NOTE

Subject: MONTHLY SUMMARY OF COUNCIL ACTS - SEPTEMBER 2026

This document lists the acts adopted by the Council by written procedure in September 2026.

For easy reference, the "short titles" as mentioned in Council agendas are also indicated (in italics).

It provides information on the adoption of legislative and non-legislative acts, including:

- the date of adoption by written procedure,¹
- the number of the document adopted,
- the Official Journal reference.

Information about other acts adopted by the Council may be found on the dedicated webpage of the Council, under the section "Meetings"². This document is also available on the Council's website at:

[Monthly summaries of Council acts - Consilium](#)

¹ In the case of legislative acts adopted in the ordinary legislative procedure, there may be a difference between the date of adoption by the Council and the actual date of the act in question, since legislative acts adopted in the ordinary legislative procedure are only considered to have been adopted after signature by both the President of the Council and the President of the European Parliament and the Secretaries-General of the two institutions.

Position of the Council at first reading with a view to the adoption of a Regulation of the European Parliament and of the Council establishing the Union Customs Code and the European Union Customs Authority, and repealing Regulation (EU) No 952/2013	8190/26 + ADD 1
Commission statement on the Union handling fee Once established in the Union Customs Code, the Union handling fee will constitute a traditional own resource (TOR) within the meaning of Article 2(1)(a) of [current Own resources decision] Council Decision (EU, Euratom) 2020/2053 of 14 December 2020 on the system of own resources of the European Union, because it is an amount to be established by the institutions of the Union in respect of trade with third countries. Accordingly, under the current Own Resources Decision, Member States retain 25% of TOR whereas the rest is EU budget revenue. However, Article 13(9) of the Commission Proposal for the new Own Resources Decision¹ introduces a transitory measure under which the handling fee shall not be made available to the Union budget until the end of this MFF². Should this provision be agreed, it would mean that the Member States would be the beneficiaries of the revenue generated by the fee until the end of 2027. The details of implementing such an agreement will be laid down in the Making Available Regulation proposal. Until this provision is agreed by the Member States and enters into force, the provisions of the ORD currently in force apply. It is hence in the clear interest of the Member States to agree on the new Own Resources Decision as soon as possible. ¹ Proposal for a Council Decision on the system of own resources of the European Union and repealing Decision (EU, Euratom) 2020/2053 (COM/2025/574 final). ² Article 13(9): "In the period between [1 November 2026] and 31 December 2027, by derogation from paragraph 3 of Article 9 and the rules adopted pursuant to point (b) of Article 10 of Decision (EU, Euratom) 2020/2053, amounts of traditional own resources related to the handling of the release for free circulation of goods sold in distance sales shall not be made available and the rules related to controls, supervision and reporting shall not apply to those amounts."
