18 June 2024

**Subject: Submission of the draft RTS and ITS on the use and reporting of ARTs/EMTs denominated in a non-EU currency as a means of exchange and RTS on supervisory colleges under Article 22(6) and (7) and Article 119(8) of Regulation (EU) 2023/1114 on markets in crypto-assets (MiCAR)**

Dear Mr Berrigan,

In accordance with Regulation (EU) 2023/1114 (the Markets in Crypto Assets Regulation, 'MiCAR'), the EBA is required to develop draft:

- regulatory technical standards (RTS) to specify the methodology to estimate the quarterly average number and average aggregated value of transactions per day that are associated to uses as a means of exchange within a single currency area (Article 22(6) of MiCAR);
- implementing technical standards (ITS) to establish the standards forms, formats and templates for the purposes of reporting referred to in Article 22(1) and the provision of information referred to in Article 22(3) (Article 22(7) of MiCAR);
- RTS on various matters relating to supervisory colleges (Article 119(8) of MiCAR).

It is my pleasure to submit to you today these draft RTS and ITS as endorsed by the EBA's Board of Supervisors. These standards were developed following the procedure described in Articles 10 and 15 of Regulation (EU) No. 1093/2010. As previously agreed, the draft RTS and ITS are attached in Legiswrite format.

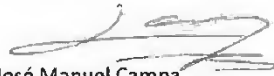

In addition, the draft RTS and ITS will be published on the EBA's public website.

1

I note this completes the EBA's delivery on time of draft RTS and ITS under MiCAR.

I look forward to the completion of the process of adoption of the standards.

Yours sincerely,

José Manuel Campa
