CORRIGENDUM TO DRAFT MINUTES

Subject : **2215th** meeting of the Council (**DEVELOPMENT**), held in Brussels,
11 November 1999

Item 4(i) should read as follows:

4. Environmental Issues and Development Co-operation

(i) Climate change and developing countries

- Conclusions on assisting developing country partners to address the challenges of climate change
doc. 12308/99 DEVGEN 56

The Council had an exchange of views on climate change and developing countries and adopted, with the Netherlands delegation abstaining, the conclusions contained in Annex I.

The Netherlands delegation proposed to amend paragraph 3.5 of the conclusions **in such a way that any public financing of certified reduction units should not be at the expense of the 0.7% of GNP commitment to ODA**. However, this proposal was not acceptable to other Member States.
