15089/12 COHOM 234 CONUN 143 SOC 843 FREMP 126

"Austria takes note of the framework put in place by the EU for the implementation of the UN Convention on the rights of persons with disabilities (ICPRD), as provided for under article 33.2 of the Convention. While the mechanism described in the annex of document 15089/12 is raising concerns with regard to its strict compliance with the legal requirements for a full and effective independent monitoring of the implementation of the Convention, Austria welcomes the proposal that a review of the framework and/or its working methods may be initiated whenever judged necessary. Austria considers that such a review could take place after one year. "

"Denmark supports the adoption of the proposed EU-level framework as required by article 33.2 of the United Nations Convention on the Rights of Persons with Disabilities. While recognizing that efforts have been made to establish an independent monitoring mechanism, Denmark nevertheless considers that the proposed solution is not ideal in terms of meeting the requirements of the Convention. In this regard, Denmark notes with satisfaction that a review of the framework and/or its working methods may be initiated whenever judged necessary. Denmark considers that the functioning of the framework should be carefully monitored and, if necessary, further developed in light of the experiences gathered. "

- Preparation for the informal trilogue
15042/12 DRS 117 COMPET 630 ECOFIN 847 CODEC 2401

On the basis of document 15042/12, the Committee discussed the main outstanding issues as regards Chapter 9 of the draft Accounting Directive in view of the first informal trilogue with the European Parliament, scheduled for 7 November 2012.

The Chair summed up the discussions as follows:

1. There is a clear opposition to the European Parliament's amendment to broaden the scope;
2. Delegations have divergent views on the issue whether disclosure should be only at country or also at project level, but there is an indication into the direction of accepting project-level disclosure under the condition that a workable project definition can be agreed;
3. The majority of delegations showed flexibility on the materiality thresholds, but indicated that the exact threshold needs to be negotiated as the figure proposed by the European Parliament appears to be too low for several delegations;
4. The criminal law exemption should be maintained as in the General approach;
5. The review clause should also be maintained as in the General approach;
The equivalence clause is welcomed positively, but needs redrafting and consideration as regards the choice of delegated acts.

The Chair indicated that the Presidency will negotiate at the first informal trilogue on the basis of the General approach and the above mentioned indications as regards the main outstanding issues in Chapter 9 and emphasised that these issues are to be considered as part of a package subject to agreement on the whole proposal.
