Comments from Luxembourg

Thank you for preparing the “Draft Council Decision requesting the Commission to submit a study complementing the impact assessment of the proposal for a Regulation of the European Parliament and of the Council on the sustainable use of plant protection products and amending Regulation (EU) 2021/2115”.

We have the following comments:

- we support including points a), b), c) and d) in the final Council decision and wonder whether it might also be possible to include point f) under point a)
- given the proposed short time frame for the additional study, i.e. 3/6months, we propose not to include points e), g) and h) at this stage but to focus on the other points. Points e), g) and h) could then be considered and clarified at a later stage.
