No. Cion doc.:	14884/1/17 REV 1
Subject:	Proposal for a Decision of the European Parliament and of the Council amending Decision No 1313/2013/EU on a Union Civil Protection Mechanism - revised mandate for negotiations with the European Parliament

1. On 23 November 2017 the Commission submitted to the Council a proposal for a Decision of the European Parliament and of the Council amending Decision No 1313/2013/EU on a Union Civil Protection Mechanism<sup>1</sup>.
2. Following discussion in the Working Party on Civil Protection (PROCIV) held between December 2017 and July 2018, on 25 July Coreper approved the mandate for negotiations with the European Parliament<sup>2</sup> in the context of the ordinary legislative procedure of Article 294 TFEU.
3. The European Parliament voted its mandate on 31 May 2018.<sup>3</sup>

---

<sup>1</sup> 14884/1/17 REV 1.

<sup>2</sup> 11283/18.

<sup>3</sup> P8\_TA-PROV(2018)0236.

4. The European Committee of the Regions adopted its opinion on 17 May 2018<sup>4</sup>.
5. The European Economic and Social Committee adopted its opinion on 18 October 2018<sup>5</sup>
6. Political trilogues were held on 4 September and on 8 October, accompanied by nine technical-level meetings. Compromise proposals were also discussed at two PROCIV meetings and at five meetings of JHA Counsellors held between September and November.
7. At their informal meeting held in Vienna on 27 and 28 September, Directors-General for civil protection also had an exchange of views on practical aspects of the implementation of rescEU capacities.
8. As stated by the European Council on 18 October, negotiations on the proposal should be concluded by the end of the year.
9. Most of the text has been provisionally agreed with the European Parliament, as set out in the fourth column of the annex.
10. The PROCIV meeting on 8 November and the JHA Counsellors meeting on 15 November allowed to confirm a common understanding on the key issues of *inter alia* setting up and co-financing of rescEU capacities and their operational costs, and prevention. Agreement still needs to be reached on the budget and on rescEU transitional period. The usual issue of implementing/delegated acts remains to be agreed with the European Parliament.
11. Following Coreper's decision on 21 November to revert the discussion to expert level, at the JHA Counsellors meeting held on 22 November there was a common understanding on some technical improvements of the text, as reflected in the fourth column, but agreement was not reached on the two outstanding issues of budget and transitional period.

---

<sup>4</sup> 9679/18.

<sup>5</sup> 14171/18.

12. The Presidency compromise includes a revised Council Statement on financing the Union Civil Protection Mechanism (calling for the highest possible use of redeployments, limited to headings 3 and 4, without indicating percentages), and deletion of the first part of Article 35 (transitional period).
13. On the basis of the above Coreper is invited to:
- agree on the Council Statement on financing the Union Civil Protection Mechanism,
  - agree on a revised mandate, as set out in the annex, including the transitional period.

Proposal for a Decision of the European Parliament and of the Council amending Decision No 1313/2013/EU on a Union Civil Protection Mechanism				
	Commission proposal 14884/1/17 REV 1, COM(2017) 772	EP amendments P8_TA-PROV(2018)0236	Council's mandate (11283/18)	Compromise text
1.	(1) The Union Civil Protection Mechanism ('the Union Mechanism') governed by Decision No 1313/2013/EU of the European Parliament and the Council <sup>6</sup> strengthens cooperation between the Union <b>and</b> the Member States and facilitates coordination in the field of civil protection in order to improve the Union's response to natural and man-made disasters.	<b>AM 1</b>  (1) The Union Civil Protection Mechanism ('the Union Mechanism') governed by Decision No 1313/2013/EU of the European Parliament and the Council <sup>1</sup> strengthens cooperation between the Union, the Member States <b>and their regions</b> and facilitates coordination in the field of civil protection in order to improve the Union's response to natural and man-made disasters.		Text provisionally agreed at technical trilogue on 25/9:  (1) The Union Civil Protection Mechanism ('the Union Mechanism') governed by Decision No 1313/2013/EU of the European Parliament and the Council <sup>7</sup> strengthens cooperation between the Union and the Member States and facilitates coordination in the field of civil

<sup>6</sup> Decision No 1313/2013/EU of the European Parliament and of the Council of 17 December 2013 on a Union Civil Protection Mechanism (OJ L 347, 20.12.2013, p. 924).

<sup>7</sup> Decision No 1313/2013/EU of the European Parliament and of the Council of 17 December 2013 on a Union Civil Protection Mechanism (OJ L 347, 20.12.2013, p. 924).

				protection in order to improve the Union's response to natural and man-made disasters.
2.	(2) Whilst recognising the primary responsibility of Member States for preventing, preparing and responding to natural and man-made disasters, the Union Mechanism promotes solidarity between Member States in accordance with Article 3(3) of the Treaty on European Union.			(2) Whilst recognising the primary responsibility of Member States for preventing, preparing and responding to natural and man-made disasters, the Union Mechanism promotes solidarity between Member States in accordance with Article 3(3) of the Treaty on European Union.
3.	(3) Natural and man-made disasters can strike anywhere across the globe, often without warning. Whether of natural or man-made origin, they are becoming increasingly frequent, extreme and complex, exacerbated by the impacts of climate change, and irrespective of national borders. The human, environmental,	<b>AM 2</b>  (3) Natural and man-made disasters can strike anywhere across the globe, often without warning. Whether of natural or man-made origin, they are becoming increasingly frequent, extreme and complex, exacerbated by the impacts		Text provisionally agreed at the technical trilogue on 9/11:  (3) Natural and man-made disasters can strike anywhere across the globe, often without warning. Whether of natural or man-made

	and economic consequences stemming from disasters can be <i>enormous</i> .	of climate change, and irrespective of national borders. The human, environmental, <i>social</i> and economic consequences stemming from disasters can be <i>of an unknown scale</i> . <i>Unfortunately, those disasters are sometimes intentional, for example in the case of terrorist attacks.</i>		origin, they are becoming increasingly frequent, extreme and complex, exacerbated by the impacts of climate change, and irrespective of national borders. The human, environmental, <u>social</u> and economic consequences stemming from disasters can be <u>enormous of an unknown scale</u> .
4.	(4) Recent experience has shown that reliance on voluntary offers of mutual assistance, coordinated and facilitated by the Union Mechanism, does not always ensure that sufficient capacities are made available to address the basic needs of people affected by disasters in a satisfactory manner, nor that the environment and property are properly safeguarded. This is particularly so where Member	<b>AM 3</b> (4) Recent experience has shown that reliance on voluntary offers of mutual assistance, coordinated and facilitated by the Union Mechanism, does not always ensure that sufficient capacities are made available to address the basic needs of people affected by disasters in a satisfactory manner, nor that the environment and property are properly safeguarded. This is		Text provisionally agreed at technical trilogue on 25/9:  (4) Recent experience has shown that reliance on voluntary offers of mutual assistance, coordinated and facilitated by the Union Mechanism, does not always ensure that sufficient capacities are made available to address

	States are simultaneously affected by recurrent <i>disasters</i> and collective capacity is insufficient.	particularly so where Member States are simultaneously affected by <i>disasters that are both recurrent and unexpected, both natural and man-made</i> , and collective capacity is insufficient. <i>To overcome those insufficiencies and emerging hazards, all Union instruments should be made use of in a fully flexible manner, including through the promotion of active participation of the civil society. Nevertheless, Member States should undertake adequate preventive actions in terms of preserving an amount of national capacities that is sufficient to properly deal with disasters.</i>		the basic needs of people affected by disasters in a satisfactory manner, nor that the environment and property are properly safeguarded. This is particularly so where Member States are simultaneously affected by <u>disasters that are both recurrent disasters and unexpected, both natural and man-made</u> , and collective capacity is insufficient. <u>To overcome those insufficiencies and emerging hazards, all Union instruments should be made use of in a fully flexible manner, including through the promotion of active participation of the civil society.</u>

**Annex Ia to Decision No 1313/2013/EU**

**Categories of costs that may be eligible for the purposes of calculating total estimated costs in accordance with Article 21(3)**

- 1. Equipment costs**
- 2. Maintenance costs, including repair costs**
- 3. Insurance costs**
- 4. Training costs**
- 5. Warehousing costs**
- 6. Registration and Certification costs**
- 7. Cost of consumables**
- 8. Cost of personnel required to ensure the availability and deployability of rescEU capacities.**

**Council Statement on financing the Union Civil Protection Mechanism**

While respecting the powers of the budgetary authority, the Council calls on all institutions to find common ground in funding the Union Civil Protection Mechanism through the highest possible use of redeployments exclusively within heading 3 and 4 of the Multiannual Financial Framework 2014-2020.

The Council does not endorse the Commission's approach of splitting up the funding between redeployments and the major use of the flexibility instrument in this proposal. Also, this financing decision should not be seen as pre-empting the discussion on the Multiannual Financial Framework 2021-2027.
