Technical correction to the Amending Regulation as regards certain market
rules and sectoral support measures in the wine sector and for aromatised
wine products
- Information from Slovenia

Slovenia would like to raise an issue regarding one of our Slovenian wine-growing regions named Primorska which is not listed in Regulation (EU) No 1308/2013. Slovenia believes an unintentional technical error has occurred in the past and as a consequence the name of this Slovenian wine-growing region (Primorska) is currently not included in the text although all of its constituent geographical units are properly listed in point 4(d) of Appendix 1 of Annex VII to Regulation (EU) No 1308/2013.

We would like to propose a technical correction to the text to be included, if possible, already during the negotiations currently taking place with the European Parliament on this CMO Regulation (Regulation (EU) No 1308/2013), i.e., on 4. 12. (wine package) and 10. 12. (position of farmers in the food supply chain), respectively.

Proposed correction (bold text and crossed out text) in Appendix 1 of Annex VII to Regulation (EU) No 1308/2013:

Wine-growing zones

(4) Wine-growing zone C II comprises:

(d) in Slovenia, areas planted with vines in the **Primorska following** regions: Brda or Goriška Brda, Vipavska dolina or Vipava, Kras and Slovenska Istra;
