In light of the crisis in Georgia, the Presidency briefed on its mediation efforts and the elements of an eventual cease-fire agreement between Russia and Georgia. The delegations supported Presidency's efforts and called for an active EU engagement in resolution of the crisis. The Presidency underlined that the outcome of the Extraordinary GAERC meeting on 13 August would depend on the developments on the ground.

The Commission briefed on the efforts to provide humanitarian assistance.

- **Accord intérimaire avec la Serbie**
= **Etat de la situation**

There was a brief discussion of the possibility of putting into effect the interim agreement with Serbia, following the arrest of Radovan Karadzic, but leaving ratification of the SAA until a later stage. Some member states indicated that at present they might not be able to agree to such a move. The Presidency informed member states that it was their intention to put the issue on the agenda for the Gymnich on 5-6 September and the GAERC on 15th.
