**SUBMISSION OF THE DESIGN OF THE NATIONAL SIDE OF THE €2  
COMMEMORATIVE COIN**

Dear all,

In accordance with Council Regulation (EU) No 729/2014 of 24 June 2014 and Regulation (EU) No 651/2012 of 4 July 2012, Lietuvos bankas hereby submits the design of the national side of the €2 commemorative coin dedicated to Lithuania's energy independence, which is intended to be issued in 2026.

The centre of the national side of the coin (obverse) bears a symbol of energy – the bird of freedom, soaring dynamically and vigorously upward. The lightning motifs symbolise energy and purpose. At the top of the coin, the bird's head morphs into a stylised version of the Columns of the Gediminas, while the wings illustrate the harmony between internal energy sources and new external connections. "Lietuva" (Lithuania) is inscribed on the left of the composition, and the right bears the year of issue (2026) and the mintmark of the Lithuanian Mint. The coin's outer ring displays the 12 stars of the EU flag.

The national side of the coin is designed by Tomas Dragūnas.

The edge of the coin will be the same as on the €2 circulation coins issued by Lietuvos bankas: LAISVĖ\*VIENYBĖ\*GEROVĖ\*(FREEDOM\*UNITY\*WELL-BEING\*).

The estimated mintage is 500,000 pcs, including 495,000 UNC-quality coins in rolls and 5,000 BU-quality coins in a numismatic package.

The foreseen date of issue is the first quarter of 2026.
