Subject: Proposal for a Regulation of the European Parliament and of the Council
amending Council Regulation (EC) No 1346/2000 on insolvency proceedings
[First reading]
- Political agreement

1. Delegations will find in the Annex the text of the abovementioned proposal, amended in the light of the outcome of the negotiations with the European Parliament, which the Presidency proposes in view of the adoption of a political agreement by the Council (Justice and Home Affairs), at its meeting on 4 and 5 December 2014.
2. The abovementioned proposal is presented as a recast of the Council Regulation (EC) No 1346/2000 of 29 May 2000 on insolvency proceedings (the "Insolvency Regulation"). Changes compared to the text of the Insolvency Regulation are **in bold**¹.

¹ The text **in bold** has been drafted on the basis of document 10284/14 JUSTCIV 134 EJUSTICE 54 CODEC 1366 + ADD 1 + COR 1 and document 13276/14 JUSTCIV 224 EJUSTICE 80 CODEC 1835 + COR 1, taking into account the minor technical adjustments set out in document 14891/14 JUSTCIV 267 EJUSTICE 102 CODEC 2141 and the outcome of the negotiations with the European Parliament as regards recitals 21, 30 and Article 3(1).

- (1) **On 12 December 2012, the Commission adopted a report on the application of Council Regulation (EC) No 1346/2000 on insolvency proceedings. The report concluded that the Regulation is functioning well in general but that it is desirable to improve the application of certain of its provisions in order to enhance the effective administration of cross-border insolvency proceedings. Since the Regulation has already been amended several times⁴ and further amendments are to be made, that Regulation should be recast in the interest of clarity.**
- (2) The European Union has set out the aim of establishing an area of freedom, security and justice.
- (3) The proper functioning of the internal market requires that cross-border insolvency proceedings should operate efficiently and effectively and this Regulation needs to be adopted in order to achieve this objective which comes within the scope of judicial cooperation in civil matters within the meaning of Article ~~65~~ 81 of the Treaty.
- (4) The activities of undertakings have more and more cross-border effects and are therefore increasingly being regulated by ~~Community~~ Union law. While the insolvency of such undertakings also affects the proper functioning of the internal market, there is a need for a ~~Community~~ Union act requiring coordination of the measures to be taken regarding an insolvent debtor's assets.
- (5) **It is necessary for the proper functioning of the internal market to avoid incentives for the parties to transfer assets or judicial proceedings from one Member State to another, seeking to obtain a more favourable legal position to the detriment of the general body of creditors (forum shopping).**
- ~~(5) These objectives cannot be achieved to a sufficient degree at national level and action at Community level is therefore justified.⁵~~

⁴ See Annex C.

⁵ See new recital 80.

~~(6) In accordance with the principle of proportionality this Regulation should be confined to provisions governing jurisdiction for opening insolvency proceedings and judgments which are delivered directly on the basis of the insolvency proceedings and are closely connected with such proceedings. In addition, this Regulation should contain provisions regarding the recognition of those judgments and the applicable law which also satisfy that principle.~~

(6) This Regulation should encompass provisions governing jurisdiction for opening insolvency proceedings and actions which are deriving directly from the insolvency proceedings and are closely linked with them. This Regulation should also contain provisions regarding the recognition and enforcement of judgments issued in such proceedings and provisions regarding the law applicable to insolvency proceedings. In addition, this Regulation should contain rules on the coordination of insolvency proceedings which relate to the same debtor or to several members of the same group of companies.

(7) Bankruptcy, proceedings relating to the winding-up of insolvent companies or other legal persons, judicial arrangements, compositions and analogous proceedings and actions related to such proceedings are excluded from the scope of Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters⁶. These proceedings should be covered by the present Regulation. The interpretation of this Regulation should as much as possible avoid regulatory loopholes between the two instruments.

However, the mere fact that a national procedure is not listed in Annex A to this Regulation should not imply that this procedure is covered by Council Regulation (EC) No 1215/2012.

⁶ OJ L 351, 20.12.2012, p. 1.

- (8) In order to achieve the aim of improving the efficiency and effectiveness of insolvency proceedings having cross-border effects, it is necessary, and appropriate, that the provisions on jurisdiction, recognition and applicable law in this area should be contained in a ~~Community~~ **Union** law measure which is binding and directly applicable in Member States.
- (9) **This Regulation should apply to insolvency proceedings which fulfill the conditions set out in this Regulation, irrespective of whether the debtor is a natural person or a legal person, a trader or an individual.**

Those insolvency proceedings are listed exhaustively in Annex A. When a national procedure figures in Annex A, this Regulation should apply without any further examination by the courts of another Member State regarding whether the conditions set out in this Regulation are fulfilled. When a national insolvency procedure is not listed in Annex A, that procedure should not be covered by the scope of this Regulation.

- (10) **The scope of this Regulation should extend to proceedings which promote the rescue of economically viable but distressed businesses and give a second chance to entrepreneurs. It should notably extend to proceedings which provide for the restructuring of a debtor at a stage where there is only a likelihood of insolvency and proceedings which leave the debtor fully or partially in control of his assets and affairs. It should also extend to proceedings providing for a debt discharge or a debt adjustment of consumers and self-employed persons, for example by reducing the amount to be paid by the debtor or by extending the payment period granted to him. Since these proceedings do not necessarily entail the appointment of an insolvency practitioner, they should be covered by this Regulation if they take place under the control or supervision of a court. In this context, the term "control" should include situations where the court only intervenes on appeal by a creditor or other interested parties.**

- (11) **This Regulation should also apply to procedures which grant a temporary moratorium on enforcement actions brought by individual creditors where such actions may adversely affect negotiations and hamper the prospects of a restructuring of the debtor's business. Such procedures should not be detrimental to the general body of creditors and should be preliminary to other procedures covered by the scope of this Regulation if no agreement on a restructuring plan can be reached.**
- (12) **This Regulation should apply to proceedings the opening of which is subject to publicity in order to allow creditors to become aware of the proceedings and to lodge their claims, thereby ensuring the collective nature of the proceedings, and in order to give creditors the possibility to challenge the jurisdiction of the court which has opened the proceedings.**

Accordingly, this Regulation should not encompass insolvency proceedings which are confidential. While these proceedings may play an important role in some Member States, their confidential nature makes it impossible for a creditor or a court located in another Member State to know that such proceedings have been opened, thereby making it difficult to provide for the recognition of their effects EU-wide.

- (13) **The collective proceedings which are covered by the scope of application of this Regulation should include all or a significant part of the creditors to whom the debtor owes all or a substantial proportion of his outstanding debts provided that the claims of those creditors who are not involved in such proceedings remain unaffected. This should also include proceedings which involve only the financial creditors of the debtor. Proceedings which do not include all the debtor's creditors should be proceedings aimed at rescuing the debtor. The proceedings that lead to a definitive cessation of the debtor's activities or the liquidation of his assets should include all the debtor's creditors. Moreover, the fact that some insolvency proceedings for natural persons exclude specific categories of claims, such as maintenance claims, from the possibility of a debt-discharge should not mean that such proceedings are not collective.**
- (14) **This Regulation should also apply to proceedings that, under the law of some Member States, are opened and conducted for a certain period of time on an interim or provisional basis before a court issues an order confirming the continuation of the proceedings on a non-interim basis. Except for being labelled as "interim", these proceedings should meet all other requisites of this Regulation.**
- (15) **This Regulation should apply to proceedings which are based on a law relating to insolvency. However, proceedings that are based on general company law not designed exclusively for insolvency situations should not be considered to be based on a law relating to insolvency. Similarly, the purpose of adjustment of debt should not include specific proceedings in which debts of a natural person of very low income and very low asset value are written off, provided that this type of proceedings never makes provisions for payment to creditors.**

- (16) **The Regulation's scope should extend to proceedings which are triggered by situations in which the debtor faces non-financial difficulties, provided however, that these difficulties give rise to a real and serious threat to the debtor's actual or future ability to pay his debts as they fall due. The time horizon relevant for the determination of such threat may extend to a period of several months or even longer in order to account for cases where the debtor is faced with non-financial difficulties threatening his going concern and, in the medium term, his liquidity. This might be the case, for example, if the debtor has lost a contract which is of key importance to him.**
- (17) **This Regulation should be without prejudice to the rules on the recovery of State aid from insolvent companies as interpreted by the case-law of the Court of Justice of the European Union.**
- (18) **Insolvency proceedings concerning insurance undertakings, credit institutions, investment firms and other firms, institutions or undertakings to the extent these are covered by Directive 2001/24/EC of the European Parliament and of the Council of 4 April 2001 on the reorganisation and winding-up of credit institutions⁷ (as amended) and collective investment undertakings should be excluded from the scope of this Regulation. Such undertakings should not be covered by this Regulation since they are subject to special arrangements and the national supervisory authorities have wide-ranging powers of intervention.**
- (19) **Insolvency proceedings do not necessarily involve the intervention of a judicial authority; therefore, the expression 'court' in this Regulation should, in certain provisions, be given a broad meaning and include a person or body empowered by national law to open insolvency proceedings. In order for this Regulation to apply, proceedings (comprising acts and formalities set down in law) should not only have to comply with the provisions of this Regulation, but they should also be officially recognised and legally effective in the Member State in which the insolvency proceedings are opened.**

⁷ OJ L 125, 5.5.2001, p. 15.

- (20) **Insolvency practitioners are defined in this Regulation and listed in Annex B. Insolvency practitioners who are appointed without the involvement of a judicial body should, under national law, be appropriately regulated and authorised to act in insolvency proceedings, and the national regulatory framework should provide for proper arrangements to deal with potential conflict of interests.**
- (21) This Regulation acknowledges the fact that as a result of widely differing substantive laws it is not practical to introduce insolvency proceedings with universal scope in the entire ~~Community~~ **Union**. The application without exception of the law of the State of opening of proceedings would, against this background, frequently lead to difficulties. This applies, for example, to the widely differing laws on security interests to be found in the ~~Community~~ **Union**. Furthermore, the preferential rights enjoyed by some creditors in the insolvency proceedings are, in some cases, completely different. **At the next review of this Regulation, it will be necessary to identify further measures in order to improve the preferential rights of employees at European level.** This Regulation should take account of this in two different ways. On the one hand, provision should be made for special rules on applicable law in the case of particularly significant rights and legal relationships (e.g. rights in rem and contracts of employment). On the other hand, national proceedings covering only assets situated in the State of opening should also be allowed alongside main insolvency proceedings with universal scope.
- (22) This Regulation enables the main insolvency proceedings to be opened in the Member State where the debtor has the centre of his main interests. These proceedings have universal scope and aim at encompassing all the debtor's assets. To protect the diversity of interests, this Regulation permits secondary proceedings to be opened to run in parallel with the main proceedings. Secondary proceedings may be opened in the Member State where the debtor has an establishment. The effects of secondary proceedings are limited to the assets located in that State. Mandatory rules of coordination with the main proceedings satisfy the need for unity in the ~~Community~~ **Union**.

- (23) **Where main proceedings concerning a legal person or company have been opened in a Member State other than that of its registered office, it should be possible to open secondary proceedings in the Member State of the registered office, provided that the debtor is carrying out an economic activity with human means and assets in that State, in the light of the case law of the Court of Justice of the European Union.**
- (24) This Regulation applies only to proceedings where the centre of the debtor's main interests is located in the ~~Community~~ **Union**.
- (25) The rules of jurisdiction set out in this Regulation establish only international jurisdiction, that is to say, they designate the Member State the courts of which may open insolvency proceedings. Territorial jurisdiction within that Member State must be established by the national law of the Member State concerned.
- (26) **Before opening insolvency proceedings, the competent court should examine of its own motion whether the debtor's centre of main interests or establishment is actually located within its jurisdiction.**
- (27) **When determining whether the centre of main interest is ascertainable by third parties, special consideration should be given to the creditors and their perception as to where a debtor conducts the administration of his interests. This may require, in the event of a shift of centre of main interest, informing creditors of the new location from which the debtor is carrying out his activities in due course, e.g. by drawing attention to the change of address in commercial correspondence, or making the new location public through other appropriate means.**
- (28) **This Regulation should contain a number of safeguards aimed at preventing fraudulent or abusive forum shopping.**

- (29) Accordingly, the presumptions that the registered office, the principal place of business and the habitual residence are the centre of main interest should be rebuttable, and the court should carefully assess whether the debtor's centre of main interest is genuinely located in that Member State.

In the case of a company, it should be possible to rebut this presumption if the company's central administration is located in another Member State than its registered office and a comprehensive assessment of all the relevant factors establishes, in a manner that is ascertainable by third parties, that the company's actual centre of management and supervision and of the management of its interests is located in that other Member State.

In the case of an individual not exercising an independent business or professional activity, it should be possible to rebut this presumption for example if the major part of the debtor's assets is located outside the Member State of the debtor's habitual residence, or if it can be established that the principal reason for moving was to file for insolvency proceedings in the new jurisdiction and if such filing would materially impair the interests of creditors whose dealings with the debtor took place prior to the relocation.

- (30) **With the same objective of preventing fraudulent or abusive forum shopping, the presumptions that the centre of main interests is at the place of the registered office, the individual's principal place of business or the individual's habitual residence, respectively, should not apply where, in the case of a company, legal person or individual exercising an independent business or professional activity, the debtor has relocated his registered office or principal place of business to another Member State within a period of three months prior to the request for opening insolvency proceedings, or, in the case of an individual not exercising an independent business or professional activity, the debtor has relocated his habitual residence to another Member State within a period of six months prior to the request for opening insolvency proceedings.**

- (31) **In all instances, where the circumstances of the case give rise to doubts about the court's jurisdiction, the court should require the debtor to submit additional evidence to support his assertions and, where the law applicable to the insolvency proceedings so allows, give the debtor's creditors the opportunity to present their views on the question of jurisdiction.**
- (32) **When the court seised of the request to open insolvency proceedings finds that the centre of main interest is not located on its territory, it should not open main insolvency proceedings.**
- (33) **In addition, any creditor of the debtor should have an effective remedy against the decision opening insolvency proceedings. The consequences of a challenge of the decision opening insolvency proceedings should be governed by national law.**
- ~~(13) **The 'centre of main interests' should correspond to the place where the debtor conducts the administration of his interests on a regular basis and is therefore ascertainable by third parties.**~~
- (34) **The courts of the Member State opening insolvency proceedings should also have jurisdiction for actions which derive directly from the insolvency proceedings and are closely linked with them. Such actions include avoidance actions against defendants in other Member States and actions concerning obligations that arise in the course of the insolvency proceedings, such as advance payment for costs of the proceedings. In contrast, actions for the performance of the obligations under a contract concluded by the debtor prior to the opening of proceedings do not derive directly from the proceedings. Where such an action is related with another action based on general civil and commercial law, the insolvency practitioner should be able to bring both actions in the courts of the defendant's domicile if he considers it more efficient to bring the action in that forum. This could, for example, be the case if the insolvency practitioner wishes to combine an action for director's liability on the basis of insolvency law with an action based on company law or general tort law.**

- (35) The court having jurisdiction to open the main insolvency proceedings should be enabled to order provisional and protective measures from the time of the request to open proceedings. Preservation measures both prior to and after the commencement of the insolvency proceedings are very important to guarantee the effectiveness of the insolvency proceedings. In that connection this Regulation should afford different possibilities. On the one hand, the court competent for the main insolvency proceedings should be able also to order provisional protective measures covering assets situated in the territory of other Member States. On the other hand, an ~~liquidator~~ **insolvency practitioner** temporarily appointed prior to the opening of the main insolvency proceedings should be able, in the Member States in which an establishment belonging to the debtor is to be found, to apply for the preservation measures which are possible under the law of those States.
- (36) **Prior to the opening of the main insolvency proceedings, the right to request the opening of insolvency proceedings in the Member State where the debtor has an establishment should be limited to local creditors and public authorities or to cases where main proceedings cannot be opened under the law of the Member State where the debtor has the centre of his main interest. The reason for this restriction is that cases where territorial insolvency proceedings are requested before the main insolvency proceedings are intended to be limited to what is absolutely necessary.**
- (37) Following the opening of the main insolvency proceedings, the right to request the opening of insolvency proceedings in a Member State where the debtor has an establishment is not restricted by this Regulation. The ~~liquidator~~ **insolvency practitioner** in the main proceedings or any other person empowered under the national law of that Member State may request the opening of secondary insolvency proceedings.

- (38) **This Regulation should provide for rules to localise the debtor's assets, and these rules should apply when determining which assets belong to the main or secondary proceedings, or to situations involving third parties' rights in rem. In particular, this Regulation should specify that European patents with unitary effect, a Community trade mark or any other similar rights, such as the Community plant variety rights or Community designs, should only be included in the main proceedings.**
- (39) Secondary insolvency proceedings may serve different purposes, besides the protection of local interests. Cases may arise where the **insolvency** estate of the debtor is too complex to administer as a unit or where differences in the legal systems concerned are so great that difficulties may arise from the extension of effects deriving from the law of the State of the opening to the other States where the assets are located. For this reason the ~~liquidator~~ **insolvency practitioner** in the main proceedings may request the opening of secondary proceedings when the efficient administration of the **insolvency** estate so requires.
- (40) **Secondary proceedings may also hamper the efficient administration of the insolvency estate. Therefore, this Regulation sets out two specific situations in which the court seized with a request to open secondary proceedings should be able, on request of the insolvency practitioner in main proceedings, to postpone or refuse the opening of such proceedings. First, this Regulation confers on the insolvency practitioner in main proceedings the possibility to give an undertaking to local creditors that they will be treated as if secondary proceedings had been opened. This undertaking has to fulfill a number of conditions set out in the Regulation, in particular, it has to be approved by a qualified majority of local creditors. Where such an undertaking has been given, the court seized with a request to open secondary proceedings should be able to refuse the opening when it is satisfied that this undertaking adequately protects the general interests of local creditors. When assessing these interests, the court should take into account the fact that the undertaking has been approved by a qualified majority of local creditors.**

- (41) **For the purpose of that undertaking, the assets and rights located in the Member State where the debtor has an establishment should form a sub-category of the insolvency estate, and, when distributing them or the proceeds resulting from their realisation, the insolvency practitioner in the main proceedings should respect the priority rights that creditors would have had if secondary proceedings had been opened in that Member State.**
- (42) **National law should apply, as appropriate, for the approval of the undertaking. In particular, where under national law the voting rules for adopting a restructuring plan requires the prior approval of creditors' claims, these claims should be deemed to be approved for the purpose of voting on the undertaking. Where there are different procedures for the adoption of restructuring plans under national law, Member States should designate the specific procedure which should be relevant in this context.**
- (43) **In addition, this Regulation should provide for the possibility that the court temporarily stays the opening of secondary proceedings, when a temporary moratorium of individual enforcement proceedings has been granted in the main proceedings, in order to preserve the efficiency of such moratorium. The court should be able to grant the temporary stay if it is satisfied that suitable measures are in place to protect the interest of local creditors. In that case, all creditors that could be affected by the outcome of the negotiations on a restructuring plan should be informed of the negotiations and be allowed to participate in them.**

In order to ensure an effective protection of local interests, the insolvency practitioner of the main proceedings should not be able to realise or re-locate the assets situated in the Member State where an establishment is located in an abusive manner, in particular, with the purpose of frustrating the possibility that such interests be effectively satisfied if afterwards secondary proceedings were opened.

- (44) **Nothing in this Regulation should prevent the courts of the Member State in which secondary proceedings have been opened from sanctioning the debtor's directors for any violation of their duties, provided that those courts have jurisdiction to address such disputes under their national law.**
- (45) **Main insolvency proceedings and secondary proceedings can contribute to the efficient administration of the debtor's insolvency estate or to the effective realisation of the total assets if there is proper cooperation between the actors involved in all the concurrent proceedings. The main condition here is that the various insolvency practitioners and the courts involved must cooperate closely, in particular by exchanging a sufficient amount of information. In order to ensure the dominant role of the main proceedings, the insolvency practitioner in such proceedings should be given several possibilities for intervening in secondary insolvency proceedings which are pending at the same time. In particular, the insolvency practitioner should be able to propose a restructuring plan or composition or apply for a suspension of the realisation of the assets in the secondary insolvency proceedings. In their cooperation, insolvency practitioners and courts should take into account best practices for cooperation in cross-border insolvency cases as set out in principles and guidelines on communication and cooperation adopted by European and international organisations active in the area of insolvency law, and in particular relevant guidelines prepared by UNCITRAL.**

- (46) **In view of such cooperation, insolvency practitioners and courts may enter into agreements and protocols for the purpose of facilitating cross-border cooperation of multiple insolvency proceedings in different Member States concerning the same debtor or members of the same group of companies, where this is compatible with the rules applicable to each of the proceedings. Such agreements and protocols may vary in form (written or oral) and scope (ranging from generic to specific) and may be entered into by different parties. Simple generic agreements may emphasise the need for close cooperation between the parties, without addressing specific issues, while more detailed, specific agreements establish a framework of principles to govern multiple insolvency proceedings and may be approved by the courts involved, where the national law so requires. They may reflect agreement between the parties to take, or refrain from taking, certain steps or actions.**
- (47) **Similarly, the courts of different Member States may cooperate by coordinating the appointment of insolvency practitioners. In that context, they may appoint a single insolvency practitioner for several insolvency proceedings concerning the same debtor or for different members of a group of companies, provided that this is compatible with the rules applicable to each of the proceedings, in particular with the requirements concerning qualification and licensing of the insolvency practitioner, if any.**
- (48) **This Regulation should ensure the efficient administration of insolvency proceedings relating to different companies forming part of a group of companies.**

- (49) **Where insolvency proceedings have been opened for several companies of the same group, there should be proper cooperation between the actors involved in these proceedings. The various insolvency practitioners and the courts involved should therefore be under a similar obligation to cooperate and communicate with each other as those involved in main and secondary proceedings relating to the same debtor. Cooperation between the insolvency practitioners should never go against the interests of the creditors in each of the proceedings and such cooperation should be aimed at finding a solution that would leverage synergies across the group.**
- (50) **The introduction of rules on the insolvency of groups of companies should not limit the possibility of a court to open insolvency proceedings for several companies belonging to the same group in a single jurisdiction if the court finds that the centre of main interests of these companies is located in a single Member State. In such situations, the court should also be able to appoint, if appropriate, the same insolvency practitioner in all proceedings concerned, provided that this is not incompatible with the rules applicable to them.**
- (51) **With a view to further improving the coordination of the insolvency of members of a group of companies, and to allow for coordinated restructuring of the group, this Regulation should introduce procedural rules on the coordination of the insolvency of members of a group of companies. This coordination should strive to ensure the efficiency of the coordination, whilst at the same time respecting each group member's separate legal personality.**

- (52) **An insolvency practitioner appointed in insolvency proceedings opened in relation to a member of the group should be able to request the opening of group coordination proceedings. However, where the law applicable to the insolvency so requires, this insolvency practitioner should obtain the necessary authorisation before making such a request. The request should specify essential elements of the coordination, in particular an outline of the coordination plan, a proposal who should be appointed as coordinator and an outline of the estimated costs of the coordination.**
- (53) **In order to ensure the voluntary nature of group coordination proceedings the insolvency practitioners involved should be able to object to their participation in the proceedings within a specified time period.**

In order to allow the insolvency practitioners involved to take an informed decision on the participation in the coordination proceedings, the insolvency practitioners involved should be informed at an early stage of the essential elements of the coordination. However, an insolvency practitioner who initially objected to the inclusion in the coordination proceedings should be able to subsequently request to participate in them. In such a case, the coordinator should take a decision on the admissibility of such a request. All insolvency practitioners, including the requesting insolvency practitioner, should be informed of the coordinator's decision and should have the possibility to contest that decision before the court which has opened the coordination proceedings.

- (54) **Group coordination proceedings should always strive to facilitate the effective administration of the insolvency proceedings of the group members, and have a generally positive impact on the creditors. This Regulation should therefore ensure that the court with which a request for group coordination proceedings has been filed makes an assessment of these criteria prior to opening group coordination proceedings.**

(55) In the same line, the advantages of group coordination proceedings should never be outweighed by the costs of these proceedings. Therefore, it is necessary to ensure that the costs of the coordination, and the share that each group member will bear are adequate, proportional and reasonable, to be determined in accordance with the national law of the Member State where group coordination proceedings have been opened. The insolvency practitioners involved should also have the possibility of controlling these costs from the early stage of the proceedings. Where the national law so requires, this may involve the insolvency practitioner seeking the approval of a court or creditors committee.

Where the coordinator estimates that the fulfilment of his tasks requires a significant increase in the costs compared to the initially estimated costs and, in any case, where the costs exceed 10% of the estimated costs, the coordinator should be authorised by the court which has opened the coordination proceedings to exceed such costs. Before taking its decision, the court which has opened the coordination proceedings should give the possibility to the participating insolvency practitioners to be heard before it in order to communicate their observations on the opportunity of the coordinator's request.

(56) For members of a group of companies which are not participating in group coordination proceedings, this regulation should also provide for an alternative mechanism to achieve a coordinated restructuring of the group. An insolvency practitioner appointed in proceedings relating to a member of a group of companies should have standing to request a stay of any measure related to the realisation of the assets in the proceedings opened with respect to other members of the group which are not subject to group coordination proceedings. Such a stay may only be requested if a restructuring plan is presented for the members of the group concerned, that this plan would be to the benefit of the creditors in the proceedings in respect of which the stay is requested and that the stay is necessary to ensure that the plan can be properly implemented.

- (57) **Nothing in this Regulation should prevent Member States from establishing national rules which would supplement the rules on cooperation, communication and coordination with regard to the insolvency of members of groups of companies set out in this Regulation, provided that the scope of application of those national rules is limited to the domestic area and that their application would not impair the efficiency of the rules of this Regulation.**
- (58) **The rules on cooperation, communication and coordination in the framework of the insolvency of members of a group of companies provided for in this Regulation should only apply to the extent that proceedings relating to different members of the same group of companies have been opened in more than one Member State.**
- (59) **Every creditor, who has his habitual residence, domicile or registered office in the Union, should have the right to lodge his claims in each of the insolvency proceedings pending in the Union relating to the debtor's assets. This should also apply to tax authorities and social insurance institutions. Nothing in this Regulation should prevent the insolvency practitioner from lodging claims on behalf of certain groups of creditors, for example employees, where the national law so provides. However, in order to ensure equal treatment of creditors, the distribution of proceeds must be coordinated. Every creditor should be able to keep what he has received in the course of insolvency proceedings but should be entitled only to participate in the distribution of total assets in other proceedings if creditors with the same standing have obtained the same proportion of their claims.**

- (60) **It is essential that creditors who have their habitual residence, domicile or registered office in the Union be informed about the opening of insolvency proceedings relating to their debtor's assets. In order to ensure a swift transmission of information to creditors, Regulation 1393/2007 of the European Parliament and of the Council of 13 November 2007 on the service in the Member States of judicial and extrajudicial documents in civil and commercial matters⁸ should not apply where this Regulation refers to the obligation to inform creditors. The use of standard forms available in all official languages of the Union should facilitate the task of creditors when lodging claims in proceedings opened in another Member State. The consequences of the incomplete filing of the standard forms are left to national law.**
- (61) This Regulation should provide for immediate recognition of judgments concerning the opening, conduct and closure of insolvency proceedings which come within its scope and of judgments handed down in direct connection with such insolvency proceedings. Automatic recognition should therefore mean that the effects attributed to the proceedings by the law of the State in which the proceedings were opened extend to all other Member States. Recognition of judgments delivered by the courts of the Member States should be based on the principle of mutual trust. To that end, grounds for non-recognition should be reduced to the minimum necessary. This is also the basis on which any dispute should be resolved where the courts of two Member States both claim competence to open the main insolvency proceedings. The decision of the first court to open proceedings should be recognised in the other Member States without those Member States having the power to scrutinise the court's decision.

⁸ OJ L 324, 10.12.2007, p. 79.

- (62) This Regulation should set out, for the matters covered by it, uniform rules on conflict of laws which replace, within their scope of application, national rules of private international law. Unless otherwise stated, the law of the Member State of the opening of the proceedings should be applicable (*lex concursus*). This rule on conflict of laws should be valid both for the main proceedings and for local proceedings; the *lex concursus* determines all the effects of the insolvency proceedings, both procedural and substantive, on the persons and legal relations concerned. It governs all the conditions for the opening, conduct and closure of the insolvency proceedings.
- (63) Automatic recognition of insolvency proceedings to which the law of the opening State normally applies may interfere with the rules under which transactions are carried out in other Member States. To protect legitimate expectations and the certainty of transactions in Member States other than that in which proceedings are opened, provisions should be made for a number of exceptions to the general rule.
- (64) There is a particular need for a special reference diverging from the law of the opening State in the case of rights in rem, since these are of considerable importance for the granting of credit. The basis, validity and extent of such a right in rem should therefore normally be determined according to the *lex situs* and not be affected by the opening of insolvency proceedings. The proprietor of the right in rem should therefore be able to continue to assert his right to segregation or separate settlement of the collateral security. Where assets are subject to rights in rem under the *lex situs* in one Member State but the main proceedings are being carried out in another Member State, the ~~liquidator~~ **insolvency practitioner** in the main proceedings should be able to request the opening of secondary proceedings in the jurisdiction where the rights in rem arise if the debtor has an establishment there. If a secondary proceeding is not opened, the surplus on sale of the asset covered by rights in rem must be paid to the ~~liquidator~~ **insolvency practitioner** in the main proceedings.

- (65) **This Regulation makes several provisions for a court to order a stay of opening proceedings or a stay of enforcement proceedings. Any such stay should not affect the rights in rem of creditors or third parties.**
- (66) If a set-off is not permitted under the law of the opening State, a creditor should nevertheless be entitled to the set-off if it is possible under the law applicable to the claim of the insolvent debtor. In this way, set-off will acquire a kind of guarantee function based on legal provisions on which the creditor concerned can rely at the time when the claim arises.
- (67) There is also a need for special protection in the case of payment systems and financial markets. This applies for example to the position-closing agreements and netting agreements to be found in such systems as well as to the sale of securities and to the guarantees provided for such transactions as governed in particular by Directive 98/26/EC of the European Parliament and of the Council of 19 May 1998 on settlement finality in payment and securities settlement systems⁹. For such transactions, the only law which is material should thus be that applicable to the system or market concerned. This provision is intended to prevent the possibility of mechanisms for the payment and settlement of transactions provided for in the payment and set-off systems or on the regulated financial markets of the Member States being altered in the case of insolvency of a business partner. Directive 98/26/EC contains special provisions which should take precedence over the general rules in this Regulation.

⁹ OJ L 166, 11.6.1998, p. 45.

(68) In order to protect employees and jobs, the effects of insolvency proceedings on the continuation or termination of employment and on the rights and obligations of all parties to such employment must be determined by the law applicable to the agreement in accordance with the general rules on conflict of law. Moreover, in cases where the termination of employment contracts requires the approval by a court or administrative authority, the Member State in which an establishment of the debtor is located should retain jurisdiction to grant such approval even if no insolvency proceedings have been opened in that Member State.

Any other insolvency-law questions, such as whether the employees' claims are protected by preferential rights and what status such preferential rights may have, should be determined by the law of the Member State in which insolvency proceedings (main or secondary) have been opened except in cases where an undertaking to avoid secondary proceedings has been given in accordance with the provisions of this Regulation.

(69) The law applicable to the effects of insolvency proceedings on a pending lawsuit or pending arbitral proceeding concerning an asset or right which forms part of the debtor's insolvency estate should be the law of the Member State where that lawsuit is pending or where the arbitration has its seat. This provision should, however, not affect national rules on recognition and enforcement of arbitral awards.

(70) The necessary flexibility should be provided regarding certain rules of this Regulation, in order to take account of the specific procedural rules of court systems in certain Member States. Accordingly, references in this Regulation to notice being given by a judicial body of a Member State include, where a Member State's procedural rules so require, an order by that judicial body directing notice to be given.

- (71) **For business considerations, the main content of the decision opening the proceedings should be published in another Member State at the request of the insolvency practitioner. If there is an establishment in the Member State concerned, such publication should be mandatory. In neither case, however, should publication be a prior condition for recognition of the foreign proceedings.**
- (72) **In order to improve the information of creditors and courts involved and to prevent the opening of parallel insolvency proceedings, Member States should be required to publish relevant information in cross-border insolvency cases in a publicly accessible electronic register. In order to facilitate access to that information for creditors and courts domiciled or located in other Member States, this Regulation should provide for the interconnection of insolvency registers via the e-Justice portal. Member States should be free to publish relevant information in several registers and it should be possible to interconnect more than one register per Member State.**
- (73) **This Regulation should determine the minimum amount of information to be published in the registers. Member States should not be precluded from including additional information. When the debtor is an individual, the registers should only have to indicate a registration number if the debtor is exercising an independent business or professional activity. The registration number should be understood as the unique registration number of his independent business or professional activity published in the trade register, if any.**
- (74) **Information on certain aspects of the proceedings is essential for creditors, such as time limits for lodging claims or for challenging decisions. This Regulation should, however, not impose on Member States to calculate these time limits on an individual basis. Member States should be allowed to fulfil their obligations by adding hyperlinks to the e-Justice Portal where self-explanatory information will be given on the criteria for calculating those time-limits.**

(75) **In order to grant sufficient protection to the information relating to individuals not exercising an independent business or professional activity, Member States should be able to make access to that information subject to supplementary search criteria such as the debtor's personal identification number, his address, his date of birth or the district of the competent court or to make access conditional upon a request to a competent authority or upon the verification of a legitimate interest.**

Member States should also be allowed not to include information on individuals not exercising an independent business or professional activity in their insolvency registers. In such a case, Member States should ensure that the relevant information is given to the creditors by individual notice and that claims of creditors who have not received the information are not affected by the proceedings.

(76) It may be the case that some of the persons concerned are not in fact aware that proceedings have been opened and act in good faith in a way that conflicts with the new situation. In order to protect such persons who make a payment to the debtor because they are unaware that foreign proceedings have been opened when they should in fact have made the payment to the foreign ~~liquidator~~ **insolvency practitioner**, it should be provided that such a payment is to have a debt-discharging effect.

~~(31) **This Regulation should include Annexes relating to the organisation of insolvency proceedings. As these Annexes relate exclusively to the legislation of Member States, there are specific and substantiated reasons for the Council to reserve the right to amend these Annexes in order to take account of any amendments to the domestic law of the Member States.**~~

- (77) **In order to ensure uniform conditions for the implementation of this Regulation, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by the Member States of the Commission's exercise of implementing powers¹⁰.**
- (78) **This Regulation respects the fundamental rights and observes the principles recognised in the Charter of Fundamental Rights of the European Union. In particular, this Regulation seeks to promote the application of Articles 8, 17 and 47 concerning, respectively, the protection of personal data, the right to property and the right to an effective remedy and to a fair trial.**
- (79) **Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data¹¹ and Regulation 45/2001/EC of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data¹² apply to the processing of personal data within the framework of this Regulation, as modified.**
- (80) **This Regulation is without prejudice to Regulation (EEC, Euratom) No 1182/71 of the Council of 3 June 1971 determining the rules applicable to periods, dates and time limits.**

¹¹ OJ L 281, 23.11.1995, p. 31.

¹² OJ L 8, 12.1.2001, p. 1.

- (81) **Since the objective of this Regulation cannot be sufficiently achieved by the Member States and can be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union (TEU). In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.**
- (82) The United Kingdom and Ireland, in accordance with Article 3 of the Protocol on the position of the United Kingdom and Ireland annexed to the Treaty on European Union and the Treaty ~~establishing~~ **on the Functioning of the European Community Union**, have given notice of their wish to take part in the adoption and application of this Regulation.
- (83) Denmark, in accordance with Articles 1 and 2 of the Protocol on the position of Denmark annexed to the Treaty on European Union and the Treaty ~~establishing~~ **on the Functioning of the European Community Union**, is not participating in the adoption of this Regulation, and is therefore not bound by it nor subject to its application,

HAS ADOPTED THIS REGULATION:

Article 3

International jurisdiction

- 1. The courts of the Member State within the territory of which the centre of a debtor's main interests is situated shall have jurisdiction to open insolvency proceedings ("main proceedings"). The centre of main interests shall be the place where the debtor conducts the administration of his interests on a regular basis and which is ascertainable by third parties.**

In the case of a company or legal person, the place of the registered office shall be presumed to be the centre of its main interests in the absence of proof to the contrary. This presumption shall only apply if the registered office has not been moved to another Member State within a period of 3 months prior to the request for the opening of insolvency proceedings.

In the case of an individual exercising an independent business or professional activity, the centre of main interests shall be presumed to be that individual's principal place of business in the absence of proof to the contrary. This presumption shall only apply if the individual's principal place of business has not been moved to another Member State within a period of 3 months prior to the request for the opening of insolvency proceedings.

In the case of any other individual, the centre of main interests shall be presumed to be the place of the individual's habitual residence in the absence of proof to the contrary. This presumption shall only apply if the habitual residence has not been moved to another Member State within a period of 6 months prior to the request for the opening of insolvency proceedings.

2. Where the centre of a debtor's main interests is situated within the territory of a Member State, the courts of another Member State shall have jurisdiction to open insolvency proceedings against that debtor only if he possesses an establishment within the territory of that other Member State. The effects of those proceedings shall be restricted to the assets of the debtor situated in the territory of the latter Member State.
3. **Where insolvency proceedings have been opened in accordance with paragraph 1, any proceedings opened subsequently in accordance with paragraph 2 shall be secondary proceedings.**
4. **The territorial insolvency proceedings referred to in paragraph 2 may be opened prior to the opening of main insolvency proceedings in accordance with paragraph 1 only:**
 - (a) **where insolvency proceedings under paragraph 1 cannot be opened because of the conditions laid down by the law of the Member State within the territory of which the centre of the debtor's main interests is situated; or**

 - (ii) **a public authority which, under the law of the Member State within the territory of which the establishment is situated, has the right to request the opening of insolvency proceedings.**

When main insolvency proceedings are opened, the territorial insolvency proceedings become secondary proceedings.

Article 4

Examination as to jurisdiction

- 1. The court seized of a request to open insolvency proceedings shall of its own motion examine whether it has jurisdiction pursuant to Article 3. The judgment opening insolvency proceedings shall specify the grounds on which the jurisdiction of the court is based, and, in particular, whether jurisdiction is based on Article 3(1) or (2).**

- 2. Notwithstanding paragraph 1, where insolvency proceedings are opened in accordance with national law without a decision by a court, Member States may entrust the insolvency practitioner appointed in such proceedings to examine whether the Member State in which a request for the opening of proceedings is pending has jurisdiction pursuant to Article 3. Where this is the case, the insolvency practitioner shall specify in the decision opening the proceedings the grounds on which jurisdiction is based and, in particular, whether jurisdiction is based on Article 3(1) or 3(2).**

Article 5

Judicial review of the decision to open main proceedings

- 1. The debtor or any creditor may challenge before a court the decision opening main proceedings on grounds of international jurisdiction.**

- 2. The decision opening main proceedings may be challenged by parties other than those referred to in paragraph 1 or on grounds other than the lack of jurisdiction, where the national law so provides.**

Article 6

Jurisdiction for actions which derive directly from the insolvency proceedings and are closely linked with them

- 1. The courts of the Member State within the territory of which insolvency proceedings have been opened in accordance with Article 3 shall have jurisdiction for any action which derives directly from the insolvency proceedings and is closely linked with them, such as avoidance actions.**
- 2. Where an action referred to in paragraph 1 is related to an action in civil and commercial matters against the same defendant, the insolvency practitioner may bring both actions in the courts of the Member State within the territory of which the defendant is domiciled, or, where the action is brought against several defendants, in the courts of the Member State within the territory of which any of them is domiciled, provided that these courts have jurisdiction pursuant to the rules of Regulation (EU) No 1215/2012. The same shall apply to the debtor in possession, provided that he is able under national law to bring actions on behalf of the insolvency estate.**
- 3. For the purpose of paragraph 2, actions are deemed to be related where they are so closely connected that it is expedient to hear and determine them together to avoid the risk of irreconcilable judgments resulting from separate proceedings.**

Article 47

Law applicable

1. Save as otherwise provided in this Regulation, the law applicable to insolvency proceedings and their effects shall be that of the Member State within the territory of which such proceedings are opened, hereafter referred to as the ‘State of the opening of proceedings’.
2. The law of the State of the opening of proceedings shall determine the conditions for the opening of those proceedings, their conduct and their closure. It shall determine in particular:
 - (a) against which debtors insolvency proceedings may be brought on account of their capacity;
 - (b) the assets which form part of the **insolvency** estate and the treatment of assets acquired by or devolving on the debtor after the opening of the insolvency proceedings;
 - (c) the respective powers of the debtor and the ~~liquidator~~ **insolvency practitioner**;
 - (d) the conditions under which set-offs may be invoked;
 - (e) the effects of insolvency proceedings on current contracts to which the debtor is party;
 - (f) **the effects of the insolvency proceedings on proceedings brought by individual creditors, with the exception of pending lawsuits;**

- (g) the claims which are to be lodged against the debtor's **insolvency** estate and the treatment of claims arising after the opening of insolvency proceedings;
- (h) the rules governing the lodging, verification and admission of claims;
- (i) the rules governing the distribution of proceeds from the realisation of assets, the ranking of claims and the rights of creditors who have obtained partial satisfaction after the opening of insolvency proceedings by virtue of a right in rem or through a set-off;
- (j) the conditions for and the effects of closure of insolvency proceedings, in particular by composition;
- (k) creditors' rights after the closure of insolvency proceedings;
- (l) who is to bear the costs and expenses incurred in the insolvency proceedings;
- (m) **the rules relating to the voidness, voidability or unenforceability of legal acts detrimental to the general body of creditors.**

Article ~~5~~ 8

Third parties' rights in rem

1. The opening of insolvency proceedings shall not affect the rights in rem of creditors or third parties in respect of tangible or intangible, moveable or immoveable assets — both specific assets and collections of indefinite assets as a whole which change from time to time — belonging to the debtor which are situated within the territory of another Member State at the time of the opening of proceedings.

2. The rights referred to in paragraph 1 shall in particular mean:
 - (a) the right to dispose of assets or have them disposed of and to obtain satisfaction from the proceeds of or income from those assets, in particular by virtue of a lien or a mortgage;
 - (b) the exclusive right to have a claim met, in particular a right guaranteed by a lien in respect of the claim or by assignment of the claim by way of a guarantee;
 - (c) the right to demand the assets from, and/or to require restitution by, anyone having possession or use of them contrary to the wishes of the party so entitled;
 - (d) a right in rem to the beneficial use of assets.
3. The right, recorded in a public register and enforceable against third parties, under which a right in rem within the meaning of paragraph 1 may be obtained, shall be considered a right in rem.
4. Paragraph 1 shall not preclude actions for voidness, voidability or unenforceability as referred to in Article ~~4~~7(2)(m).

Article ~~6~~ 9

Set-off

1. The opening of insolvency proceedings shall not affect the right of creditors to demand the set-off of their claims against the claims of the debtor, where such a set-off is permitted by the law applicable to the insolvent debtor's claim.
2. Paragraph 1 shall not preclude actions for voidness, voidability or unenforceability as referred to in Article ~~4~~7(2)(m).

Article 7 10

Reservation of title

1. The opening of insolvency proceedings against the purchaser of an asset shall not affect the seller's rights based on a reservation of title where at the time of the opening of proceedings the asset is situated within the territory of a Member State other than the State of opening of proceedings.
2. The opening of insolvency proceedings against the seller of an asset, after delivery of the asset, shall not constitute grounds for rescinding or terminating the sale and shall not prevent the purchaser from acquiring title where at the time of the opening of proceedings the asset sold is situated within the territory of a Member State other than the State of the opening of proceedings.
3. Paragraphs 1 and 2 shall not preclude actions for voidness, voidability or unenforceability as referred to in Article ~~4~~7(2)(m).

Article 8 11

Contracts relating to immovable property

1. The effects of insolvency proceedings on a contract conferring the right to acquire or make use of immovable property shall be governed solely by the law of the Member State within the territory of which the immovable property is situated.
2. **The court which opened main insolvency proceedings shall have jurisdiction to approve the termination or modification of the contracts referred to in this Article where (a) the law of the Member State applicable to those contracts requires that such a contract may only be terminated or modified with the approval of the court opening insolvency proceedings and (b) no insolvency proceedings have been opened in that Member State.**

Article ~~9~~ 12

Payment systems and financial markets

1. Without prejudice to Article ~~5~~ 8, the effects of insolvency proceedings on the rights and obligations of the parties to a payment or settlement system or to a financial market shall be governed solely by the law of the Member State applicable to that system or market.
2. Paragraph 1 shall not preclude any action for voidness, voidability or unenforceability which may be taken to set aside payments or transactions under the law applicable to the relevant payment system or financial market.

Article ~~10~~ 13

Contracts of employment

1. The effects of insolvency proceedings on employment contracts and relationships shall be governed solely by the law of the Member State applicable to the contract of employment.
2. **The courts of the Member State in which secondary proceedings could be opened shall retain jurisdiction to approve the termination or modification of the contracts referred to in this Article even if no insolvency proceedings have been opened in that Member State.**

The same shall apply to an authority competent under national law to approve the termination or modification of the contracts referred to in this Article.

Article ~~11~~ 14

Effects on rights subject to registration

The effects of insolvency proceedings on the rights of the debtor in immoveable property, a ship or an aircraft subject to registration in a public register shall be determined by the law of the Member State under the authority of which the register is kept.

Article ~~12~~ 15

European patents with unitary effect and Community trade marks

For the purposes of this Regulation, a European patent with unitary effect, a Community trade mark or any other similar right established by Union law may be included only in the proceedings referred to in Article 3(1).

Article ~~13~~ 16

Detrimental acts

Article ~~4~~7(2)(m) shall not apply where the person who benefited from an act detrimental to all the creditors provides proof that:

- the said act is subject to the law of a Member State other than that of the State of the opening of proceedings, and
- that law does not allow any means of challenging that act in the relevant case.

Article ~~14~~ 17

Protection of third-party purchasers

Where, by an act concluded after the opening of insolvency proceedings, the debtor disposes, for consideration, of:

- an immoveable asset, or
- a ship or an aircraft subject to registration in a public register, or
- securities whose existence presupposes registration in a register laid down by law,

the validity of that act shall be governed by the law of the State within the territory of which the immoveable asset is situated or under the authority of which the register is kept.

Article ~~15~~ 18

**Effects of insolvency proceedings on pending lawsuits
or arbitral proceedings**

The effects of insolvency proceedings on a pending lawsuit or pending arbitral proceeding concerning an asset or a right which forms part of the debtor's insolvency estate shall be governed solely by the law of the Member State in which that lawsuit is pending or in which the arbitral proceedings have their seat.

CHAPTER II

RECOGNITION OF INSOLVENCY PROCEEDINGS

Article ~~16~~ 19

Principle

1. Any judgment opening insolvency proceedings handed down by a court of a Member State which has jurisdiction pursuant to Article 3 shall be recognised in all the other Member States from the time that it becomes effective in the State of the opening of proceedings.

This rule shall also apply where, on account of his capacity, insolvency proceedings cannot be brought against the debtor in other Member States.

2. Recognition of the proceedings referred to in Article 3(1) shall not preclude the opening of the proceedings referred to in Article 3(2) by a court in another Member State. The latter proceedings shall be secondary insolvency proceedings within the meaning of Chapter III.

Article ~~17~~ 20

Effects of recognition

1. The judgment opening the proceedings referred to in Article 3(1) shall, with no further formalities, produce the same effects in any other Member State as under this law of the State of the opening of proceedings, unless this Regulation provides otherwise and as long as no proceedings referred to in Article 3(2) are opened in that other Member State.
2. The effects of the proceedings referred to in Article 3(2) may not be challenged in other Member States. Any restriction of the creditors' rights, in particular a stay or discharge, shall produce effects vis-à-vis assets situated within the territory of another Member State only in the case of those creditors who have given their consent.

Powers of the ~~liquidator~~ insolvency practitioner

1. **The insolvency practitioner appointed by a court which has jurisdiction pursuant to Article 3(1) may exercise all the powers conferred on him by the law of the State of the opening of proceedings in another Member State, as long as no other insolvency proceedings have been opened there nor any preservation measure to the contrary has been taken there further to a request for the opening of insolvency proceedings in that State. Subject to Articles ~~5~~ 8 and ~~7~~ 10, he may in particular remove the debtor's assets from the territory of the Member State in which they are situated.**
2. The ~~liquidator~~ insolvency practitioner appointed by a court which has jurisdiction pursuant to Article 3(2) may in any other Member State claim through the courts or out of court that moveable property was removed from the territory of the State of the opening of proceedings to the territory of that other Member State after the opening of the insolvency proceedings. He may also bring any action to set aside which is in the interests of the creditors.
3. In exercising his powers, the ~~liquidator~~ insolvency practitioner shall comply with the law of the Member State within the territory of which he intends to take action, in particular with regard to procedures for the realisation of assets. **Those powers may not include coercive measures, unless ordered by a court of that Member State, or the right to rule on legal proceedings or disputes.**

Article ~~19~~ 22

Proof of the ~~liquidator~~ **insolvency practitioner's** appointment

The ~~liquidator~~ **insolvency practitioner's** appointment shall be evidenced by a certified copy of the original decision appointing him or by any other certificate issued by the court which has jurisdiction.

A translation into the official language or one of the official languages of the Member State within the territory of which he intends to act may be required. No legalisation or other similar formality shall be required.

Article ~~20~~ 23

Return and imputation

1. A creditor who, after the opening of the proceedings referred to in Article 3(1) obtains by any means, in particular through enforcement, total or partial satisfaction of his claim on the assets belonging to the debtor situated within the territory of another Member State, shall return what he has obtained to the ~~liquidator~~ **insolvency practitioner**, subject to **Articles ~~5~~ 8 and ~~7~~ 10**.
2. In order to ensure equal treatment of creditors a creditor who has, in the course of insolvency proceedings, obtained a dividend on his claim shall share in distributions made in other proceedings only where creditors of the same ranking or category have, in those other proceedings, obtained an equivalent dividend.

Article 24

Establishment of insolvency registers

CHAPTER III

SECONDARY INSOLVENCY PROCEEDINGS

Article ~~27~~ 34

Opening of proceedings

Where main proceedings have been opened by a court of a Member State and recognised in another Member State, a court of another Member State which has jurisdiction pursuant to Article 3(2) may open secondary insolvency proceedings in accordance with the provisions set out in this Chapter. Where the main proceedings required that the debtor is insolvent, the debtor's insolvency shall not be re-examined in the Member State where secondary proceedings may be opened. The effects of secondary proceedings shall be restricted to the assets of the debtor situated within the territory of the Member State where those proceedings have been opened.

Article ~~28~~ 35

Applicable law

Save as otherwise provided in this Regulation, the law applicable to secondary proceedings shall be that of the Member State within the territory of which the secondary proceedings are opened.

Article 36

Right to give an undertaking in order to avoid secondary proceedings

- 1. In order to avoid the opening of secondary proceedings, the insolvency practitioner in the main proceedings may give a unilateral undertaking ("the undertaking") in respect of the assets located in the Member State in which secondary proceedings could be opened, that when distributing those assets or the proceeds received as a result of their realisation, he will comply with the distribution and priority rights under national law that creditors would have if secondary proceedings were opened in that Member State. The undertaking shall specify the factual assumptions on which it is based, in particular with respect to the value of the assets located in the Member State concerned and the options available to realise such assets.**
- 2. Where an undertaking has been given in accordance with this Article, the law applicable to the distribution of proceeds from the realisation of assets referred to in paragraph 1, the ranking of creditors' claims and the rights of creditors in relation to the assets referred to in paragraph 1 shall be the law of the Member State in which secondary proceedings could have been opened. The relevant point in time for determining the assets referred to in paragraph 1 shall be the moment when the undertaking is given.**

- 3. The undertaking shall be made in the official language or one of the official languages of the Member State where secondary proceedings could have been opened, or, where there are several official languages in that Member State, the official language or one of the official languages of the place where secondary proceedings could have been opened.**
- 4. The undertaking shall be made in writing. It shall be subject to other form requirements, if any, and approval requirements as to distributions, if any, of the State of the opening of the main proceedings.**
- 5. The undertaking shall be approved by the known local creditors. The rules on qualified majority and voting that apply for the adoption of restructuring plans under the law of the Member State where secondary proceedings could have been opened shall also apply for the approval of the undertaking. Where so allowed by national law creditors should be able to participate in the vote by distance means of communication. The insolvency practitioner shall inform the known local creditors of the undertaking, the rules and modalities for its approval and of the approval or rejection of the undertaking.**
- 6. The undertaking given and approved in accordance with this Article shall be binding on the estate. If secondary proceedings are opened in accordance with Articles 37 and 38, the insolvency practitioner in the main proceedings shall transfer any assets which he removed from the territory of that Member State after the undertaking has been given or, in case these assets have already been realised, their proceeds, to the insolvency practitioner in the secondary proceedings.**

- 7. Where the insolvency practitioner has given an undertaking, he shall inform local creditors about the intended distributions prior to distributing the assets and proceeds referred to in paragraph 1. If the information does not comply with the terms of the undertaking or the applicable law, any local creditor may challenge such distribution before the courts of the Member State in which main proceedings have been opened in order to obtain a distribution in accordance with the terms of the undertaking and the applicable law. In such case, no distribution shall take place until the court has taken a decision on the challenge.**
- 8. Local creditors may apply to the courts of the Member State in which main proceedings have been opened in order to require the insolvency practitioner in the main proceedings to take any suitable measures necessary to ensure compliance with the terms of the undertaking available under the law of the Member State of the opening of main proceedings.**
- 9. Local creditors may also apply to the courts of the Member State in which secondary proceedings would have been opened in order to require the court to take provisional or protective, measures to ensure compliance by the insolvency practitioner with the terms of the undertaking.**
- 10. The insolvency practitioner shall be liable for any damage caused to local creditors as a consequence of his non-compliance with the obligations and requirements set out in this Article.**
- 11. For the purpose of this Article, an authority which is established in the Member State where secondary proceedings could have been opened and which is obliged under Directive 2008/94/EC to guarantee payment of employees' outstanding claims resulting from contracts of employment or employment relationships shall be deemed to be a "local creditor", where the national law so provides.**

Article ~~29~~ 37

Right to request the opening of secondary proceedings

- 1. The opening of secondary proceedings may be requested by:**
 - (a) the insolvency practitioner in the main proceedings;**
 - (b) any other person or authority empowered to request the opening of insolvency proceedings under the law of the Member State within the territory of which the opening of secondary proceedings is requested.**
- 2. Where an undertaking has become binding in accordance with Article 36, the request for opening secondary proceedings must be lodged within 30 days of having received notice of the approval of the undertaking.**

Article 38

Decision to open secondary proceedings

- 1. The court seized of a request to open secondary proceedings shall immediately give notice to the insolvency practitioner or the debtor in possession in the main proceedings and give him an opportunity to be heard on the request.**
- 2. Where the insolvency practitioner in the main proceedings has given an undertaking in accordance with Article 36, the court referred to in paragraph 1 shall at the request of the insolvency practitioner not open secondary proceedings if it is satisfied that the undertaking adequately protects the general interests of local creditors.**

- 3. Where a temporary stay of individual enforcement proceedings has been granted in order to allow for negotiations between the debtor and his creditors, the court, at the request of the insolvency practitioner or the debtor in possession, may stay the opening of secondary proceedings for a period not longer than three months, provided that suitable measures are in place to protect the interests of local creditors.**

The court referred to in paragraph 1 may order protective measures to protect the interest of local creditors by requiring the insolvency practitioner or the debtor in possession not to remove or dispose of any assets which are located in the Member State where his establishment is located unless this is done in the ordinary course of business. The court may also order other measures to protect the interest of local creditors during a stay unless this is incompatible with the national rules on civil procedure.

The stay of the opening of secondary proceedings shall be revoked by the court of its own motion or at the request of any creditor if during the stay an agreement in the negotiations referred to in the first subparagraph has been concluded.

The stay may be revoked by the court of its own motion or at the request of any creditor if the continuation of the stay is detrimental to the creditor's rights, in particular if the negotiations have been disrupted or it has become evident that they are unlikely to be concluded or if the insolvency practitioner or the debtor in possession infringed the prohibition to dispose of his assets or to remove them from the territory of the Member State where the establishment is located.

4. **At the request of the insolvency practitioner in the main proceedings, the court referred to in paragraph 1 may open a type of insolvency proceedings referred to in Annex A other than the one initially requested provided that the conditions for opening this other type of procedure under national law are fulfilled and that this procedure is the most appropriate taking account of the interests of the local creditors and of coherence between the main and secondary insolvency proceedings. The second sentence of Article 34 shall apply.**

Article 39

Judicial review of the decision to open secondary proceedings

The insolvency practitioner in the main proceedings may challenge the decision to open secondary proceedings before the courts of the Member State where secondary proceedings have been opened, on the ground that the court did not comply with the conditions and requirements of Article 38.

Article ~~39~~ 40

Advance payment of costs and expenses

Where the law of the Member State in which the opening of secondary proceedings is requested requires that the debtor's assets be sufficient to cover in whole or in part the costs and expenses of the proceedings, the court may, when it receives such a request, require the applicant to make an advance payment of costs or to provide appropriate security.

Article 41

Cooperation and communication between insolvency practitioners

- 2. In implementing the cooperation set out in paragraph 1, the insolvency practitioners shall:**
 - (a) as soon as possible communicate to each other any information which may be relevant to the other proceedings, in particular any progress made in lodging and verifying claims and all measures aimed at rescuing or restructuring the debtor or at terminating the proceedings, provided appropriate arrangements are made to protect confidential information;**

 - (b) explore the possibility of restructuring the debtor and, where such possibility exists, coordinate the elaboration and implementation of a restructuring plan;**

 - (c) coordinate the administration of the realisation or use of the debtor's assets and affairs; the insolvency practitioner in the secondary proceedings shall give the insolvency practitioner in the main proceedings an early opportunity to submit proposals on the realisation or use of the assets in the secondary proceedings.**

- 3. Paragraphs 1 and 2 shall apply mutatis mutandis to situations where, in the main or in the secondary insolvency proceedings or in one of the territorial insolvency proceedings concerning the same debtor and opened at the same point in time, the debtor remains in possession of his assets.**

Article 42

Cooperation and communication between courts

- 1. In order to facilitate the coordination of main and territorial or secondary insolvency proceedings concerning the same debtor, a court before which a request to open insolvency proceedings is pending or which has opened such proceedings shall cooperate with any other court before which insolvency proceedings are pending or which has opened such proceedings to the extent such cooperation is not incompatible with the rules applicable to each of the proceedings. For this purpose, the courts may, where appropriate, appoint an independent person or body acting on its instructions, provided that this is not incompatible with the rules applicable to them.**
- 2. In implementing the cooperation set out in paragraph 1, the courts, or any appointed person or body acting on their behalf, as referred to in paragraph 1, may communicate directly with, or request information or assistance directly from each other provided that such communication respects the procedural rights of the parties to the proceedings and the confidentiality of information.**
- 3. The cooperation referred to in paragraph 1 may be implemented by any means that the court considers appropriate. It may, in particular, concern**
 - (a) coordination in the appointment of the insolvency practitioners;**
 - (b) communication of information by any means considered appropriate by the court;**
 - (c) coordination of the administration and supervision of the debtor's assets and affairs;**
 - (d) coordination of the conduct of hearings;**
 - (e) coordination in the approval of protocols, where necessary.**

Article 43

Cooperation and communication between insolvency practitioners and courts

- 1. In order to facilitate the coordination of main, territorial and secondary insolvency proceedings opened with respect to the same debtor,**
 - (a) an insolvency practitioner in main proceedings shall cooperate and communicate with any court before which a request to open secondary proceedings is pending or which has opened such proceedings;**
 - (b) an insolvency practitioner in territorial or secondary insolvency proceedings shall cooperate and communicate with the court before which a request to open main proceedings is pending or which has opened such proceedings, and**
 - (c) an insolvency practitioner in territorial or secondary insolvency proceedings shall cooperate and communicate with the court before which a request to open other territorial or secondary proceedings is pending or which has opened such proceedings;**

in each case to the extent that such cooperation and communication are not incompatible with the rules applicable to each of the proceedings and do not entail any conflict of interests.
- 2. The cooperation referred to in paragraph 1 may be implemented by any appropriate means such as those set out in Article 42 (3).**

Article 44

Costs of cooperation and communication

Articles 42 and 43 may not lead to courts charging costs to each other for cooperation and communication.

2. The ~~liquidators~~ **insolvency practitioners** in the main and any secondary proceedings shall lodge in other proceedings claims which have already been lodged in the proceedings for which they were appointed, provided that the interests of creditors in the latter proceedings are served thereby, subject to the right of creditors to oppose that or to withdraw the lodgement of their claims where the law applicable so provides.
3. The ~~liquidator~~ **insolvency practitioner** in the main or secondary proceedings shall be empowered to participate in other proceedings on the same basis as a creditor, in particular by attending creditors' meetings.

1. The court, which opened the secondary proceedings, shall stay the process of ~~liquidation~~ **realisation of assets** in whole or in part on receipt of a request from the ~~liquidator~~ **insolvency practitioner** in the main proceedings, provided that in that event it may require the ~~liquidator~~ **insolvency practitioner** in the main proceedings to take any suitable measure to guarantee the interests of the creditors in the secondary proceedings and of individual classes of creditors. Such a request from the ~~liquidator~~ **insolvency practitioner** may be rejected only if it is manifestly of no interest to the creditors in the main proceedings. Such a stay of the process of ~~liquidation~~ **realisation of assets** may be ordered for up to three months. It may be continued or renewed for similar periods.
2. The court referred to in paragraph 1 shall terminate the stay of the process of ~~liquidation~~ **realisation of assets**:

Article ~~34~~ 47

Power of the insolvency practitioner to propose restructuring plans

- 1. Where the law of the Member State where secondary proceedings have been opened allows for such proceedings to be closed without liquidation by a rescue plan, a composition or a comparable measure, the insolvency practitioner in the main proceedings shall be empowered to propose such a measure himself in accordance with the procedure of that Member State.**
- 2. Any restriction of creditors' rights arising from a measure referred to in paragraph 1 which is proposed in secondary proceedings, such as a stay of payment or discharge of debt, may not have effect in respect of the debtor's assets not covered by those proceedings without the consent of all the creditors having an interest.**

Article 48

Impact of closure of insolvency proceedings

- 1. Without prejudice to Article 49, the closure of insolvency proceedings shall not prevent the continuation of other insolvency proceedings concerning the same debtor which are still open at that point in time.**
- 2. Where insolvency proceedings concerning a legal person or a company in the Member State of that person's or company's registered office would entail the dissolution of the legal person or of the company, that legal person or company shall not cease to exist until such time as any other insolvency proceedings concerning the same debtor have been closed or the insolvency practitioner or practitioners in such proceedings have given consent to the dissolution.**

Article ~~35~~ 49

Assets remaining in the secondary proceedings

If by the **liquidation realisation** of assets in the secondary proceedings it is possible to meet all claims allowed under those proceedings, the ~~liquidator~~ **insolvency practitioner** appointed in those proceedings shall immediately transfer any assets remaining to the ~~liquidator~~ **insolvency practitioner** in the main proceedings.

Article ~~36~~ 50

Subsequent opening of the main proceedings
