On 1 June 2021, the Commission submitted to the Council a recommendation for a Council Decision authorising the entering into negotiations on behalf of the European Atomic Energy Community on the modernisation of the Energy Charter Treaty together with an Annex containing the text of the negotiation directives¹.
2. The proposal was discussed and revised in the Working Party on Atomic Questions. During this process, the Annex containing the text of the negotiation directives was deleted and a reference was made in this Council Decision to the existing Energy Charter negotiation directives which were adopted by the Council in July 2019². Those directives were adopted together with a Council Decision authorising the Commission to negotiate on behalf of the Union.
