In accordance with the provisions of Article 294 of the TFEU and the Joint declaration on practical arrangements for the codecision procedure¹, a number of informal contacts have taken place between the Council, the European Parliament and the Commission with a view to reaching an agreement on this file at first reading.

In this context, the Chair of the Committee on Civil Liberties, Justice and Home Affairs (LIBE) Juan Fernando LÓPEZ AGUILAR (S&D, ES) presented on behalf of LIBE a compromise amendment (amendment number 2) to the abovementioned proposal for a Regulation, for which Matjaž NEMEC (S&D, SI) had prepared a draft report. The Parliament's position reflects what had been previously agreed between the institutions. The Council should therefore be in a position to approve the Parliament's position.

The act would then be adopted in the wording which corresponds to the Parliament's position.

² The version of the Parliament's position in the legislative resolution has been marked up to indicate the changes made by the amendments to the Commission's proposal. Additions to the Commission's text are highlighted in *bold and italics*. The symbol "■" indicates deleted text.

- (1) *The Union's common visa policy has been an integral part of the establishment of an area without internal borders. It is important that visa policy remain an essential element in helping counter security risks and the risk of irregular migration to the Union, while facilitating tourism and business. To make the Schengen visa application process smoother and more effective for third-country nationals and Member State authorities, it is necessary to allow Schengen visa applications to be lodged online, thereby making full use of recent legal and technological developments.***
- (2) *Visas should be issued in a uniform digital format only, as a 2D barcode, and contain the facial image of the visa holder. The 2D barcode should be cryptographically signed by the Country Signing Certificate Authority of the issuing Member State. Council Regulation (EC) No 1683/95³ should therefore be amended accordingly.***
- (3) *In order to ensure uniform conditions for the implementation of Regulation (EC) No 1683/95, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council⁴. The examination procedure should be used for the adoption of the technical specifications of the digital visa.***
