Proposal for a Council Decision

on the position to be taken on the European Union's behalf in the Customs Cooperation Committee established under the Association Agreement between the European Community and Türkiye as regards the adoption of a decision on the mutual recognition of the authorised economic operator programme of the European Union and the authorised economic operator programme of the Republic of Türkiye

ANNEX
**DECISION No.../2025 OF THE EU-TÜRKİYE CUSTOMS COOPERATION
COMMITTEE**

of

**concerning the mutual recognition of the authorised economic operator programme of
the European Union and the authorised economic operator programme of the Republic
of Türkiye**

THE CUSTOMS COOPERATION COMMITTEE,

HAVING REGARD TO the Association Agreement between the European Community and Türkiye signed at Ankara, 12 September 1963 (the Association Agreement) and in particular Articles 2(1) and 7 and to the Decision No 1/95 of the EC-Turkey Association Council of 22 December 1995 on implementing the final phase of the customs union (the Customs Union Decision)¹, and in particular Articles 28(1) (c) and 28(3).

Whereas:

- (1) Article 2.1 of the Association Agreement establishes that “the aim of the Agreement is to promote the continuous and balanced strengthening of trade and economic relations between the Parties”.
- (2) Article 7 of the Association Agreement stipulates that “the Contracting Parties shall take all appropriate measures, whether general or particular, to ensure the fulfilment of the obligations arising from this Agreement”.
- (3) Article 28.1 (c) of the Customs Union Decision establishes that Türkiye shall adopt provisions based on the Community Customs Code and its implementing provisions in the field of, among others, introduction of goods into the territory of the Customs Union.
- (4) Article 28.3 of the Customs Union Decision establishes that the Customs Cooperation Committee shall lay down the appropriate measures to implement such provision.
- (5) Security and safety, and the facilitation of the international trade supply chain, can be significantly enhanced through mutual recognition of the respective trade partnership programmes, namely of the Authorised Economic Operator (AEO) programme in the European Union and the national AEO programme in the Republic of Türkiye.
- (6) The two AEO programmes are based on internationally recognised security standards advocated by the SAFE Framework of Standards to Secure and Facilitate Global Trade adopted by the World Customs Organization in June 2005 (‘SAFE Framework’).
- (7) Mutual recognition allows the Parties to provide facilitative benefits to economic operators who have invested in supply-chain security and have been authorised under their respective programmes.

¹ OJ L 35, 13.2.1996, p. 1.

- (8) Site visits and a joint evaluation of the AEO programmes in the European Union and in the Republic of Türkiye have revealed that their qualification standards for security and safety purposes are compatible and lead to equivalent results.
- (9) The Decision 2/69 of the Association Council on the establishment of the EU – Türkiye Customs Cooperation Committee² and in particular its Article 2, stipulates that the Customs Cooperation Committee shall be responsible for ensuring administrative cooperation between the Contracting Parties with a view to the correct and uniform application of the customs provisions of the Association Agreement and for carrying out any other tasks in the customs field which the Association Committee may entrust to it.

HAS ADOPTED THIS DECISION:

4. ‘Programme’ means:
 - (a) in the European Union: the European Union authorised economic operator (AEO) status for security and safety granted under Article 38(2), point (b), of Regulation (EU) No 952/2013 of the European Parliament and of the Council³;

1. The Programmes of the European Union and of the Republic of Türkiye are hereby mutually recognised to be compatible and the corresponding AEO statuses granted are mutually accepted.
2. The Parties shall implement this Decision through their respective Customs Authorities.

Article 3

Compatibility

1. The Customs Authorities shall cooperate to maintain the compatibility between their Programmes, in particular with respect to the following matters:
 - (a) the application process for granting the AEO status and membership;
 - (b) the assessment of applications;
 - (c) the granting of the AEO status and membership;
 - (d) the managing, monitoring, suspension, re-assessment, and revocation of the AEO status and membership;
 - (e) promoting cooperation between Customs Authorities and environmental authorities to promote AEO status and membership compliance with international environmental standards.
2. The Parties shall ensure that their trade partnership programmes operate within the relevant standards of the SAFE Framework.

Article 4

Benefits

1. Each Customs Authority shall provide benefits to Programme Members of the other Customs Authority, that are comparable to the benefits that it provides to its Programme Members.
2. The benefits referred to in paragraph 1 include:
 - (a) fewer security and safety-related controls: each Customs Authority takes the status of a Programme Member granted by the other Customs Authority favourably into account in its risk assessment in order to reduce inspections or controls and in other security and safety-related measures;
 - (b) the giving of priority to the inspection of consignments covered by exit or entry summary declarations and transit declarations that include same data elements

required for entry or exit summary declarations, lodged by a Programme Member if the Customs Authority decides to proceed with an inspection.

- (c) the recognition of business partners status during the application process: each Customs Authority takes the status of a Programme Member granted by the other Customs Authority into account with a view to treating the Programme Member as a secure and safe partner when assessing the business partners' requirements for applicants under its own Programme;
 - (d) business continuity mechanism: both Customs Authorities endeavour to establish a business continuity mechanism to respond to disruptions in trade flows due to increases in security alert levels, border closures or natural disasters, hazardous emergencies or other major incidents by which priority cargos related to Programme Members should be facilitated and expedited to the extent possible by the Customs Authorities;
3. Following the review process referred to in Article 7(3) of this decision, each Customs Authority may provide, in cooperation with other government authorities in its territory, further facilitation benefits, which may include streamlining processes and increasing the predictability of movement at the border, to the extent possible, such as by establishing fast track lanes at land borders.
4. Each Customs Authority:
- (a) may suspend the benefits provided under this Decision to a Programme Member of the other Customs Authority only for duly justified reasons equivalent to those for which it would suspend a Programme Member from its Programme, such as when it is found involved in a safety and security related incident;
 - (b) shall, within a reasonable time, communicate the suspension operated under point (a) and the reasons for the suspension to the other Customs Authority via the competent services of the European Commission;
5. Each Customs Authority shall, when it deems appropriate, report irregularities via the competent services of the European Commission involving Programme Members of the other Customs Authority's Programme to that Customs Authority for the purpose of ensuring immediate analysis of the appropriateness of the benefits and status granted by the other Customs Authority.
6. For greater certainty, this Decision does not limit a Party or a Customs Authority from requesting information pursuant to the mutual administrative assistance referred to in Annex 7 to the Decision No 1/95 of the EC-Turkey Association Council of 22 December 1995 or other applicable instrument between the Parties, or between the Customs Authorities.

Article 5
