According to article 9 of the Multiannual Financial Framework Regulation¹, the Solidarity and Emergency Aid Reserve (SEAR) is intended to allow for

- (a) assistance to respond to emergency situations resulting from major disasters that are covered by the European Union Solidarity Fund, the objectives and scope of which are set out in Council Regulation (EC) No 2012/2002; and
- (b) rapid responses to specific emergency needs within the Union or in third countries following events which could not be foreseen when the budget was established, in particular for emergency responses and support operations following natural disasters not covered by point (a), man-made disasters, humanitarian crises in cases of large-scale public health, veterinary or phytosanitary threats, as well as in situations of particular pressure at the Union's external borders resulting from migratory flows, where circumstances so require.

Point 10 of the Interinstitutional Agreement of 16 December 2020 between the European Parliament, the Council of the European Union and the European Commission on budgetary discipline, on cooperation on budgetary matters and on sound financial management, as well as on new own resources, including a roadmap towards the introduction of new own resources (IIA), lays down the modalities for the mobilisation of the European Union Solidarity Fund (EUSF) in the context of the SEAR.

d) Detailed grounds for the increase

The reinforcement of EUR 277,9 million in commitment and payment appropriations will cover the needs arising from the Commission's proposal to mobilise financial contribution from the European Union Solidarity Fund (EUSF) to provide assistance to Croatia further to the series of earthquakes that started from 28 December 2020.

The total EUSF mobilisation following the application from Croatia amounts to EUR 319,2 million. In line with Article 4a of the EUSF Regulation, once the definitive amount of the financial contribution has been determined, the Commission shall take into account the sum of the advance prior to the balance of the financial contribution being paid. The Commission has already paid an advance of EUR 41,3 million to Croatia. Therefore, the balance payment amounts to EUR 277,9 million.
