Subject: Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND  
OF THE COUNCIL amending Regulation (EC) No 1272/2008 of the  
European Parliament and of the Council on classification, labelling and  
packaging of substances and mixtures  
- Updated Four-Column Table

---

Delegations will find in the Annex the updated four-column table of the above proposal, containing the agreed positions of the institutions after the trilogue meeting on 5 December 2023.

**Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Regulation (EC) No 1272/2008 of the European Parliament and of the Council on classification, labelling and packaging of substances and mixtures

			possible for manufacturers, importers, and downstream users in the self-classification process to classify differently depending on the form or physical state. However, if a substance is subject to harmonised classification without being limited to a specific form or physical state, this harmonised classification should apply to all its forms and physical states. If a substance is subject to harmonised classification only for a specific form of that substance, it should be clarified that the classification of the substance for the other forms or physical states is still subject to self-classification.
