Exchange of views on sectoral interventions

The SCA exchanged views on a Presidency paper on direct payments set out in document 13750/19. The SCA also took note of delegations' and the Commission's comments on it. The Presidency noted that there was broad support for the proposed drafting suggestions and would incorporate them in a consolidated text. Further consideration would be given in particular to redistributive payments in Article 26(2a), on the basis of delegations' comments.

The SCA also exchanged views on a Presidency paper on sectoral types of interventions set out in document 14288/19. The SCA took note of delegations' and the Commission's comments on it.
