2. European Partnerships shall be based on a Memorandum of Understanding, **or a grant agreement,** agreed and signed between the partners, stipulating:

   (a) the results to be delivered, which shall be clear, measurable, time-bound;

   (b) **single set of** reporting requirements;

   (c) the related commitments from all partners;

   (d) governance arrangements with a mechanism for **the** partners to discuss and agree on the partnerships' programming and activities.

3. ~~In duly justified cases~~ **Where appropriate for achieving their objectives,** European Partnerships will be implemented by entrusting budget implementation tasks from **one or** various Union funding programmes to bodies established pursuant to Articles 185 and 187 TFEU, in accordance with Article 62(1), point (c), of Regulation (EU, Euratom) 2024/2509.

4. For European Partnerships established pursuant to paragraphs 2 and 3 of this Article, support from the Programme shall be conditional upon efficient use of Union financing, a proportionate financial contribution from **the Union** ~~other partners at least~~ matching the **other partners'** ~~Union~~ **in cash or in-kind** contribution and voting rights for the Union **and other partners** in the governing bodies ~~ensuring protection of the interests of the Union in the partnership~~. For that purpose, Joint Undertakings shall be established through a single establishing act ensuring harmonised rules.

(b) be established for the purpose of addressing challenges that require a critical mass of resources and a unified and coordinated approach, both in terms of programming and implementation, across actors.

(ba) be established only in cases where Union action alone or other forms of support under the Programme cannot achieve the desired objectives.

(c) align with **Union strategic priorities** and assist in the implementation of major Union policies and policy initiatives.

(d) be selected in a **transparent and** competitive manner based on a set of quantifiable lifecycle criteria and a strong portfolio approach, resulting in a coherent set of initiatives.

(e) be based on ex ante, long-term and formal commitments from all partners to contribute ~~financially~~ **in cash or where appropriate in-kind** to the resources of the European Partnership~~, which shall be centrally managed, except in duly justified cases~~.

(f) require a clear lifecycle approach, including an upfront plan for the implementation of the initiative with a strategy for gradually or fully phasing out from Union funding.

Recitals

(9) It should be possible to implement parts of the budget through European Partnerships together with ~~other public~~ **private** and**/or** ~~private~~ **public** ~~entities~~ **partners**, where this is the most effective implementation form to achieve the policy objectives. European Partnerships should be established where a close involvement of the Union is required and should ensure appropriate voting rights for the Union **and other partners** as well as sufficient co-investment by other partners to leverage Union funding. In view of fostering synergies and efficiencies, it is necessary to ensure harmonised rules. Therefore, a strategic and coherent portfolio of a limited number of European Partnerships should be established.

(10) **[**The European Partnerships, including in the form of Joint Undertakings, as an essential tool to deliver on industrial involvement and investment in collaborative research and innovation, should contribute to the specific policy objectives of the policy windows of the European Competitiveness Fund, and be supported through it, where necessary, to complete these objectives.**]**
