ΑΠΟΤΕΛΕΣΜΑΤΑ ΤΩΝ ΕΡΓΑΣΙΩΝ

Αποστολέας: Γενική Γραμματεία του Συμβουλίου

Με ημερομηνία: 16 Οκτωβρίου 2017

Αποδέκτης: Αντιπροσωπίες

αριθ. προηγ. εγγρ.: 12912/17

Θέμα: Αφγανιστάν
- Συμπεράσματα του Συμβουλίου (16 Οκτωβρίου 2017)

Επισυνάπτονται για τις αντιπροσωπίες τα συμπεράσματα του Συμβουλίου σχετικά με το Αφγανιστάν, τα οποία εγκρίθηκαν από το Συμβούλιο κατά την 3566η σύνοδό του στις 16 Οκτωβρίου 2017.

Συμπεράσματα του Συμβουλίου για το Αφγανιστάν

1. Το Συμβούλιο εκφράζει ικανοποίηση για την κοινή ανακοίνωση της Ύπατης Εκπροσώπου και της Επιτροπής προς το Ευρωπαϊκό Κοινοβούλιο και το Συμβούλιο με θέμα τα Στοιχεία Στρατηγικής της ΕΕ για το Αφγανιστάν¹. Στην κοινή ανακοίνωση ορίζεται η πορεία για μια συνεκτική, φιλόδοξη και προορατική στρατηγική όσον αφορά τη σύμπραξη και τη συνεργασία της ΕΕ με το Αφγανιστάν, προκειμένου να ξεπεραστούν οι σημαντικές προκλήσεις που αντιμετωπίζει. Συμφώνως προς τη Συνολική Στρατηγική για την Εξωτερική Πολιτική και την Πολιτική Ασφαλείας της Ευρωπαϊκής Ένωσης και προς την ολοκληρωμένη προσέγγισή της στις συγκρούσεις και τις κρίσεις, η στρατηγική επιβεβαιώνει εκ νέου τη μακροπρόθεσμη δέσμευση της ΕΕ και των κρατών μελών να προωθήσουν την ειρήνη, τη σταθερότητα και την ευημερία στο Αφγανιστάν και να στηρίζουν τη βιώσιμη ανάπτυξή του.
2. Η κοινή ανακοίνωση επικεντρώνεται σε τέσσερις τομείς προτεραιότητας, κρίσιμους για την επίτευξη προόδου στο Αφγανιστάν: α) την προαγωγή της ειρήνης, της σταθερότητας και της περιφερειακής ασφάλειας, β) την ενίσχυση της δημοκρατίας, του κράτους δικαίου και των ανθρωπίνων δικαιωμάτων και την προώθηση της χρηστής διακυβέρνησης και της χειραφέτησης των γυναικών, γ) τη στήριξη της οικονομικής και της ανθρώπινης ανάπτυξης, δ) την αντιμετώπιση των προκλήσεων που σχετίζονται με τη μετανάστευση. Η ΕΕ στηρίζει αυτούς τους στόχους, αναγνωρίζοντας ότι τα συμφέροντα ασφαλείας των κρατών μελών της επιτάσσουν εκτεταμένη ανάληψη δράσης στο Αφγανιστάν, συμφώνως προς τα συμπεράσματα του Συμβουλίου της 18ης Ιουλίου 2016. Η ΕΕ θα επιδιώξει αυτούς τους στόχους σε στενή συνεργασία με αρμόδιους διεθνείς ενδιαφερόμενους φορείς.

¹ JOINT (2017) 31 final της 24ης Ιουλίου 2017

- A) Προαγωγή της ειρήνης, της σταθερότητας και της περιφερειακής ασφάλειας
3. Η ΕΕ ενθαρρύνει τις συντονισμένες προσπάθειες υποστήριξης μιας συμμετοχικής ειρηνευτικής και συμφιλιοτικής διαδικασίας υπό την καθοδήγηση και την ευθύνη του Αφγανιστάν, που αποτελεί τον μοναδικό εφικτό τρόπο βιώσιμης επίλυσης της σύγκρουσης. Η ΕΕ επιβεβαιώνει εκ νέου ότι αυτή η διαδικασία πρέπει να οδηγήσει στην αποκήρυξη της βίας, στη διακοπή όλων των δεσμών με τη διεθνή τρομοκρατία και στον σεβασμό του Αφγανικού Συντάγματος, περιλαμβανομένων των διατάξεών του περί ανθρωπίνων δικαιωμάτων, ιδίως των δικαιωμάτων των γυναικών και των παιδιών. Η ΕΕ χαιρετίζει τις αφγανικές ειρηνευτικές πρωτοβουλίες, όπως τη Διαδικασία της Καμπούλ για τη Συνεργασία για την Ειρήνη και την Ασφάλεια. Η ΕΕ θα επιδιώξει εμπράκτως να υποστηρίξει διεθνείς πρωτοβουλίες που συμβάλλουν στην ειρήνη, την ασφάλεια και τη σταθερότητα στο Αφγανιστάν, βασιζόμενη στην ισχυρή δέσμευσή της για ειρήνη και ανάπτυξη από το 2002. Ο διορισμός νέου Ειδικού Εντεταλμένου της ΕΕ στο Αφγανιστάν διασφαλίζει τη διαρκή προσήλωση της ΕΕ στις διεθνείς και περιφερειακές διαδικασίες επίτευξης ειρήνης στο Αφγανιστάν.
4. Η ΕΕ τονίζει ότι η ασφάλεια και η βιώσιμη ανάπτυξη είναι αλληλοσυνδεόμενες προκλήσεις σε μια διαδικασία οικοδόμησης κρατικού μηχανισμού η οποία πρέπει να λαμβάνει πραγματική πολιτική στήριξη από την περιοχή. Ένα ασφαλές, σταθερό και ευημερούν Αφγανιστάν είναι αναγκαίο για την ειρήνη και την ασφάλεια ολόκληρης της περιοχής. Η ΕΕ απευθύνει έκκληση σε όλους τους περιφερειακούς ενδιαφερόμενους φορείς να συνεργαστούν εποικοδομητικά για την προώθηση μιας αυθεντικής διαπραγματευτικής διαδικασίας προσανατολισμένης στα αποτελέσματα, χωρίς προϋποθέσεις και αποβλέπουσας στη μακροπρόθεσμη επίλυση των διαφορών των συγκρουόμενων μερών. Αυτή η επίλυση θα αποτελέσει το θεμέλιο της ειρήνης, της ασφάλειας και της ευημερίας στο Αφγανιστάν και την ευρύτερη περιοχή.

5. Η ΕΕ είναι προσηλωμένη στη συνεργασία με το Αφγανιστάν για την καταπολέμηση της τρομοκρατίας, της χρηματοδότησης της τρομοκρατίας και κάθε μορφής τρομοκρατικών απειλών καθώς και στην εντατικοποίηση του διαλόγου και της συνεργασίας για την πρόληψη και την αντιμετώπιση του βίαιου εξτρεισμού, της ριζοσπαστικοποίησης και της στρατολόγησης, περιλαμβανομένων των γενεσιουργών αιτίων τους. Η ΕΕ αναμένει από τους περιφερειακούς ενδιαφερόμενους φορείς να συμβάλουν στη δημιουργία ενός περιβάλλοντος ευνοϊκού για την ειρήνη και τη συμφιλίωση και να προσπαθήσουν να διασφαλίσουν ότι η επικράτειά τους δεν χρησιμοποιείται ως καταφύγιο και χώρος προετοιμασίας τρομοκρατικών δραστηριοτήτων.
6. Η ΕΕ εκφράζει ικανοποίηση για το τετραετές πρόγραμμα τομεακών μεταρρυθμίσεων της αφγανικής κυβέρνησης και επικροτεί τις αναληφθείσες προσπάθειες για τη συγκρότηση επαρκών και ολοένα και πιο βιώσιμων αφγανικών εθνικών δυνάμεων άμυνας και ασφαλείας, όπως εγκρίθηκαν από το Αφγανιστάν και τις συνεισφέρουσες χώρες της Αποστολής Αποφασιστικής Υποστήριξης στη σύνοδο κορυφής του NATO στη Βαρσοβία, τον Ιούλιο του 2016.
7. Η ΕΕ υπενθυμίζει τη σημασία πιο αποτελεσματικών, άμεσα ανταποκρινόμενων και διαφανών μη στρατιωτικών αστυνομικών δυνάμεων. Προς τούτο απαιτείται θεσμική μεταρρύθμιση και οικοδόμηση ικανοτήτων. Η εμπειρία από την αποστολή της EUPOL που έληξε το 2016 θα συνεκτιμηθεί.
- B) Ενίσχυση της δημοκρατίας, του κράτους δικαίου και των ανθρωπίνων δικαιωμάτων και προώθηση της χρηστής διακυβέρνησης και της χειραφέτησης των γυναικών
8. Η ΕΕ παραμένει προσηλωμένη στην υποστήριξη του Αφγανιστάν όσον αφορά την εφαρμογή της συμφωνηθείσας μεταρρυθμιστικής του ατζέντας. Η ΕΕ τονίζει ότι προς τούτο χρειάζονται περαιτέρω προσπάθειες και απτή πρόοδος από την αφγανική πλευρά, κυρίως στους τομείς της δημοκρατίας, του κράτους δικαίου, των ανθρωπίνων δικαιωμάτων και της χειραφέτησης των γυναικών, καθώς και στα μέτρα κατά της διαφθοράς και της παραγωγής και της παράνομης διακίνησης ναρκωτικών.

9. Στη νέα στρατηγική της ΕΕ λαμβάνονται υπόψη καθιερωμένα διεθνή πλαίσια και ειδικότερα τα μεταρρυθμιστικά προγράμματα, τα οποία παρουσιάστηκαν στη Διάσκεψη των Βρυξελλών για το Αφγανιστάν στις 5 Οκτωβρίου 2016. Σε αυτά συγκαταλέγονται το Εθνικό Πλαίσιο Ειρήνης και Ανάπτυξης του Αφγανιστάν (ANPDF), τα Εθνικά Προγράμματα Προτεραιότητας (NPP) και η ανανεωμένη και επικαιροποιημένη «Αυτάρκεια μέσω του Πλαισίου Αμοιβαίας Λογοδοσίας» (SMAF), η οποία περιέχει δεσμεύσεις για ειδικά μεταρρυθμιστικά αποτελέσματα όσον αφορά τις γυναίκες, την καταπολέμηση της διαφθοράς, τη διακυβέρνηση, το κράτος δικαίου και τα ανθρώπινα δικαιώματα, τη μείωση της φτώχειας, τη δημοσιονομική βιωσιμότητα και τη διαχείριση των δημόσιων οικονομικών. Η ΕΕ εκφράζει ικανοποίηση για την πρόοδο των ANPDF, SMAF και NPP. Επιπλέον, η αποτελεσματική εφαρμογή του Εθνικού Σχεδίου Δράσης του Αφγανιστάν για τις Γυναίκες, την Ειρήνη και την Ασφάλεια έχει κεντρική σημασία. Η ΕΕ δίνει έμφαση στη σημασία της τακτικής αναφοράς προόδου αυτών των πλαισίων και προγραμμάτων και θα παρακολουθεί στενά την ανάπτυξή τους.
10. Για τις 7 Ιουλίου 2018, έχουν ανακοινωθεί κοινοβουλευτικές εκλογές και εκλογές περιφερειακών συμβουλίων. Θα ακολουθήσουν προεδρικές εκλογές το 2019. Η ΕΕ καλεί την Ανεξάρτητη Επιτροπή Εκλογών, την κυβέρνηση, τους πολιτικούς ενδιαφερόμενους φορείς και την κοινωνία των πολιτών να συνεχίσουν να συνεργάζονται στενά για μια συμμετοχική, διαφανή και αξιόπιστη εκλογική διαδικασία. Η ΕΕ επιβεβαιώνει εκ νέου τη βούλησή της να υποστηρίξει τις προσπάθειες της κυβέρνησης σε αυτό το θέμα.
- Γ) Στήριξη της οικονομικής και της ανθρώπινης ανάπτυξης
11. Η οικονομική και η ανθρώπινη ανάπτυξη συμβάλλουν σημαντικά στην αυτάρκεια του Αφγανιστάν, μειώνοντας την εξάρτηση από την εξωτερική βοήθεια και παρέχοντας οικονομικές προοπτικές στον πληθυσμό, ιδίως στους νέους. Η ενίσχυση του ιδιωτικού τομέα έχει κεντρική σημασία για την ανάπτυξη της οικονομίας, περιλαμβανομένου του γεωργικού τομέα. Το Αφγανιστάν έχει επίσης δυνατότητες ανάπτυξης εξαγωγικών βιομηχανιών, οι οποίες θα δημιουργήσουν θέσεις εργασίας και θα αποφέρουν περισσότερα έσοδα στο κράτος.

12. Η ενίσχυση της περιφερειακής και της διεθνούς οικονομικής και εμπορικής συνεργασίας θα πρέπει να ευνοηθεί, προκειμένου να τονωθεί η αφγανική οικονομία και να προωθηθεί η σταθερότητα. Ως εκ τούτου, πρωτοβουλίες που βελτιώνουν την περιφερειακή συνδεσιμότητα και καθιστούν δυνατή την αύξηση του εμπορίου σε ολόκληρη την περιοχή προωθώντας διαδρόμους διέλευσης, μεταφοράς και ενέργειας έχουν ζωτική σημασία, ιδίως στο πλαίσιο της Διάσκεψης για την Περιφερειακή Οικονομική Συνεργασία για το Αφγανιστάν (RECCA), της Διαδικασίας της Κωνσταντινούπολης-«Καρδιά της Ασίας» (HoA) και της Ένωσης της Νότιας Ασίας για την Περιφερειακή Συνεργασία (SAARC).
13. Το Συμβούλιο εκφράζει ανησυχίες σχετικά με τη διαρκώς επιδεινούμενη ανθρωπιστική κατάσταση. Το Συμβούλιο σημειώνει τις πολυάριθμες απώλειες σε αμάχους και καταδικάζει κάθε επίθεση κατά αμάχων ή εγκαταστάσεων αμάχων, που πρέπει να προστατεύονται. Το Συμβούλιο υπενθυμίζει την ευθύνη όλων των μερών στην προστασία των αμάχων, σύμφωνα με τις υποχρεώσεις τους δυνάμει του διεθνούς ανθρωπιστικού δικαίου και του διεθνούς δικαίου ανθρωπίνων δικαιωμάτων.
- Δ) Αντιμετώπιση των προκλήσεων που σχετίζονται με τη μετανάστευση
14. Η ΕΕ υπογραμμίζει τη σημασία της εμβάθυνσης του υφιστάμενου διαλόγου και της συνεργασίας για τη μετανάστευση, περιλαμβανομένων των επιστροφών και της επανεισδοχής, καθώς και για την καταπολέμηση της παράνομης διακίνησης μεταναστών και της εμπορίας ανθρώπων. Η ΕΕ εκφράζει ικανοποίηση για την εν εξελίξει εφαρμογή της Κοινής Πορείας ΕΕ-Αφγανιστάν και των διμερών ρυθμίσεων των κρατών μελών για τη μετανάστευση, ενώ επίσης υπογραμμίζει τη σημασία της συνέχισης και της ενίσχυσης αυτών των προσπαθειών για την αποτελεσματική εφαρμογή τους, σύμφωνα με το ενωσιακό δίκαιο και ιδίως σύμφωνα με τα θεμελιώδη δικαιώματα και τις γενικές αρχές του διεθνούς δικαίου. Η ΕΕ θα συνεχίσει να εστιάζει στην αντιμετώπιση των γενεσιουργών αιτίων της μετανάστευσης και να στηρίζει τις προσπάθειες της αφγανικής κυβέρνησης να διασφαλίσει, σε περιφερειακό επίπεδο, την ασφαλή, μεθοδική και αξιοπρεπή επιστροφή και τη βιώσιμη επανένταξη των επιστρεφόντων Αφγανών υπηκόων στη χώρα.

15. Η ΕΕ υπογραμμίζει τη μεγάλη σημασία που αποδίδει στον ρόλο τόσο των εθνικών όσο και των διεθνών οργανώσεων της κοινωνίας των πολιτών και των ΜΚΟ. Προκειμένου να εκπληρώνουν τον καθοριστικό τους ρόλο στην ευαισθητοποίηση και την προώθηση των θεμελιωδών δικαιωμάτων, οι οργανώσεις αυτές πρέπει να διεξάγουν τις δραστηριότητές τους ανεμπόδιστα, σύμφωνα με τα θεμελιώδη δικαιώματα της ελευθερίας της έκφρασης και του συνέρχεσθαι.
16. Η ΕΕ εκφράζει ικανοποίηση για την κύρωση από το Αφγανιστάν της Συμφωνίας Συνεργασίας για την Εταιρική Σχέση και την Ανάπτυξη (CAPD) και προσβλέπει στην άμεση προσωρινή της εφαρμογή, προκειμένου να καταστεί δυνατή η διεξαγωγή του πρώτου διαλόγου στο πλαίσιο της CAPD στις αρχές του 2018.
17. Το Συμβούλιο υπενθυμίζει τα συμπεράσματά του της 12ης Μαΐου 2016, στα οποία επιβεβαιώνεται η αξία του κοινού προγραμματισμού της ΕΕ και των κρατών μελών για την καλύτερη ευθυγράμμιση των δράσεών τους, την αύξηση της στρατηγικής ανάλυσης, του συντονισμού και των κοινών δράσεων υλοποίησης.
18. Το Συμβούλιο εγκρίνει την τρίτη και τελική ετήσια έκθεση υλοποίησης της «Στρατηγικής της Ευρωπαϊκής Ένωσης για το Αφγανιστάν: περίοδος 2014-2016» (βλ. Παράρτημα).

Third review of the EU Strategy for Afghanistan 2014-2016

May 2017

Introduction

Since the last review of the EU Strategy for Afghanistan in June 2016, the EU and its Member States have continued to coordinate their activities closely, thus ensuring their presence and active involvement in all areas related to achieving the Strategy's objectives.

Over the course of this reporting period of January-December 2016, joint EU and Member State activities, in pursuit of common strategic objectives have in large parts centred on the preparations of the October 2016 Brussels Conference on Afghanistan (BCA) and its follow up. The joint strategic objective on migration has seen increased EU and Member State coordination and cooperation.

During the June 2016 review of the strategy, it was proposed that the strategy should be updated, in light of the outcome of the BCA, building on the mutual commitments agreed at Brussels and on a finalized Afghan National Peace and Development Framework (ANPDF), as well as future priorities for reform. An updated EU Strategy for Afghanistan, currently under development, will cover the period from 2017 onwards.

The pursuit of European strategic objectives was strengthened by the successful outcome of the BCA, where Afghanistan's international partners renewed their financial commitments to the tune of US \$15.2 billion in support of Afghanistan's ongoing state-building efforts through 2020 as well as by the successful July 2016 NATO Summit in Warsaw, where Afghanistan secured continued international support for the security sector and the Afghan National Defence and Security Forces (ANDSF).

These contributions will allow for an additional four years of sustained support to stabilize Afghanistan and move the country closer to peace. Such support is paramount to prevent a reversal of the achievements to date, considering a deteriorating security situation, political uncertainties over government unity and electoral reforms; economic difficulties coupled with population growth and unprecedented numbers of conflict-induced internally displaced persons (IDPs) and regional returns from Pakistan and Iran. These factors have affected Afghanistan's progress towards peace and development, increasing the country's fragility.

Context

Two years into the Transformation Decade (2015-24), Afghanistan's National Unity Government (NUG) has demonstrated perseverance despite significant security, economic and political challenges. State fragility has continued to be exacerbated by corruption, weak rule of law, illicit economic activities, and ongoing armed conflict. Implementing the government's reform agenda has progressed slowly, and delays in key appointments have damaged government legitimacy.

The Government and political elites have continued to manage their political differences, frequent tensions notwithstanding. At the end of 2016, the government also advanced electoral reform by adopting a new Election Law and appointing new members in the Electoral Management Bodies.

Afghanistan's overall security situation has deteriorated. While the ANDSF have proven their resilience during what was long foreseen as a difficult transition, 2016 has turned out to be a difficult fighting season. The Taliban have established a presence in many rural areas and continue to challenge a range of district centres and some Provincial capitals. As a result, up to a third of the territory and 25% of the population remain cut off from government services. Similarly, the ISIL (Daesh)/Khorasan is a growing concern as they have managed to plot and carry horrific and unprecedented attacks in Kabul and other provinces in North and East of Afghanistan.

The humanitarian situation has deteriorated as a result of intensified conflict: in 2016, 600,000 people were displaced, bringing the overall number of internally displaced persons (IDPs) to 1.5 million. UNAMA's 2016 Annual Report on the protection of civilians in armed conflict, has documented the highest number of casualties since 2009, with 11,418 civilian casualties. This represents a 3 percent increase, compared to 2015.

The Afghan government's efforts concerning peace and reconciliation have seen mixed results. The Quadrilateral Coordination Group (QCG) came to a standstill in mid-2016 and there has been no sustained, formal negotiation process with the Taliban. Progress was made, on the other hand, in negotiations between the government and Hizb-i-Islami Gulbuddin (HIG). The implementation of the peace agreement signed in October 2016 is progressing, with the hope of the agreement to serve as a blueprint for future agreements with the Taliban.

An increase in revenue collection in line with IMF targets counts as a positive development, although economic growth is projected at 1.8% in 2017 (WB estimates), a steep decline from an average rate of 9.4% in 2003-12. Unemployment remains at 34.3% (ALCS 2016-2017). As a result of economic and political uncertainties, the optimism felt by the Afghan public has declined significantly: in 2016, only 29.3% of Afghans said the country is moving into the right direction – the lowest level recorded since 2004.²

These developments have had an effect on migration: in 2016, Afghans remained the second-largest group of migrants to the EU. While Afghan nationals no longer arrive in Europe at the same rates as they did in 2015, the return of over 1 million Afghan refugees from Pakistan and Iran over the course of 2016 has severely stretched government capacities and represents a serious challenge. This challenge is expected to be exacerbated in 2017, as projections indicate that similar numbers can be expected. A coordinated answer is needed.

² Asia Foundation (2016), "A Survey of the Afghan People: Afghanistan in 2016".

Objectives

(a) Promoting peace, security and regional stability

Objective: Promoting peace, security and regional stability, by advocating for an inclusive peace process; mitigating threats from drugs, trafficking and organised crime; tackling illegal migration; and supporting the development of a professional and accountable civilian police service

While no formal peace process is underway with the Taliban, some peace-focused initiatives have taken place. A formal agreement with HIG was signed in October 2016 and its implementation is underway. Going forward, there is a need to encourage the government to remain focused on peace despite what stands to be a tough 2017 fighting season. The High Peace Council, with President Ghani's significant input, is currently formulating a new and more cohesive peace strategy, which counts as a positive sign.

Poppy cultivation and trade, as part of the broader illicit economy, continued to negatively impact state-building efforts. The potential production of opium has increased significantly by 43% from 3,300 tons in 2015 to 4,800 in 2016.

Migration remains a significant issue with sizeable Afghan refugee populations from Pakistan and Iran returning to Afghanistan. Migrants asserting to be Afghan nationals remained the second largest group of arrivals to Europe in 2016, although their number reduced compared to 2015.³

Assistance to civilian policing remains a need, particularly in light of the present focus on counter-insurgency on the part of the Afghan National Police (ANP). Challenges are present in the areas of development of leadership, training and education at all levels, as well as fostering greater accountability, in particular through anti-corruption measures.

³ 267,485 illegal entries in 2015, number reduced to around 50,000 in 2016.

The EU and Member States have continued **to support an inclusive Afghan-led and Afghan-owned peace and reconciliation process leading to a political settlement in which all parties eschew violence, disavow any link with terrorism, and respect human rights – in particular women’s human rights.** The EU and Member States continued to support a peace process and to encourage adequate and active female participation in all its aspects. Specifically, the EU and Member States have advocated the inclusion of a female negotiator in any future Afghanistan-Taliban talks, and have engaged in training activities for negotiators, peace-builders and female police.

While **enhancing political and economic cooperation between Afghanistan and its neighbours and supporting mutually reinforcing cooperation initiatives with neighbouring countries and international organisations,** the EU and Member States continued to support initiatives and processes such as the Heart of Asia – Istanbul process and its confidence building measures, as well as trade related technical assistance. In recognition of the importance of regional solutions to peace, the EU and Member States also supported regional peace initiatives, through diplomatic outreach and engagement, recognizing that any initiative should be driven by Afghanistan and include the EU.

In 2016, the EU and Member States continued their high level policy dialogue and technical support towards **strengthening Afghan and regional efforts to fight organised crime and reduce drug production, trafficking and demand.** The EU and Member States aimed to address counter-narcotics and the illicit economy through a comprehensive approach focusing support to capacity building and regional and international cooperation for law enforcement and the judiciary, on legal matters; border management and trade facilitation; prevention and treatment of drug dependence amongst vulnerable groups and research and analysis on illicit drug consumption's trends; and alternative livelihoods, aimed at reducing the dependency of subsistence farmers on narcotic crops. Through the UNODC Regional Program on Afghanistan and Neighbouring Countries, the EU supported counter-narcotics initiatives partnership and trust building between the countries in the region.

In the field of migration, **the EU and the Afghan government agreed in October 2016 on the “Joint Way Forward (JWF) on migration issues”**, which represents a **comprehensive cooperation framework** going beyond return and readmission and addressing several issue of joint concern and interest such as the fight against smuggling of migrants and trafficking in human beings, medium to long term reintegration of returnees and awareness raising. Several Member States simultaneously also negotiated and concluded bilateral Memoranda of Understanding (MoUs), to deepen the cooperation on migration and facilitate returns. The first meeting of the Joint Working Group on the implementation of the Joint Way Forward was held in November 2016. In the last quarter of 2016, the EU also decided to finance a programme in support of the host communities across Afghanistan, for a total of Euro 79 million.

At the regional level, the EU supported the “Solution Strategy on Afghan Refugees” for the reintegration of Afghan refugees based on principles of voluntary repatriation and sustainability. Actions are benefiting a significant number of the total Afghan refugees in Iran and Pakistan and around 200,000 Internally Displaced Persons (IDPs) in Afghanistan. The EU financially supports the provision of public services in health, education, legal protection and legal assistance, sanitation and hygiene as well as livelihood opportunities. The EU has increased its efforts toward reaching a sustainable solution for the Afghan refugees in the region, through several dialogues with relevant partners and also through supporting sustainable reintegration of returnees.

The EU (including its police mission EUPOL) and certain Member States bilaterally continued to provide strategic advice to the Ministry of Interior (MoI) leadership, in pursuit of the development of a professional and accountable civilian police force. With the end of the EUPOL mission on 31 December 2016, EU support for MoI reform and the professionalization of the Afghan police service will continue through a new EU Police Assistance Team as well as nd political engagement.

The EU and Member States continued engagement in strengthening Afghan-led efforts to increase the quality and sustainability of civilian policing, as an integral part of the wider rule of law reform efforts. The EU, EUPOL and Member States continued political and technical dialogues with the aim of developing the Afghan National Police (ANP) gradually into a professional civilian police service. The EU and Member States also engaged with the government to improve Afghan leadership and strengthen ownership in the MoI's anti-corruption and fiscal sustainability reforms.

Coordination between the EU and Member States, government and other donors was done through the Oversight and Coordination Body (OCB) as well as the International Police Coordination Board (IPCB), while technical aspects have been regularly addressed in the increasingly efficient MoI Support Team (MST). The EU and Member States supported the restructuring of the UNDP-administered Law and Order Trust Fund (LOTFA) to provide more focused and programmatic support for MoI reform, police professionalization and civilianisation as well as increasing oversight over the payroll management.

EUPOL and LOTFA, supported by the EU and Member States, developed and assisted the implementation of the MoI Female Police Strategy and supported Police Women' Councils to increase coverage and gender mainstreaming throughout the system. Moreover, in August 2016 EUPOL organised a joint two-day conference with the MoI on the future of civilian policing in Afghanistan focused on leadership and equality in the ANP.

(b) Reinforcing Democracy

Objective: Reinforcing democracy: functioning democracy needs to be embedded through democratic oversight at national, provincial and district levels, inclusive and transparent elections, and capacity-building in key institutions of governance;

Stalled electoral reform progressed with the adoption of the new Election Law on 1 September 2016 and the appointments of the new commissioners in Independent Elections Commission (IEC) and Electoral Complaints Commission (ECC) on 23 November 2016. The Government is expected to hold delayed parliamentary and district elections at the earliest possible date. Meanwhile, the implementation of meaningful electoral reforms still faces many challenges, including weak electoral administration that does not enjoy the confidence of the Afghan electorate; interference of the government in technical electoral issues; unresolved corruption cases; security; and budget. The upcoming parliamentary and presidential elections, which should be free, fair, transparent and credible, are seen crucial to the consolidation of an Afghan democracy.

Political momentum on sub-national governance has decreased over the past year. The President has requested a further review of the country's sub-national governance policy in order to broaden its spectrum beyond administrative to thematic issues, including mining. However, the activities of the Independent Directorate on Local Governance (IDLG) continue to be hampered by lack of leadership owing to vacancies at the very top level. Inter-ministerial coordination in sub-national governance remained an unaddressed challenge throughout the period and continues to require further strengthening.

The Afghan government has stepped up anti-corruption measures and commitments. The refreshed Self-Reliance through Mutual Accountability Framework (SMAF) presented at the BCA in 2016 updated the deliverables for the drafting of anti-corruption plans of the five key revenue-generating ministries, by requiring these ministries to report publicly on implementation progress of their anti-corruption plans in 2017. The SMAF also called for the drafting and endorsement of an anti-corruption strategy for the whole government in the first half of 2017.

The EU and Member States continued to support the electoral reform process based on the broadest possible political consensus among Afghan stakeholders. The EU and Member States actively participated in the discussions with the Government, emphasising a realistic electoral timeline for the upcoming elections; strong leadership, impartiality and independence of the Electoral Management Bodies and the need to resolve financial and administrative fraud. Pending clarity on the electoral timeline for the upcoming elections, **the EU has supported politically the UNDP Project Implementation Plan (PIP)** providing a minimum technical advisory assistance to electoral reform and management bodies. **Given that the legitimacy of the electoral process will ultimately rest both on an actual and perceived integrity of the elections,** the EU advocated for the inclusion of an Electoral Integrity Assessment under the PIP, and started negotiating the project to strengthen electoral integrity and justice in Afghanistan, both to be implemented by the International Foundation for Electoral Systems (IFES).

Within the Afghan Parliament's present constitutional and legal mandate, **the EU continued to provide support to the two Houses of the National Assembly and their respective secretariats, with a view to improving legitimacy, transparency and more inclusive governance at all levels as well as strengthening oversight and accountability mechanisms.** This support was provided within the framework of the “Institutional and Capacity Support to the Parliament of Afghanistan”, with expected completion in December 2017.

Building the capacity of Sub-National Governance in Afghanistan continued to be a key priority for EU and Member States in 2016. **Focusing on reducing corruption and increasing accountability in order to improve service delivery and budget administration,** the EU and Member States continued to engage actively in the policy dialogue with the central and sub-national government on reform efforts and contributed to strengthen Provincial Governor Offices' and Provincial Councils' capacities on revenue generation at municipal level.

In addition, the EU and Member States assisted municipalities to undertake strategic urban planning and promote local economic development, stimulate investment and expand inclusive service delivery.

Capacity-building of key institutions also extended to anti-corruption initiatives with the EU and its Member States actively supported government efforts in this regard. On 8 May 2016, the EU organised its third Anti-Corruption campaign and conference, which focused on prevention and the role of investigative journalism in disclosing cases of corruption. Together with the UK, the EU continues to host regular ambassadorial events to reach agreement on key messaging and alignment of action among the international community. The EU also attends the High Council of Rule of Law and Anti-Corruption, chaired by the President and has contributed guidance to the legislative reforms against corruption.

(c) Encouraging economic and human development

Objective: Encouraging economic and human development including creating a transparent economic framework to encourage investment, raise revenue, allocate finances, strengthen resilience and improve access to health and education, including for the most vulnerable segments of the population;

In 2016, economic growth picked up at 1.6 percent after a significant downturn at 1.3 percent and 0.8 percent respectively in 2014 and 2015.⁴ With the pace of economic growth lagging population growth by 3 percent, poverty and unemployment has been on the increase⁵.

New company registrations in 2016 (a proxy indicator for new investments and business confidence) pointed towards limited new investments and weak economic activity, with the reduction occurring across all sectors. Business confidence remained critical, with potential new investments not at the same levels in 2016 as recorded three years prior. This suggests that potential investors were delaying their investment decisions as a result of the overall political uncertainty and market conditions.

⁴ World Bank, Afghanistan Development Update, October 2016 [update]

⁵ Latest Afghanistan Living Conditions Survey of 2013/14.

*Afghanistan's accession to the World Trade Organization in July 2016 - and the opening of the Chahbahar port in Iran as an alternative trade route - were important developments in 2016. The Government announced reforms including the promotion of **regional integration** and an enabling partnership for **private sector development**.*

Despite important reforms undertaken in 2016, such as approval of an open access policy in the telecommunication sector and the establishment of a one-stop shop for business licensing, regulatory challenges to doing business in Afghanistan and corruption in business service delivery continued to hinder economic development and deter foreign investment. Improving the investment climate, putting in place enabling business environment policies and pursuing the implementation of WTO obligations will promote diversification and integration of Afghan businesses in regional networks.

A number of newly introduced measures, in line with recommendations from the IMF Staff Monitored Programme (SMP 2015) and the successor Extended Credit Facility (2016-2019) , resulted in a 18% year-on-year increase of domestic revenues in 2016. Notwithstanding, sustainable growth will require further private sector engagement and strengthening of the revenue base.

The **State Building Contract for Afghanistan (2016-2018; EUR 200 million)** signed at the BCA, represents a new strategic platform for the EU and Member States to follow-up, engage and influence the Government's reform agenda. The EU and Member States engaged in regular political and technical policy dialogue on medium and long-term fiscal sustainability, aiming at **stronger financial self-sustainability of the Afghan state through increased revenue generation**, particularly with the aim of reducing the 2017 budget's 61% reliance upon international grants and loans.

The EU and Member States contributed to the Public Financial Management Roadmap (PFMR II) and the resulting Five-Year Fiscal Performance Improvement Plan (FPIP) covering the period 2016-2020 and were closely involved in policy and technical dialogue with the Ministry of Finance and other involved parties. Implementation of the FPIP began in January 2016, and support by the EU and Member States through the Afghanistan Reconstruction Trust Fund is set to progress a number of objectives, including improvement in the execution rate of the development part of the budget.

The EU-funded Trade Assistance project (2016-2019) further assisted the Government of Afghanistan in improving the conditions for the use of trade as a lever for enhanced regional cooperation, economic and human development and poverty reduction, aiming at strengthening human and institutional capacity on trade policy and strategy formulation and implementation with active engagement of the private sector.

The EU and Member States support **human development, including for the most vulnerable segments of the population, by continuously advocating with the government for improvements on service delivery** and through support for agriculture and rural development, water and energy supply, health, education, governance and rule of law. The EU and Member States' investments in education have contributed to higher literacy rates for women. Still, a considerable gap persists between boys' and girls' school enrolment and quality of education remains of concern. Despite enormous security and political challenges, the EU and Member States' support to service delivery contributed to sustaining past gains, such as a significant decline in maternal and child mortality.

The EU and Member States support the Citizen Charter – one of five National Priority Programmes and a key BCA deliverable – which was launched in September 2016 with the objective of improving the delivery of core infrastructure and social services to all communities in Afghanistan. An estimated 40,000 rural communities and all urban communities are expected to receive this support, over the next ten years, through Community Development Councils (CDCs).

EU interventions on **improving the rural economy, to generate jobs and reduce dependence on the poppy** focused on consistent support to community infrastructure development, animal health, access to good quality varieties of seeds/plants, water management and food security. The bulk of the EU and Member State contributions in agriculture have focused on making the rural economy more resilient and on fostering on an environment conducive for farmers to invest in agriculture.

(d) Fostering the rule of law and human rights

Objective: Fostering the rule of law and respect for human rights by advocating respect for human rights (including in particular the full implementation of statutory protections for the rights of women and girls), supporting greater equality before the law of all citizens and assisting with the development of a comprehensive framework to strengthen and reform the justice sector.

In 2016, the human rights situation - in particular for women and children - left room for improvement. Cases of inhumane punishment had been recorded and there were reports of torture being carried out in detention facilities and by prominent government officials. The lack of prosecution of such human rights violations reflects a culture of impunity. War crimes committed during the last decades have not been investigated. The government continued to implement the death penalty. Six prisoners were executed in response to a large Taliban attack in Kabul on 19 April 2016. Freedom of expression and a diverse media landscape in Afghanistan both counted as positives, especially when compared to other countries in the region. Nevertheless, 2016 was the bloodiest year ever for the media in Afghanistan, with 13 journalists killed, the highest figure ever.

The government has been committed to advancing human rights especially for women and children. The Elimination of Violence Against Women (EVAW) law remained in force. However, there were serious concerns about its implementation, with mixed results reported across the country. A Law prohibiting the recruitment of children to the ANDSF had been passed and a draft Child Act was drafted. The Government began implementing the National Action Plan (NAP) on Women, Peace and Security (UNSCR 1325). However, its implementation was weak and lacks financial resources.

The Government approved a Justice Sector Reform Plan at the end of 2016. Public distrust in the statutory legal system remains prevalent. The formal justice system is not accessible countrywide, and many Afghans continue to rely on informal justice mechanisms.

The EU and Member States closely coordinated efforts and continued to **advocate advancing human rights, in particular for women and children, as well as women's empowerment**. These efforts included addressing cases of major human rights violations, notably as regards civilian casualties; the death penalty; women's rights and children's rights; advocacy and public statements and demarches. Of particular note were joint efforts towards the implementation of the EVAW Law and the NAP 1325.

Human Rights were addressed at the October 2016 BCA; a side event on gender took place in the margins of the BCA ("*Empowered Women, prosperous Afghanistan*") which allowed for an inclusive discussion on where Afghanistan stood on protecting human rights, especially for women and ensuring gender equality, and the way ahead.

The second EU-Afghanistan local Human Rights Dialogue took place on 1 June 2016 with a follow-up meeting on 30 November 2016. The EU continued to follow up with the government on the implementation of the NAP 1325, including the need to implement the plan fully. The Local Human Rights Dialogue also included topics such as the signature and ratification of the Optional Protocol to the Convention Against Torture (OPCAT) and the issuance of internal instructions to all security authorities for the implementation of the Memorandum of Understanding (MoU) between the Afghanistan Independent Human Rights Commission (AIHRC) and the Ministry of Defence, the Ministry of Interior and the National Directorate of Security on the Ombudsman Section in the AIHRC.

The EU and Member States have continued to **advocate for an end to the culture of impunity for serious war crimes and human rights violations and abuses**. The EU and Member States raised the issue of transitional justice and the International Criminal Court (ICC) with the Afghan government and have encouraged the government to cooperate with and extend an official invitation to the ICC. The EU and Member States also held meetings with the Transitional Justice Coordination Group and continue to follow-up on specific human rights cases with the Afghan government, centrally and in the provinces. The EU and Member States advocated that the reservations to the Convention against Torture and Other Cruel Inhuman or Degrading Treatment or Punishment should be removed.

The EU and Member States continued to liaise with government counterparts to create an environment conducive to progress and reforms, as well as engaging with other donors to streamline these efforts and donor support. The EU and Member States continued to support Afghanistan in its **maintenance of the right to freedom of assembly and strengthen the right to freedom of expression, including by supporting journalists and human rights defenders**.

The EU and Member States cooperated closely with civil society and the media as well as the Afghanistan Journalist Safety Committee and regularly met with journalists and human rights defenders on security and related matters. **The EU and Member States produced an EU+ Local Strategy for Human Rights Defenders in Afghanistan, which outlined envisioned protective actions including political dialogue, awareness raising, trial monitoring, as well as internal and external relocation of those at risk**. The EU and Member States cooperated closely with Human Rights Defenders and established a mechanism to ensure swift cooperation and burden sharing for the protection of Human Rights Defenders as well as an Afghan-led Human Rights Defenders Committee.
