and social governance framework for fishing activities carried out by EU vessels in third-country waters, as set out in Article 31 of the Regulation establishing the common fisheries policy. It complies with those provisions as well as with those on financial assistance to third countries laid down in Article 32 of that Regulation.

The extension, by another year, of the framework laid down by the Protocol expiring on 15 November 2020 is linked to the negotiation process and aims to ensure the continuity of fishing activity by the European fleet operating in Mauritanian waters.

3. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

- **Ex-post evaluations/fitness checks of existing legislation**

The interested parties were consulted during the evaluation of the Protocol for the period 2015-2019. Experts from the Member States were also consulted in technical meetings. These consultations led to the conclusion that it would be beneficial to renew the fishing protocol with the Islamic Republic of Mauritania. This proposed extension to the Protocol is a stage in the negotiation process for renewing the Protocol.

- **Consultation of interested parties**

Member States, industry representatives, international civil society organisations and the fisheries administration and civil society representatives of the Islamic Republic of Mauritania were consulted as part of the evaluation. Consultations also took place in the framework of the Long Distance Advisory Council.

- **Collection and use of expertise**

The Commission used an independent consultant for the ex-post and ex-ante evaluations, in accordance with the provisions of Article 31(10) of the Regulation establishing the Common Fisheries Policy.

4. BUDGETARY IMPLICATIONS

The annual financial contribution from the European Union is EUR 61 625 000, based on:

(a) an annual amount for access to fishery resources for the categories provided for in the Protocol, set at EUR 57 500 000 for the duration of the extension to the Protocol;

(b) support for the development of Mauritania's sectoral fisheries policy amounting to EUR 4 125 000 per year for the duration of the extension to the Protocol. This support meets the objectives of Mauritania's national policy on the sustainable management of its continental and maritime fishery resources for the entire duration of the Protocol.

The annual amount for commitment and payment appropriations is established during the annual budgetary procedure, including for the reserve line for protocols not having entered into force at the beginning of the year[6].

The exchange of letters regarding the extension also sets out a pro rata reduction in case the negotiations for the renewal of the Partnership Agreement and its Protocol result in their signature, leading to their application, before the annual extension covered by the exchange of letters expires.

5. OTHER ELEMENTS

- **Implementation plans and monitoring, evaluation and reporting arrangements**

The monitoring arrangements are provided for in the Protocol, the extension to which is covered by the exchange of letters.

[6] In accordance with the Interinstitutional Agreement on cooperation in budgetary matters (2013/C 373/01).

Proposal for a

COUNCIL DECISION

on the signing, on behalf of the European Union, and provisional application of the Agreement in the form of an exchange of letters between the European Union and the Islamic Republic of Mauritania on an extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania expiring on 15 November 2020

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(2) in conjunction with Article 218(5) thereof,

Having regard to the proposal from the European Commission,

Whereas:

(1) The Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania[1] (hereinafter: 'the Agreement'), approved by Council Regulation (EC) No 1801/2006[2] entered into force on 8 August 2008.

(2) The Protocol to the Agreement setting out the fishing opportunities and financial contribution provided for therein (hereinafter: 'the Protocol'), which entered into force on the same day for a period of two years, has been replaced several times.

(3) On 8 July 2019, the Council adopted a Decision[3] authorising the Commission to open negotiations with Mauritania with a view to concluding a new sustainable fisheries partnership agreement and a protocol implementing that agreement. Article 1(2) of that Decision allowed the Commission to negotiate a limited extension, until 15 November 2020, of the Protocol that was due to expire on 15 November 2019 so as to prevent a long interruption of fishing activity. The Council adopted the Decision[4] on that extension on 8 November 2019.

1 OJ L 343, 8.12.2006, p. 4.

2 Council Regulation (EC) No 1801/2006 of 30 November 2006 on the conclusion of the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania (OJ L 343, 8.12.2006, p. 1).

3 Council Decision of 8 July 2019 authorising the opening of negotiations with the Islamic Republic of Mauritania with a view to concluding a Sustainable Fisheries Partnership Agreement and a Protocol implementing that Agreement (ST 10231 2019 INIT).

4 Council Decision (EU) 2019/1918 of 8 November 2019 on the signing, on behalf of the European Union, and provisional application of the Agreement in the form of an Exchange of Letters between the European Union and the Islamic Republic of Mauritania on an extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement

(4) Between September 2019 and February 2020, four rounds of negotiations were held with Mauritania for the conclusion of a new sustainable fisheries partnership agreement and protocol. No agreement was reached.

(5) Despite the first extension to the protocol, it became clear that owing to the current health situation (COVID-19 pandemic) the negotiations on a new agreement and protocol would not be concluded in time to prevent an interruption of fishing activity. On 26 June 2020[1] the Council therefore authorised the Commission to negotiate a further extension to the Protocol for a maximum duration of one more year.

(6) Pending completion of the negotiations on the renewal of the Agreement and its Protocol, the Commission negotiated, on behalf of the European Union, an Agreement in the form of an exchange of letters on an extension for a maximum period of one year to the Protocol setting out the fishing opportunities and financial contribution provided for in the Agreement. The negotiations were concluded successfully and the exchange of letters was initialled on 7 July 2020.

(7) The aim of the Agreement in the form of an exchange of letters is to enable the European Union and the Islamic Republic of Mauritania to continue working together to promote a sustainable fisheries policy and a sound exploitation of fishery resources in Mauritanian waters and to allow EU vessels to fish in those waters.

(8) The Agreement in the form of an exchange of letters should therefore be signed on behalf of the Union, subject to its conclusion at a later date.

(9) To ensure the continuity of fishing activity by EU vessels in Mauritanian waters, the Agreement in the form of an exchange of letters should be applied provisionally,

HAS ADOPTED THIS DECISION:

Article 1

The Agreement in the form of an exchange of letters between the European Union and the Islamic Republic of Mauritania on an extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania, expiring on 15 November 2020 (hereinafter: 'Agreement in the form of an exchange of letters'), is hereby approved on behalf of the EU, subject to the conclusion of the aforementioned Agreement.

The text of the Agreement in the form of an exchange of letters is annexed to this Decision.

Article 2

The Secretariat-General of the Council shall establish the instrument of full powers for the person(s) indicated by the negotiator of the Agreement in the form of an exchange of letters to sign the aforementioned Agreement, subject to its conclusion.

LEGISLATIVE FINANCIAL STATEMENT

1. FRAMEWORK OF THE PROPOSAL/INITIATIVE

1.1. Title of the proposal/initiative

Proposal for a Council decision on the signing, on behalf of the EU, and provisional application of the Agreement in the form of an exchange of letters on a second extension to the Protocol setting out the fishing opportunities and financial contribution provided for in the Fisheries Partnership Agreement between the European Community and the Islamic Republic of Mauritania, expiring on 15 November 2020.

1.2. Policy area(s) concerned

11 – Maritime affairs and fisheries

11:03 – Compulsory contributions to regional fisheries management organisations (RFMOs) and other international organisations and sustainable fisheries agreements (SFAs)

11.03.01 – Establishing a governance framework for fishing activities carried out by Union fishing vessels in third-country waters.

1.3. The proposal/initiative relates to:

☐ **a new action**

☐ **a new action following a pilot project/preparatory action**[1]

X the extension of an existing action

☐ **a merger or redirection of one or more actions towards another/a new action**

1.4. Objective(s)

1.4.1. General objective(s)

The negotiation and conclusion of Sustainable Fisheries Partnership Agreements (SFPAs) with third countries meet the general objective of giving EU fishing vessels access to the fishing zones of third countries and developing a partnership with those countries with a view to strengthening the sustainable exploitation of fishery resources outside EU waters.

SFPAs also ensure consistency between the principles governing the Common Fisheries Policy and commitments made under other European policies (sustainable use of third-country resources, combating illegal, unreported and unregulated (IUU) fishing, integration of partner countries into the global economy and better political and financial governance of fisheries).

[1] As referred to in Article 58(2)(a) or (b) of the Financial Regulation.

1.4.2. Specific objective(s)

Specific objective

To contribute to sustainable fishing in non-EU waters, maintain a European presence in distant-water fisheries and protect the interests of the European fisheries sector and consumers by negotiating and concluding SFPAs with coastal states, consistent with other European policies.

ABM/ABB activity(ies) concerned:

Maritime affairs and fisheries, to establish a governance framework for fishing activities carried out by European Union fishing vessels in third-country waters (SFAs) (budget line 11.03.01).

1.4.3. Expected result(s) and impact

Specify the effects that the proposal/initiative should have on the targeted beneficiaries/groups.

A second extension to the existing Protocol to the FPA will prevent an interruption of fishing activity by European vessels when the Protocol expires on 15 November 2020. It will apply for a maximum period of one year, pending the finalisation of negotiations for the renewal of the FPA.

The Protocol enables the establishment of a strategic fisheries partnership between the European Union and the Islamic Republic of Mauritania. The Protocol will also contribute to better management and conservation of fishery resources, through financial support (sectoral support) for the implementation of programmes adopted at national level by the partner country, in particular as regards monitoring and combating illegal fishing, and support for the small-scale fisheries sector.

1.4.4. Performance indicators

Specify the indicators for monitoring progress and achievements.

Fishing opportunity utilisation rates (annual uptake of fishing authorisations as a percentage of availability under the Protocol).

Catch data (gathering and analysis) and the commercial value of the Agreement.

Contribution to employment and to added value in the Union and to stabilising the Union market (in aggregate with other SFPAs).

Contribution to improving research, surveillance and control of fishing activity by the partner country and the development of its fisheries sector, in particular its small-scale fisheries sector.

1.5. Grounds for the proposal/initiative

1.5.1. Requirement(s) to be met in the short or long term, including a detailed timeline for implementing the initiative

It is intended that the exchange of letters extending the Protocol will apply provisionally from the date of its signature, as from 16 November 2020 or any subsequent date of signature, so as to prevent any interruption to fishing operations ongoing under the current Protocol.

1.5.2. Added value of Union involvement (it may result from different factors, e.g. coordination gains, legal certainty, greater effectiveness or complementarity). For the purposes of this point, 'added value of Union involvement' is the value resulting from Union intervention which is additional to the value that would have been otherwise created by Member States alone.

If the Union did not conclude a new protocol, this would impede the fishing activity of EU vessels as the Agreement contains a clause excluding fishing activity not taking place in the framework defined by a protocol to the Agreement. Consequently, the added value for the EU's long-distance fleet is very clear. The Protocol also provides a framework for enhanced cooperation between the EU and the Islamic Republic of Mauritania.

1.5.3. Lessons learnt from similar experiences in the past

The analysis of past catches in the fishing zone of the Islamic Republic of Mauritania and of recent catches under similar protocols in the region, as well as the available assessments and scientific advice, have led the Parties to set fishing opportunities in terms of catch limit (TAC) or reference tonnage for the categories referred to in the explanatory memorandum above. Sectoral support takes into account needs with respect to building the capacity of the fisheries authorities of the Islamic Republic of Mauritania and the priorities of the national fisheries strategy, including, in particular, scientific research and fishing control and monitoring activities.

1.5.4. Compatibility with the multiannual financial framework and possible synergies with other appropriate instruments

Funds provided as financial compensation for access under the FPA constitute fungible revenue in the national budget of the Islamic Republic of Mauritania. However, funds intended for sectoral support are allocated (generally by introduction in the annual budget law) to the Ministry responsible for fisheries, as a condition for the conclusion and monitoring of FPAs. These financial resources are compatible with other sources of funding from other providers of international funding for carrying out projects and/or programmes at national level in the fisheries sector.

1.5.5. Assessment of the different available financing options, including scope for redeployment

Comments

[2] Details of management modes and references to the Financial Regulation may be found on the BudgWeb site: https://myintracomm.ec.europa.eu/budgweb/EN/man/budgmanag/Pages/budgmanag.aspx

2. MANAGEMENT MEASURES

2.1. Monitoring and reporting rules

Specify frequency and conditions.

The Commission (DG MARE), in collaboration with its fisheries attaché based in the country (Nouakchott) will ensure regular monitoring of the implementation of the Protocol, as regards the use by operators of fishing opportunities and catch data and compliance with conditions for sectoral support.

The FPA provides for at least one annual meeting of the Joint Committee, at which the Commission and the Islamic Republic of Mauritania review the implementation of the Agreement and Protocol and, if necessary, adjust the programming and, if applicable, the financial contribution.

2.2. Management and control system(s)

2.2.1. Justification of the management mode(s), the funding implementation mechanism(s), the payment modalities and the control strategy proposed

The identified risk is the under-use of fishing opportunities by EU vessel owners and the under-use or delayed use by the Islamic Republic of Mauritania of funds intended to finance the sectoral fisheries policy.

2.2.2. Information concerning the risks identified and the internal control system(s) set up to mitigate them

Extensive dialogue is planned on the programming and implementation of the sectoral policy laid down in the Agreement and the Protocol. Joint analysis of results also forms part of these control methods.

In addition, the Agreement and the Protocol contain specific clauses for their suspension, under certain conditions and in given circumstances.

2.2.3. Estimation and justification of the cost-effectiveness of the controls (ratio of 'control costs ÷ value of the related funds managed'), and assessment of the expected levels of risk of error (at payment and at closure)

2.3. Measures to prevent fraud and irregularities

Specify existing or envisaged prevention and protection measures, e.g. from the Anti-Fraud Strategy.

The Commission undertakes to strengthen political dialogue and regular coordination with the Islamic Republic of Mauritania with a view to improving the management of the Agreement and the Protocol and strengthening the Union's contribution to the sustainable management of resources. Any payment which the Commission makes under an FPA is subject to the Commission's standard rules and budgetary and financial procedures. In particular, the bank accounts of the third countries into which the financial contribution is paid are fully identified. The Protocol provides that the financial contribution is to be paid into a Public Treasury account opened at Mauritania's Central Bank.
