Council of the
European Union

Brussels, 17 September 2018
(OR. en)

11676/18

CFSP/PESC 765
COARM 224

NOTE

From:	General Secretariat of the Council
To:	Working Party on Conventional Arms Exports (COARM)
Subject:	Revised Nineteenth Annual Report according to article 8(2) of Council Common Position 2008/944/CFSP defining common rules governing the control of military technology and equipment

Delegations will find attached the annexes of the revised nineteenth annual report according to Article 8(2) of Council Common Position 2008/944/CFSP defining common rules governing control of exports of military technology and equipment, as agreed by the Working Party on Conventional Arms Exports (COARM).

ANNEX

REVISED NINETEENTH ANNUAL REPORT

ACCORDING TO ARTICLE 8(2) OF COUNCIL COMMON POSITION 2008/944/CFSP DEFINING COMMON RULES GOVERNING THE CONTROL OF EXPORTS OF MILITARY TECHNOLOGY AND EQUIPMENT

INTRODUCTION

The present report covers statistics on licences and exports of conventional arms from EU Member States during the 2016 calendar year. It also covers activities undertaken by the EU and its Member States in the framework of the implementation of Council Common Position 2008/944/CFSP[1] throughout 2016 and 2017, in addition to those activities mentioned in the eighteenth annual report.

In addition, the report contains non-exhaustive information on intra-EU transfers of defence-related products that are governed by Directive 2009/43[2] on simplifying terms and conditions of transfers of defence-related products within the Community.

During 2016 and 2017, the EU and its Member States continued to implement Council Common Position 2008/944/CFSP defining common rules governing the control of exports of military technology and equipment, which replaced in 2008 the EU Code of Conduct on arms exports in force since June 1998.

The following third countries have officially aligned themselves with the criteria and principles of Common Position 2008/944/CFSP: Albania, Bosnia and Herzegovina, Canada, the former Yugoslav Republic of Macedonia, Georgia, Iceland, Montenegro and Norway. A specific information exchange system between the EU and third countries aligned with the Common Position has been in place since 2012.

[1] OJ L 335 of 13 December 2008, pages 99-103
[2] OJ L 146 of 10 June 2009, page 1

The promotion of effective national arms export controls and the principles and criteria of Common Position 2008/944/CFSP in selected third countries was pursued in the period covered by this report with the adoption of Council Decision 2015/2309/CFSP[1], which secured the follow up to Council Decision 2012/711/CFSP[2]. EU outreach efforts also significantly increased on universalisation and implementation of the ATT, with a large number of activities carried out during the same period under Council Decision 2013/768/CFSP[3], and subsequently under the follow-on Council Decision 2017/915/CFSP[4].

I. IMPLEMENTATION OF COUNCIL COMMON POSITION 2008/944/CFSP

1. Implementation of Common Position 2008/944/CFSP

The Common Position is an evolution of the EU Code of Conduct on arms exports, which it replaced in December 2008. It includes, inter alia, assessment criteria for export licence applications, an extension of controls on brokering, transit transactions and intangible transfers of technology, as well as strengthened procedures to promote the convergence of Member States' export policies.

Member States implement the provisions of the Common Position in their national export control systems and have to ensure that their national legislation or administrative rules conform to the Common Position. The situation regarding national implementation of the Common Position is reported in the attached Table C.

[1] OJ L 326 of 11 December 2015, pages 56-63
[2] OJ L 321 of 20 November 2012, pages 62 -67
[3] OJ L 341 of 18 December 2013, pages 56-67
[4] OJ L 139 of 30 May 2017, pages 38-48

Denial notifications and consultations

The Common Position foresees the notification of licence denials and consultations about them when a Member State is reviewing an essentially identical transaction to one denied before by another Member State. As a result of the review of the EU Common Position, a new functionality was added to the COARM online information system in 2016 to support this denials-related information-sharing and to store the EU central database of denials and their related consultations. During 2016 and 2017, adjustments and improvements were made to this online system with a view to enhancing its security and to providing a quicker and more efficient information-sharing to all national stakeholders involved in arms export control. The system has already proven to further support transparency between Member States vis-à-vis specific countries of final destination and end users.

The number of denials notified in 2016 is indicated in row (d) of the tables in Table AI (annexed to this report) per destination and per military list category; the number of consultations issued and received by each Member State, and the number of consultations per destination can be found in Tables BI and BII respectively.

2. User's Guide

The User's Guide is a key instrument summarising agreed guidance for the implementation of the operative provisions of Common Position 2008/944/CFSP and the interpretation of its criteria. It is referred to in Article 13 of the Common Position.

It was developed by the Council Working Party on Conventional Arms Exports (COARM) and is updated as appropriate. It was last updated in July 2015 as a result of the completed review of Common Position 2008/944/CFSP. The User's Guide is intended for use primarily by export licencing officials, thus substantially contributing in a pragmatic way to the convergence of Member States' arms export control policies and procedures.

The guide presents good practices for interpretation of the criteria of Common Position 2008/944/CFSP that have been developed by the COARM Working Party, building on national best practices and taking into account input from other relevant stakeholders, including civil society. Their purpose is to achieve greater consistency among Member States in the application of the criteria of the Common Position. This is achieved, inter alia, through the identification of factors that need to be considered when assessing export licence applications. The best practices are for use by licencing officers and other officials in relevant government departments and agencies. The decision-making process is informed by the expertise of these officials on matters covering regional, legal, judicial, technical, development, as well as security and military related issues.

The Guide is a public document available on the website of the European External Action Service[1].

3. Outreach

Article 11 of the Common Position calls on Member States to "*use their best endeavours to encourage other States, which export military technology or equipment to apply the criteria of the Common Position.*" Intensive outreach activities carried out by both the EU and by Member States individually continued in 2016 and 2017, as outlined in Table D, annexed to this report.

Under Council Decisions 2012/711/CFSP of 19 November 2012 and 2015/2309/CFSP of 10 December 2015, both implemented by the German Federal Office for Economic Affairs and Export Control (BAFA), a number of regional workshops, study visits and individual assistance events took place. In addition, further regional outreach activities, tailored national assistance programmes and ad hoc individual assistance workshops were carried out under Council Decision 2013/768/CFSP, supporting the Arms Trade Treaty's effective implementation and universalisation (further information on the latter activities is reported in section II.2).

[1] https://eeas.europa.eu/headquarters/headquarters-homepage/8465/arms-export-control_en

4. Political Dialogue meetings

Political Dialogue meetings on arms export control issues were held on a regular basis in 2016 and 2017 with Norway, Canada, the United States and Ukraine. These political dialogues provided a forum for fruitful discussions on matters of mutual interest such as export policies to specific destinations, compliance and control issues and the Arms Trade Treaty process.

5. Update of the Common Military List of the European Union

Under Article 12 of the Common Position, the Common Military List of the European Union (CML) covers the minimum scope of military items that Member States have to subject to export control. It is identical to the list of defence-related products annexed to Directive 2009/43/EC of the European Parliament and of the Council of 6 May 2009, simplifying intra-EU defence trade[1].

As this report covers statistics on conventional arms exports from EU Member States during the 2016 calendar year, the CML included is that relating to 2016 that was adopted by the Council on 14 March 2016, and that takes into account the changes in the Wassenaar Arrangement's Munitions List agreed at the 2015 Plenary meeting of the Arrangement. This updated version of the CML was published in the EU Official Journal C 122/1 of 6 April 2016.

6. Arms brokering

In accordance with Article 5 of Common Position 2003/468/CFSP on the control of arms brokering, Member States have put in place separate arrangements for the exchange of information on brokering licences granted and denied. Furthermore, those Member States who require brokers to obtain a written authorisation to act as brokers and/or have established a register of arms brokers, have put in place separate arrangements for the exchange of relevant information on registered brokers. Information on brokering licences granted and denied by EU Member States can be found in the attached Table AIII.

Detailed information on national implementation of Common Position 2003/468/CFSP is provided in the attached Table C.

[1] OJ L 146 of 10 June 2009, page 1

7. Dialogue with stakeholders: European Parliament, civil society and industry

Dialogue with the European Parliament on arms export control issues usually takes place annually with the hearing of a European External Action Service official. During 2016 and 2017, the EEAS also had regular contacts with the EP's Rapporteur on arms export control and answered a significant number of parliamentary questions on arms exports issues.

In accordance with past practice, COARM meetings with non-governmental organisations were organised in the period 2016-2017 on a six-monthly basis. In 2017, COARM also invited representatives from industry to one of its meetings.

II. ARMS TRADE TREATY (ATT)

1. Involvement in the ATT: Conferences of States Parties

As with the First and Second Conferences of States Parties (reported on in previous Annual Reports), the EU and its Member States played an active part in the Third Conference of States Parties, held in Geneva on 11-15 September 2017. The Third Conference of States Parties, chaired by Ambassador Klaus Korhonen of Finland, saw support for the consolidation of the work of the three Working Groups and for the activities of the Voluntary Trust Fund and Sponsorship Programme. It agreed that the Working Groups would continue as Standing Working Groups with agreed terms of reference, and to a new call for projects to be funded from the VTF. It decided on its budget for 2017/2018 and agreed that the Secretariat could explore a number of options to ease the burden on the over-stretched Secretariat, particularly as regards the management of the VTF projects. It agreed to continue the work to enhance reporting, in particular the number and timeliness of national reports, and to further explore the links between the ATT and the Sustainable Development Goals. The Conference elected Ambassador Nobushige Takamizawa of Japan as President of the Fourth Conference of States Parties in 2018. The meeting was characterised by the active engagement of States Parties and Observers, as well as of Civil Society, Industry and Academia representatives. With the structure and processes of the Treaty in order, States Parties are in agreement that attention should, in future, be on effective implementation and universalisation.

2. The EU Implementation Support Programme under Council Decision 2013/768/CFSP

Further to its entry into force in December 2014 and with so far 92 States Parties, the ATT now faces the challenges of its universalisation and its effective implementation by States Parties.

To contribute to addressing these challenges, the EU adopted in December 2013 under Council Decision 2013/768/CFSP an ambitious and tangible implementation support programme for third countries. This programme was implemented by the German Federal Office for Economic Affairs and Export Control (BAFA), with co-financing by the Federal Republic of Germany. It assisted a total of 15 third countries on their request in strengthening their arms transfer systems in line with the requirements of the Treaty. Details of the activities carried out under the EU programme during 2016 and 2017 can be found in the attached Table D. Towards the end of 2016, follow-up to Council Decision 2013/768/CFSP was considered by COARM and a decision was taken in November 2016 to continue the EU's outreach with a further 3 year programme to be implemented by both BAFA and Expertise France (EF). The new Council Decision 2017/915/CFSP was adopted by the Council on 29 May 2017.

III. PRIORITY GUIDELINES FOR COARM FOR THE NEAR FUTURE

With the adoption of Common Position 2008/944/CFSP, the core elements of a common approach to the control of conventional arms exports by Member States are in place. In spite of the progress represented by the adoption of the Common Position, there is still work to be done, notably at the implementing level of the Common Position as identified by its review. The following are therefore priority guidelines for the near future:

1. to continue to reinforce cooperation and to promote convergence in the fields of exports of military technology and equipment in accordance with Common Position 2008/944/CFSP, with the aim to strengthen the European Union’s export control policy, including by the exchange among EU Member States of relevant information on denial notifications and arms export policies.

2. to complete the evaluation of the COARM online system and to continue the discussion of extra functionalities in the system.

3. to ensure that those Member States, which have not yet done so, adopt the appropriate national regulations or administrative rules to fully implement:

- Common Position 2003/468/CFSP on the control of arms brokering;
- Common Position 2008/944/CFSP defining common rules governing control of exports of military technology and equipment;

4. to further support the effective implementation and universalisation of the Arms Trade Treaty, notably through the continuation of the EU Implementation Support Programme initiated by Council Decision 2017/915/CFSP;

5. to further develop information and best practices exchanges with third countries aligned with Common Position 2008/944/CFSP;

6. to continue to encourage other arms exporting States to apply the criteria of the Common Position;

7. to continue the dialogue with the European Parliament and to further develop contacts with civil society and industry;

8. to strive for finalisation and publication of the 20th EU Annual Report on Arms Exports as early as possible in 2018.

BRIEF DESCRIPTIONS OF EU COMMON MILITARY LIST CATEGORIES[1]

ML1 Smooth-bore weapons with a calibre of less than 20 mm, other arms and automatic weapons with a calibre of 12,7 mm (calibre 0,50 inches) or less and accessories, and specially designed components therefor

ML2 Smooth-bore weapons with a calibre of 20 mm or more, other weapons or armament with a calibre greater than 12,7 mm (calibre 0,50 inches), projectors and accessories, and specially designed components therefor

ML3 Ammunition and fuze setting devices, and specially designed components therefor

ML4 Bombs, torpedoes, rockets, missiles, other explosive devices and charges and related equipment and accessories, and specially designed components therefor

ML5 Fire control, and related alerting and warning equipment, and related systems, test and alignment and countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor

ML6 Ground vehicles and components

ML7 Chemical or biological toxic agents, 'riot control agents', radioactive materials, related equipment, components and materials

ML8 'Energetic materials', and related substances

ML9 Vessels of war (surface or underwater), special naval equipment, accessories, components and other surface vessels

[1] The full description of the categories as adopted by the Council on 14 March 2016 (2016/C 122/01) can be found on http://eur-lex.europa.eu/legal-content/EN/TXT/?qid=1499171400953&uri=CELEX:52016XG0406(01)

ML10 ‘Aircraft’, ‘lighter-than-air vehicles’, 'Unmanned Aerial Vehicles' ('UAVs'), aero-engines and ‘aircraft’ equipment, related equipment, and components, specially designed or modified for military use

ML11 Electronic equipment, 'spacecraft' and components, not specified elsewhere on the EU Common Military List

ML12 High velocity kinetic energy weapon systems and related equipment, and specially designed components therefor

ML13 Armoured or protective equipment, constructions and components

ML14 'Specialised equipment for military training' or for simulating military scenarios, simulators specially designed for training in the use of any firearm or weapon specified by ML1 or ML2, and specially designed components and accessories therefor

ML15 Imaging or countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor

ML16 Forgings, castings and other unfinished products, specially designed for items specified by ML1 to ML4, ML6, ML9, ML10, ML12 or ML19

ML17 Miscellaneous equipment, materials and ‘libraries’, and specially designed components therefor

ML18 'Production' equipment and components

ML19 Directed Energy Weapon (DEW) systems, related or countermeasure equipment and test models, and specially designed components therefor

ML20 Cryogenic and ‘superconductive’ equipment, and specially designed components and accessories therefor

ML21 ‘Software’

ML22 ‘Technology’

The attached tables contain the following information:

A.I TABLES SETTING OUT EXPORTS AND LICENCE REFUSALS PER DESTINATION, PER REGION AND WORLD WIDE

A.II TABLE SHOWING EXPORTS TO UNITED NATIONS-MANDATED OR OTHER INTERNATIONAL MISSIONS IN 2016

A.III TABLE PROVIDING INFORMATION ON BROKERING LICENCES GRANTED AND DENIED PER MEMBER STATE

B.I TABLE SHOWING TOTAL NUMBER OF CONSULTATIONS INITIATED AND TOTAL NUMBER OF CONSULTATIONS RECEIVED BY EACH MEMBER STATE IN 2016

B.II TABLE SHOWING TOTAL NUMBER OF CONSULTATIONS FOR EACH DESTINATION CONCERNED IN 2016

C. INFORMATION ON NATIONAL IMPLEMENTATION OF COMMON POSITION 2003/468/CFSP ON THE CONTROL OF ARMS BROKERING AND COMMON POSITION 2008/944/CFSP DEFINING COMMON RULES FOR THE CONTROL OF EXPORTS OF MILITARY TECHNOLOGY AND EQUIPMENT

D. TABLE OF EU OUTREACH ACTIVITIES

E. TABLE SHOWING INTERNET ADDRESSES FOR NATIONAL REPORTS ON ARMS EXPORTS

TABLE A I

Figures of Table A.I are broken down per Member State, and per EU Common Military List category where (a) = number of licences issued; (b) = value of licences issued in euros; (c) = value of arms exports in euros (if available).[1]

Information on licence denials is provided per destination, per region and per Member State broken down by Common Military List category; (d) = number of denials (discrepancies may appear between breakdowns and totals due to denials concerning more than one ML category) item or denials for items other than those appearing in the ML[2]); (e) = the number of the criterion of Common Position 2008/944 invoked to support the refusal (the number of times each criterion is invoked is indicated between brackets).

Statistics are compiled differently by each Member State: no uniform standard is used. Consequently, owing to current procedures regarding arms export reporting or data protection legislation, not all countries have been able to submit the same information[3].

---

1 To make the table more readable, nil values and/or the mention 'not available' are omitted, and empty rows and columns are deleted.

2 In some instances in accordance with the Common Position denials are issued for items which do not appear on the Common Military List (for example for license applications for transactions of dual-use items where intended military end-use has been identified) are included in the total.

3 (i) Concerning Austria: with regard to items covered by the EU Common Military List, the Austrian law distinguishes between 'war material' (as stipulated in the Austrian War Material Act and Regulation) and 'equipment on the Common Military List not listed as war material' covered by the Austrian Foreign Trade Act. As to category c) value of actual exports by Military List Category, figures may be inaccurate in particular as such data regarding equipment of the Common Military List not listed as war material is available to the competent authorities only after expiration or full utilisation of the individual export licence.
(ii) Concerning the Czech Republic: In rows a) and b) are not included General transfer licences and Global transfer licences pursuant to the Defence Transfer Directive (2009/43/EC), which could cover goods of more than only one ML Category and allow exports to more than only one Member State. In addition to that, some other licences issued cover goods of more than only one ML Category and their value is the total value of all covered goods. Due to this fact, in rows b) are not included these types of licences. The sums in rows c) are based on information provided by exporters and also contain actual exports made in 2016 based on licences issued in a previous year.
(iii) Concerning Denmark: With regards to the value listed in rows b and c it should be noted, that values listed in row b 'Value of export licences granted' relates to licences issued according to national legislation, i.e. to third countries. Values listed in row c 'Value of actual exports' relates to licences issued as global licences (article 6 of the ICT directive) as well as transfers undertaken in accordance with the general licences (article 5 of the ICT directive) and licences issued as individual licences (article 7 of the ICT directive) as well. Thus, when a value is listed in row b as well as row c, these values relates to different licences. The Danish currency (DKK) is where relevant converted to (EUR) using the exchange rate on 30 December 2016.
(iv) Concerning France: France requires its defence companies to obtain a licence from the early stages of market prospection. The licence should indicate the potential of the transaction. Any operation, starting from the negotiation stage, requires obtaining a licence: transmission of documentation, demonstrations, participation in calls for tenders, etc. This requirement for transparency and control results in a licenced value (row (b)) that can greatly differ from the value of the final contracts signed and goods actually exported (row (c)).

The EU User's Guide stipulates that the value of actual exports only needs to be provided where it is available. With regard to actual exports authorised by EU Member States (row c), it is important to note that Belgium, Germany, Ireland, Malta and the United Kingdom do not provide these data; while France and Italy have reported total values only. No aggregation is therefore reported at the EU level.

With regard to the use of global and general licences notably applied to intra-EU transfers pursuant to Directive 2009/43/EC, it is important to note that the actual value of arms transfers and exports under global and general licences is generally reported by EU Member States. This is however dependant on the Member States' ability to report on actual values (row c) as described above and to possible additional national specificities as explained in footnote n°3.

(v) Concerning Finland: in actual exports, the exports to UAE in category ML6 are partly shipped from Poland and may be reported also in Poland's report.
(vi) Concerning Germany: some licences issued cover goods of more than one ML Category (e.g. one licence for the export of rifles and their ammunition). In reporting in table A.I., each time a licence concerns a ML category, it is counted as one single licence, so the sums in rows a) and column 'Total per destination' do not always reflect the actual numbers of licences granted, but a slightly higher figure (i.e. the number of times a ML category has been affected by a licence for that destination).
(vii) Concerning the Netherlands: As values of global licenses cannot always be attributed to individual military list categories or individual countries, the value of those global licenses has been added to the total value of 'worldwide' for the Netherlands. The figures on actual exports reported by the Netherlands are based on information provided by the exporters in 2016, and may reflect exports based on a license issued in a previous year. Although much care has been given to the collection of the data on actual exports, the actual exports figures for 2016 may be higher than the values quoted in this report.
(viii) Concerning Hungary: data provided includes figures of general, global and individual export licences. Transfers of military equipment to the Hungarian Forces deployed in various missions (table AII) are not considered regular foreign trade transactions, because there is no actual payment taking place.
(ix) Concerning Portugal: data provided includes figures of export transactions (definitive and temporary) covered by general, global and individual export licences. Since some licences cover goods of more than one ML category and destination, so each time a licence concerns an ML category or destination, it is counted as one single licence, so the sum in column 'Number of Export Licenses' do not always reflect the actual numbers of licences granted, but a slightly higher figure. As the value of General and Global licences is not always visible ('unlimited value') figures will occur only in column c) and not b).
(x) Concerning Romania: data provided includes figures of general, global and individual export licenses. Global and general licenses cannot always be attributed to an individual military list category ML or an individual country. Therefore, the figures on number of licenses issued (row a) could be slightly higher.
(xi) Concerning Slovenia: Export licences for different groups of weapons and military equipment/defence-related products were granted for United States, Spain and Latvia. The value of those licences was 0. Weapons and military equipment/defence-related products were sent to Latvia for the purpose of replacement, to Spain for the purpose of testing and presentation and to the United States for the purpose of donation.
(xii) Concerning Sweden: The Swedish krona is converted to Euro using the average exchange rate for 2016 (9,40). Licences covering more than one ML category and/or destination are counted multiple times, one for every ML category per country of destination. The total number of licenses quoted in this report therefore exceeds the actual number of licenses issued.
(xiii) Cyprus submitted a nil report.
(xiv) Greece did not submit data to the COARM report.

Data are reported in Euros and accordingly converted from national currencies for Member States not having the Euro as national currency. Please bear in mind the possible exchange rate fluctuations between the data collection at national level, the date of reporting to the EU level and the date of consultation of the data.

It is important to bear in mind that exports to destinations subject to EU arms embargoes comply with the terms, conditions and possible exceptions set out in the decisions imposing such embargoes. The full list and details of embargoes are available at:
http://eeas.europa.eu/cfsp/sanctions/docs/measures_en.pdf.

Exports to UN mandated or other international missions are further reported in table AII.

TABLES SETTING OUT EXPORTS AND REFUSALS PER DESTINATION, PER REGION AND WORLDWIDE

*Page*EXPORTS AND REFUSALS PER DESTINATION

EXPORTS AND REFUSALS PER REGION

Central America and the Caribbean

(Antigua and Barbuda, Bahamas, Barbados, Belize, Costa Rica, Cuba, Dominica, Dominican Republic, El Salvador, Grenada, Guatemala, Haiti, Honduras, Jamaica, Mexico, Nicaragua, Panama, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and Grenadines, Trinidad and Tobago)

EU ARMS EXPORTS PER REGION IN 2016

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS WORLDWIDE IN 2016

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

PROMOTION OF CONTROL OF ARMS EXPORTS AND THE PRINCIPLES AND CRITERIA OF COMMON POSITION 2008/944/CFSP AMONG THIRD COUNTRIES *EU Council Decision 2015/2309/CFSP* *Implementing Agency: German Federal Office for Economic Affairs and Export Control (BAFA)*		
COARM Regional Seminar for South East Europe Podgorica, 06-07 April 2016	EU in implementation of Council Decision 2015/2309/CFSP	The Regional Workshop for South East Europe was conducted on 6-7 April in Podgorica, Montenegro and attended by 26 participants from the partner countries in SEE as well as several observers. After the opening session, the partner countries had the opportunity to report on recent developments within their domestic export control systems. Afterwards, EU experts gave updates on the Common Military List, presented on the introduction of post-shipment controls in some EU Member States, and explained the reporting requirements for EU Member States and ATT State Parties. Further agenda items included case studies on Licensing and Customs cases under consideration of the CFSP Code of Conduct. The workshop was closed with a session on ATT implementation at the national level as well as with a presentation on the COARM technical rating assistance.

COARM Study Visit to London Heathrow Airport London, 18-19 May 2016	EU in implementation of Council Decision 2015/2309/CFSP	On 18-19 May 2016, a study visit was organised for delegates from Armenia, Belarus and Ukraine within the framework of the EU Council Decision 2015/2309/EC on the promotion of effective arms export control, to the facilities of UK Customs at Heathrow Airport. The goal of this event was to provide participants with insights into customs enforcement at Heathrow Airport and to offer a platform for the exchange of information and best practices in this area. UK customs gave an overview of the airport itself, followed by a more in-depth presentation on how customs enforcement was conducted at Heathrow. Other issues discussed included profiling and investigation at Heathrow, while experts from the UK and the Netherlands discussed risk management procedures and strategies at ports of entry in different countries. Participants were also given the opportunity to visit two different warehouses of UK customs where they could observe the work being done by customs officials, such as, for example, detecting potentially risky cargo through the application of certain parameters. A session on interagency cooperation as well as a case study on illicit transfer of arms completed the event.
COARM Individual Assistance Workshop Pristina, 21-23 June 2016	EU in implementation of Council Decision 2015/2309/CFSP	Following a request from Kosovo, an individual assistance seminar was held on 21-23 June 2016 in Pristina within the framework of the EU Council Decision 2015/2309/EC on the promotion of effective arms export control. The seminar in Pristina was the first bilateral event with Kosovo within the framework of the EU COARM project. During in-depth discussions with experts from the UK and Hungary, a small group of officials from different agencies involved in the export control system for arms in Kosovo had

		the opportunity to review and assess in detail various facets of their system, including licensing and interagency processes, as well as current risks and challenges. Participants then had the chance to explore different options and solutions for filling any gaps identified and for strengthening the overall system. There were also discussions on continuing the bilateral cooperation with Kosovo and organising further events within the framework of the COARM project implemented by BAFA.
COARM Study Visit to Antwerp Antwerp, 14-15 September 2016	EU in implementation of Council Decision 2015/2309/CFSP	On 14-15 September 2016, a study visit was organised for delegates from Algeria, Morocco and Tunisia within the framework of the EU Council Decision 2015/2309/EC on the promotion of effective arms export control to the facilities of Belgian Customs at the Port of Antwerp. The study included a presentation on the port itself, a visit to the border inspection post, as well as an in-depth explanation of how customs enforcement was conducted there. Additionally, there were presentations on profiling and risk assessment for customs officers. Discussions on interagency cooperation as well as an enforcement case study followed.
COARM Regional Seminar Yerevan, Armenia, 20-21 October 2016	EU in implementation of Council Decision 2015/2309/CFSP	The workshop was attended by representatives from Armenia, Belarus, Georgia, Moldova and Ukraine and provided the partner countries with a platform to exchange information about recent developments in their native export control systems with their counterparts from neighbouring countries and EU Member States. The presentations and statements of the countries led to interesting panel discussions as the participants were very interested to learn more about the procedures in the neighbouring countries. In turn EU colleagues reported on latest amendments to EU policy e.g.

		with regard to additions to the Common Military List, the control of UAVs and drones and new embargo regulations. Further agenda items were discussions on inter-agency and regional cooperation and the relations between state authorities and companies. Moreover, a presentation on computer based information systems for export control authorities provided information on IT-systems for risk management, information gathering and information exchange.
COARM Regional Seminar for North African Countries Tunis, Tunisia, 02-03 November 2016	EU in implementation of Council Decision 2015/2309/CFSP	This regional seminar was an opportunity for the participating countries (Algeria, Egypt, Morocco, and Tunisia) to report on recent domestic developments in trade control of conventional weapons. For their part, EU experts presented a review of the assessment criteria of the EU Common Position and an update on the amendments to the European Common Military List. Other topics addressed included export and import control of defence material, end-use controls and post-shipment verification. The seminar concluded with a case study aimed at illustrating how the EU Common Position affects licensing at the national level.
COARM Individual Assessment 2 Pristina, Kosovo, 08-10 November 2016	EU in implementation of Council Decision 2015/2309/CFSP	On 8-10 November 2016, the second Individual Assistance seminar for Kosovo was organised in Pristina within the framework of the EU Council Decision (CFSP) 2015/2309 on the promotion of effective arms export control. The event was attended by over 20 Customs officers from various locations in Kosovo and was aimed at providing an initial insight into how strategic trade controls work; the different roles of the licensing authority and Customs; and the challenges faced by Customs staff in terms of identifying strategic products, both from documentary sources and physical inspection. The event featured a lot of interactive sessions, to demonstrate the skills needed and the extra

		resources which could be called upon in tricky cases. This was well received by all participants and will provide a firm basis for further training for the broad range of Customs staff as Kosovo prepares to go live with its strategic trade control system.
COARM Regional Seminar for ECOWAS and China Ouagadougou, Burkina Faso, 10 November 2016	EU in implementation of Council Decision 2015/2309/CFSP	For the first time, the EU COARM Outreach programme organised a Workshop on Arms Diversion for Western Africa within the framework of the EU Council Decision (CFSP) 2015/2309. The event took place on 10 November in Ouagadougou, Burkina Faso and was attended by delegates from 16 Western African states. The focus of this event was on raising awareness of arms diversion in West Africa, with special attention given to how pre-export assessment and post-delivery notification measures could be implemented to stem diversion. Participants were also informed about how to track and trace the sources and routes of diversion in Africa and of the importance of cross-border cooperation in order to combat arms diversion.
COARM Study Visit for South East European Countries Riga, Latvia, 30 November — 01 December 2016	EU in implementation of Council Decision 2015/2309/CFSP	On 30 November-1 December 2016, a study visit was organised for Albania, Kosovo, the former Yugoslav Republic of Macedonia, and Montenegro to Riga, Latvia within the framework of the EU Council Decision 2015/2309/EC. The representatives of the partner countries had the opportunity to visit the Latvian Ministry of Foreign Affairs as well as several Customs facilities at Riga airport. Discussions centred primarily on licensing as well as on transit and brokering activities. Furthermore, the participants had the opportunity to visit the customs office, the warehouse as well the passenger terminal at the airport in Riga and were shown how customs officials

		control the flow of passengers and goods going in and out of Riga airport.
COARM Study Visit Eastern Europe, Warsaw, Poland, 14-15 February 2017	EU in implementation of Council Decision 2015/2309/CFSP	On 14-15 February 2017, a study visit was organised for the partner countries Azerbaijan, Georgia and Moldova within the framework of the EU Council Decision 2015/2309/EC to Warsaw, Poland. The first sessions focused on the licensing systems, including end-use verification and goods identification from a licensing perspective, and included cases studies on arms transit. On the second day, the participants had the opportunity to visit the Cargo Terminal of the Airport in Warsaw. They had access to a temporary warehouse as well as the customs operation centre where they received first hand insights into the work of the customs officers. Afterwards, the group was led to the passenger terminal where Polish custom officers shared cases of illegal arms transfers which had been discovered at Chopin airport. Discussions on customs profiling and inter-agency cooperation rounded out the study visit.
COARM Regional Workshop Skopje, Macedonia, 26-27 April 2017	EU in implementation of Council Decision 2015/2309/CFSP	The second Regional Workshop for South East European countries within the framework of the EU Council Decision 2015/2309/EC was held in Skopje, Former Yugoslav Republic of Macedonia, on 26-27 April 2017. The aim of the workshop was to provide partner countries with a platform to meet and discuss recent developments concerning export control of conventional arms with their counterparts of neighbouring countries and EU Member States. The event began with recent updates of EU policy and provided an overview on the state of international regimes and agreements, such as the ATT and the Wassenaar Arrangement. This was followed by discussions comparing risk assessment

		from both the licensing and customs perspectives. Other sessions covered arms diversion and import marking. In addition to the EU experts, support was provided by UNDP-SEESAC.
COARM Regional Workshop Rabat, Morocco, 23-24 May 2017	EU in implementation of Council Decision 2015/2309/CFSP	The second workshop for North African countries in this project was dedicated to the issue of transit and transshipment provisions, as well as arms diversion in Northern Africa and regional cooperation. The main topics addressed included marking and tracing, as well as recent developments in the sector of strategic trade management. Participants were also informed about recent policy developments within the EU as regards arms trade controls.
COARM Study Visit for South East European Countries Bratislava, Slovakia, 07-08 June 2017	EU in implementation of Council Decision 2015/2309/CFSP	An Arms Export Control Study Visit for Southeast Europe took place in Bratislava, Slovakia on 7-8 June 2017 for participants from Bosnia and Herzegovina, Kosovo, Montenegro and Serbia. The study visit focussed on two topics with great importance for the region, namely arms diversion and inter-agency cooperation. Experts stressed the importance of national inter-agency cooperation and regional coordination to tackle complex problems such as arms diversion. On the morning of the second seminar day, the group of 30 participants and experts was invited to join a demonstration of customs officers' daily work at the Bratislava airport and the border crossing point Jarovce-Kittsee, and various tools and equipment that can be used to support controls were presented on this occasion. This was followed by a lively roundtable discussion involving all delegates as well as representatives of the US EXBS programme on the challenges of modern customs authorities in risk management.
COARM	EU in	The second Regional Workshop for Eastern partnership

Regional Workshop Chisinau, Moldova, 28-29 June 2017	implementation of Council Decision 2015/2309/CFSP	countries, which took place on 28-29 June 2017 in Chisinau, Moldova, completed a successful series of regional events within the framework of the current COARM project. The workshop was aimed at state officials and other representatives from Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine who were given the opportunity to discuss regional developments in the area of strategic trade management for conventional arms and military goods with their counterparts of neighbouring countries as well as EU experts. EU experts provided information on recent developments of international export control regimes, as well as on latest amendments within EU policy. This was followed by a roundtable session on end-use verification. Topics covered on the second day included mechanisms to counter arms diversion (a representative from Conflict Armament Research Ltd provided insight into their work and reported on their latest findings), customs case studies, and internal compliance mechanisms.
COARM Study Visit for North African Countries London, United Kingdom, 19-20 July 2017	EU in implementation of Council Decision 2015/2309/CFSP	An Arms Export Control Study Visit to London Heathrow Airport took place on 19-20 July 2017. Delegates from Algeria and Morocco took part in this two-day training course. Main topics of discussion were effective inter-agency cooperation, arms diversion and related counter strategies. On this occasion, the Counter Proliferation Team of Her Majesty's Royal Customs (HMRC) introduced the participants to the workflow at different warehouses at Heathrow Airport. The study visit provided the opportunity for delegates and experts to learn more about relevant customs procedures at this major trading hub. During this workshop, experts from Germany, the Netherlands

		and the United Kingdom imparted their valuable expertise and engaged in lively discussions with the participants.
COARM Individual Assistance for Kosovo Boge (Peje), Kosovo, 19-21 September 2017	EU in implementation of Council Decision 2015/2309/CFSP	On 19-21 September 2017, the third Individual Assistance activity was organised in Boge (Peje), Kosovo, within the framework of the EU Council Decision (CFSP) 2015/2309 on the promotion of effective arms export control. In line with the previous seminar, the workshop focussed on the identification, as well as classification, of military and related goods. Moreover, the training elaborated on ways to enhance licensing procedures. In the course of the event, experts from the Netherlands and Sweden conveyed best practice cases as well as common standards by means of case studies and breakout group discussions.
COARM Final Conference Arms Diversion Western Africa & China Accra, Ghana, 25-26 October 2017	EU in implementation of Council Decision 2015/2309/CFSP	On 25 -26 October 2017, a second Workshop on Arms Transfer Controls and Arms Diversion in Western Africa within the framework of the EU Council Decision (CFSP) 2015/2309, took place. The event, which was designed to carry on the dialogue started with the first Diversion Seminar held in Ouagadougou in November 2016, was hosted by Ghana and gathered representatives from 17 states in Western Africa. In addition, COARM Chair participated and delivered opening remarks. . The focal points of the workshop were effective border controls and physical security and stockpile management. These issues are crucial with regard to the prevention of illegal arms diversion. In addition, the participants had the opportunity to discuss the outcomes of the latest ATT Conference of State Parties and learned more about national implementation of the ATT in various countries.

		Expert presentations were given by the Peruvian Organisation SUCAMEC, the Nigerian Customs Command and Staff College, the German Armed Forces and the Zambian Ministry of Defence.
COARM Final Assessment Event Brussels, Belgium, 08-09 November 2017	EU in implementation of Council Decision 2015/2309/CFSP	Based on the EU Council Decision 2015/2309/EC, this final assessment event completed the activities conducted within the framework of the COARM project (2016-2017). More specifically, the event provided a trans-regional forum in which all partner countries were able to review the main challenges of applying export controls for military items and to share relevant information with their counterparts. At the same time, it facilitated a dialogue between the representatives of EU Member States and the representatives of the partner countries on the main issues addressed within the project. Lastly, the final assessment event served as an opportunity to evaluate the work undertaken in the project and to discuss the future of the cooperation and the interests of the partner countries.
SUPPORT TO UNIVERSALISATION AND EFFECTIVE IMPLEMENTATION OF THE ARMS TRADE TREATY *EU Council Decision 2013/768/CFSP* *Implementing Agency: German Federal Office for Economic Affairs and Export Control (BAFA)*		
1st Roadmap Activity for Ghana, Accra, 06-07 January 2016	EU in implementation of Council Decision 2013/768/CFSP	In the first week of January 2016, the first roadmap activity for Ghana was conducted within the framework of the ATT-Outreach Project. The event focused on the establishment of the new Ghanaian law for arms and ammunition, as well as the implementation of a comprehensive control list. Furthermore, interagency cooperation was discussed..
Initial Visit to	EU in	On 20 and 21 January 2016, the initial visit to Costa Rica was

Costa Rica, San José, 20-21 January 2016	implementation of Council Decision 2013/768/CFSP	conducted in the framework of the EU ATT Outreach Project. Representatives of all relevant authorities were invited by the Costa-Rican Ministry of Foreign Affairs and attended the event. In addition to the presentations of the Costa-Rican arms transfer control system delivered by these authorities, the ATT-OP Country Team addressed topics such as licensing procedures and control list matters. As a result of this event, the Team — together with the Costa-Rican partners — drafted a roadmap for the upcoming cooperation within the project. Key elements of this roadmap were the drafting and implementation of a control list, as well as risk analysis and assessment as parts of licensing procedures. The event was supported by experts from Mexico, Germany and the United Nations Regional Centre for Peace, Disarmament and Development in Latin America and the Caribbean (UNLIREC).
Ad hoc Workshop Phnom Penh, 18-19 February 2016	EU in implementation of Council Decision 2013/768/CFSP	In close cooperation with the Kingdom of Cambodia's Ministry of Interior, an Ad Hoc workshop under the EUP2P Arms Trade Treaty Project entitled 'Technical Preparatory Workshop to Assist the Kingdom of Cambodia in Initiating the Preliminary Draft of a Legal Instrument against Arms Smuggling' took place in Phnom Penh, Cambodia on 18-19 February 2016. Over 20 participants from different government offices (Ministry of Interior, Ministry of Foreign Affairs, Ministry of Defence, National Police, Customs), EU and international experts from Croatia, Colombia, Germany, Sweden and the United Kingdom, engaged in lively discussions on effective strategic trade management controls and tackling problems of illicit trafficking and diversion in the South East Asian region. The workshop served a twofold purpose: First, to discuss the

		ratification status of the ATT in Cambodia and secondly, to assist the country in setting up a Draft Convention to tackle Arms Smuggling in the ASEAN region. The seminar started with an introduction to the main legal obligations stated in the ATT. Different main arguments for ATT ratification, such as economic and security arguments, were provided during this presentation that also focused on the benefits of meeting international obligations by having a strong and effective strategic trade management system in place. Special focus of the discussions lay on reporting obligations. Cambodia's Ministry of Interior took the initiative to present its upcoming initiative of an ASEAN instrument to combat the trafficking of arms, a draft convention to be introduced at the ASEAN SOMTC Meeting in Siem Reap in March 2016. The discussions focused on single provisions of the legal text and on how this instrument could be implemented effectively in the future. Illicit trafficking from a regional perspective and ways to effectively tackle diversion were also part of these discussions. Since the Draft Convention at hand also deals with identification, tracking and marking and storage of SALW, these issues as well as stockpile management and physical security, were addressed during the workshop, including comprehensive discussion of relevant single articles of the Draft ASEAN instrument of which Cambodia is, voluntarily, in the lead. Furthermore, the workshop discussed how regional instruments in general could be effectively used to tackle the diversion of Small Arms and Light Weapons (SALW) and how such instruments could best be in line with the provisions of the ATT. Therefore, different topics addressed by the ATT, especially imports, transit and transshipment, brokering and

		diversion, were addressed, and the issues of record-keeping and reporting obligations were points of vivid discussion. Best practices from different European Member States and also international incidences in arms smuggling were used as suitable examples.
1st Roadmap Activity I for Peru Lima, 24-26 February 2016	EU in implementation of Council Decision 2013/768/CFSP	On 24-26 February 2016, Roadmap Activity I for Peru was conducted in the framework of the EUP2P ATT Project. Representatives of all relevant authorities were invited by the Peruvian Ministry of Foreign Affairs and attended the event. To cover all topics identified as priorities during the initial visit to Peru, the activity included two workshops: a) a Workshop on Practical Tools to Strengthen Licensing Processes and Inter-agency Cooperation for the Transfer of Arms and Ammunitions, and b) an Arms Identification and Stockpile Management Training and Assessment Visit for the Armed Forces and SUCAMEC. The first workshop was concerned with the setup of a national system for the control of conventional arms transfers and focused on key topics such as inter-agency cooperation models in the licensing process, the control list, risk assessment and ATT criteria, as well as ATT reporting requirements. The event was supported by experts from Austria, Germany and Spain. The second part of the roadmap — led by UNLIREC and the Bundeswehr Verification Center, Germany — was the first of three activities designed to support the Peruvian Armed Forces and SUCAMEC in conducting assessments of their storage units to not only ensure the safety of those working in the area of their warehouses, but also to prevent the diversion of ATT-relevant material. Participation in both events was very active and allowed for many discussions and a fruitful exchange of knowledge and experiences.

Regional Seminar to Support the Implementation of the Arms Trade Treaty for OSCE Countries Tbilisi, 16-17 March 2016	EU in implementation of Council Decision 2013/768/CFSP	In the framework of the EUP2P ATT Project, the last Regional Workshop to Support the implementation of Arms Trade Treaty (ATT) was held in Tbilisi, Georgia, on 16-17 March 2016 for all OSCE countries. Similar to the previous workshops held for Asia and the Pacific region, ECOWAS members and neighbouring countries, Latin America and the Caribbean, as well as for African countries, the main objective of this event was to give participants the opportunity to discuss the implementation/ratification of the Treaty in broad detail and to have a forum for networking. Experts from Albania, Germany, Greece, Sweden, Switzerland and the United Kingdom supported the event. In addition, representatives of regional and civil society organisations provided their perspectives within the workshop. In the breakout groups, participants were able to discuss ATT requirements and share their national experience of ATT realisation.
Ad hoc Workshop for Zambia Lusaka, 16-17 March 2016	EU in implementation of Council Decision 2013/768/CFSP	On 16-17 March 2016, the EUP2P ATT Project conducted an Ad hoc Workshop for Zambia in Lusaka. This event dealt with various components of the ATT, such as legal provisions, combating illicit trade and diversion, as well as reporting requirements with a specific focus on the military. The location of Zambia was seen as significant in helping to further promote the Arms Trade Treaty and increased stability in Southern Africa.ATT experts from Croatia, the UK, Germany and the Netherlands took part in the workshop.
Ad hoc Workshop for the Dominican	EU in implementation of Council Decision	On 17-18 March 2016, an Ad hoc Workshop for the Dominican Republic was organised in Santo Domingo. The agenda focused on national licensing structures, data collection and interagency cooperation, as well as record keeping and reporting. The workshop aimed to identify an appropriate

Republic Santo Domingo, 17-18 March 2016	2013/768/CFSP	model for the Dominican Republic when it comes to the implementation of the ATT. Experts provided national and regional examples. Key experts from Hungary and the UK and the regional organisation CARICOM supported the event.
3rd Roadmap Activity for Jamaica Kingston, 22-23 March 2016	EU in implementation of Council Decision 2013/768/CFSP	On 22-23 March 2016, the final roadmap activity for Jamaica was conducted as part of the ongoing EUP2P ATT project. Wrapping up the topics discussed in separate groups (enforcement, legal and licensing) over the past 14 months, Jamaican and European colleagues came together for this final exercise in a joint meeting. Gathering participants from all agencies involved in arms transfer control, the activity focused on practical implications for Jamaica of the new draft CARICOM Model Law on Conventional Arms Trade, as well as the ATT in general. At the same time, a team of practitioners from Albania, Germany, Hungary, the Netherlands and the United Kingdom discussed licensing and enforcement related issues brought up over the course of the last year.
2nd Roadmap Activity for Senegal Saly, 12-14 April 2016	EU in implementation of Council Decision 2013/768/CFSP	On 12-14 April 2016, the second roadmap activity for Senegal was conducted in the ongoing EUP2P ATT-OP. This event was a legal workshop elaborating a new draft law which includes all obligations of the ATT. Senegal provided the participating international expert with a drafted version beforehand, which was discussed intensively and commented on during this 3 day event. The active participation of all agencies involved in arms transfer controls showed the will of Senegal in establishing a new law, with regards to robust and effective ATT implementation. Focus during the discussion was to maintain a

		harmonisation with the ECOWAS Convention, and include upcoming new obligations from the ATT. Experts from Belgium, Burkina Faso, France and Togo supported the seminar.
1st Roadmap Activity for Burkina Faso Ouagadougou, 11-12 May 2016	EU in implementation of Council Decision 2013/768/CFSP	On 11-12 May 2016, the first roadmap activity for Burkina Faso was conducted in the framework of the ongoing EU-P2P ATT project. This event was organised together with the High Authority of Import Control of Arms and their Use (HACIAU). Two very important issues for effective transfer controls were discussed during this workshop. The first day focused on a national control of list of arms and how to use and maintain it. Case studies showed that it was not always easy to classify a 'good', especially when a military good could also be a dual-use good. The second day covered inter-agency cooperation, which is ensured in Burkina Faso by the HACIAU due to its composition of several ministries, and underlined the role each ministry has within a transfer.
2nd Roadmap Activity for Peru Lima, 12-13 May 2016	EU in implementation of Council Decision 2013/768/CFSP	On 12-13 May 2016, an 'Arms Identification and Stockpile Management Training and Assessment Visit' as well as an 'ATT Licensing Workshop — Control List and Licensing Structures' seminar took place in order to conduct the second roadmap activity for Peru. Gathering participants from a wide variety of relevant agencies, the events supported Peru in developing its arms transfer controls for conventional arms in the field of ATT implementation. The team of experts from Austria, Germany, Spain and UNLIREC shared national good practices with their Peruvian counterparts. In both workshops the participants engaged in lively and fruitful discussions and expressed their appreciation for the EU Outreach Project and its relevance to their daily work.

1st Roadmap Activity for Georgia Tbilisi, 01-02 June 2016	EU in implementation of Council Decision 2013/768/CFSP	The roadmap for Georgia in the framework of the EU P2P ATT Outreach Project to support the implementation of the Arms Trade Treaty was endorsed by the partner country at the beginning of 2016 and the first activity took place on.on 1-2 June 2016. Based on the findings of the initial visit, the first roadmap activity focused on technical aspects of rating and identification of military items. Risk assessment criteria as well the topic of diversion was discussed during the meeting. Practical examples and case studies provided by experts from Germany, Greece, Romania and the United Kingdom gave support to Georgian licensing and customs officers in effective and accurate implementation of the Treaty.
Ad hoc Workshop for Barbados Bridgetown, 08-09 June 2016	EU in implementation of Council Decision 2013/768/CFSP	Based on a request for assistance submitted by the Ministry of Foreign Affairs of Barbados in January 2016, an ad hoc seminar for Barbados took place in Bridgetown on 8-9 June 2016.. The seminar was attended by more than 30 participants of all relevant Barbadian stakeholders. The event touched on the establishment and enhancement of a licensing framework, discussion on prosecution and sanctions, physical security and stockpile management, as well as record keeping and reporting obligations. The presenters found an interested and active audience. Throughout the entire seminar, frank and fruitful debates and discussions were noted. The seminar in Bridgetown was supported by ATT experts from Germany, the UK and the Regional Organization CARICOM IMPACS.
5th and 6th Experts	EU in implementati	On 15 — 16 June 2016, the meeting of ATT experts took place in Frankfurt am Main, Germany. Being the final experts

Meeting Frankfurt, 15-16 June 2016	on of Council Decision 2013/768/CFSP	meeting in the framework of ATT-OP I, the meeting provided on the one hand a retrospect on the lessons learned and on the other hand an outlook on next steps and a possible continuation of the Project. The idea behind the meeting was to put into practice Articles 15 and 16 of the ATT by offering a forum to discuss ways and possibilities to foster regional cooperation and to facilitate international assistance. At the same time, the meeting aimed at expanding and opening the pool of experts by inviting a large number of representatives from non-EU countries and introducing them to the methodology of the project for future participation as experts in the partner countries. The total of 53 attendees comprised members of the expert panel, who had been contributing to assistance programmes in a wide range of countries, representatives of NGOs and international organisations, BAFA project management staff and support staff. The first day provided a general introduction to the Project, to the role of experts and to the material for experts covering key topics of the ATT such as decision making, listed items, controlled transfers, record keeping and reporting and diversion. Additionally, participants discussed a review of the lessons learnt after more than two years of implementing the project by pointing out results and challenges of core elements of ATT-OP I. Regarding the pool of experts, the need for the pool to cover the full scope of a national arms transfer control system and the importance of the participation of experts from countries that had recently successfully developed national arms transfer control systems, was highlighted, with the result of agreement to expand the pool beyond classic export control assistance. Speakers identified the challenge of the relatively

		low profile of the Treaty outside the export control context. Regarding the roadmaps, a challenge that had to be coped with was the transition from a diplomatic to an implementation level. However, the roadmaps have led to a greater understanding of the ATT, especially outside the area of SALW-control. Like the roadmaps, the ad hoc seminars were seen as good starting points for cooperation.. The conclusion on regional seminars was that they were well suited for awareness- raising and providing a regional platform and offered the potential to move on to smaller sub-regional activities on specific challenges. The second day focused on regional cooperation, in particular the role of regional organisations, and on international assistance. As an example, many partner countries were interested in the EU Council's Working Party on Conventional Arms (COARM).. To underline the benefits for regional coordination and harmonisation of the Treaty, the presentation paid special attention to how COARM worked, who the members were, how often they met and what topics were discussed. Additionally, its achievements, namely the European Union Code of Conduct on Arms Exports of 1998, the Common Position of 2008 and the User's Guide for the implementation of the Common Position of 2008, were discussed.. Based on the questions raised especially during roadmap activities, the presentation also explained the EU Annual Report on Arms Exports and the online system for notifyingand consulting on denied export applications. Furthermore, the second day saw speakers from CARICOM and UNLIREC talking about regional coordination, the role of regional organisations and assistance provided. A prominent example for regional harmonisation was the CARICOM Model Law Arms Trade Treaty Bill. On both days the speakers found

		a lively and interested audience that brought forward many noteworthy comments and questions. Numerous participants from partner countries and non-EU countries expressed their gratitude for the project and expressed the hope that it would continue..
2nd Roadmap Activity for Ghana Accra and Ho, 20-21 July 2016	EU in implementation of Council Decision 2013/768/CFSP	The second Roadmap Activity for Ghana within the framework of the EU ATT Outreach project took place on 20-21 July 2016 in Ho. Based on the outcomes of the first activity in January 2016 and the jointly developed roadmap, this seminar focused on the licensing system in the partner country, as well as record keeping and reporting obligations for ATT State Parties. In addition the establishment of a comprehensive risk management system was another point of discussion. Foreshadowing the 3rd activity, the last session of the seminar was dedicated to enforcement issues with a particular focus on counter-diversion mechanisms. ATT experts from the UK, Hungary and Latvia supported the implementer in Ghana. They encountered a proactive and very engaged audience. The presentations and case studies triggered lively debates and discussions among the participants.
1st Roadmap Activity for Costa Rica San José, 27-28 July 2016	EU in implementation of Council Decision 2013/768/CFSP	The first Roadmap Activity for Costa Rica within the framework of the EU ATT project took place on 27-28 July 2016 in San José. Based on the outcomes of the initial visit and jointly developed roadmap, this Control List and Licensing Structures Seminar aimed to support Costa Rican officials in setting up a licensing system in accordance with the ATT. Additionally, the topic of drafting a control list suitable for Costa Rica was discussed. Being in the process of developing a coherent control system, a large number of authorities participated in the event. The discussions followed presentations on the current proposal for

		a licensing authority and the experiences of Albania and Germany. As for the control list, Costa Rica was introduced to a number of different methodologies for drafting and maintaining such a list. Experts from Albania, South Africa and UNLIRECsupported the implementing entity in Costa Rica. The host country showed a sincere interest in the topics and an eagerness to apply the results to its internal processes.
3rd Roadmap Activity for Colombia Bogotá, 25-26 August 2016	EU in implementation of Council Decision 2013/768/CFSP	As a conclusion to the roa map of the EU P2P ATT project for Colombia, the third Roadmap Activity was conducted in Bogotá on 25-26 August 2016. The Legal Framework of the ATT implementation seminar focused on the incorporation of ATT obligations into existing Colombian arms transfer control legislation. Additionally, the event provided the opportunity to finish the debates on remaining questions and topics from the previous activities. Experts from Colombia, Hungary and UNLIREC took part in the event..
2nd Roadmap Activity for Burkina Faso Ouagadougou, 31 August — 01 September 2016	EU in implementation of Council Decision 2013/768/CFSP	The second Roadmap Activity for Burkina Faso within the framework of the EU P2P ATT Outreach Project (ATT-OP) took place on the 30th of August — 1st of September. The activity consisted of a legal workshop with its main focus the drafting and improvement of harmonised national legislation for the implementation of the ATT. Additionally participants received the chance to discuss the categories of arms created by the UN, adding to every participant's understanding in the field of legal arms categorization. A highly interactive discussion about the exact formulation of the draft for the national legislation enabled the creation of a legislative text which each participant agreed with.

		Apart from representatives of different administrations, members of the civil society from Burkina Faso, namely the Red Cross and the NGO 'Mines Advisory Group' (MAG), were present. The team of experts consisted of two experts for legal matters from the ECOWAS region, specifically Togo and from Senegal, as well as one expert from the Belgian Walloon regional export control authorityand a legal Expert from Peru.
3rd Roadmap Activity for Ghana Ho, Ghana, 14-15 September 2016	EU in implementation of Council Decision 2013/768/CFSP	On 14-15 September 2016, the third Roadmap Activity for Ghana was conducted in Ho within the framework of the EU ATT Outreach programme. The seminar topics were selected in line with the jointly developed roadmap and also based on the outcomes of the previous seminars. After an initial plenary discussion on UAVs and drones, which was requested by the Ghanaian partners, the participants were split into two breakout groups to discuss licensing and enforcement issues, before meeting again in the plenary to share the outcomes. The second part of the activity was dedicated to discussion on illicit arms trafficking in Western Africa and closed with a case study. The participants engaged in lively discussion on the different topics and shared their experience and opinions with the experts. In Ho, the implementer was supported by experts from Latvia, Slovenia, Hungary and the United Kingdom.
2nd and 3rd Roadmap Activity for Georgia Batumi/Tbilisi, 27-29 September 2016	EU in implementation of Council Decision 2013/768/CFSP	The second Roadmap Activity for Georgian authorities followed up the first meeting in June and focused on risk management and risk assessment in the Georgian arms transfer control system. The main objective was to strengthen risk assessment capacities, as well as interagency cooperation in the area of enforcement. Through practical exercises and real case studies, the participants gained a better understanding of how to incorporate ATT requirements into the enforcement practice.

		Roadmap Activities II & III for the Georgian Outreach Project took place in Batumi and Tbilisi respectively on 27-29 September 2016. The Batumi Roadmap Activity (27-28 September) was attended exclusively by customs officers from the customs and clearance zones of the Gez Customs Clearance Zone, Poti Port, Batumi Port, Sarfi border and Gez Poti. A total of 22 customs officers participated in this Roadmap Activity and presentations were tailored to the particular group. Participants interacted with this group of experts during the presentation, showing great interest in improving their capacity to stem the proliferation of arms through the implementation of best practices guidelines. The Tbilisi Activity on 29 September was attended by a more diverse mix of policymakers from the MFA and customs practitioners, and stressed issues of interagency cooperation and challenges ahead. Georgia, due to its geographic position, constitutes a sensitive transit country for military and other related sensitive goods. Following these talks, the main take-away was that quick responses and streamlined interagency cooperation constitute the basis for addressing the proliferation of weapons transiting through Georgia. The approach for these outreach activities was on the one hand to target enforcement/customs officials operating in pivotal import/export junctions and help them better comprehend the applicability of the ATT, and on the other hand to provide some guidance in terms of the way forward for effective ATT implementation.
3rd Roadmap Activity for Peru Lima,	EU in implementation of Council Decision	The third Roadmap Activity for Peru within the framework of ATT-OP took place on 13 and 14 October in Lima, Peru. The first day of the workshop focused on the legal implementation of the ATT, including presentations of the current status of the ATT implementation in Peru, as well as discussion of ATT

13-14 October 2016	2013/768/CFSP	obligations and how the ATT was implemented in Spain. In addition experts shared practical examples of ATT implementation in the EU. PSSM was the focus of the second day of the workshop, including discussions of arms marking and traceability, as well as principles of PSSM. Besides giving conclusions of the assessment visits during the past activities, experts also provided information on evaluation and record keeping, as well as on reporting support. At the end of the workshop, potential findings from the roadmap were discussed in order to draw up first recommendations for the next steps for the ATT implementation in Peru. Experts from Austria, Germany, Spain and UNLIREC supported the event.
2nd and 3rd Roadmap Activity for the Philippines Manila, 18-21 October 2016	EU in implementation of Council Decision 2013/768/CFSP	After the first Roadmap Activity, the STMA was adopted as Republican Act 10697 on 13 November 2015. Thereby, the basis for a new system of Strategic Trade Controls in the Philippines was established. The second Roadmap Activity agenda was structured around a paper making various recommendations to aid implementation of the secondary legislation of the STMA 2015. The workshop took place on 18-19 October 2016 in Manila. Representatives of the Philippines provided an update on the current status quo of the secondary legislation to the STMA. The Implementing Rules and Regulations were currently being finalised and the plan was to seek industry feedback and input via an outreach programme. Since the EU Common Military List and the Dual-use List would be adopted as two of the three control lists which the Philippines would apply as part of the Implementing Rules and Regulations, the EU experts focussed on explaining the origins of the EU lists and how they were updated following changes in the international export control regimes. Criteria for the selection of items to be included in the regime

		lists and how the two EU lists had been structured on the basis of the control lists of the Wassenaar Arrangement with one modification in the dual-use list, were also part of this exercise. The process of how classifications of items of the Military List and Dual-use List worked on the basis of cooperation between applicant and government was another point of active discussion. Determining which types of licence would be made available, the experts gave a presentation which highlighted what the three types of licences available under STMA — individual, global and general — actually comprised and suggested a few areas where they might be considered. The third and final Roadmap Activity followed on 20-21 October 2016. This event had the objective of providing an opportunity to the Filipino authorities to introduce the new STMA to Filipino industry, with the support of EU experts, to explain its implications for their business practices, and to gain insight into where industry saw difficulties arising so that government could investigate what remedies might be available. Another aim was to create a good working relationship between the authorities and industry to lay a good basis for the implementation of the STMA. The event was attended by representatives of different Departments and Agencies of the Philippines, with a strong representation from the STMO, who will become the licensing authority inside the newly adopted Strategic Trade system. Approximately 30 representatives from Filipino industry attended, including arms manufacturers and dealers, freight forwarders and multi-national companies dealing in dual-use products such as semi-conductors. Concerns about the new legislation both from arms manufacturers and dealers, as well as from the dual-use industry, were discussed.
2nd Ad Hoc	EU in	As part of the implementation of the ATT-OP I in Togo, this

Seminar for Togo Lomé, 25-27 October 2016	implementation of Council Decision 2013/768/CFSP	legal workshop followed an activity previously organised with the CNLPAL in Lomé in October 2015. The development of legislation and regulations is an indispensable measure for the effective implementation of the ATT. Consequently, this meeting of lawyers was devoted to analysing and continuing the design of the Togolese draft law related to the obligations of the Treaty on the Trade in Arms. The very ambitious project of the Togolese to merge all laws related to arms in one made it very difficult to focus only on ATT related matters. However, key elements were proposed and written down by the delegation of experts and only needed the approval of Togo. The implementer proposed remote assistance in revising their law once key decisions had been made. Togo wanted to have an awareness raising activity among their legal experts as a possible next activity. The implementer provided a 'how-to request' document in order to facilitate their demand.
2nd and 3rd Roadmap Activity for Costa Rica San José, 14-18 November 2016	EU in implementation of Council Decision 2013/768/CFSP	As the continuation of Roadmap Activity I, the combined Roadmap Activities II and III focused on the fine-tuning of the Costa Rican National Control List. Furthermore, Costa Rican authorities were supported in incorporating ATT provisions into their national arms control system (e.g. Articles 6 and 7) by drafting assessment criteria and guidelines for the assessment process. New customs colleagues were also briefed on the content of the Treaty. To this end, colleagues from Albania, Mexico, South Africa and UNLIREC discussed and reviewed the Costa Rican proposals, as well as shared their practical expertise in the areas of arms identification, risk assessment and analysis.
3rd Roadmap Activity for	EU in implementati	The final Roadmap Activity for Burkina Faso took place in Ouagadougou on 9 November 2016. Main objective was to

Burkina Faso Ouagadougou, 9 November 2016	on of Council Decision 2013/768/CFSP	raise awareness among parliamentarians and representatives of agencies involved in the implementation of the ATT. This seminar provided the opportunity for all stakeholders (parliamentarians, civil society and state agents) to be made aware of their roles and responsibilities in relation to the effective implementation and universalisation of the ATT in Burkina Faso. The civil society groups highlighted the impact and consequences this treaty had on a national level. Finally, the purpose of this meeting was to discuss next steps in the implementation and universalisation of the ATT through other projects happening in this region.
ATT-OP Closing Conference Brussels, Belgium, 29-30 November 2016	EU in implementation of Council Decision 2013/768/CFSP	Towards the end of the project's implementation phase, a final EU ATT-OP I Conference was held in Brussels on 29-30 November for representatives of all participating countries, as well as international experts from various regional organisations, civil society and government officials. The conference gathered 45 participants from Barbados, Burkina Faso, Cambodia, Colombia, Costa Rica, Côte d'Ivoire, Georgia, Ghana, Jamaica, Peru, the Philippines, Senegal, Togo and Zambia.Regional and international organisations such as UNREC, UNLIREC, CARICOM as well as civil society representatives (e.g. Control Arms, GRIP, Small Arms Survey, Saferworld and SIPRI) joined this conference to provide their expertise on the topics at hand. In addition, COARM Chair and FPI participated on both days.. Discussions largely focused on the results and outcomes of the three years of implementation of the project and how international coordination and regional cooperation could take place to effectively implement a project of this kind in order to ensure the sustainability of all the efforts made within the regions.

3rd Roadmap Activity for Senegal Dakar, 06-07 December 2016	EU in implementation of Council Decision 2013/768/CFSP	This Roadmap Activity consisted of a legal workshop, with its main focus being the drafting and improvement of harmonised national legislation for the implementation of the ATT. This workshop followed up on the previous work already done during the last activity in April 2016. All administrations related to the implementation of the ATT were represented by their legal experts, in order to contribute to the draft law. The Senegalese COMNAT, responsible for the ATT in Senegal, wanted to continue with the establishment of a national control list, as well as a draft decree, in order to submit the draft law to a higher level for further implementation.
Ad Hoc Seminar for Ivory Coast Abidjan, 07-08 December 2016	EU in implementation of Council Decision 2013/768/CFSP	Côte d'Ivoire had ratified the ATT in February 2015 and had requested assistance for an awareness raising seminar addressed to custom and police officers, parliamentarians and government officials. The seminar was organised in close cooperation with the ComNat-ALPC. The agenda included a presentation on the current status of ATT implementation in Côte d'Ivoire and discussions on the controlled activities of the ATT and licencing procedures, interagency cooperation, risk management and prosecutions and sanctions. Other topics discussed were the role of regional organisations and the synergies between the ATT and the UN Programme of Action. The event was supported by experts from Belgium, the Netherlands, South Africa and UK. The event was the first contact between Côte d'Ivoire and the EU in the context of ATT and thus it was always likely to focus on raising awareness of what implementation entailed so that Côte d'Ivoire could take stock of the situation, rather than agreeing definite next steps that would be taken.
Ad Hoc	EU in	A three-day Ad Hoc Activity for Costa Rica took place in San

Activity for Costa Rica, San José, 28 February — 02 March 2017	implementation of Council Decision 2013/768/CFSP	José on 28 February — 2 March 2017. Participants from Costa Rica's Ministry of Foreign Affairs, Customs Authority (HQ and regional customs outposts), Fiscal Control Police, Intelligence Agency, and Border Control Police attended the event. Experts from Argentina, Jamaica, the United Kingdom and UNLIREC supported the activity. This event took place over three days; the first two, classroom based at the Hotel Bougainvillea, Heradia; and the second a field trip to see the Customs operation at the Port of Limon. Since the focus of the event was on Customs activity, the Costa Rican contact point invited representatives from the central Customs HQ, plus each of the seven regional customs outposts, to attend. One of the key objectives was to bring Customs — who had not really featured in the original roadmap to Costa Rica — more fully into the picture, raise their awareness and gain buy in to the ATT. This objective was met through the combination of input from Costa Rican colleagues, to set their role in the broader national context, and the sharing of customs and licensing experiences with the EU team..
Ad Hoc Activity for Barbados Bridgetown, 15-17 March 2017	EU in implementation of Council Decision 2013/768/CFSP	At the request of Barbados, an ATT Ad hoc Seminar under the EU ATT-OP I was held in Bridgetown, Barbados on 8-9 June 2016 to sensitise the Barbadian stakeholders of the Arms Trade Treaty and discuss crucial points of the national implementation process. The seminar focused on the areas of licensing, record keeping and reporting, physical security and stockpile management (PSSM), as well as prosecution and sanctions. Following the June 2016 Seminar, in an official letter to COARM, Barbados' Ministry of Foreign Affairs requested a follow-up event in order to facilitate and support national

		implementation of the ATT. It was agreed to hold a second Ad hoc Workshop in Bridgetown on 15-17 March 2017.As requested by Barbados, the workshop focused on End-User Documentation, Brokering, tackling Diversion, as well as Identification of Weapons, Parts and Components. Special attention was also paid to the relevant provisions of the CARICOM ATT Model Law. The participants were very active during the whole workshop and raised a lot of questions which led to a lively debate, not only with EU experts, but in particular among the participants from various agencies. The Ad Hoc Workshop was well attended and senior government officials including the Attorney General and Minister of Home Affairs, the Comptroller of Customs and the Deputy Police Commissioner were present during the opening and parts of Day 1 and Day 3. Reports about the event appeared both on television and radio, as well as in printed media. Participants from Barbados included the Police, i.a. the Deputy Commissioner (on Day 1), the Armed Forces and the Coast Guard, the Customs, including the Comptroller (on Day 3) and the Deputy Comptroller (all the days), the Ministry of Foreign Affairs and the Attorney General's Office. The experts team was composed of experts from Germany, Lithuania, Sweden, and CARICOM IMPACS.
Ad Hoc Activity for Zambia Lusaka, 22-23 March 2017	EU in implementation of Council Decision 2013/768/CFSP	On 22-23 March 2017, the second Ad hoc seminar for Zambia in Lusaka was organised, within the framework of the EU ATT Outreach project. This event was the last activity within the framework of the current programme. Based on the outcomes of the first seminar in 2016, the event aimed to further support the implementation of the ATT in Zambia. On the day prior to the seminar, the team of experts had a meeting with the Zambian Minister of Defence, where they outlined the aims of the current project and the further plans for

		the cooperation with Zambia. At the beginning of the seminar, a Zambian representative provided an update on the current state of the national ATT implementation. Afterwards, an expert from Ghana provided an example concerning the national ATT implementation in his home country and outlined the obligations for Zambia, which was very well received by the participants. Subsequently, participants and experts engaged in discussions on controlled transfer activities, end-use verification, as well as customs enforcement and illegal arms diversion in Southern Africa. An additional session on physical security and stockpile management also triggered some interesting discussions. The event was supported by experts from Croatia, Ghana, Hungary, Slovenia and the UK.
SUPPORT TO UNIVERSALISATION AND EFFECTIVE IMPLEMENTATION OF THE ARMS TRADE TREATY *EU Council Decision 2017/915/CFSP* *Implementing Agencies: German Federal Office for Economic Affairs and Export Control (BAFA) and Expertise France (EF)*		
Initial Assessment Visit to Cambodia Phnom Penh, Cambodia, 12-13 September 2017	EU in implementation of Council Decision 2017/915/CFSP	The second edition of the EU Arms Trade Treaty Outreach Project (ATT-OP II) based on Council Decision 2017/915/EC kicked off with an initial assessment visit by BAFA to Phnom Penh, Cambodia on 12-13 September 2017. Four experts from Germany, the Netherlands and Sweden joined the visit to Phnom Penh to work out Cambodia's future ATT roadmap needs. Over 20 Cambodian participants on behalf of the Ministry of Interior, Ministry of Foreign Affairs, Ministry of Defence, Ministry of Justice, as well as representatives from the Customs and Police, attended the workshop.

		Discussions revolved around the main issue, namely Cambodia's future accession to the ATT. Reporting obligations, diversion, illicit trafficking and PSSM, as well as tracing and marking of arms, were topics of great interest to the representatives of Cambodia. During the workshop, the EU team of experts was able to define the main focus areas for a future ATT-OP roadmap tailored to Cambodia. The next step is the draft of a comprehensive roadmap document to be later endorsed by the Kingdom of Cambodia.
Roadmap Activity 1 Kingston, Jamaica, 01-02 November 2017	EU in implementation of Council Decision 2017/915/CFSP	The second edition of the EU Arms Trade Treaty Outreach Project (ATT-OP II) based on Council Decision 2017/915/EC included a continuation of the successful Rroadmap Activities in Jamaica, implemented by BAFA. The Roadmap in Jamaica kicked off with a first activity in Kingston on 1-2 November 2017 and was dedicated to moving forward with effective ATT implementation. The meeting was attended by representatives of all relevant parts of government, including the Ministry of Foreign Affairs, Ministry of Interior, Ministry of Defence, Ministry of Justice, National Police, and Bureau of Customs. The meeting started with an introduction to the EU ATT Outreach Project II and a summary of the results of the ATT-OP I support to Jamaica, followed by a status quo report on ATT implementation and strategic trade controls in Jamaica. Further points were a roundtable discussion of the further steps in the framework of the new roadmap and a key note speech on the nexus between ATT and UN Security Council Resolution 1540. The second day included a roundtable discussion on Jamaica's draft amendment to firearms legislation, a presentation on brokering controls, a group simulation on national procedures

		in tackling arms trafficking and diversion. At the end of day two, an open discussion took place and the next steps were discussed. BAFAwas assisted by xperts from Sweden, UK, Hungary and CARICOM.
Assessment Visit in Zambia Lusaka, Zambia, 28-30 November 2017	EU in implementation of Council Decision 2017/915/CFSP	Based on the request submitted by the Zambian Ministry of Defence, the Assessment Visit, organised by BAFA, was intended to identify the main challenges for Zambia concerning the effective implementation of the Arms Trade Treaty. Therefore a team of international experts met relevant Zambian stakeholders in order to obtain an overview of the situation in Zambia. Subsequently, and in close cooperation with the Zambian partners, the team of experts will jointly develop a roadmap programme for Zambia in order to address the most pressing issues.
