At its meeting on 13 October 2021, the Permanent Representatives Committee agreed on the mandate for negotiations with the European Parliament, as set out in the Annex.

Changes compared to the Commission proposal are marked with **bold underlined** for additions and ~~strikethrough~~ for deletions.

Proposal for a

**REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

**amending Regulation (EU) 2018/1862 on the establishment, operation and use of the Schengen Information System (SIS) in the field of police cooperation and judicial cooperation in criminal matters as regards the entry of alerts by Europol**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular point (a) of Article 88(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) The Schengen Information System ('SIS') constitutes an essential tool for maintaining a high level of security within the area of freedom, security and justice of the Union by supporting operational cooperation between national competent authorities, in particular border guards, the police, customs authorities, immigration authorities, and authorities responsible for the prevention, detection, investigation or prosecution of criminal offences or execution of criminal penalties. Regulation (EU) 2018/1862 of the European Parliament and of the Council<sup>1</sup> constitutes the legal basis for SIS in respect of matters falling within the scope of Chapters 4 and 5 of Title V of Part Three of the Treaty on Functioning of the European Union (TFEU).

---

<sup>1</sup> Regulation (EU) 2018/1862 of the European Parliament and of the Council of 28 November 2018 on the establishment, operation and use of the Schengen Information System (SIS) in the field of police cooperation and judicial cooperation in criminal matters, amending and repealing Council Decision 2007/533/JHA, and repealing Regulation (EC) No 1986/2006 of the European Parliament and of the Council and Commission Decision 2010/261/EU (OJ L 312, 7.12.2018, p. 56).

- (2) Alerts on persons and objects entered in SIS are in real time made available directly to all end-users of the competent national authorities of Member States that use SIS pursuant to Regulation (EU) 2018/1862. SIS alerts contain information about a particular person or object as well as instructions for the authorities on what to do when the person or object has been found.
- (3) The European Union Agency for Law Enforcement Cooperation (Europol), established by Regulation (EU) 2016/794 of the European Parliament and of the Council<sup>2</sup>, plays an important role in the use of SIS and in the exchange of supplementary information with Member States on SIS alerts. ~~Nevertheless, according to existing rules, alerts in SIS can only be issued by Member States' competent authorities.~~
- (3a) The fight against serious crime and terrorism should be subject to continuous coordination amongst the Member States on the processing of data and on the insertion of alerts into the SIS.**
- (4) Given the increasingly global nature of serious crime and terrorism brought about by growing mobility, the information that third countries and international organisations, such as the International Criminal Police Organization and the International Criminal Court, obtain about criminals and terrorists is increasingly relevant for the Union's security. Such information should contribute to the comprehensive efforts to ensure internal security in the European Union. Some of this information is only shared with Europol. While Europol holds valuable information received from external partners on serious criminals and terrorists, it cannot issue alerts in SIS. Member States are also not always able to issue alerts in SIS on the basis of such information.
- (5) In order to bridge the gap in information sharing on serious crime and terrorism, in particular on foreign terrorist fighters – where the monitoring of their movement is crucial – it is necessary to ensure **that upon the proposal of Europol, Member States are able to enter an alert in the interest of the Union,** ~~Europol is able to~~ make this information available directly and in real-time to front-line officers in Member States.
- ~~(6) Europol should therefore be authorised to enter alerts in SIS pursuant to Regulation (EU) 2018/1862, in full respect of fundamental rights and data protection rules.~~
- (7) To that end, a specific category of alert should be created in SIS, to be issued **by the Member States at their discretion and subject to their verification and analysis upon the proposal of Europol in the interest of the Union on third-country nationals** ~~exclusively by Europol~~, in order to inform end-users carrying out a search in SIS that the person concerned is suspected of being involved in a criminal offence in respect of which Europol is competent, and in order for **Member States and** Europol to obtain confirmation that the person who is subject to the alert has been located.

---

<sup>2</sup> Regulation (EU) 2016/794 of the European Parliament and of the Council of 11 May 2016 on the European Union Agency for Law Enforcement Cooperation (Europol) and replacing and repealing Council Decisions 2009/371/JHA, 2009/934/JHA, 2009/935/JHA, 2009/936/JHA and 2009/968/JHA (OJ L 135, 24.5.2016, p. 53–114).

- (8) In order **for the requested Member State** to assess whether a concrete case is adequate, relevant and important enough to warrant the entry of an alert in SIS, and in order to confirm the reliability of the source of information and the accuracy of the information on the person concerned, Europol should **share all of the information it holds on the case, in particular the outcome of** ~~carry out a detailed individual assessment of each case including further consultations with the third country or international organisation that shared the data on the person concerned, as well as further analysis of the case, in particular by cross-checking it~~ **the data** ~~against information it already holds in its databases, **information relating** to the accuracy **and reliability** of the information and complement it with other data on the basis of its own databases~~**data and** ~~.~~ The detailed individual assessment should include the analysis of whether there are sufficient grounds for considering that the person has committed or taken part in, or will commit a criminal offence in respect of which Europol is competent.
- (8a) In order to ensure the lawfulness, completeness and accuracy of SIS data, Europol should transmit additional or modified data in relation to an alert that was entered upon its proposal to the issuing Member State without delay, in order to allow the issuing Member State to complete or modify the alert, in particular, if Europol becomes aware that the information received from the authorities of a third country or international organisation was incorrect or was communicated to Europol for unlawful purposes, for example if sharing the information on the person was motivated by political reasons.**
- ~~(9) Europol should only be able to enter an alert in SIS if the person concerned is not already subject to a SIS alert issued by a Member State. A further precondition for the creation of such an alert should be that Member States do not object to the alert being issued in SIS. Therefore, it is necessary to establish rules on the obligations of Europol prior to entering data in SIS, in particular the obligation to consult the Member States in line with Regulation (EU) 2016/794. It should also be possible for Member States to request the deletion of an alert by Europol, in particular if they obtain new information about the person who is the subject of the alert, if their national security requires so or when it is likely that the alert would represent a risk for official or legal inquiries, investigations or procedures.~~
- ~~(10) Europol should keep records of the individual assessment of each case, which should include the grounds for entering the alert, for the purposes of verifying the lawfulness of the data processing, self-monitoring and ensuring proper data integrity and security. In accordance with Regulation (EU) 2016/794, Europol should co-operate with the European Data Protection Supervisor and make these records available upon request, so that they can be used for monitoring processing operations.~~
- ~~(11) It is necessary to establish rules concerning the deletion of alerts entered in SIS by Europol. An alert should be kept only for the time required to achieve the purpose for which it was entered. It is therefore appropriate to set out detailed criteria to determine when the alert should be deleted. An alert entered by Europol in SIS should be deleted in particular if a Member State objects, another alert is entered in SIS by a Member State, or if Europol becomes aware that the information received from the third country or international organisation was incorrect or was communicated to Europol for unlawful purposes, for example if sharing the information on the person was motivated by political reasons.~~

- ~~(12) When entering alerts in SIS, Europol should be bound by the same requirements and obligations applicable to the Member States pursuant to Regulation (EU) 2018/1862 when they enter alerts in SIS. In particular, Europol should comply with common standards, protocols and technical procedures established to ensure the compatibility of its technical interface with Central SIS for the prompt and effective transmission of data. Requirements concerning general data processing rules, proportionality, data quality, data security, reporting and obligations related to collecting statistics applicable to Member States when entering alerts in SIS should apply to Europol as well.~~
- (13) Regulation (EU) 2018/1725 of the European Parliament and of the Council<sup>3</sup> and Regulation (EU) 2016/794 should apply to the processing of personal data by Europol when carrying out its responsibilities under this Regulation. ~~The European Data Protection Supervisor should carry out periodic audits on the data processing of Europol concerning SIS and the exchange of supplementary information.~~
- (14) Since the objectives of this Regulation, namely the establishment and regulation of a specific alert category issued **by Member States upon a proposal by Europol in the interest of the Union** by Europol in SIS in order to exchange information on persons who represent a threat to the internal security of the European Union, cannot be sufficiently achieved by the Member States, but can rather, by reason of their nature be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity, as set out in Article 5 of the Treaty on European Union (TEU). In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.
- (15) This Regulation respects fundamental rights and observes the principles recognised in particular by the Charter of Fundamental Rights of the European Union. In particular, this Regulation fully respects the protection of personal data in accordance with Article 8 of the Charter of Fundamental Rights of the European Union while seeking to ensure a safe environment for all persons residing on the territory of the Union.
- (16) In accordance with Articles 1 and 2 of Protocol No 22 on the Position of Denmark annexed to the TEU and to the TFEU, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application. Given that this Regulation builds upon the Schengen *acquis*, Denmark shall, in accordance with Article 4 of that Protocol, decide within a period of six months after the Council has decided on this Regulation whether it will implement it in its national law.

‘CHAPTER IXa

**ALERTS ENTERED BY EUROPOL ON PERSONS OF INTEREST**

***Information alerts on third-country nationals in the interest of the Union***

*Article 37a*

*Objectives and conditions for entering alerts*

**1. Member States may enter information alerts on third-country nationals in SIS, in accordance with point r) of Article 4(1) of Regulation (EU) 2016/794, upon a proposal by Europol to enter an alert on the basis of information from the authorities of third countries or international organisations.**

**2. Such information alerts shall be issued in the interest of the Union for the purpose of informing end-users carrying out a search in SIS of the suspected involvement of those third-country nationals in terrorist offences or in serious and organised crime as listed in Annex I to Regulation (EU) 2016/794, with a view to obtain the information set out in Article 37b.**

- 3. Europol may only propose the entry of information alerts on persons in one or more of the following circumstances:**
  - (a) where there is a factual indication that a person intends to commit or is committing an offence referred to in paragraph 2;**
  - (b) where an overall assessment of a person, in particular on the basis of past criminal offences, gives reason to believe that that person may commit an offence referred to in paragraph 2.**
- 4. Europol may only propose the entry of information alerts on persons after it has ensured all of the following:**
  - (a) an analysis of the data provided in accordance with Article 17(1)(b) of Regulation (EU) 2016/794 confirmed the reliability of the source of information as well as the accuracy of the information on the person concerned, permitting Europol to determine that the conditions of paragraph 3 are met, where necessary, after having carried out further exchanges of information with the data provider in accordance with Article 25 of Regulation (EU) 2016/794;**
  - (b) a search in SIS, carried out in accordance with Article 48 of this Regulation, did not disclose the existence of an alert on the person concerned.**
- 5. Europol shall make available the information it holds on the case and the results of the assessment referred to in paragraphs 3 and 4 to the Member States and propose that one or more Member States enter the alert.**
- 6. Information alerts shall be entered in SIS at the discretion of the Member State requested to enter an alert and shall be subject to its verification and analysis of Europol's proposal. The issuing Member State shall communicate the entry of alerts under this Article to the other Member States and Europol through the exchange of supplementary information.**
- 7. Member States may refuse entering the alert upon the proposal by Europol or may also, if the respective conditions are met, decide to enter another type of alert on the same person.**
- 8. Member States shall put in place a periodic reporting mechanism in order to inform other Member States and Europol on the outcome of the verification and analysis and on whether or not the data has been inserted in the SIS, within a period of 12 months from the communication by Europol of its information to the Member States.**
- 9. Where Europol has relevant additional or modified data in relation to an alert that was entered upon its proposal, it shall transmit them without delay, through the exchange of supplementary information, to the issuing Member State to enable the latter to complete or modify the alert.**

- 10. Where Europol has evidence suggesting that data entered in SIS according to paragraph 1 of this Article are factually incorrect or have been unlawfully stored, it shall, through the exchange of supplementary information, inform the issuing Member State as soon as possible and not later than two working days after that evidence has come to its attention. The issuing Member State shall check the information and, if necessary, correct or delete the data in question without delay.**
- 11. Where there is a clear indication that the objects referred to in points (a), (b), (c), (e), (g), (h), (j) and (k) of Article 38(2) or non-cash means of payment are connected with a person who is the subject of an alert pursuant to paragraph 1 of this Article, alerts on those objects may be entered in order to locate the person. In such cases, the alert on the person and the alert on the object shall be linked in accordance with Article 63.**
- 12. Member States shall put in place the necessary procedures for entering, updating and deleting information alerts in SIS in accordance with this Regulation.**
- 13. Europol shall keep records relating to its requests for entering alerts in SIS under this Article and provide reports to Member States every six months on the alerts inserted in the SIS and the cases where Member States did not enter the alerts.**
- 14. The Commission shall adopt implementing acts to lay down and develop rules necessary for entering, updating, deleting and searching the data referred to in paragraph 11 of this Article. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 76(2).**

~~1.— Europol may enter alerts on persons in SIS for the purpose of informing end-users carrying out a search in SIS of the suspected involvement of those persons in a criminal offence in respect of which Europol is competent in accordance with Article 3 of Regulation (EU) 2016/794, as well as for the purpose of obtaining information in accordance with Article 37b of this Regulation that the person concerned has been located.~~

~~2.— Europol may only enter an alert in SIS on persons who are third-country nationals on the basis of information received from a third country or an international organisation in accordance with Article 17(1)(b) of Regulation (EU) 2016/794, where the information relates to one of the following:~~

- ~~(a) — persons who are suspected of having committed or taken part in a criminal offence in respect of which Europol is competent in accordance with Article 3 of Regulation (EU) 2016/794, or who have been convicted of such an offence;~~
- ~~(b) — persons regarding whom there are factual indications or reasonable grounds to believe that they will commit criminal offences in respect of which Europol is competent in accordance with Article 3 of Regulation (EU) 2016/794.~~

3. ~~Europol may only enter an alert in SIS after it has ensured all of the following:~~

- ~~(a) an analysis of the data provided in accordance with paragraph 2 confirmed the reliability of the source of information and the accuracy of the information on the person concerned, permitting Europol to determine that that person falls within the scope of paragraph 2, where necessary, after having carried out further exchanges of information with the data provider in accordance with Article 25 of Regulation (EU) 2016/794;~~
- ~~(b) a verification confirmed that entering the alert is necessary for achieving Europol's objectives as laid down in Article 3 of Regulation (EU) 2016/794;~~
- ~~(c) a search in SIS, carried out in accordance with Article 48 of this Regulation, did not disclose the existence of an alert on the person concerned;~~
- ~~(d) a consultation, involving the sharing of information on the person concerned with Member States participating in Regulation (EU) 2016/794 in accordance with Article 7 of that Regulation, confirmed that:
  - ~~(i) no intention was expressed by a Member State to enter an alert in SIS on the person concerned;~~
  - ~~(ii) no reasoned objection was expressed by a Member State regarding the proposed entry of an alert in SIS on the person concerned by Europol.~~~~

4. ~~Europol shall keep detailed records relating to the entry of the alert in SIS and the grounds for such entry to permit verification of compliance with the substantive and procedural requirements laid down in paragraphs 1, 2 and 3. Such records shall be available for the European Data Protection Supervisor on request.~~

5. ~~Europol shall inform all Member States of the entry of the alert in SIS through the exchange of supplementary information in accordance with Article 8 of this Regulation.~~

6. ~~The requirements and obligations applicable to the issuing Member State in Articles 20, 21, 22, 42, 56, 59, 61, 62 and 63 shall apply to Europol when processing data in SIS.~~

#### *Article 37b*

##### *Execution of the action based on an alert*

  - ~~(a)~~ collect and communicate **to the issuing Member State all or some of** the following information:

**3. The executing Member State shall ensure the discreet collection of as much information described in paragraph 1 as possible during routine activities carried out by its national competent authorities. The collection of this information shall not jeopardise the discreet nature of the checks and the subject of the alert shall in no way be made aware of the existence of the alert.'**

**Article 43 is amended as follows:**

**Paragraph 3 is replaced by the following:**

**3. Dactyloscopic data in SIS in relation to alerts entered in accordance with Articles 26, 32, 36, 37a, and 40 may also be searched using complete or incomplete sets of fingerprints or palm prints discovered at the scenes of serious crimes or terrorist offences under investigation, where it can be established to a high degree of probability that those sets of prints belong to a perpetrator of the offence and provided that the search is carried out simultaneously in the Member State's relevant national fingerprints databases.'**

Article 48 is amended as follows:

(a) the title is replaced with the following:

**'Access to and search of data in SIS by Europol'**

~~'Entry and processing of data in SIS by Europol'~~

(b) paragraph 1 is replaced by the following:

~~‘1. Europol shall, where necessary to fulfil its mandate, have the right to access and search data in SIS, and to enter, update and delete alerts pursuant to Article 37a of this Regulation.
