6. In order to complete this accession negotiations opening phase, the Council also decides to convene another intergovernmental conference with a view to presenting the Negotiating Framework and a state of play of the preparatory works by the Commission and stands ready to hold it without further delays nor additional political decision, as soon as North Macedonia has implemented its commitment to complete the aforementioned constitutional changes, in line with its internal procedures.
7. In this perspective, the Council notes that the Commission has advanced its work to carry out and complete the process of analytical examination of the EU acquis and stands ready to present in due time its results to North Macedonia. On this basis, it invites the Commission to continue to assess the state of preparation of North Macedonia for opening negotiations in specific areas and identify the issues that will most likely come up in the negotiations, starting with the fundamentals' cluster, which, in accordance with the Negotiating Framework, will be opened first once North Macedonia has met the relevant criteria agreed by the Council.
