ANNEX 2

TARIFF ELIMINATION SCHEDULES

SECTION A

GENERAL PROVISIONS

1. For the purposes of this Annex, "year 0" means the period beginning on the date of entry into force of this Agreement and ending on 31 December of the same calendar year. "Year 1" will begin on 1 January following the date of entry into force of this Agreement, with each subsequent tariff reduction taking effect on 1 January of each subsequent year.

2. For the purposes of this Annex, the Agreement establishing an association between the European Community and its Member States, of the one part, and the Republic of Chile, of the other part, signed on 18 November 2002 in Brussels, as last modified by the Third Additional protocol to that Agreement, signed on 29 June 2017 in Brussels, is referred to as "the 2002 Association Agreement".

3. Originating goods not listed in a Party's Schedule to this Annex will continue to receive duty-free treatment upon importation to that Party as agreed under the 2002 Association Agreement. For goods originating in Chile imported into the European Union, this concerns goods classified in Chapters 05, 06, 09, 14, 25 to 28, 30 to 32, 34, 36, 37 and 39 to 97, or headings 2901 to 2904, 2906 to 2942, 3301, 3303 to 3307, 3501, 3503, 3504, 3506, 3507, 3801 to 3808, 3810 to 3823, 3825 and 3826 of the Harmonized System (as amended on 1 January 2017). For goods originating in the European Union imported into Chile, this concerns goods classified in Chapters 01, 02, 05 to 09, 13, 14, 18, 20, 22 and 24 to 97 of the Harmonized System (as amended on 1 January 2017).

4. For originating goods of the other Party set out in each Party's schedule to this Annex, the following staging categories apply to the elimination or reduction of customs duties pursuant to Article 2.5:

(a) customs duties on originating goods provided for in the items in staging category "0" in the tariff elimination schedule of a Party shall be duty-free as of the date of entry into force of this Agreement;

(b) customs duties on originating goods provided for in the items in staging category "3" in the tariff elimination schedule of a Party shall be eliminated in four equal annual stages beginning on the date of entry into force of this Agreement, and such goods shall be duty-free on 1 January of year 3;

(c) customs duties on originating goods provided for in the items in staging category "5" in the tariff elimination schedule of a Party shall be eliminated in six equal annual stages beginning on the date of entry into force of this Agreement, and such goods shall be duty-free on 1 January of year 5;

(d) customs duties on originating goods provided for in the items in staging category "7" in the tariff elimination schedule of a Party shall be eliminated in eight equal annual stages beginning on the date of entry into force of this Agreement, and such goods shall be duty-free on 1 January of year 7;

(e) customs duties on originating goods provided for in the items in staging category "7*" in the tariff elimination schedule of Chile in Appendix 2-2 shall be eliminated in three equal annual stages beginning on 1 January of year 5, and such goods shall be duty-free on 1 January of year 7;

(f) the *ad valorem* component of the customs duties on originating goods provided for in the items in staging category "0+EP" in the tariff elimination schedule of the European Union in Appendix 2-1 shall be eliminated as of the date of entry into force of this Agreement. The tariff elimination shall apply to the *ad valorem* duty only. The specific duty on originating goods triggered in a situation where the import price falls below the entry price shall be maintained;

(g) customs duties on originating goods provided for in relation to the items in staging category "E" in the tariff elimination schedule of a Party are exempt from tariff elimination.

5. The base rate for determining the interim staged rate of customs duty for an item shall be the most-favoured-nation customs duty rate applied on 1 January 2018 or the preferential duty as set out in the 2002 Association Agreement, whichever is the lower.

6. For the purpose of the elimination of customs duties pursuant to Article 2.5, interim staged duty rates shall be rounded down at least to the nearest tenth of a percentage point or, if the rate of duty is expressed in monetary units, at least to the nearest 0,01 of the official monetary unit of the Party.

7. Where items are marked with a "TRQ" notation in the tariff elimination schedule of a Party, the staging category applies to imports of goods outside the tariff rate quota specified in Section B.

8. This Annex is based on the Harmonized System, as amended on 1 January 2017.

SECTION B

TARIFF RATE QUOTAS

For the administration in year 0 of the tariff rate quota (TRQ) established under this Annex, the Parties shall calculate the volume of that TRQ by discounting the pro-rated volume corresponding to the period from 1 January to the date of entry into force of this Agreement.[1]

A Party opening TRQs to the other Party as referred to in this Annex shall administer these TRQs in a transparent, objective and non-discriminatory manner in accordance with its law. The Party opening the TRQs shall make publicly available, in a timely and continuous manner, all relevant information concerning quota administration, including the available volume and eligibility criteria.

Chile shall administer the TRQs set out in this Annex on a first-come-first-served basis.

The European Union shall administer the TRQs set out in this Annex on a first-come-first-served basis or on the basis of a system of import or export licences operating in accordance with its law.

[1] For greater certainty, the volume available for year 0 shall be calculated by multiplying the conceded volume corresponding to year 0 (as set out in this Annex) by a fraction, the numerator of which shall be the remaining number of days of year 0, and the denominator of which shall be the total number of days of the calendar year on which year 0 falls (365 or 366, as appropriate).
