**EUROPEAN UNION PATENT COURT –
DRAFT AGREEMENT**

THE CONTRACTING PARTIES,

CONSIDERING that co-operation amongst the countries of Europe in the field of patents contributes significantly to the integration process in Europe, in particular to the establishment of an internal market within the European Economic Area characterized by the free movement of goods and services and the creation of a system ensuring that competition in the internal market is not distorted,

CONSIDERING that the fragmented market for patents and the significant variations between national court systems are detrimental for innovation, in particular for small and medium sized enterprises which have difficulties to enforce their patents and to defend themselves against unfounded claims,

WISHING to improve the enforcement of patents and to enhance legal certainty by setting up a European Union Patent Court for litigation related to the infringement and validity of patents,

CONSIDERING that the integrated and exclusive European Union Patent Court shall be set up for Community patents and European patents designating the Contracting Parties, and it shall be open for all Contracting States of the European Patent Convention,

CONSIDERING that the European Union Patent Court shall be designed to ensure expeditious and high quality decisions, striking a fair balance between the interests of right holders and other parties and taking into account the need for proportionality and flexibility,

HAVE AGREED AS FOLLOWS:

In these situations, the right holder shall be informed as soon as reasonably possible.

(5) Where measures to preserve evidence are adopted without the other party having been heard, the parties affected shall be given notice, without delay after the execution of the measures at the latest. A review, including a right to be heard, shall take place upon request of the parties affected with a view to deciding, within a reasonable period after the notification of the measures, whether the measures shall be modified, revoked or confirmed.

(6) The Court shall ensure that the measures to preserve evidence are revoked or otherwise cease to have effect, upon request of the defendant, without prejudice to the damages which may be claimed, if the applicant does not initiate, within a period not exceeding 20 working days or 31 calendar days, whichever is the longer, proceedings leading to a decision on the merits of the case before the Court.

(7) Where the measures to preserve evidence are revoked, or where they lapse due to any act or omission by the applicant, or where it is subsequently found that there has been no infringement or threat of infringement of the patent right, the Court may order the applicant, upon request of the defendant, to provide the defendant appropriate compensation for any injury caused by those measures.

(4) The Court may, in respect of the measures referred to in paragraphs 1, 2 and 3, require the applicant to provide any reasonable evidence in order to satisfy itself with a sufficient degree of certainty that the applicant is the right-holder and that the applicant's right is being infringed, or that such infringement is imminent.
