Statement by the delegation of Poland on proposal for a Council Recommendation on vocational education and training (VET) for sustainable competitiveness, social fairness and resilience

Equality between women and men is enshrined in the treaties of the European Union as a fundamental right. Poland ensures equality between women and men within the framework of the Polish national legal system in accordance with internationally binding human rights instruments and within the framework of fundamental values and principles of the European Union. For these reasons, in places where the documents refer to gender equality and gender-sensitive approach Poland will interpret it as a equality between women and men, according to Article 8 TFEU.
