Subject:	AOB for the Council (Environment) meeting on 21 October 2025 The need for a modernisation of REACH - Information from Sweden

Sweden would welcome any further information from the Commission on the upcoming revision, as well as on the work plan.

Sweden would like to underline that a modernisation and simplification of REACH is urgent to better protect EU citizens and the environment and to enhance competitiveness.

A proposal for a revision of REACH has been scheduled for the end of this year. We would like to invite the Commission to, as possible, provide further information on the ongoing work with the proposal.

We would like to also take the opportunity to underline that it is crucial that the revision of REACH consists of a comprehensive modernisation as well as simplification. A modernisation and simplification of REACH is urgent to enhance competitiveness and to better protect EU citizens and the environment.
