NOTE

From: Permanent Representatives Committee (Part 1)
To: Council

No. prev. doc.: 14336/22
No. Cion doc.: 8115/21

Subject: Proposal for a Regulation of the European Parliament and of the Council laying down harmonised rules on artificial intelligence (Artificial Intelligence Act) and amending certain Union legislative acts
General approach
- *Statement by Germany*

Delegations will find attached a statement by Germany on the above subject.

STATEMENT BY GERMANY**Regulation laying down harmonised rules on artificial intelligence (AI Act)*****General approach*****Statement to the minutes of the Government of the Federal Republic of Germany**

Germany supports the text presented by the Presidency to achieve the general approach in the Telecommunications Council on 6 December 2022.

However, Germany sees some need for improvements on certain aspects, and refers in this regard to its written comments of 8 November 2022.

With a view to the forthcoming interinstitutional negotiations with the European Commission and the European Parliament, we trust that these aspects will be given serious and careful consideration and included in the deliberations.
