Declaration of the Council and of the European Commission on the implementation of the Agreement in respect of Gibraltar between the European Union and the United Kingdom Following the political declaration of 25 November 2018 of the European Council and the European Commission on the territorial scope of the future agreements after the United Kingdom leaves the Union, it was decided that Gibraltar would not be included in the territorial scope of the agreements to be concluded between the Union and the United Kingdom, not precluding the possibility to have separate agreements between the Union and the United Kingdom in respect of Gibraltar. Given the specific situation of Gibraltar and the responsibilities of Spain in applying EU law as provided for in the Agreement in respect of Gibraltar between European Union and the United Kingdom, and in full respect of the territorial integrity of its Member States as guaranteed by Article 4(2) of the Treaty on European Union, any measure taken by the Union in the implementation of the EU-UK Agreement on Gibraltar – including amendments, remedial measures, suspension of application of all or parts of the Agreement and termination - will require a prior agreement of the Kingdom of Spain, without prejudice to the competences of the Union and the prerogatives of the institutions.	7553/1/26 REV1

DECLARATION BY SPAIN IN RELATION TO CHAPTER 1: “AVIATION” OF TITLE III “TRANSPORT” OF THE EU-UK AGREEMENT IN RESPECT OF GIBRALTAR, 1. The sole purpose of Chapter 1: Aviation, of Title III on Transport of the EU-UK Agreement in respect of Gibraltar is the regulation of commercial air traffic at Gibraltar Airport. 2. Insofar as the term “Gibraltar airport” refers to the “airport located on the Isthmus of Gibraltar” [Article 271(d)], Spain declares that: The application of this Chapter to the airport located on the isthmus of Gibraltar shall be without prejudice to, and shall not otherwise affect the respective legal positions of the Kingdom of Spain or of the United Kingdom of Great Britain and Northern Ireland with regard to sovereignty over all territory of the isthmus on which the airport is located and shall not constitute the basis for any assertion or denial of sovereignty including in legal proceedings or otherwise. 3. Furthermore, Spain recalls that this Chapter forms part of the EU-UK Agreement in relation to Gibraltar and that, consequently, the clause contained in Article 2 (Sovereignty) applies, according to which: The present Agreement, any supplementing agreements mentioned in Article 4, any administrative arrangements or arrangements related to this Agreement, and any measures or instruments or conduct taken in application or as a result thereof or pursuant thereto, shall be without prejudice to, and shall not otherwise affect the respective legal positions of the Kingdom of Spain or of the United Kingdom of Great Britain and Northern Ireland with regard to sovereignty and jurisdiction and shall not constitute the basis for any assertion or denial of sovereignty including in legal proceedings or otherwise. 4. Spain, as a Member State of the EU, entrusted with the application and enforcement of certain provisions of the Agreement, a neighbouring State, and a State party to the dispute over sovereignty and jurisdiction over the territory of Gibraltar, supports the acceptance of the aforementioned clauses, which form an integral part of the Agreement.	3384/1/26 REV1

Italy has requested that the following statement be entered in the Council minutes Italy strongly reaffirms its firm commitment to combating a phenomenon of extreme gravity such as online sexual abuse and exploitation of children. Following the invitation by the President of the European Parliament, Roberta Metsola, to reach an agreement at second reading on the so-called interim Regulation, Italy intends to respond in a constructive, pragmatic and cooperative spirit. Therefore, in order to ensure the necessary continuity of enforcement action and in response to the call by the President of the European Parliament, Italy expresses its vote in favour of the adoption of a regulatory framework replicating the provisions of Regulation (EU) 2021/1232, for a duration that would hopefully allow for the adoption and entry into force of a permanent regime. However, while making this opening, Italy considers it essential to recall the serious concerns and reservations already expressed in the national statement attached to the minutes of the Coreper meeting of 28 January 2026. These reservations concern specific and crucial substantive aspects, which require in-depth reflection in the further work on the long-term CSAM Regulation: • Scanning powers entrusted to private entities: Italy reiterates its strong opposition to the adoption of a regulatory framework that would, in practice, authorise service providers — private entities, largely non-European — to carry out mass scanning and detection activities; • Proportionality criteria: in order to prevent detection activities by service providers from resulting in generalised monitoring, such activities should be subject to strict proportionality. Moreover, in order to safeguard the delicate balance between the legitimate needs of law enforcement authorities and respect for fundamental rights, such activities should be limited exclusively to known CSAM material;	

- Judicial and institutional oversight: Italy reiterates the need to provide adequate institutional safeguards and effective control mechanisms over detection activities by independent third parties (judicial or administrative authorities). Such safeguards are essential to protect users' rights; - End-to-end encryption: Italy remains convinced of the imperative need to explicitly exclude from the scope of the future Regulation, as well as from all detection activities, content protected by end-to-end encryption, in order to safeguard cybersecurity and the confidentiality of communications. Finally, Italy reiterates that the temporary replication of the interim regime must be regarded as an exceptional measure. The present favourable vote does not prejudice Italy's position on the above-mentioned issues in the negotiations on the long-term regime, which will continue to be guided by the need to ensure full respect for fundamental rights and the protection of personal data.

<i>Regulation of the European Parliament and of the Council on a temporary derogation from certain provisions of Directive 2002/58/EC as regards the use of technologies by providers of number-independent interpersonal communications services for the processing of personal and other data for the purpose of combating online child sexual abuse</i> Approval of the European Parliament's amendments to the Council's position at first reading	14/26
France has requested that the following statement be entered in the Council minutes The French authorities reiterate their support for the objective of effectively combating online child sexual abuse and for the establishment of a legal framework tailored to the challenges of detecting this type of content. They therefore welcome the extension, as set out in the text adopted at second reading by the European Parliament, of the scope of content that service providers can voluntarily detect until April 2028. However, they express their serious concern regarding the amendment adopted by the European Parliament on the exclusion of encrypted communications. The wording used is very broad. The French authorities also consider that the conclusions of the expert group on encryption set up by the Commission, which are expected in November and are due to propose a technological roadmap, should not be pre-empted. Anxious not to delay the adoption of the text so that alerts can resume on the basis of the derogation regulation, they nevertheless consent to the approval of the text but regret that the negotiations did not allow for the challenges of data access to be adequately addressed. It is important to draw a clear distinction between this text and the draft regulation aimed at establishing a permanent regime for the detection of online child sexual abuse material.
