NOTE

From:	General Secretariat of the Council
To:	Delegations
Subject:	Proposal for a Regulation of the European Parliament and of the Council on protective measures against pests of plants - State of play of the negotiation with the European Parliament

Delegations will find in Annex to this document a table presenting the above proposal, comparing:

- *in the first column:* the Commission proposal
- *in the second column:* the EP amendments
- *in the third column:* Council position, as presented in doc. 10108/15 REV2, adopted by Coreper on 30 June 2015.
- *in the fourth column:* state of play of the negotiations with the European Parliament.
 - Points marked with "OPEN" are still subject to political discussions in trilogues;
 - points marked with "TECHNICAL" have been tentatively agreed, but their wording needs further fine tuning during meetings at technical level.
 - Compromise texts which have been tentatively agreed by the two co-legislators are included. Changes as compared to the Council position in the third column are highlighted in bold or strikethrough.

Chapter I Subject matter, scope and definitions	Chapter I Subject matter, scope and definitions	Chapter I Subject matter, scope and definitions	Chapter I Subject matter, scope and definitions
<i>Article 1</i> Subject matter and scope	<i>Article 1</i> Subject matter and scope	<i>Article 1</i> Subject matter and scope	<i>Article 1</i> Subject matter and scope
1. This Regulation lays down rules to determine the phytosanitary risks posed by any species, strain or biotype of pathogenic agents, animals or parasitic plants injurious to plants or plant products (hereinafter “pests”) and measures to reduce those risks to an acceptable level.	AM 19 1. This Regulation lays down rules to determine <i>regarding phytosanitary inspections and other official measures by the Member State authorities for the purpose of identifying</i> the phytosanitary risks posed by any species, strain or biotype of pathogenic agents, animals or parasitic plants injurious to plants or plant products (hereinafter “pests”) and measures to reduce those risks to an acceptable level, <i>including invasive alien plant species which are injurious to plants and phytosanitary measures necessary to prevent the entry of pests from other Member States or third countries.</i>	1. This Regulation lays down rules to determine the phytosanitary risks posed by any species, strain or biotype of pathogenic agents, animals or parasitic plants injurious to plants or plant products (hereinafter “pests”) and measures to reduce those risks to an acceptable level.	1. This Regulation lays down rules to determine the phytosanitary risks posed by any species, strain or biotype of pathogenic agents, animals or parasitic plants injurious to plants or plant products (hereinafter “pests”) and measures to reduce those risks to an acceptable level. 1a. Whenever there is evidence that non-parasitic plants pose phytosanitary risks which have a severe economic, social and environmental impact for the Union territory, those non-parasitic plants may be considered as plants injurious to plants or plant products in the sense of paragraph 1 of this Article. Those non-parasitic plants shall be other than those regulated under Article 4(1) of Regulation (EU) 1143/2014 on the prevention and management of the introduction and spread of invasive alien species.

2. For the purposes of this Regulation references to third countries shall be read as references to third countries and to the territories listed in Annex I.		2. <u>For the purposes of this Regulation references to third countries shall be read as references to third countries, Ceuta, Melilla and to the territories that are referred to in Article 355(1) of the Treaty, with the exception of the islands of Madeira and the Azores.</u>	Ok with Council text
		<u>For the purposes of this Regulation, references to the Union territory shall be read as references to the Union territory without Ceuta, Melilla and the territories that are referred to in Article 355(1) of the Treaty, other than the islands of Madeira and the Azores.</u>	
For the purposes of this Regulation, references to the Union territory shall be read as references to the Union territory without the territories listed in Annex I.		DELETED	Ok with Council text

The Commission shall be empowered to adopt delegated acts, in accordance with Article 98, amending Annex I to ensure that the scope of this Regulation is confined to the European part of the Union territory. That amendment shall be either of the following:		DELETED	IA/DA
(a) an addition to Annex I of one or more territories that are referred to in Article 355(1) of the Treaty;		DELETED	Ok with Council text
(b) a removal from Annex I of one or more territories that are referred to in Article 355(2) of the Treaty.		DELETED	Ok with Council text

<i>Article 2</i> Definitions	<i>Article 2</i> Definitions	<i>Article 2</i> Definitions	<i>Article 2</i> Definitions
For the purposes of this Regulation, the following definitions shall apply:			
(1) 'plants' means living plants and the following living parts of plants:			
(a) seeds, in the botanical sense, other than those not intended for planting;			
(b) fruits, in the botanical sense;			
(c) vegetables;			
(d) tubers, corms, bulbs, rhizomes, roots, rootstocks, stolons;			
(e) shoots, stems, runners;			
(f) cut flowers;			
(g) branches with foliage;		(g) branches with <u>or without</u> foliage;	Ok with Council text
(h) cut trees retaining foliage;			
(i) leaves, foliage;			
(j) plant tissue cultures, including cell cultures, germplasm, meristems, chimaeric clones, micro-propagated material;			
(k) live pollen;		(k) live pollen; and spores;	Ok with Council text
(l) buds, budwood, cuttings, scions, grafts;			

(2) 'plant products' means products of plant origin, unprocessed or having undergone simple preparation, in so far as these are not plants. Except where otherwise provided, wood shall only be considered as a 'plant product' if it has not undergone processing eliminating the phytosanitary risks, and complies with one or more of the following points:		(2) 'plant products' means products of plant origin, unprocessed or having undergone simple preparation <u>processing to a point where the commodity remains capable of being infested with quarantine pests,</u> in so far as these are not plants. Except where otherwise provided, <u>in the implementing acts adopted pursuant to Articles 27, 29 and 41,</u> wood shall only be considered as a 'plant product' if it has not undergone processing eliminating the phytosanitary risks, and complies with one or more of the following points:	(2) 'Plant products' means unmanufactured material of plant origin (including grain) and those manufactured products that, by their nature or that of their processing, may create a risk for the spread of quarantine pests.
(a) it retains all or part of its natural round surface, with or without bark;			

(b) it has not retained its natural round surface due to sawing, cutting or cleaving;			
(c) it is in the form of chips, particles, sawdust, wood waste, shavings or scrap, and has not undergone processing involving the use of glue, heat or pressure or a combination thereof to produce pellet, briquettes, plywood or particle board;			
(d) it is, or is intended to be, used as packaging material or dunnage, whether or not it is actually in use for transport of goods;		(d) it is, or is intended to be, used as packaging material or dunnage , whether or not it is actually in use for transport of goods;	Ok with Council text
		<u>(2a) 'planting' means any operation for the placing of plants in a growing medium, or by grafting or similar operations, to ensure their subsequent growth, reproduction or propagation;</u>	Ok with Council text

(3) 'plants for planting' means plants, which are capable of and intended for producing entire plants, and which are destined to be planted, or replanted, or remain planted;	AM 20 3) 'plants for planting': means - plants, which are capable of and intended for producing entire plants, and which <i>already planted and are intended to remain planted or are destined to be planted, or replanted after their introduction, or remain planted;</i> - <i>plants which are not planted at the time of introduction, but are destined to be planted thereafter;</i>	(3) 'plants for planting' means plants, which are capable of and intended for producing entire plants, and which are destined to be planted, or replanted, or remain planted;	(3) 'Plants for planting' means plants intended to remain planted, to be planted or replanted.
(4) 'other object' means any material or object, other than plants or plant products, capable of harbouring or spreading pests, including soil or growing medium;			
(5) 'competent authority' means a competent authority as defined in Article 2(5) of Regulation (EU) No .../.... [<i>Office of Publications, please insert number of Regulation on Official Controls</i>];			

(6) 'lot' means a number of units of a single commodity, identifiable for phytosanitary purposes by its homogeneity of composition and origin, forming part of a consignment;		(6) 'lot' means a number of units of a single commodity, identifiable by its homogeneity of composition, and origin <u>and other relevant elements</u> , forming part of a consignment;	Ok with Council text
		<u>(6a) 'trade unit' means the smallest applicable commercial or other useable unit, which may be the subset or the whole of a lot;</u>	Ok with Council text
(7) 'professional operator' means any person, governed by public or private law, involved professionally in one or more of the following activities concerning plants, plant products and other objects:		(7) 'professional operator' means any person, governed by public or private law, involved professionally in, <u>and legally responsible for,</u> one or more of the following activities concerning plants, plant products and other objects:	Ok with Council text
(a) planting;			
(b) growing;		(b) growing; <u>breeding</u> ;	Ok with Council text
(c) production;		(c) production, <u>including growing, multiplying and maintaining;</u>	Ok with Council text
(d) introduction into, and movement within, and out of the Union territory;		(d) introduction into, and movement within, and out of the Union territory;	Ok with Council text
(e) making available on the market;			
		<u>(ea) storage, collection, dispatching and processing</u>	Ok with Council text

	<u>AM 21</u> <i>ea) breeding</i>		AM withdrawn
	<u>AM 22</u> <i>eb) multiplication</i>		AM withdrawn
	<u>AM 23</u> <i>ec) maintaining</i>		AM withdrawn
	<u>AM 24</u> <i>ed) providing services</i>		AM withdrawn
	<u>AM 25</u> <i>ee) preserving, including storing</i>		AM withdrawn
		<u>(7a) 'registered operator' means a professional operator registered in accordance with Article 61;</u>	Ok with Council text
		<u>(7b) 'authorised operator' means a registered operator authorised by the competent authority to issue plant passports in accordance with Article 84 , to apply a mark in accordance with Article 92, or to issue attestations in accordance with Article 93</u>	Ok with Council text
(8) 'final user' means any person, acting for purposes which are outside its trade, business or profession, who acquires for its own use plants or plant products;			

(9) 'test' means an official examination, other than visual, to determine if pests are present or to identify pests;			
(10) 'treatment' means a procedure for the killing, inactivation or removal of pests, or for rendering those pests infertile or for their devitalisation.		(10) 'treatment' means a procedure, <u>whether official or non-official</u> , for the killing, inactivation or removal of pests, or for rendering those pests infertile or for their devitalisation <u>of plants or plant products</u> ;	Ok with Council text
		<u>(10a) 'incidence' means the proportion or number of units in which a pest is present in a sample, consignment, field or other defined population;</u>	Ok with Council text
		<u>(10b) 'establishment' means the perpetuation, for the foreseeable future, of a pest within an area after entry;</u>	Ok with Council text
		<u>(10c) 'eradication' means the application of phytosanitary measures to eliminate a pest from an area;</u>	Ok with Council text

		<u>(10d) 'containment' means the application of phytosanitary measures in and around an infested area to prevent the spread of a pest out of that area.</u>	<u>(10d) 'containment' means the application of phytosanitary measures in and around an infested area to prevent the spread of a pest.</u>
		<u>(10e) 'quarantine station' means any official station for holding pests, plants, plant products or other objects in quarantine;</u>	Ok with Council text
		<u>(10f) 'confinement facility' means any facility, other than quarantine stations, where pests, plants, plant products or other objects are kept under confinement conditions.</u>	Ok with Council text
		<u>(10h) 'traceability code' means a letter, numerical or alphanumerical code that identifies a consignment, lot or trade unit, used for traceability purposes, including numbers referring to a lot, batch, series, date of production, professional operator documents.</u>	Ok with Council text

	AM 26 <i>(10a) 'operator' means operator as defined in Article 2(26) of Regulation (EU) No XXX/XXXX+ ;</i> + <i>OJ: please insert the number of the Regulation of the European Parliament and of the Council on official controls and other official activities performed to ensure the application of food and feed law, rules on animal health and welfare, plant health, plant reproductive material, plant protection products and amending Regulations (EC) No 999/2001, 1829/2003, 1831/2003, 1/2005, 396/2005, 834/2007, 1099/2009, 1069/2009, 1107/2009, Regulations (EU) No 1151/2012, [...]/2013 and Directives 98/58/EC, 1999/74/EC, 2007/43/EC, 2008/119/EC, 2008/120/EC and 2009/128/EC (Official controls Regulation)</i>		AM withdrawn
--	---	--	--------------

	<u>AM 27</u> <i>(10b) "phytosanitary inspection" means official inspection of:</i> <i>(a) plants or goods;</i> <i>(b) measures falling within the scope of the rules referred to in Article 1(1), as well as equipment and means of transport used for these purposes;</i> <i>(c) locations or areas in which such measures are carried out;</i>		AM withdrawn
	<u>AM 28</u> <i>(10c) 'phytosanitary measure' means all measures intended to eliminate risks or prevent the entry of pests to the Union territory from other Member States or third countries</i>		AM accepted in substance (10i) 'phytosanitary measure' means any official measure having the purpose to prevent the introduction and/or spread of quarantine pests;
	<u>AM 29</u> <i>(10d) 'quarantine units' mean areas designated by the competent authorities, in which plants from third countries shall be stored for a sufficient period of time until it is considered that the risk of introducing pests from third countries has been eliminated.</i>		AM withdrawn

Chapter II Quarantine pests	Chapter II Quarantine pests		Chapter II Quarantine pests
SECTION 1 QUARANTINE PESTS	SECTION 1 QUARANTINE PESTS		SECTION 1 QUARANTINE PESTS
<i>Article 3</i> Definition of quarantine pests	<i>Article 3</i> Definition of quarantine pests	<i>Article 3</i> Definition of quarantine pests	<i>Article 3</i> Definition of quarantine pests
A pest shall be referred to as a 'quarantine pest', with respect to a defined territory, if it fulfils all of the following conditions:			
(a) its identity is established, within the meaning of point (1) of Section 1 of Annex II;			
(b) it is not present in that territory, within the meaning of point (2)(a) of Section 1 of Annex II, or, if present, only distributed to a limited extent within that territory, within the meaning of points (2)(b) and (c) of Section 1 of Annex II;		(b) it is not present in that territory, within the meaning of point (2)(a) of Section 1 of Annex II, or, if present, only not widely distributed to a limited extent within that territory, within the meaning of points (2)(b) and (c) of Section 1 of Annex II;	EP: the text is largely duplicated in point (2) of Section 1 of Annex II. TECHNICAL: j/l to sort this out

(c) it is capable of entering into that territory, of perpetuating its presence in that territory for the foreseeable future after its entry into it (hereinafter: 'to establish') and of spreading within that territory, or, if present, those parts of it where it is distributed to a limited extent, in accordance with point (3) of Section 1 of Annex II;		(c) it is capable of entering into, that territory establishing in, of perpetuating its presence in that territory for the foreseeable future after its entry into it (hereinafter: 'to establish') and of spreading within that territory, or, if present, but not widely distributed, in those parts of that territory it where it is absent distributed to a limited extent , in accordance with point (3) of Section 1 of Annex II;	Ok with Council text
(d) its entry, establishment and spread would, within the meaning of point (4) of Section 1 of Annex II, have an unacceptable economic, environmental or social impact for that territory, or, if present, those parts of it where it is distributed to a limited extent; and		(d) its entry, establishment and spread would, within the meaning of point (4) of Section 1 of Annex II, have an unacceptable economic, environmental or social impact for that territory, or, if present but not widely distributed, for those parts of it where it is absent distributed to a limited extent ; and	Ok with Council text
(e) feasible and effective measures are available to prevent the entry into, establishment or spread of that pest within that territory, and mitigate its phytosanitary risks and impacts.		(e) feasible and effective measures are available to prevent the entry into, establishment or spread of that pest within that territory, and mitigate its phytosanitary risks and impacts.	Ok with Council text

SECTION 2 UNION QUARANTINE PESTS	SECTION 2 UNION QUARANTINE PESTS	SECTION 2 UNION QUARANTINE PESTS	SECTION 2 UNION QUARANTINE PESTS
<i>Article 4</i> Definition of Union quarantine pests	<i>Article 4</i> Definition of Union quarantine pests	<i>Article 4</i> Definition of Union quarantine pests	<i>Article 4</i> Definition of Union quarantine pests
A quarantine pest shall be referred to as a Union quarantine pest if the defined territory as referred to in the introductory words of Article 3 is the Union territory and it is included in the list referred to in Article 5(2).		A quarantine pest shall be referred to as a 'Union quarantine pest' if the defined territory as referred to in the introductory words of Article 3 is the Union territory and it is included in the list referred to in Article 5(2).	Ok with Council text
<i>Article 5</i> Prohibition of introduction and movement of Union quarantine pests	<i>Article 5</i> Prohibition of introduction and movement of Union quarantine pests	<i>Article 5</i> Prohibition of introduction, and movement, <u>holding, multiplication or release</u> of Union quarantine pests	<i>Article 5</i> Prohibition of introduction and movement of Union quarantine pests
1. A Union quarantine pest shall not be introduced into or moved within the Union territory.		1. A Union quarantine pest shall not be introduced into or moved within the Union territory -, <u>or held, multiplied or released within the Union territory.</u>	Ok with Council text

No action shall be taken intentionally which may contribute to the introduction into, and establishment and spread within, the Union territory of a Union quarantine pest.		DELETED	Ok with Council text
2. The Commission shall, by means of an implementing act, establish a list of pests fulfilling the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, referred to as 'list of Union quarantine pests'.	AM 30 2. The Commission shall, by means of an implementing act, establish a list of pests fulfilling the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, <i>is set out in Annex Ia and shall be</i> referred to as 'list of Union quarantine pests'.	2. The Commission shall, by means of an implementing act, establish a list of pests fulfilling the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, referred to as 'list of Union quarantine pests'.	IA/DA OPEN
That list shall include the pests listed in Part A of Annex I to Directive 2000/29/EC and Section I of Part A of Annex II to that Directive.	AM 31 That list shall include the pests listed in Part A of Annex I to Directive 2000/29/EC and Section I of Part A of Annex II to that Directive.		IA/DA
Pests which are indigenous to any part of the Union territory, whether naturally or due to their introduction from outside the Union territory, shall be marked in that list as pests known to occur in the Union territory.	Pests which are indigenous to any part of the Union territory, whether naturally or due to their introduction from outside the Union territory, shall be marked in that list as pests known to occur in the Union territory.	Pests which are indigenous to <u>or established in</u> any part of the Union territory, whether naturally or due to their introduction from outside the Union territory, shall be marked in that list as pests known to occur in the Union territory.	Ok with Council text

Pests which are not indigenous to any part of the Union territory shall be marked in that list as pests not known to occur in the Union territory.		Pests which are not indigenous to or established in any part of the Union territory shall be marked in that list as pests not known to occur in the Union territory.	Ok with Council text
That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2).	AM 32 That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2).	That implementing act shall be adopted in accordance with the advisory examination procedure referred to in Article 99(2 3).	IA/DA
3. The Commission shall amend the implementing act referred to in paragraph 2, where an assessment shows that a pest not listed in that act fulfils the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, or a pest listed in that act no longer fulfils one or more of those conditions. In the first case it shall add the pest concerned to the list referred to in paragraph 2, in the second case it shall delete the pest concerned from that list. The Commission shall make that assessment available to the Member States.	AM 33 3. The Commission shall <i>be empowered to adopt delegated acts in accordance with Article 98 concerning the amendment of the list</i> amend the implementing act referred to in paragraph 2, where an assessment shows that a pest not listed in that list act fulfils the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, or a pest listed in that list act no longer fulfils one or more of those conditions. In the first case it shall add the pest concerned to the list referred to in paragraph 2, in the second case it shall delete the pest concerned from that list.	3. The Commission shall amend the implementing act referred to in paragraph 2, where an assessment shows that a pest not listed in that act fulfils the conditions referred to in Article 3(b), (c) and (d) in respect of the Union territory, or a pest listed in that act no longer fulfils one or more of those conditions. In the first case it shall add the pest concerned to the list referred to in paragraph 2, in the second case it shall delete the pest concerned from that list. The Commission shall make that assessment available to the Member States.	IA/DA

The implementing acts amending the implementing act referred to in paragraph 2 shall be adopted in accordance with the examination procedure referred to in Article 99(3). The same procedure shall apply to a repeal or a replacement of the implementing act referred to in paragraph 2.	<u>AM 34</u> The implementing acts amending the implementing act referred to in paragraph 2 shall be adopted in accordance with the examination procedure referred to in Article 99(3). <i>The Commission shall be empowered to adopt delegated acts in accordance with Article 98 concerning the same procedure shall apply to a repeal or a replacement of the list implementing act referred to in paragraph 2.</i>	The implementing acts amending the implementing act referred to in paragraph 2 shall be adopted in accordance with the examination procedure referred to in Article 99(3). The same procedure shall apply to a repeal or a replacement of the implementing act referred to in paragraph 2 <u>for purposes of consolidating amendments.</u>	IA/DA
4. The Commission shall amend the implementing act referred to in paragraph 2 by amending the scientific name of a pest, where such an amendment is justified by the development of scientific knowledge.	<u>AM 35</u> 4. The Commission shall amend the implementing act referred to in paragraph 2 by amending the scientific name of a pest, <i>be empowered to adopt delegated acts in accordance with Article 98 concerning the amendment of the scientific name of a pest included in the list referred to in paragraph 2,</i> where such an amendment is justified by the development of scientific knowledge.	DELETED	IA/DA

		<u>4b. In addition to paragraph 1, the Commission may recognise a temporary protected zone. For that purpose the conditions of paragraphs 1, 4 and subparagraph 1 of paragraph 4a shall apply accordingly. By way of derogation to the requirement referred to in point (b) of paragraph 4, a survey shall be carried out at least one year preceding the application.</u> <u>The recognition of a temporary protected zone shall last no longer than three years after recognition, and shall expire automatically after three years.</u>	
		<u>4c. Member States shall notify the Commission, the other Member States and inform, via publication on the official website of the competent authority, the professional operators about the boundaries of the protected zones in their territory, including maps.</u>	

<i>Article 33</i> General obligations concerning protected zones	<i>Article 33</i> General obligations concerning protected zones	<i>Article 33</i> General obligations concerning protected zones	<i>Article 33</i> General obligations concerning protected zones
1. With regard to a protected zone, the obligations set out in the following Articles shall apply accordingly to the protected zone quarantine pests:			Ok with Council text (whole article)
(a) Articles 9 to 12 concerning the confirmation, notification and information as regards the presence of Union quarantine pests;		(a) Articles 9 10 to 12 14 concerning the official confirmation, notification and information as regards the presence of Union quarantine pests;	
(b) Article 15 concerning measures to be taken immediately by professional operators;		(b) Article 15 and 15a concerning measures to be taken immediately by professional operators; and persons other than professional operators;	
(c) Articles 16, 17 and 18 concerning the eradication of Union quarantine pests, the establishment and modification of restricted areas and surveys in those restricted areas.		(c) Articles 16, 17 and 18 concerning the eradication of Union quarantine pests, the establishment and modification of restricted demarcated areas and surveys in those restricted demarcated areas.	

2. A plant, plant product or other object originating in a restricted area established, in accordance with Article 17, in a protected zone for the protected zone quarantine pest concerned, may not be moved within or into any protected zone established for that protected zone quarantine pest.		2. A plant, plant product or other object originating in a restricted <u>demarcated</u> area established, in accordance with Article 17, in a protected zone for the protected zone quarantine pest concerned, may not be moved within <u>from that demarcated area into the remaining part of that protected zone, or</u> into any <u>other</u> protected zone established for that protected zone quarantine pest.	
When moved out of the protected zone concerned, that plant, plant product or other object shall be packed and moved in such a way that there is no risk of spreading the respective protected zone quarantine pest within that protected zone.		<u>By way of derogation to subparagraph 1, When</u> moved out of the protected zone concerned, that plant, plant product or other object <u>may be moved out of that demarcated area through and out of the protected zone concerned, only if it is</u> shall be packed and moved in such a way that there is no risk of spreading the respective protected zone quarantine pest within that protected zone.	

3. The restricted areas established within a protected zone and the eradication measures taken in those areas pursuant to Articles 16, 17 and 18 shall be immediately notified to the Commission and the other Member States.		3. The restricted demarcated areas established within a protected zone and the eradication measures taken in those areas pursuant to Articles 16, 17 and 18 shall be immediately notified to the Commission and the other Member States.	
<i>Article 34</i> Surveys on protected zone quarantine pests	<i>Article 34</i> Surveys on protected zone quarantine pests	<i>Article 34</i> Surveys on protected zone quarantine pests	<i>Article 34</i> Surveys on protected zone quarantine pests
1. The competent authority shall carry out an annual survey of each protected zone as regards the presence of the protected zone quarantine pest concerned. Those surveys shall be carried out at appropriate times and be of an appropriate intensity with regard to the possibility to detect the presence of the protected zone quarantine pest concerned. They shall be based on sound scientific and technical principles.		1. The competent authority shall carry out an annual survey of each protected zone as regards the presence of the protected zone quarantine pest concerned. Those surveys shall be carried out at appropriate times and be of an appropriate intensity with regard to the possibility to detect the presence of the protected zone quarantine pest concerned. They shall be based on sound scientific and technical principles. <u>The provisions of Article 21(2) shall apply accordingly for the surveys carried out on protected zone quarantine pests.</u>	

The Commission shall be empowered to adopt delegated acts, in accordance with Article 98, laying down detailed rules for those surveys to be carried out to confirm that the protected zones continue to fulfil the conditions set out in Article 32(1).		The Commission <u>may, by means of implementing acts,</u> shall be empowered to adopt delegated acts, in accordance with Article 98, laying down detailed rules for those surveys <u>preparation and the content of the surveys referred to in subparagraph 1.</u> to be carried out to confirm that the protected zones continue to fulfil the conditions set out in Article 32(1). <u>Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 99 (3).</u>	IA/DA OPEN
2. Member States shall notify the Commission and the other Member States, by 30 April of each year, of the results of the surveys referred to in paragraph 1, which have been carried out in the preceding year.			

<i>Article 35</i> Amendment and revocation of the protected zones	<i>Article 35</i> Amendment and revocation of the protected zones	<i>Article 35</i> Amendment and revocation of the protected zones	<i>Article 35</i> Amendment and revocation of the protected zones
1. The Commission may amend the size of the protected zone on application by the Member State whose territory is concerned. Where the Commission amends the protected zone, the Member State concerned shall notify the Commission, the other Member States and, via the internet, the professional operators of the amendment to that protected zone, including maps. Where that amendment concerns the extension of a protected zone, Articles 32, 33 and 34 shall apply.		1. The Commission may amend the size of the protected zone on application by the Member State whose territory is concerned. Where the Commission amends the protected zone, the Member State concerned shall notify the Commission and, the other Member States and, via the internet, the professional operators of the amendment to that protected zone, including maps. Where that amendment concerns the extension of a protected zone, Articles 32, 33 and 34 shall apply.	Ok with Council text (whole article except IA/DA)

2. On application by the Member State referred to in paragraph 1, the Commission shall revoke the recognition of a protected zone or shall reduce its size.		2. On application by the Member State referred to in paragraph 1, the Commission shall revoke the recognition of a protected zone or shall reduce its size- <u>by amending the implementing act referred to in Article 32(3). That amendment shall be adopted in accordance with the examination procedure referred to in Article 99 (3).</u>	IA/DA
3. The Commission shall revoke the recognition of a protected zone in case the surveys referred to in Article 34 have not been carried out in accordance with that Article.			
4. The Commission shall revoke the recognition of a protected zone, in case the respective protected zone quarantine pest has been found to be present in that zone and one of the following conditions is fulfilled:			
(a) no restricted area has been designated, in accordance with Article 33(1), within three months after the presence of that pest was confirmed;		(a) no restricted <u>demarcated</u> area has been designated, in accordance with Article 33(1), within three months after the presence of that pest was confirmed;	

(b) the eradication measures taken in a restricted area pursuant to Article 33(1) have not been successful within 24 months after the presence of that pest was confirmed;		(b) the eradication measures taken in a restricted demarcated area pursuant to Article 33(1) have not been successful within 24 months after the presence of that pest was confirmed; <u>or within a period longer than 24 months where the biology of the pest so justifies and that period is set out in the implementing act adopted pursuant to Article 32(3).</u>	
(c) information at the disposal of the Commission demonstrates, with regard to the application of measures pursuant, by virtue of Article 33(1)(c), to Articles 16, 17 and 18, negligent reaction to the presence of that pest in the concerned protected zone.		(c) information at the disposal of the Commission demonstrates, with regard to the application of measures pursuant, by virtue of Article 33(1)(c), to Articles 16, 17 and 18, gross negligent reaction to the presence of that pest in the concerned protected zone. <u>The Commission shall revoke the recognition of a protected zone, pursuant to paragraph 3 of this Article, by amending the implementing act referred to in Article 32(3). That amendment shall be adopted in accordance with the examination procedure referred to in Article 99 (3).</u>	IA/DA

Those plants, plant products or other objects may originate from third countries or within the territory of the Union.

1. The Commission shall adopt an implementing act, containing the plants, plant products and other objects, and the requirements and, where applicable, the third countries concerned, as set out in Part A of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2) of this Regulation.		1. The Commission shall adopt an implementing act, containing the plants, plant products and other objects <u>subject to special requirements</u>, and the <u>special requirements concerned</u>, and, where applicable, the third countries <u>country, group of third countries or specific areas of third country</u> concerned, as set out in Part A of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the <u>examination</u> advisory procedure referred to in Article 99(2)(3) of this Regulation.	1. The Commission shall, by means of implementing acts, adopt a list containing the plants, plant products and other objects and their respective special requirements as referred to in paragraph 01. That list shall, where applicable, include the third country, group of third countries or specific areas of third countries concerned. The first time that the Commission adopts that implementing act, it shall include the plants, plant products and other objects, the special requirements and, where applicable, their third country of origin as listed in Part A of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation.
--	--	---	--

In the list established by that implementing act, those plants, plant products and other objects shall be identified by their respective CN code.		In the list established by that implementing act, those plants, plant products and other objects shall also be identified by their respective CN code, <u>where that code is available.</u> <u>Other codes, laid down by Union legislation, shall in addition be used in the case where they specify further the applicable CN code for a specific plant, plant product or other object.</u>	In the list established by that implementing act, those plants, plant products and other objects shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used referred to where they specify further the applicable CN code for a specific plant, plant product or other object.
--	--	--	---

2. In case a plant, plant product or other object poses a phytosanitary risk of an unacceptable level by its likelihood to host a Union quarantine pest, and that risk can be reduced to an acceptable level by applying one or more of the measures set out in points 2 and 3 of Section 1 of Annex IV on measures and principles for the management of the risks of pests, the Commission shall amend the implementing act referred to in paragraph 1, to include in it that plant, plant product or other object and the measures to be applied to it. Those measures, and the requirements referred to in paragraph 1, are hereinafter referred to as 'special requirements'.		2. In case a plant, plant product or other object poses a pest phytosanitary risk of an unacceptable level by its likelihood to host a Union quarantine pest, and that risk can be reduced to an acceptable level by applying one or more of the measures set out in points 2 and 3 of Section 1 of Annex IV on measures and principles for the management of the risks of pests, the Commission shall amend the implementing act referred to in paragraph 1, to include in it that plant, plant product or other object and the measures to be applied to it. Those measures, and the requirements referred to in paragraph 1, are hereinafter referred to as 'special requirements'.	Ok with Council text
--	--	---	-----------------------------

Those measures may take the form of specific requirements, adopted in accordance with Article 42(1), for the introduction into the Union territory of particular plants, plant products or other objects, which are equivalent to special requirements for the movement of those plants, plant products or other objects within the Union territory (hereinafter: 'equivalent requirements'). In case a plant, plant product or other object included in that implementing act does not pose a phytosanitary risk of an unacceptable level, or it poses such a risk but that risk cannot be reduced to an acceptable level by the special requirements, the Commission shall amend that implementing act.		Those measures may take the form of specific requirements, adopted in accordance with Article 42(1), for the introduction into the Union territory of particular plants, plant products or other objects, which are equivalent to special requirements for the <u>introduction into, and movement within, the Union territory</u> of those plants, plant products or other objects within the Union territory (hereinafter: 'equivalent requirements'). In case a plant, plant product or other object included in that implementing act does not pose a pest phytosanitary risk of an unacceptable level, or it poses such a risk but that risk cannot be reduced to an acceptable level by the special requirements, the Commission shall amend that implementing act <u>accordingly by removing that plant, plant product or other object from the list or by including it in the list referred to in Article 40(2).</u>	
---	--	---	--

The acceptability of the level of that phytosanitary risk shall be assessed, and the measures to reduce that risk to an acceptable level shall be adopted, in accordance with the principles set out in Section 2 of Annex IV on principles for the management of the risks of pests. Where appropriate, the acceptability of that level of phytosanitary risk shall be assessed, and those measures shall be adopted, with regards to one or more specific third countries or parts thereof. Those amendments shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation. On duly justified imperative grounds of urgency to address a serious phytosanitary risk, the Commission shall adopt immediately applicable implementing acts in accordance with the procedure referred to in Article 99(4).		The acceptability of the level of that pest phytosanitary risk shall be assessed, and the measures to reduce that risk to an acceptable level shall be adopted, in accordance with the principles set out in Section 2 of Annex IV on principles for the management of the risks of pests. Where appropriate, the acceptability of that level of pest phytosanitary risk shall be assessed, and those measures shall be adopted, with regards to one or more specific third countries or parts thereof. Those amendments shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation. On duly justified imperative grounds of urgency to address a serious pest phytosanitary risk, the Commission shall adopt immediately applicable implementing acts in accordance with the procedure referred to in Article 99(4).

Certain plants, plant products or other objects may only be introduced into, or moved within, certain protected zones if special requirements are fulfilled.

1. The Commission shall adopt an implementing act, containing the plants, plant products and other objects, the respective protected zones and the requirements, as set out in Part B of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2) of this Regulation.		1. The Commission shall adopt an implementing act, containing the plants, plant products and other objects, the respective protected zones and the requirements, as set out in Part B of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the advisory examination procedure referred to in Article 99(23) of this Regulation.	1. The Commission shall, by means of implementing acts, adopt a list containing the plants, plant products and other objects, their respective protected zones and the special requirements. The first time that the Commission adopts that implementing act, it shall include the plants, plant products and other objects, the respective protected zones and the special requirements as listed in Part B of Annex IV to Directive 2000/29/EC. That implementing act shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation.
In the list established by that implementing act, the plants, plant products and other objects shall be identified by their respective CN code.		In the list established by that implementing act, the plants, plant products and other objects shall also be identified by their respective CN code, where that code is available. <u>Other codes, laid down by Union legislation, shall in addition be used in the case where they specify further the applicable CN code for a specific plant, plant product or other object.</u>	In the list established by that implementing act, those plants, plant products and other objects shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used in the case referred to where they specify further the applicable CN code for a specific plant, plant product or other object.

2. In case a plant, plant product or other object, coming from outside the protected zone concerned poses a phytosanitary risk of an unacceptable level for that protected zone by its likelihood to host a protected zone quarantine pest, and that risk can be reduced to an acceptable level by applying one or more of the measures set out in points 2 and 3 of Section 1 of Annex IV on measures to manage the risks and pathways of quarantine pests, the		2. In case a plant, plant product or other object, coming from outside the protected zone concerned poses a phytosanitary pest risk of an unacceptable level for that protected zone by its likelihood to host a protected zone quarantine pest, and that risk can be reduced to an acceptable level by applying one or more of the measures set out in points 2 and 3 of Section 1 of Annex IV on measures to manage the risks and pathways of quarantine pests, the	Ok with Council text
Commission shall amend the implementing act referred to in paragraph 1, to include in it that plant, plant product or other object and the measures to be applied to it. Those measures, and the requirements referred to in paragraph 1, are hereinafter referred to as 'special requirements for protected zones'.		Commission shall amend the implementing act referred to in paragraph 1, to include in it that plant, plant product or other object and the measures to be applied to it. Those measures, and the requirements referred to in paragraph 1, are hereinafter referred to as 'special requirements for protected zones'.	

In case a plant, plant product or other object included in that implementing act does not pose a phytosanitary risk of an unacceptable level for the protected zone concerned, or it poses such a risk but that risk cannot be reduced to an acceptable level by the special requirements for protected zones, the Commission shall amend that implementing act. Those amendments shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation. The acceptability of the level of that phytosanitary risk shall be assessed, and the measures to reduce that risk to an acceptable level shall be adopted, in accordance with the principles set out in Section 2 of Annex II on principles for the management of the risks of pests.		In case a plant, plant product or other object included in that implementing act does not pose a phytosanitary pest risk of an unacceptable level for the protected zone concerned, or it poses such a risk but that risk cannot be reduced to an acceptable level by the special requirements for protected zones, the Commission shall amend that implementing act <u>accordingly</u>. Those amendments shall be adopted in accordance with the examination procedure referred to in Article 99(3) of this Regulation. The acceptability of the level of that phytosanitary pest risk shall be assessed, and the measures to reduce that risk to an acceptable level shall be adopted, in accordance with the principles set out in Section 2 of Annex II IV on principles for the management of the risks of pests.

Chapter VI Certification of plants, plant products and other objects	Chapter VI Certification of plants, plant products and other objects		Chapter VI Certification of plants, plant products and other objects
SECTION 1 PHYTOSANITARY CERTIFICATES REQUIRED FOR THE INTRODUCTION OF PLANTS, PLANT PRODUCTS AND OTHER OBJECTS INTO THE UNION TERRITORY	SECTION 1 PHYTOSANITARY CERTIFICATES REQUIRED FOR THE INTRODUCTION OF PLANTS, PLANT PRODUCTS AND OTHER OBJECTS INTO THE UNION TERRITORY		SECTION 1 PHYTOSANITARY CERTIFICATES REQUIRED FOR THE INTRODUCTION OF PLANTS, PLANT PRODUCTS AND OTHER OBJECTS INTO THE UNION TERRITORY

<i>Article 68</i> Plants, plant products and other objects for which phytosanitary certificates are required	<i>Article 68</i> Plants, plant products and other objects for which phytosanitary certificates are required	<i>Article 68</i> Plants, plant products and other objects for which phytosanitary certificates are required	<i>Article 68</i> Plants, plant products and other objects for which phytosanitary certificates are required
1. The Commission shall, by means of an implementing act, establish a list of the plants, plant products and other objects, and the respective third countries of origin or dispatch, for which a phytosanitary certificate is required for introduction into the Union territory. That list shall include:			
		<u>(a0) all plants for planting, other than seeds;</u>	
(a) the plants, plant products and other objects listed in Point I of Part B of Annex V to Directive 2000/29/EC;		(a) the plants, plant products and other objects listed in Point I of Part B of Annex V to Directive 2000/29/EC;	
(b) plants, plant products and other objects for which requirements have been adopted pursuant to Articles 27(1) and 29(1) concerning their introduction into the Union territory;		(b) plants, plant products and other objects for which requirements have been adopted pursuant to Articles 27(1) (c) and 29(1) concerning their introduction into the Union territory;	
(c) seeds listed pursuant to Article 37(2);		(c) seeds listed pursuant to Article 37(2); <u>and subject to equivalence decisions adopted pursuant to seeds directives</u> ;	[Presidency redrafting, based on COM new proposal] DELETED

(d) plants, plant products and other objects listed pursuant to Articles 41(1) and (2).		(d) plants , plant products and other objects listed pursuant to Articles 41(1) and (2).	
		<u>(e) plants, plant products and other objects subject to points (a) and (b) of Article 47(2).</u>	
Points (a) to (d) shall not apply, however, where the act adopted pursuant to Articles 27(1), 29(1) or 41(1) and (2) requires proof of compliance in the form of an official mark, as referred to in Article 91(1), or another official attestation, as referred to in Article 93(1). That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2).		Points (a0) to (d) shall not apply, however, <u>and a phytosanitary certificate shall not be required</u> where the act adopted pursuant to Articles 27(1)<u>(c)</u>, 29(1) or 41(1) and (2) requires proof of compliance in the form of an official mark, as referred to in Article 91(1), or another official attestation, as referred to in Article 93(1). That implementing act shall be adopted in accordance with the advisory <u>examination</u> procedure referred to in Article 99(<u>32</u>).	

		<u>In the list established by that implementing act, the plants, plant products and other objects shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used in the case where they specify further the applicable CN code for a specific plant, plant product or other object.</u>	In the list established by that implementing act, the plants, plant products and other objects shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used referred to where they specify further the applicable CN code for a specific plant, plant product or other object.
2. The Commission shall, by means of an implementing act, amend the implementing act referred to in paragraph 1, in the following cases:			
(a) where a plant, plant product or other object, listed in that implementing act, does not fulfil paragraph 1(b), (c) or (d);			
(b) where a plant, plant product or other object, not listed in that act, fulfils paragraph 1(b), (c) or (d).			
That implementing act shall be adopted in accordance with the advisory procedure referred to in Article 99(2).		That implementing act shall be adopted in accordance with the advisory examination procedure referred to in Article 99(2 3).	

3. The Commission may, by means of an implementing act, amend the implementing act referred to in paragraph 1, in accordance with the principles set out in Section 2 of Annex IV, where there is a risk that a plant, plant product or other object, not listed in that act, hosts a Union quarantine pest, or where, for a plant, plant product or other object listed in that act, that risk no longer exists. That implementing act shall be adopted in accordance with the examination procedure referred to in Article 99(3).		3. <u>Further to paragraph 2,</u> The Commission may, by means of an implementing act, amend the implementing act referred to in paragraph 1, in accordance with the principles set out in Section 2 of Annex IV, where there is a risk that a plant, plant product or other object, not listed in that act, hosts a Union quarantine pest <u>or pest subject to measures adopted pursuant to Article 29 (1),</u> or where, for a plant, plant product or other object listed in that act, that risk no longer exists. That implementing act shall be adopted in accordance with the examination procedure referred to in Article 99(3).	
4. By way of derogation from paragraphs 1, 2 and 3, no phytosanitary certificate shall be required for the plants, plant products or other objects, which are subject to Articles 44, 45, 46 and 70.		4. By way of derogation from paragraphs 1, 2 and 3, no phytosanitary certificate shall be required for the plants, plant products or other objects, which are subject to Articles 44, 45, 46 and 70<u>(1).</u>	

		<u>Article 68a</u> <u>Other plants for which phytosanitary certificates are required</u>	
		1. <u>The Commission shall, by means of an implementing act, set out that for the plants, other than the plants referred to in Article 68(1), a phytosanitary certificate is required for introduction into the Union territory.</u>	
		2. <u>However that implementing act shall set out that a phytosanitary certificate is not required for the plants where an assessment, based on evidence about pest risks and experience with trade, demonstrates that such a certificate is not necessary. That assessment shall take into account the criteria set out in Annex VIA. As appropriate, that assessment may only concern plants of a particular third country of origin or dispatch, or a group of third countries of origin or dispatch.</u>	[Council compromise proposal] 2. However that implementing act shall set out that a phytosanitary certificate is not required for the plants where an assessment, based on evidence about pest risks and experience with trade, demonstrates that such a certificate is not necessary. That assessment shall be based on take into account the criteria set out in Annex VIA. As appropriate, that assessment may only concern plants of a particular third country of origin or dispatch, or a group of third countries of origin or dispatch.

		<u>In the list established by that implementing act, the plants shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used in the case where they specify further the applicable CN code for a specific plant.</u>	In the list established by that implementing act, the plants shall also be identified by their respective CN code, where that code is available. Other codes, laid down by Union legislation, shall in addition be used referred to where they specify further the applicable CN code for a specific plant, plant product or other object.
		<u>3. That implementing act shall be adopted or amended in accordance with the examination procedure referred to in Article 99(3). It shall be adopted by [Office of publication insert the date corresponding to two years after the entry into force].</u>	
			[Presidency redrafting, based on COM new proposal] 4. This Article shall also apply to seeds listed pursuant to Article 37(2) and subject to equivalence decisions adopted pursuant to Directives 66/401/EEC, 66/402/EEC, 68/198/EC, 98/56/EC, 1999/105/EC, 2002/54/EC, 2002/55/EC, 2002/56/EC, 2002/57/EC, 2008/72/EC and 2008/90/EC.

ANNEX II	ANNEX II		ANNEX II
CRITERIA FOR THE QUALIFICATION OF PESTS ACCORDING TO THEIR RISK TO THE UNION TERRITORY	CRITERIA FOR THE QUALIFICATION OF PESTS ACCORDING TO THEIR RISK TO THE UNION TERRITORY		CRITERIA FOR THE QUALIFICATION OF PESTS ACCORDING TO THEIR RISK TO THE UNION TERRITORY

SECTION 2 CRITERIA TO IDENTIFY UNION QUARANTINE PESTS WHICH QUALIFY AS A PRIORITY PEST AS REFERRED TO IN ARTICLES 6(1) AND 7(2)	SECTION 2 CRITERIA TO IDENTIFY UNION QUARANTINE PESTS WHICH QUALIFY AS A PRIORITY PEST AS REFERRED TO IN ARTICLES 6(1) AND 7(2)	SECTION 2 CRITERIA TO IDENTIFY UNION QUARANTINE PESTS WHICH QUALIFY AS A PRIORITY PEST AS REFERRED TO IN ARTICLES 6(1), <u>6(2)</u> AND 7(2)	SECTION 2 CRITERIA TO IDENTIFY UNION QUARANTINE PESTS WHICH QUALIFY AS A PRIORITY PEST AS REFERRED TO IN ARTICLES 6(1) AND 7(2)
A Union quarantine pest shall be considered to have most severe economic, social or environmental impact for the Union territory, if its entry, establishment and spread fulfils one or more of the following points:			OPEN [EP: tighten up the criteria: the pest has to fulfil <u>at least</u> point (a)]
1. 2. (a) Economic impacts: the pest has the potential to cause major losses in terms of the direct and indirect effects referred to in point (4) of Section I for crops with a total annual production value for the Union territory of at least EUR 1 billion.	<u>AM 130</u> (a) Economic impacts: the pest has the potential to cause major losses in terms of the direct and indirect effects referred to in point (4) of Section 1 for crops with a total annual production value for in the Union territory of at least EUR 1 billion .	(a) Economic impacts: the pest has the potential to cause major losses in terms of the direct and indirect effects referred to in point (4) of Section I 1 for crops plants with a total annual production significant economic value for the Union territory of at least EUR 1 billion . <u>The plants referred to in the first subparagraph may be trees that are not in production.</u>	Acceptable in substance

3.	<u>AM 131</u> <i>(aa) in case of pests affecting specialty crops, grown in the European territory on less than 200000 hectares, the potential loss in terms of total annual Union production value shall be at least EUR 200 million;</i>		Not acceptable (figures were removed)
4. (b) Social impacts: the pest has the potential to cause one or more of the following effects:			
5. (i) a significant employment decrease in the agriculture, horticulture or forestry sector concerned;		(i) a significant employment decrease in the agriculture, horticulture or <u>for</u> forestry sector concerned <u>or industries related to those sectors, including tourism and recreation;</u>	
6. (ii) risks to food security or food safety;		(ii) <u>significant</u> risks to food security or food safety;	

7. (iii) the disappearance of, or permanent large-scale damage to, main tree species growing or cultivated in the Union territory.		(iii) the disappearance of, or permanent <u>long term</u> large-scale damage to, main <u>important</u> tree species growing or cultivated in the Union territory <u>or tree species of high importance in terms of landscape as well as cultural or historical heritage for the Union.</u>	
8. (c) Environmental impacts: the pest has the potential to cause one or more of the following effects:			

9. (i) effects on species and habitats listed under the provisions of Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora ⁶ and Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds ⁷ ;		(i) <u>major effects on biodiversity and ecosystems services, including</u> effects on species and habitats listed under the provisions of Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora ⁸ and Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds ⁹ ;	
10. (ii) major and permanent increases of the use of plant protection products on the crops concerned.		(ii) major and permanent <u>long term</u> increases of the use of plant protection products on the crops <u>plants</u> concerned.	

⁶ OJ L 206, 22.7.1992, p. 7.

⁷ OJ L 20, 26.1.2010, p. 7.

⁸ OJ L 206, 22.7.1992, p. 7.

⁹ OJ L 20, 26.1.2010, p. 7.

		(iia) <u>the disappearance of, or long term large-scale damage to, main important tree species growing or cultivated in the Union territory or tree species of high importance in terms of landscape as well as cultural or historical heritage for the Union.</u>	
<u>ANNEX III</u>	<u>ANNEX III</u>		<u>ANNEX III</u>
<u>Elements to identify plants for planting which pose phytosanitary risks for the Union territory, as referred to in Articles 47(2) and 48</u>	<u>Elements to identify plants for planting which pose phytosanitary risks for the Union territory, as referred to in Articles 47(2) and 48</u>	<u>Elements to identify plants for planting which pose phytosanitary pest risks for the Union territory, as referred to in Articles 47(2) and 48</u>	Elements to identify plants or plant products which are likely to pose newly identified pest risks or other suspected phytosanitary risks for the Union territory, as referred to in Articles 47(2) and 48

Plants for planting from third countries shall be considered likely to pose phytosanitary risks for the Union territory, as referred to in Article 47(1), where those plants for planting fulfil at least three of the following conditions, including at least one of the conditions provided in points (1)(a), (b) and (c):	<u>AM 132</u> Plants for planting from third countries shall be considered likely to pose phytosanitary risks for the Union territory, as referred to in Article 47(1), where those plants for planting fulfil at least three one of the following conditions, including at least one of the conditions provided in points (1)(a), (b) and (c):	Plants for planting or plant products from third countries shall be considered likely to pose phytosanitary pest risks for the Union territory, as referred to in Article 47(1), where those plants for planting or plant products fulfil at least three of the following conditions, including at least one of the conditions provided in points (1)(a), (b) and (c):	Plants or plant products from third countries shall be considered likely to pose newly identified pest risks for the Union territory, as referred to in Article 47, where those plants or plant products fulfil at least three of the following conditions, including at least one of the conditions provided in points (1)(a), (b) and (c):
---	---	---	---

(1) <u>Characteristics of the plants for planting</u>		(1) <u>Characteristics of the plants for planting or plant products</u>	Ok with Council text
(a) They belong to a plant genus or family known to commonly host pests regulated as quarantine pests in the Union territory or in third countries.		(a) They belong to, <u>or are produced from,</u> a plant genus or family known to commonly host pests regulated as quarantine pests in the Union territory or in third countries.	Ok with Council text
(b) They belong to a plant genus or family known to commonly host polyphagous pests, or monophagous pests known to have major impact to plant species grown in the Union territory which have major economic, social or environmental importance to the Union territory.		(b) They belong to, <u>or are produced from,</u> a plant genus or family known to <u>commonly host polyphagous pests, or monophagous commonly hosted</u> pests known to have major impact to plant species grown in the Union territory which have major economic, social or environmental importance to the Union territory.	Ok with Council text

(c) They belong to a plant genus or family known to commonly harbour pests without signs and symptoms of those pests, or with a latent period for the expression of those signs or symptoms of at least three months, implying that the presence of pests on those plants for planting is likely to be missed during official controls at introduction into the Union territory, without recourse to sampling and testing or submission to quarantine procedures.		(c) They belong to, <u>or are produced from,</u> a plant genus or family known to commonly harbour pests without signs and symptoms of those pests, or with a latent period for the expression of those signs or symptoms of at least three months, implying that the presence of pests on those plants for planting <u>or plant products</u> is likely to be missed during official controls at introduction into the Union territory, without recourse to sampling and testing or submission to quarantine procedures.	Ok with Council text
--	--	--	-----------------------------

(d) They are grown outdoors in the third countries of origin.		(d) They are grown outdoors <u>or grown produced from plants grown outdoors</u> in the third countries of origin.	Ok with Council text
(e) They are not treated with generic plant protection products prior to or during shipment.	<u>AM 133</u> (e) They are not treated with generic plant protection products prior to or during shipment.	DELETED	AM accepted
(f) They are not subject to official export controls and certification in the third country of origin.	<u>AM 134</u> (f) They are not subject to official export controls and certification in the third country of origin.	DELETED	AM accepted
(g) They are not shipped in closed containers or packaging, or when shipped in such a way, the shipments because of their size cannot be opened in closed premises for purposes of official controls at introduction into the Union territory.			
(2) <u>Origin of the plants for planting</u>		(2) <u>Origin of the plants for planting or plant products</u>	Ok with Council text

(a) They originate from, or are moved from, a third country which is the source of frequent notifications of interceptions of quarantine pests not listed pursuant to Article 5(2).		(a) They originate from, or are moved from, a third country which is the source of frequent repetitive notifications of interceptions of quarantine pests not listed pursuant to Article 5(2).	Ok with Council text
(b) They originate from, or are moved from, a third country which is not a member of the IPPC.			
		<u>ANNEX IIIA</u>	<u>ANNEX IIIA</u>
		<u>Criteria to identify high risk plants, plant products or other objects as referred to in Article 41a</u>	Criteria to identify assess high risk plants, plant products or other objects as referred to in Article 41a
		<u>The criteria to be taken into account for the assessment referred to in Article 41a, are the following :</u>	DELETED
		<u>1. As regards plants for planting other than seeds:</u>	As regards plants for planting other than seeds: Plants for planting other than seeds may be considered to be high risk plants, as referred to in Article 41a, where those plants for planting other than seeds fulfil at least one of the following conditions:

			(a0) they are known to host commonly hosted pests known to have major impact on plant species which are of major economic, social or environmental importance to the Union territory;
			(a00) they are known to commonly harbour pests without signs and symptoms of those pests, or with a latent period for the expression of those signs or symptoms, implying that the presence of pests is likely to be missed during inspections at introduction into the Union territory;
		<u>(a) they are usually introduced into the Union in the form of a shrub or tree or they are present in the Union territory in such form or are taxonomically related to such plants;</u>	Ok with Council text

		<u>(b) they are collected in the wild or grown from plants collected in the wild;</u>	Ok with Council text
		<u>(c) they are grown outdoors or grown from plants grown outdoors in the third countries, group of third countries or specific areas of third country concerned;</u>	Ok with Council text
		<u>(d) they are known to host commonly hosted pests known to have major impact on plant species which are of major economic, social or environmental importance to the Union territory;</u>	DELETED
		<u>(e) they are known to commonly harbour pests without signs and symptoms of those pests, or with a latent period for the expression of those signs or symptoms, implying that the presence of pests is likely to be missed during inspections at introduction into the Union territory;</u>	DELETED
		<u>(f) they are perennial plants commonly traded as old plants;</u>	Ok with Council text

		<u>2. As regards other plants, plant products or other objects:</u>	2. As regards other plants, plant products or other objects: Plants other than those referred to in point (1), plant products or other objects may be considered to be high risk plants plant products or other objects, as referred to in Article 41a, where those plants, plant products or other objects fulfil at least one of the following conditions:
		<u>(c) they are known to host and provide a significant pathway for commonly hosted pests known to have major impact on plant species which are of major economic, social or environmental importance to the Union territory;</u>	Ok with Council text

		<u>(d) they are known to commonly harbour and provide a significant pathway for pests without signs and symptoms of those pests, or with a latent period for the expression of those signs or symptoms, implying that the presence of pests is likely to be missed during inspections at introduction into the Union territory;</u>	Ok with Council text

		<u>ANNEX VIA</u>	
		Criteria to identify plants referred to in Article 68a, which do not require a phytosanitary certificate	
		<u>The assessment referred to in Article 68a shall take into account the following criteria:</u>	[Council compromise proposal] The assessment referred to in Article 68a shall be based on take into account the following criteria set out in this Annex.
			[Presidency redrafting, based on COM new proposal] The plants other than the plants referred to in Article 68(1), and seeds listed pursuant to Article 37(2) and subject to equivalence decisions adopted pursuant to Directives 66/401/EEC, 66/402/EEC, 68/198/EC, 98/56/EC, 1999/105/EC, 2002/54/EC, 2002/55/EC, 2002/56/EC, 2002/57/EC, 2008/72/EC and 2008/90/EC, shall fulfil at least one of the following criteria:

		(1) <u>The plants do not host Union quarantine pests or pests subject to measures adopted pursuant to Article 29, or commonly hosted pests which may impact on plant species grown in the Union.</u>	
--	--	---	--

		(2) <u>The plants have a history of compliance with the requirements for introduction into the Union territory relevant to the third country or countries of origin.</u>	
		(3) <u>No indication of outbreak(s) is linked to the introduction of the plants concerned from one or more third countries, and those plants have not been subject to repetitive interceptions of Union quarantine pests or pests subject to the measures adopted pursuant to Article 29 during the introduction into the Union territory.</u>
