- (3) On 20 May 2021, the Council adopted Recommendation 2021/816 amending Council Recommendation (EU) 2020/912 on the temporary restriction on non-essential travel into the EU and the possible lifting of such restriction<sup>14</sup> in order to update the criteria used to assess whether non-essential travel from third countries is safe and should be allowed.
- (4) The Council Recommendation provides that Member States should gradually lift the temporary restriction on non-essential travel to the EU as from 1 July 2020 in a coordinated manner with regard to the residents of the third countries listed in Annex I to the Council Recommendation. Every two weeks, the list of third countries referred to in Annex I should be reviewed, and as the case may be updated, by the Council, after close consultation with the Commission and the relevant EU agencies and services following an overall assessment based on the methodology, criteria and information referred to in the Council Recommendation.
- (5) Discussions have since then taken place within the Council, in close consultation with the Commission and the relevant EU agencies and services, on the review of the list of third countries set out in Annex I to the Council Recommendation and in application of the criteria and methodology laid down in the Council Recommendation, as amended by Recommendation 2021/816. As a result of these discussions, the list of third countries set out in Annex I should be amended. In particular, Israel, Kosovo, Lebanon, Montenegro, Republic of North Macedonia and United States of America should be removed from the list.

- (6) Border control is in the interest not only of the Member State at whose external borders it is carried out but of all Member States which have abolished internal border control. Member States should therefore ensure that measures taken at the external borders are coordinated in order to ensure a well functioning Schengen area. To that end, as of 30 August 2021, Member States should continue lifting the temporary restriction on non-essential travel into the EU in a coordinated manner with regard to the residents of the third countries, Special Administrative Regions *and other entities and territorial authorities* listed in Annex I of the Council Recommendation as amended by this Recommendation.

Given that this Recommendation builds upon the Schengen acquis, Denmark shall, in accordance with Article 4 of the said Protocol, decide within a period of six months after the Council has decided on this Recommendation whether it will implement it.
- (8) This Recommendation constitutes a development of the provisions of the Schengen acquis in which Ireland does not take part, in accordance with Council Decision 2002/192/EC<sup>15</sup>; Ireland is therefore not taking part in its adoption and is not bound by it or subject to its application.
- (9) As regards Iceland and Norway, this Recommendation constitutes a development of the provisions of the Schengen acquis within the meaning of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the latter's association with the implementation, application and development of the Schengen acquis which fall within the area referred to in Article 1, point A, of Council Decision 1999/437/EC<sup>16</sup>.
