STATEMENT BY HUNGARY**ON THE COUNCIL CONCLUSIONS ON THE IMPACT OF ARTIFICIAL
INTELLIGENCE ON GENDER EQUALITY IN THE LABOUR MARKET**

Hungary declares that the Commission's Communication on a Union of Equality: Gender Equality Strategy 2020-2025 (hereinafter referred to as "Strategy"), mentioned in these Council Conclusions, should be interpreted with due regard to national competences and the specific circumstances in each Member State.

Furthermore Hungary states that equality between women and men is enshrined in the Treaties of the European Union as a fundamental value. Hungary ensures equality between women and men within the framework of the Hungarian national legal system in accordance with internationally binding human rights instruments and within the framework of fundamental values and principles of the European Union. For these reasons, Hungary interprets the term 'gender' as a reference to 'sex' in the Council Conclusions on The Impact of Artificial Intelligence on Gender Equality in the Labour Market.
